Copy sent Canon Hives

888-10
(E6)

, October 29, 1951.

Mr. D. Hett,
Supt. Indian Agency,
Lytton, B.C.,

We have the September Quarterly Return and Form I.A. 411 for the St. George's Indian Residential School.

It is noted that forty new pupils were admitted to the school while no application has been made for discharges. The number of pupils for whom 62 days grant was claimed adds up to 33. If all of the 33 pupils for whom 62 days grant was claimed were discharged, the enrolment for the school would be increased by at least seven pupils.

Attached is a copy of a letter forwarded Canon Hives on September 11 asking him to limit his total enrolment to 190 pupils which is the authorized enrolment for the school.

We have received a large number of applications for admission for pupils in the Nicola Agency and your Agency. On checking with the Return it is noted that these pupils are already in the school and entered on the September Return. The Principal has calculated the average for the September Return to be 211 which is 21 over the authorized enrolment. Would you kindly contact Canon Hives and advise this office on what authority he admitted pupils to the St. George's school without having their admissions approved and knowing that his average would exceed the authorized enrolment.

www.collectionscanada.gc.ca

I am forwarding you an extra copy of this letter should you wish to forward it to Canon Hives.

We are withholding approval of admission of the pupils from your Agency and the Nicola Agency until we hear from you.

Would you kindly indicate the religious denomination on the attached applications.

Philip Phelan,
Superintendent of Education.

(E6)

, October 30, 1951.

Mr. D.M. Hett,
Supt. Indian Agency,
Lytton, B.C.,

With reference to the September Return for the St. George's Indian Residential School, we do not appear to have any information on pupils 521, 597 and 598.

It is presumed that these are re-admissions, however, no indication to that effect was made either in the "Remarks" column of the Return or Form I.A. 411.

We have a letter of October 18 from Canon Hives requesting the discharge of a number of pupils. It would be appreciated if you would advise Reverend Hives that a request for future discharges should be indicated on Form I.A. 411. When the entries are made on this form, it is easier to check our records when any information is required in future.

We do not appear to have any applications for the admission of the following pupils: 0501, 0503, 615, 616 and 0487. It would be appreciated if you would forward these.

The discharge of the following pupils is approved:

Copy sent Supt. Hett

888-10
(E6)

, November 1,1951.

Mr. H.E. Taylor,
Supt. Indian Agency,
416 Federal Bldg.,
Vancouver 2, B.C.,

With reference to the application for admission of Elizabeth Margaret Nahanee, it is noted that this pupil is of the Roman Catholic Faith while the St. George's School is an Anglican school.

The Department is not prepared to approve the admission of this pupil to the St. George's school at present.

We are forwarding a copy of this letter to Superintendent Hett who will instruct Canon Hives to remove this girl from the Quarterly Return and not claim grant for her until such time as a decision is reached on her admission.

Philip Phelan,
Superintendent of Education.

INDIAN AFFAIRS

Nov. 7, 1951 Lytton, B. C.

46.

Dear Mr. Phelan:

I am just starting up again. This is my first day in my office since coming out of hospital, where I had to undergo a major operation. My first letter is to you in reference to the letter, 888-10 to Mr Hett, Superintendent at Lytton. I am sorry that my health has hindered proper supervision of admission and discharge of pupils.

In the recent Quarterly returns from St. George's School, there was a large turnover of pupils. No matter how carefully I try to arrange things so that I may know a little before-hand what new pupils we are likely to have, I can never be sure just what is going to take place until the day of school opening at the beginning of September. Of late years they have come crowding in, and I have had to turn many away. Then, because children come in, who are either too far distant from any school, or who come from broken homes, I have to sort out those in school, whose parents can reasonably be expected to care for them and send them to a Public School, in order to make room for the more urgent cases.

A few years ago I wrote you a letter showing my concern on account of the financial situation; and how difficult it was to make ends meet. In reply you said the only remedy was a full school. With that object in view, I have taken the sewingrooms from the top floor of the main building, and have turned them into dormitories, as per original plan. I applied for and received last Summer twenty new beds; and we now have the same dormitory space and accommodation as Alert Bay, where they have, I believe, a pupilage of 220. The only possible way that we can carry on here is to have a full school, and receive a grant allowance for every child in school. The same staff is required for 190 as for 220. The same heating and lighting expenses. Last year we received a grant allowance for an average of 206.5 pupils all through the year. I do sincerely hope that we may be allowed a full school. Dr. Tennant was here a few weeks ago, and seemed to satisfied with the dormitory space allowed for the pupils. If I have to discharge pupils down to the pupilage 190, it will be a very great disappointment to the people, and a disgrace to us.

There was some mention about pupil No. 521, Donald Adams. Previous to last year this boy attended St. George's School. He was sent to Edmonton last year, and, from what I can make out, did not do very well. Mr. Indian Superintendent Anfield sent him back to us, and he was given his old number.

The explanation for the two Application Forms enclosed is as follows: The deceased father of the two children was a Catholic. the mother an old pupil of St. George's School. The children were found

CANADA

POOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

in a state of neglect by the brother of the deceased father, who adopted them and brought them here. This man is an Anglican, and has three children here.

I think it is to be regretted that this and similar matters could not be disposed of from the Commissioner's office in Vancouver. We seldom ever see any official here, and you are so far away. But there are times when even important officials from Ottawa come, and drive through Lytton without bothering to call on us. They could, at least call and give a word of encouragement.

Now, I suppose the balance of the Quarterly grant allowance will be held up until this matter is settled. We have less than nothing in the bank, and many bills to pay. I do hope you will, as I think you always have, try to do your best for us.

Yours faithfully.

August 9th 1951

Sir:

The day's for our children's holiday's are nearing the end very quickly as it seem's and we must prepare them for their return. The first thing that I want to know is ÷ Are you having an escort for the northern children and what direction are they taking to return to school after their vacation. Last year we waited for them, expecting them to return by boat and rail but they took the interior route. Lwand we have a young one Elizabeth Margaret Nahanee aged 7 years that we wish to enter with Leona and Gloria Jean. The wife wrote a letter just before the other children came out about these children but have received no reply as of to-day. And what day will the northern children if they return by steamship leave Prince Rupert south bound so that we may put our children on this boat. And the registration paper's that we sign for entry we wish to have sent here then we could fill them and present to the escort or mail to you

Wishing you and yours the best of health and may God bless you all

I remain

yours truly

Raymond Nahanee

Mr. Raymond Nahanee,
Nanu Cannery,
Nanu, B.C.

Dear Raymond:

I have your letter of the 9th. inst. re. your girls. The boat, returning with the Prince Rupert pupils, will leave P. Rupert on Sept. 4th. The children will be under the supervision of Mr. Anfield, Indian Superintendent at Prince Rupert, who will escourt them to Vancouver.

I am enclosing an Application form for your daughter Elizabeth. In regard to Leona: I consider it was a great pity that she was taken from the Roman Catholic school and sent to us. I know this may appear strange for me to say this, but she had, I presume, spent some years under the sisters. They simply made a good Catholic of her during those years, and she will always be one at heart for the rest of her life. That is my sincere convictio of the matter. For her own peace of mind and future welfare and happiness, I think, Raymond, that you should send her to a Roman Catholic convent. And as I say this, I speak as one father to another. I am an Anglican, and nobody could change me from that status, but I do love children, and every child who comes to me is my child. And so, Raymond, I would again urge on you to give Leona back to the Church that she really, at heart belongs.

The other two girls, I will gladly take in, and do everything possible for them.

Kindest regards and every good wish.

Yours sincerely.

Principal.

Dear Sir:

I would refer to former pupil Leona Melrose Nahanee, daughter of Raymond Nahanee of the Squamish Indian Band at present living at Namu, B.C.

She apparently has one more year of school to complete before she is of legal leaving age. Her father writes that you suggest her entering a Roman Catholic convent, but says the Anglican religion is acceptable to her. Her parents prefer her to remain at your school.

Has a bed been held for this girl?

Will you please write me in this matter at your earliest convenience.

Yours truly,

H E Taylor

Mr. H.E. Taylor,
Superintendent of Indians,
Vancouver, B.C.

Dear Mr Taylor:

Owing to illness, I was unable to keep my promise to meet you last Thursday in reference to Leona Nehanee. We have, at present, two girls, sisters of the above. In answer to a letter from the father, asking me to find a position for Leona, who was supposed to be of age to leave school, I told him it would be far better for him to place her in a convent, as she was, at heart, because of her early training, a Roman Catholic girl. He then asked me if I could do with the younger girl. I told him we could take in two of his girls. He therefore sent the two younger than Leona. We have a very full school; more than we should have, and unless the Department give us a full per capita grant allowance for all we have in school, I dont see how we are going to pay all the bills that come in.

I am afraid I shall not be able to get into Vancouver for some weeks, as I have to go into hospital on Wednesday to undergo a fairly serious operation.

Yours faithfully.

Principal.

Dear Sir:

Enclosed find $1.00 for the school paper 'Dragon' Do you still put it out?

I know is Elizabeth & Maria making out at school especially Elizabeth as it is her first year. I do hope she feels at home as she is amongst her own people.

We have just found out that Leona is fifteen that is an error through our record book. And we would like to send her back to St. George's if you are willing to take her back. We have questioned her about the religious angle & she claims that she is willing to accept the Anglican faith as has. And she does not remember showing anything for the Catholic faith. So please consider & see if you can take her back there with you at St. George's.

We would also like her to be there with her sisters. Thank you very much.

Yours truly

Dear Sir:

With further reference to my letter to you of the 23rd instant re the children of Raymond Nahanee, Squamish Band, the parents advise that the elementary school in Namu is full, and Leona cannot be admitted. They prefer to keep her at home and leave her younger sisters with you.

We did not receive any application forms of admission of the two younger ones who have been admitted to your school according to your advice. Have these forms been completed?

In order to keep track of the family allowance payments and other records, it is necessary that we be kept promptly advised of all admission and discharges. Kindly advise at your earliest convenience.

I hope that you are now in good health.

Yours truly,

Rev. Canon C. F. Hives
Principal

Lytton, B. C.

November 9th 1951.

Dear Mr. Phelan,

597 Theodick Charlie
598 Victor Charlie

I am replying to letter written to Mr.Superintendent Hett, October 30th. I have already dealt with Pupil No.521, Donald Adams, in a previous letter, showing that he was absent from St.George's School for a year while he attended Edmonton School for a term, where, it would appear from observation, he was on a fair way to being spoilt. The boy has now settled down to our routine and discipline, and will do well.

Pupils No.597,598. The original Application for Admission went forward from this office to the office of Lytton Agency. Our own office copies, I herewith enclose. Likewise Nos.615,616. These are our school copies, and I would appreciate it if they could be returned when the originals come to light. I am also enclosing our office copy of No.0501, signed by the mother of the child. In a previous letter I have explained about No.0503, Elisabeth Nahanee, and I am enclosing the original correspondence between Raymond Nahanee and myself regarding this child and her sisters. In future I shall avoid having anything whatever to do with these disgruntled people, who come to us, either out of spite or because they cannot have their own way.
No.0437. The application went forward along with Application for Admission of Matilda Gloria Edmonds of the same band. The latter was accepted. I enclose along with the other letters, a letter from the mother of 0437, and would be glad to have all these letters returned.

In regard to discharges, I have always been in the habit of placing these names on Form I.A.411 after approval has been given by Ottawa, as I was instructed to do so. They would, therefore, appear in the October-December Quarterly Returns.

I would appreciate having a cheque as soon as possible, as I cannot possibly function very much longer unless I do receive finances in the near future.

Yours faithfully,

Chas. F. Hives

Principal.

Rev. Canon C.F. Hives,
Principal,
St. George's Indian Res. School,
Lytton, B.C.,

Dear Canon Hives:

With reference to your letters of November 7th and 9th, I am returning the school copies of applications for admission which you were so kind to forward me.

The outstanding application forms have already been received from the Indian Superintendents, consequently your copies are no longer required by us.

The Department has authorized the admission of the children from the Nicola Agency and the Lytton Agency to the St. George's Residential School. You will be advised in this respect by the respective Indian Superintendents.

No decision has been reached on the admission of # 0503 Margaret Nahanee to the St. George's School. It would be appreciated if you would delete this girl's name from the Quarterly Returns as the Department is not prepared to allow a Per Capita Grant for this girl until her admission is approved. In the meantime, we are holding all the correspondence on the case and when a definite decision is reached you will be informed accordingly and the school correspondence returned.

Indian Affairs Branch,
Ottawa, Ontario.

Your File No. 888-10 (E6)

Receipt is acknowledged of letter of the 1st instant from the Superintendent of Education re the application for admission into the St. George's Indian Residential School of Elizabeth Margaret Nahanee of the Squamish Indian Band.

It is noted that the Department is not prepared to approve the admission of this pupil to the St. George's School at present as she is of the Roman Catholic Faith. I may say that I had assumed that Elizabeth Margaret had been accepted into the Anglican Faith in the same way as her sisters, who were entered into the Lytton School.

The father of this girl, Raymond Nahanee, after divorcing his first wife, married an Indian girl who had previously been a pupil of the St. George's Indian School. Raymond Nahanee is presumably a Catholic, but acquiesced in the desire of his wife to have the other children, who had been baptized as Catholic, readmitted into the Anglican Faith.

I wrote to the parents following receipt of Mr. Phelan's letter, and am now advised that they wish Elizabeth Margaret to be accepted into the Anglican Faith in the same way as her sisters. I am notifying the principal of the St. George's School of the wishes of the parents, and will await further developments.

INDIAN AFFAIRS

Nov. 24, 1951

Lytton, B. C.

Dear Mr. Phelan:

Pupil No. 0408, Joyce Brown: This pupil, who comes from Hazelton, has turned seventeen years of age. Her sister, who lives in Seatle writes, asking if she may go to be near her. She says she has no difficulty in obtaining a position as a domestic in a good home. The girl, herself, is anxious to to go. She is from Hazelton, and I am firmly of the opinion that if she goes home to Hazelton, she will not have the ghost of a chance to keep straight. Her mother has a poor record, and she lives with a man who has a worse record.

The Superintendent at Hazelton is a new man, and would not know much about the girl.

I am enclosing a letter in answer to one I wrote to the girl's sister.

I would recommend that this pupil be allowed to go to her sister. I would see that she is properly outfitted with clothes etc., and see that she meets her sister in Vancouver, if my recommendation meets with your approval. In regard to her academic standing; she came to us rather late in life. She is in Grade seven, but she wont go much further, as she is rather dull. She has, however, received a good training in housekeeping, and should do well in that capacity.

Yours faithfully,

Chas. F. Hives

Principal.

(E)

November 28, 1951.

Reverend C. F. Hives,
Principal,
St. George's Residential School,
L y t t o n, British Columbia.

Re: Joyce Brown - No. 0408.

Dear Canon Hives:

In view of the information contained in your letter of the 24th instant, we approve the discharge of the above-mentioned girl from the St. George's Residential School.

A copy of this letter is being forwarded to Superintendent Hett.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Copy sent to Mr. Hett

Gifford

February 6, 1929.

Dear Mr. Mitchburn:

I have your 102/13535 of the 25th ultimo. with reference to manual training at the Indian schools of British Columbia. I am very desirous of getting this activity extended without delay, and, as a preliminary step, I have to authorise you to purchase the materials listed on the enclosure you forwarded. The materials for work benches, the individual and general sets of tools and the drawing sets indicated should be supplied to the Kamloops, Squamish, Kuper Island, Cariboo, St. Mary's, St. George's, Alert Bay and Fraser Lake Schools. As the Squamish activity can be started immediately, work benches, ~~incomplete~~, may be purchased. For Coqualeetza you may supply $350 worth of equipment, as listed in your letter. The Department is already in correspondence with the Reverend Mr. Lett, concerning suitable workshops for St. George's. I rely upon you to purchase to the best advantage and to write to the Principals concerned, explaining the use to which this equipment will be put. You may also authorise each Principal to purchase lumber with which to work, as soon as the classes can be started. You may fix the amount to be expended on these materials from $50 to $100, as indicated in your letter, and you should direct principals to make requisition to the Indian agent for further materials, when required. If you find that any expenditure is necessary to complete the carpenter shop at Fraser Lake, you should let the Department have an estimate.

I have written a special letter to Father Lore of the Cariboo School, pointing out that the boys must not be overworked in connection with the supply of fuel, and I am satisfied that vocational training can be started at this institution also. The population is being increased to assist with current financing, and I have clearly indicated that the extra grant is for the engaging of labour for the supply of fuel.

The question of organizing this work and the appointment or securing of suitable instructors should now engage our attention. If we could secure the

temporary services of a good practical man to visit each school and see that the activity was properly commenced. it might be a good investment. The duties of such a man would be to make recommendations regarding buildings and equipment for vocational training at each school; to advise regarding the local instructors and to get the classes started. At some schools, it would be necessary to add a man to the staff and at others, to make arrangements for the holding of classes by public school instructors.

The Department will secure copies of the manuals and job sheets Mr. Kyle has recommended, and these will be sent to the various schools. If the Department is able to secure the services of a special officer to organize this work, I should expect you to supervise his activity. The organization might take from one to two years, and, at that time, experience would have shown whether it would be necessary to continue the position. If you are able to secure applicants for this organization work, please let me know when I am with you a few weeks from now.

At a later date, after courses in carpentry are well under way, the Department must consider the advisability of extending the work along other lines.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

February 7, 1929.

MEMO FOR FILE:

On File 600224, Commissioner Ditchburn was authorized, on February 6th, to purchase the following equipment for the St. George's Indian Residential School. The material was to be stored until the new work shops were ready for the activity:-

10 Single Benches.
10 Bench screws.
10 Individual sets tools.
10 Drawing sets.
1 General set tools.
Material..

The estimated cost is $501.79.

165-0-11.

Ottawa, May 14, 1929.

Reverend Sir:

The Department is making special efforts to improve the instruction in manual and vocational training for boys in the Indian schools of British Columbia. If this phase of our educational programme can be made more effective, it will greatly benefit the Indians of the Province. Most residential schools have a workshop or other space that can be used for vocational training. If steps to improve the workshop facilities should be taken at the St. George's Indian Residential School, please cooperate with Mr. Indian Agent Graham with a view to making a recommendation to the Department.

A thorough course in carpentry is the present aim. To this end, Mr. Commissioner Ditchburn has been authorized to supply benches and tools and there has been directed to you a text on manual training, job sheets in woodworking and a publication on how to work with tools and wood. Further, you have been authorized to present to Mr. Agent Graham reasonable accounts for materials with which to work.

The Department is desirous of having a qualified instructor for this work at all schools where this special training is being undertaken. Some schools have on the staff an officer who is well qualified for the activity and who can be released from other duties for the manual training classes. I understand there are summer courses for instructors in manual training in Vancouver and Victoria. Other Indian schools are so situated that they can secure the services of instructors from municipal schools. In this case, classes are held two or three times per week. The Department would like to know what arrangements you have made, or can make, for this important work. Do not hesitate to enlist the cooperation of Mr. Graham, if the Department can be of any assistance.

At a later date, it is hoped to extend the vocational training to include gas engines and other machinery: and whenever you believe this additional course should be given at the St. George's Indian Residential School, you will please inform the Department. A copy of this letter is being directed to Mr. Agent Graham for his information.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Rev. A. R. Lett,
Principal,
St. George's Indian Residential School.
Lytton, B. C.

RECORDS

noted

Mr. J.D. McLean
Dep. an Sec.
Dept of Indian Affairs, Ottawa.

Dear Sir-

I note with extreme interest the propositions of the Dept, regarding Manual Training and the possibility of gas engines and other machinery coming under theis Dept in the schools. We could to a degree carry on this latter at the present time if a shop were available.

The manual training and repair shops are now under course of construction but these do not include a shop wherein we could put in our own trucks and engines for repair.

Foster

We need a machine shed wherein to house our farm machinery and a shop in conection with this building would be the proper place for the engine repair shop.

It is astep which will prove of great benefit to the Indian work in this province and a great boon to the schools

I shall put forth every effort to utilize the Dept in thei endeavor.

Yours very obediently

Principal

Lytton, B. C., Aug 22nd / 29

Dear Mr. Graham-

Refering to that part of the Ass. Dep. & Secretary's letter of May the 14th Numbering 165-0-11 and of which you have a coppy, please note that I am to enlist your help in carrying the proposed new phase of work in our school.

In connection therewith I might say that I have been able to secure the services of a compitent man who has qualified for this work in Victoria and as it is a new phase in the school education and one in which I heartily concur, it is adding an extra salary of aproximately $130.00 per month to the present amount paid by the school in salaries. Do you think the Dept would be satisfied to allow me a cash salary of $80.00 over and above the present per capita grants allowing me to take care of the remainder in the way of benefits such as vegetables, fuel, etc.? I would gladly accept this help as the financing of the school is by no means an easy task.

I have also to say that I have on the staff now a man who could handle the Gas Engine work spoken of by the Ass. Dep. and would like to start this work immediately or as soon as possible but this work will entail a building ~~whic~~ in which to house our blacksmithing equipment which is still at the old site, and several of the tools, have since we moved away, ~~have~~ been stolen, It is essential that we should move this shop as quickly as ~~it~~ we can to save the property of the Dept. and have same near at hand to do our repair work and teach the boys. The Gas Engine shop should be in this building and if the Dept. can see fit to give us the lumber I can safely say that we can undertake the building of same with our own help under the supervision of Mr Leonard, the Manual instructor who is a carpenter by trade.

We also have no machine shed in which to house the farm implements. Up to the present we have been housing them in every available tumble down shack, these are becoming more dilapitated as the years go by and now are almost as good as nothing. If the lumber were available we could also erect this building ourselves., not only saving the Dept the cost of labor but would also give the older boys some needed practicall training.

The training in the Manual room must in this part of Canada lead up to the Building trade and the more actual work the boys can receive here the better for them.

I trust you will see fit to take these requirments to the Dept. asking them to do what they can to aid us in the same.

Yours very obediently

A. R. Lett

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

5848-06 165-0-11

Lytton, B. C.,
Sept. 9, 1929.

Sir:-

On May 14th, the Department addressed a letter to the Rev. Principal of St. George's Residential School, in connection with making a special effort to improve manual and vocational training, in schools of British Columbia. A copy of Department's letter was sent to me, asking for my co-operation.

I have gone into this matter thoroughly with the Rev. Principal, and am now enclosing a copy of a letter just received from him, together with plans for a new machine and blacksmith shop, also an implement shed, which is fully explained in the Rev. Principal's letter.

The actual cost of the material for these buildings would amount to $900 or $1000, and if this work is to be carried on this building is very essential, as the present blacksmith shop, which is really inadequate, being too small, and an old building, is situated at the site of the old school, which is at least half a mile from the present school.

The implement shed is greatly needed, as at the present time, all farm machinery is scattered in old buildings in all parts of the farm. The most of these buildings are falling down.

I would like to recommend that the material for these buildings asked for be supplied.

The wages to be paid to a manual training teacher will come rather hard on the Principal, and would like to recommend that the Department give a special grant for this.

Your obedient servant,

H. Graham.
Indian Agent.

with materials $1000. + $40 per mo. towards salary of instructor for time being. all to be paid Special Grant. B.C.

The Deputy Secretary,
Dept. of Ind. Affairs,

Ottawa, September 19, 1929.

Sir:

I have your letter of the 9th instant, enclosing a communication from the Principal of St. George's Indian Residential School regarding manual and vocational training at this school. The sketch drawings of the new machine and blacksmith shop and implement shed, with estimate of the cost of the material to erect same which he states is required to properly carry out the manual training instruction, and the need in providing an implement shed, have been noted.

In this connection I have to say that the Department will approve of an expenditure not exceeding approximately $1,000 in the purchase of the building material required to erect a machine and blacksmith shop, also an implement shed. This building material should be purchased to the best advantage, and certified accounts, in duplicate, covering the cost should be forwarded by you in the usual manner. It is to be understood that the labour in erecting the buildings will be performed by school help under the supervision of the manual training instructor without cost to the Department.

Relative to the Principal's request that this Department provide part of the salary of the manual training instructor, I have to say that the sum of $40 per month will be allowed for this purpose. This will be paid upon receipt of certified vouchers from you from time to time for the amount due at the above rate.

The expenditure in supplying the building material and also the grant allowed towards payment of the salary of the instructor will be made from "Special Grant", and you should so state on your vouchers.

In erecting the machine and blacksmith shop and implement shed, care should be taken to see that proper sites for these buildings are selected, and while at convenient points they should not detract from the general appearance of the other buildings.

Your obedient servant,

H. Graham, Esq.,
Indian Agent,
Lytton, B.C.

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Mr. H .Graham,

Indian Agent,

Lytton.

Dear Mr. Graham-

Re the Invoice submitted to you for lumber used in fitting up the benches,cupboards,shelves,etc.,in the manual training room,being anxious to have this room in operation as early as it was possible,I did not wait to ask for competitive prices,and sent the order direct to the Knight Lumber Co., which Co.in my experience has always been able to give us better prices on our orders, than others Companies.

I trust the above will be sufficient explanation for my so doing. The manual training room is now fully equipped and the boys are beginning the training work and are very interested.

Yours very obediently

...ent ,from time to time,and must useour Launch and Barge to handle ...hence the issue is an important one.

It is quite absurd to claim that navigation of Indian Bay with a gasoline launch will contaminate the water,I gave every assurance that the toilet on the launch would always be kept securely locked.

Will you be good enough to get me information as to whether a body of water more than two miles long and one mile wide,with navigable entrance above two hundred yards wide can be closed?

Have there been any further developments re the building of a new School? I fancy a location near Keewatin,accessible to the Lake and to the C.N.R.would best serve the various Indian Bands on Shoal Lake and Lake of Woods. It could also be reached readily by Indians north of these lakes.

Dear Sir,-

Referring to your letter of the 18th instant, the contents of which have been noted, I beg to say the Department received voucher No.366-0 dated the 13th November, 1929, in favour of Mr.T.P.Knight, Chilliwack. The voucher was paid by official cheque No.5203 for $995.55, which cheque went forward on the 27th November, 1929. The cheque has been returned to the Department of Finance after having been endorsed and cashed.

Yours truly,

F.H.Paget

Mr. H. Graham,
Indian Agent,
Lytton, B. C.

Dear Mr. Graham,

I have had to increase the Manual Instructor's salary to the amount of $25 (twenty-five) per month and am submitting voucher for the latter half of August and would ask if it were possible for the Department to allow us $65 instead of $40 per month previously given towards this salary. This department is filling a great need in the life of the school and also of the boys. And in order to get the best service I was obliged to increase the salary and feel that it is just a little too big a burden for me to handle.

Yours very obediently,

A. R. Lett

Sir:

I have your letter of the 5th instant, enclosing a communication from the Principal of St. George's Indian Residential School, Lytton, B.C., requesting that the Department provide an increase in the grant allowed for the salary of the manual training instructor. At the present time, the Department allows grant at the rate of $40 per month, and will approve of an increase in this amount of $10 per month from the 1st instant, making the total salary allowed of $50 per month. This is the full amount we provide towards the salary of manual training instructors at residential schools. Please advise Rev. Mr. Lett accordingly. You may submit a voucher at the end of each month for the salary of the manual training instructor at the increased amount mentioned above.

Your obedient servant,

A. F. MacKenzie,
Secretary.

INVOICE OF GOODS SOLD BY EXPORTER PRIOR TO SHIPMENT TO CANADA

(APPROVED BY CANADIAN CUSTOMS)

(Place and date) Seattle. Wn.

Invoice of St. George's

.....

Dated at ..... this ..... day of ..... 192 .....

..... (Signature)

(For Entry under the "General Tariff.")

CERTIFICATE

(FORM M)

The following Certificate of Value is prescribed for invoices of goods sold and exported to Canada, to be signed by the exporter or by a partner, official or employee of the exporter having a knowledge of the facts certified to, and to be written, printed or stamped on the invoice:

I, the undersigned, do hereby certify as follow:— exporter of the goods in the within invoice mentioned or described:

(1) That the said invoice contains a true and full statement showing the price actually paid or to be paid for the said goods, the actual quantity thereof, and all charges thereon;

(2) That the said invoice also exhibits the fair market value of the said goods at the time and place of their direct exportation to Canada and as when sold at the same time and place in like quantity and condition for the said goods, the actual quantity thereof, and all charges thereon;

(3) That the said goods are now being shipped directly to Canada, without any alteration in the principal markets of any drawback or bounty, but not payable when exported, or on account of the exportation thereof or for any special consideration whatsoever.

(4) That the said invoice also exhibits the fair market value of the said goods at the time and place of payable thereon or payable for cash, or on account of any drawback or bounty, or on account any royalty actually for home consumption or for home consumption, but not payable when exported, or on discount or deduction for cash, or on account sold for any special consideration whatsoever.

(5) That no different invoice of the goods mentioned in said invoice has been or will be furnished to any one; and

(6) That no arrangement or understanding affecting the purchase price of the said goods has been or will be made or entered into between the said exporter and purchaser or by any one on behalf of either of them, either by way of discount, rebate, salary, compensation, or in any other manner whatsoever other than as shown in the said invoice.

(7) That each article on this invoice is bona fide the produce or manufacture of the country specified on the invoice in the column provided for that purpose.

(A) That each article on this invoice in its present form ready for export to Canada has been on the invoice as its Country of Origin;

That each manufactured article on the invoice in such specified Country of Origin and not less than one-fourth finished by a substantial amount of labour in such specified Country of Origin and not less than one-fourth the cost of production of each such article has been produced through the industry of the said Country.

J. W. Moore

(a) Insert the word partner, manager, chief clerk or principal official, giving rank as the case may be.

INSTRUCTIONS TO SHIPPERS

"From and after the first day of February, 1910, the Country of Origin in respect of each imported article shall be specified on the margin opposite to such article, or elsewhere on the invoice thereof, when the articles are for entry in Canada under the British Preferential Tariff, or under Treaty or Convention Rates."

Note.—Goods for entry under the British Preferential Tariff are to be invoiced separately from other goods **and must be marked Great Britain and Ireland, or England, or Scotland, or Ireland, or Wales,** as the case may be.

Invoices to be sent in duplicate for Customs purposes, besides copy (or copies) for consumer.

The Marks and Numbers of Packages must be shown on the Invoices in such a manner as to indicate the quantities and values of the Articles comprised in each exportation package, the packages to be legibly marked and numbered.

In the column marked "Fair Market Value as Sold for Home Consumption at Time Shipped," quote credit prices at which the same goods are sold in like quantity and condition in your district. The other columns are to be used for price at which you sell to Canadian Purchaser.

MAR 18 1931

EXTRACT FROM REPORT OF MR. INSPECTOR G.H. BARRY, DATED FEBRUARY 19, 1931, ON HIS INSPECTION OF THE ST. GEORGE'S INDIAN RESIDENTIAL SCHOOL.

Original on File 165-0-6.

Mr. Batchelor has a Temporary Manual Training Certificate from Vancouver.

There are 65 boys in this class. They work in groups. The room has 8 very good benches with room for 16 boys. The Provincial Course adapted to local conditions is followed and the boys enjoy their work.

There is an excellent supply of the necessary tools. These are well looked after by the teacher and the boys. A large number of the articles made are used in the school. The boys are building a First Aid Room and making the furniture for it.

DEPARTMENT OF INDIAN AFFAIRS
MAR 31 1931
RECORDS

Dear Mr. Ferrier,

We are in receipt of your circular of the 19th inst.,No. 1-1-11, and note your suggestions. We are able to carry out the greater part of these in de-tail, excepting perhaps for the butter making for girls.

We are at the present time feeding milk to the children, and while they are here we are not separating as we handle all the whole milk in the school, but the time is not far hence when we shall be obliged to do continual separating and this will mean a new cream separater and some other equipment such as churn and other utensils to be used for butter making. We shall be glad when the time comes to give this instruction if the Department will equip us with these necessities in the dairy.

We have also been able to give some instruction in gas engines, having the building fairly well equipped; in order that this should become a course of instruction it will be necessary for us to have a special man for the work and unless the Department is prepared to accept the responsibility of a full salaried instructor it will not be posible to employ such a man, paying him at the per capita grant.

I agree with you, and I have heretofore and up to the present time, made it my business to carry members of the staff, both inside and out, who are in every way capable of scientific instruction. These people, if efficient, demanda fairly high wage. With the present financial condition, is it possible to employ this extra man?

I trust you will see fit in the near future to be able to allow us the needed equipment, and also the extra salaried man. When the Department is ready to do this I shall be pleased to put this instruction into action as I realise the necessity for a thorough training for the equipping of the children to enable them to take care of themselves when they return to the reserves and make homes for themselves.

I trust you will be able to make it possible for us to carry out the wishes of the Department.

Yours very obediently,

A. Lett

SCHOOLS BRANCH
SEP 28 1931

Dear Sir;-

I herewith beg to enclose a list of tools which the Rev. Principal of St.George's Indian Residential School has asked me to send you, which he wishes to purchase for the Manual Training Branch of this school.

He also wishes to get a blackboard plate in green hyloplate for the same classes.

In regard to this I would like to recommend that this request be granted, as this branch of the school is certainly doing a very important work, in training boys to use their hands in the use of tools used in carpentry, cabinet work, etc.

I have the honor to be,
Sir,
Your obedient servant,

A. Strang

Sir:

I have your letter of the 18th instant, enclosing a list of tools required by the Principal of St. George's Indian Residential School, Lytton, for the use of the manual training classes.

In reply I have to say that the Department will approve of your arranging for the purchase of the tools as mentioned on the list which you forwarded, also the Hyloplate blackboard required for the same classes. The purchase of the above equipment should be made from indicated sources.

Please forward itemized accounts, in duplicate, properly certified, covering the expenditure incurred, and you should state on these vouchers that payment is to be made from B. C. Special Appropriation.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

EX'D.

Ottawa, February 1, 1932.

Rev. Sir:

The Department has received a report from Mr. Barry, Inspector of Indian Schools, on the vocational training work being carried out by the pupils of St. George's Indian Residential School. He states that, while the course followed is that approved for use in the provincial schools, too much attention is being paid to the actual scientific work of manual training. He also states he discussed this matter with Mr. John Kyle, Organizer of Technical Instruction for the Provincial Department of Education, and that they both agree that in Indian schools it is a mistake to keep the boys at such elementary work for a lengthy period. They feel it would be much better to show them how to use the tools, and then to put them to the actual construction of useful articles. Mr. Barry states that he explained this to Mr. Batchelor, the Instructor at the school.

The Department is not prepared to furnish an electric lathe and band saw. Mr. Kyle, who is an expert on manual training, and whose opinion is of value, has pointed out that the use of lathes and band saws are not what is wanted in the teaching of manual training. He is of opinion that the boys ought to be taught the use of tools which they will be using when they leave school.

The Department will place an order with the Government Stationery Office here to supply asbestoslate blackboard, 12' x 4', as recommended by Inspector Barry for use in the manual training shop.

Sel no 4 / file 88

You may arrange to purchase a quantity of lumber for the construction of drawing benches, to a cost not exceeding approximately $15. It is understood that the boys will be able to make these benches if the lumber is supplied. After the purchase has been made, please forward an account, in duplicate, properly certified, covering the cost.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Vocational Training:

The girls are learning to cook, and to do all the ordinary house work. There are in the Sewing-Room nine ordinary Singer sewing machines and two of the larger Singer tailor machines. The girls learn to use these machines in due course. They learn to sew, patch, darn, and as they grow older they make some of their own dresses and other clothes.

The Manual Training is under Mr H. Batchelor. This teacher has a Temporary Manual Training Certificate from the Provincial Dept. of Education, as he has taken , and will complete his training, in the Vancouver Summer School for Manual Training Teachers. There are 65 boys in this class. They work in groups. The Manual Training shop has eight very good dual benches.

While it is true that the course followed is that approved for use in the Provincial Schools, as previously reported when I first inspected this school, it is also true that too much attention is being paid to the actual scientific work of Manual Training. It will no doubt be noted that this is the exact opposite of the conditions in the majority of the Indian Residential Schools. Since my inspection of this school, I have had a long talk with the Organizer of Technical Instruction in British Columbia, a Mr. John Kyle, of the Department of Education, in Victoria. The display from this school at the Canadian Pacific Exhibition in Vancouver was as I reported at the time much below the standard of either Alert Bay or Coqualeetza Indian Residential Schools. I am informed that the Manual Training class here at Lytton has been following the course set for the Vancouver City schools. Mr Kyle and I agree that in Indian schools it is a mistake to keep the boys at such elementary work for a lengthy time. It is we feel much better to show them how to use the tools, and then to put them to the actual construction of usful articles. I have explained some of this to the Instructor, Mr. Batchelor, and I think that there will be a definite improvement in the work at St. George's before long.
A number of articles have been made for use in the school. These include tables, cupboards, a High School Laboratory Cabinet, and a number of smaller articles.

The tools are in excellent condition, and everything is well looked after by the teacher. In fact the Manual Training here is a very definite part of the school work.
A Green Hyloplate Board 12 feet by 4 feet is strongly recommended for use in the Manual Training Shop. I also wish to recommend the supply of about $15.00 worth of lumber for the construction of Drawing Benches. The boys will be able to make these if they have the required lumber.

The Principal and Mr. Batchelor also wish for an Electric Lathe and for an Electric Band Saw. While I was perfectly willing to recommend these, if they would be for the benefit of the boys, I spoke about it to Mr. Kyle. Mr. Kyle is of course an expert on Manual Training, and his opinion is of value. He pointed out to me that the use of Lathes and Band Saws was not what was wanted in the teaching of Manual Training. He thought that the boys ought to be taught the use of the tools which they will be using when they leave school. I am therefore not prepared to recommend the supply of the above mentioned Lathe and Band-Saw at the present time.
All the above Vocational Work is of definite use to the boys and girls when they leave school. It is making a difference to life in the Indian villages, as the children leaving school insist on changes being made in their homes to conform more or less with the conditions under which they have lived in the Residential Schools

INDIAN AFFAIRS
FEB 23 1932
RECORDS

Russell T. Ferrier Esq:
Superintendent of
Indian Education,
Department of Indian Affairs,
OTTAWA.

Dear Sir, Re Manual Training.

Replying to yours of February 1st (No. 165-0-11) Inspector Barry has evidently been impressed by an argument which he and I had over Exhibition work displayed at the Vancouver Exhibition last autumn. I pointed out to him that I felt the work exhibited by these Schools was far in excess of work which should be done for the length of time the Manual Training course has become a factor in our School Education. I thought there was too much highly polished furniture and not enough elementary work on exhibit. Again, I pointed out that with only two boys in St. George's School who were over fifteen years of age it was a physical impossibility for us to compete with classes ranging in number from ten to twenty. I also pointed out to him that we had too much other work in Manual Training for the boys to do without confining our whole year to Exhibition work.

I am sure you can readily see for yourself by the enclosed list of Manual Training Room production that we are not confining ourselves to those courses stipulated by the Organiser of Technical Education. We are using ten models only in which to acquaint the boys with the tools, then branching out into heavier and more practical work.

This year I have mapped out a course for the Manual Training shop which includes building of irrigation flumes, making of gates, making rustic chairs etc. etc. This I think is much more practical for the boys of this district and much more valuable to them, than the making of highly polished furniture.

We shall be working on the butcher's shop shortly, and this will help to increase their knowledge of building.

I trust that the foregoing, together with the enclosed list will serve to show that Inspector Barry placed altogether too much emphasis on our talk of Exhibition production. If the Exhibition of last year is what is expected of these Schools then St. George's is out of the running for some years to come, as boys of fourteen and fifteen cannot produce the workmanship of lads running in age from eighteen to twenty. But if we are recognised in comparison of age grade, then we can hope to do something.

Very obediently yours,

A.R.LETT

Mr. MacKay,
Acting Indian Agent,
Lyttoh, B. C.

Dear Mr. MacKay:-

Find herewith enclosed necessities for the year's work in the Manual Training Room, beginning on the first of term. The Department has authorized the Indian Agent or his substitute to O.K. these lists, and have the invoice forwarded to you in quadruplicate, and from you on to the Department at Ottawa for direct payment, and I would be glad, therefore, if you would forward the enclosed to the different companies, so that we might receive our supplies in the Manual Training Room at the earliest possible.

Thanking you,

Very sincerely yours,

A. R. Lett.
Principal.

September 22nd.,1932.

Dear Sir:-

In accordance with instructions received, I beg to submit herewith duplicate copies of report on St. George's Indian Residential School, Lytton Agency.

Rev. A.R. Lett, Principal of St. George's Residential School, was away at the time of my visit. I regret to report that this gentleman, unfortunately, has been in ill health, but I understand he is now better again.

There were 160 children in the school at the time of my visit. The school was clean and tidy. Fire drill is carried out regularly, the time for getting the children out at the last alarm being 2½ minutes. The chemical extinguishers have been filled lately, and I instructed that the hose pipes should be tested.

The children were having stew, potatoes and apple pie for their next meal.

The crops looked very promising. Good manual training is being continued. A good store cupboard is required for the keeping of the carpenter tools in the manual training shop, Cost of material would be about $15.00, and I should suggest that this be authorized.

Sch can have a cupboard JO7

Sir:

I have your letter of the 7th instant, enclosing a requisition from the Principal of the Lytton Indian Residential School for text-books, etc., required for use in the manual training work.

In this connection I return herewith the requisition, and would request that the Principal arrange for the purchase of the various items mentioned thereon. He should obtain accounts, in triplicate, covering the cost, and hand same to you. These you should attach to proper voucher form, certify in the usual manner and forward for payment. The expenditure in supplying the text-books will be paid from B. C. Special Appropriation. When forwarding the vouchers, please return the enclosed requisition.

Your obedient servant,

R. L. MacInnes,
Acting Secretary.

INDIAN OFFICE
OCT 7 1932

Requisition for School Material

Date October 1. 1932.

For St. Georges LYTTON, B.C. School Lytton - B.C. Agency

NOTE:—Teachers should secure from the Department of Education, of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books, only those authorized in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized".

EX'D.

Ottawa, February 17th, 1933.

Sir,-

The Department is in receipt of your Voucher No. 793R, amounting to $55.37, covering the cost of materials supplied to the St. George's Indian Residential School for manual training purposes.

This account is being paid but I would point out that no authority was given for this expenditure. As you were informed in circular letter of November 14th, last, authority should be obtained before incurring any expenditure.

Your obedient servant,

A. F. MacKenzie.
Secretary.

Mr. A. Strang,
Indian Agent,
Lytton, B. C.

Dear Mr. Strang:-

In your note, dated yesterday, numbering 13681-06, regarding the bill presented to you from Mr. Fred Meyers, amounting to $55.37, in which you say the Department says there is no authority given by the Department for the purchase of this material.

In regard to this bill, as it included necessary material to carry on the work in the Manual Training Shop for the School year, 1932-1933, I have to refer you to letter number 165-0-11 dated May 14th 1929, in which the Department states the following:-

"Further, you have been authorised to present to Mr. Agent Graham, reasonable accounts for materials with which to work"

and again:-

" Do not hesitate to enlist the co-operation of Mr. Graham if the Department can be of any assistance."

Heretofore, this has been done without any critisism at all from the Department, and, as this account was for material at the beginning of the term, the bill for which unfortunately was overlooked, there seems to be no reason why the Department should make any objection to paying this bill, As stated above, permission was given to me direct from the Department, under signature of J. D. McLean, assistant Deputy and Secretary, to co-operate with the Indian Agent in regard to the purchase of ~~this~~ material.

I trust this will prove satisfactory, and you will find this the information you are seeking regarding the bill, presented from Fred C. Meyers and Company.

Yours very sincerely,

A. R. Lett

13695-06 165-0-11 Lytton, B. C.,

Feb. 24, 1933.

Re Dept. Letter No. 165-0-11 dated May 14th, 1929.

Sir:-

I herewith beg to acknowledge departmental letter dated February 17th, in regard to Voucher No. 793R amounting to $55.37 in favor of Fred. Meyer Company, covering cost of materials supplied to the St. George's Indian Residential School for manual training purposes, stating that the account was being paid but that you wished to point out that no authority was given for this expenditure and that I had been informed in circular letter dated November 14th, that authority should be obtained before incurring any expenditure.

With reference to this matter I beg to state that this expenditure was incurred last summer before the circular letter, of November 14th, had been issued, and the reason, or one of the reasons, the account was not sent to Ottawa sooner, is that it was overlooked during the excitement following the fatal, accidental, self-shooting of Mr. H. Bachelor, the Manual Training Instructor.

I am enclosing a letter from the Rev. A. R. Lett, principal of the school, in explanation, which will speak for itself, and trust that this will prove satisfactory.

Your obedient servant,

R

EXTRACT FROM REPORT OF GERALD H. BARRY, INSPECTOR OF INDIAN SCHOOLS, P.O. Box 666, VICTORIA, B. C., ON HIS INSPECTION OF ST. GEORGE'S RESIDENTIAL SCHOOL - forwarded under cover of his letter to C. C. PERRY, Asst. Indian Commissioner, Victoria, dated March 7, 1933.

xxxxxxxxxxxxxxxx xxxxxxxxxxxxxxxx

Original on 165-0-6.

There are now about 65 boys taking the Manual Training Courses at this school. Mr. Huddlestone, the Instructor, is a trained M. T. Teacher and holds a B. C. Manual Training Certificate. The tools supplied to the school are as far as I could see in satisfactory condition. About $75.00 worth of lumber, pine, etc., is required for Manual Training purposes. There are a number of repairs and additions which the Manual Training Class could carry out around the school. Some of these are mentioned in other parts of this report.

Ottawa, July 26, 1933.

Sir:

I have your letter of the 17th instant, enclosing quotations which you received for supplying material required for use of the manual training classes at the St. George's Indian Residential School.

In reply I have to say that the Department will approve of the purchase, from firms on the list to receive consideration, of the quantity of the various woods and hardware required, to an amount which must not exceed the sum of $110.

I enclose encumbrance certificate, authorizing an expenditure to the above amount. After the purchase has been made, please obtain an itemized account, in triplicate, covering the cost. This, you should attach to proper voucher forms, certify in the usual manner and forward for payment. You should state, on each copy of the voucher, that the expenditure was incurred under authority of E. R. No. 806.

I return herewith, for your information, the quotations which you forwarded. All quotations should accompany the vouchers which you submit for payment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:-

I herewith beg to acknowledge receipt of departmental letter dated July 26, authorizing the sum of $110.00 for the purchase of hardware and hardwood for use at St. George's School in the Manual Training classes.

In regard to this I think there must have been an error in the list and prices sent to you, as I find that the hardwood alone would amount to $278.45 f.o.b. Lytton.

I am enclosing the list of lumber asked for with total price.

As this lumber will be for the full school term until the end of June, 1934, I would like to recommend that, if possible, it be allowed.

Your obedient servant,

A. Strang

E A D.

14830-06.

Ottawa, August 24, 1933.

Sir:

I have your letter of the 16th instant, regarding the expenditure which was authorized in official letter of the 26th ultimo, for the purchase of hardware and hardwood to be used in the manual training classes at the St. George's Indian Residential School. In this connection it is noted that the sum authorized, viz.: $110, is not sufficient.

The total amount that can be allowed for the purchase of supplies for the manual training classes at this school during the coming academic year is $300. I enclose an encumbrance certificate authorizing a further expenditure of $190. This, with the authority already given you, will provide for an expenditure to the amount mentioned. You should therefore arrange for the purchase from a firm on the list to receive consideration. Please obtain an itemized account, in triplicate, covering the cost of the materials purchased. This, you should attach to proper voucher forms, certify in the usual manner and forward for payment. You should state on each copy of the voucher that the expenditure was incurred under authority of E. R. Nos. 806 and 880.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Requisition for School Material

[redacted]

Date Sept. 6 *19* 33.

For St. George's Res. *School* ..... *Agency*

NOTE:—Teachers should secure from the Department of Education, of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books, only those authorized in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized".

ARTICLES	No. ON HAND	DATE OF LAST RECEIPT	No. REQUIRED	No. AUTHORIZED	REMARKS
Drawing Books		# 2		96	
White Cartridge Drawing Paper (9 x 12)				600 sheets

EXTRACT FROM REPORT OF INSPECTOR G. H. BARRY ON HIS INSPECTION OF THE LYTTON INDIAN RESIDENTIAL SCHOOL ON DECEMBER 18th AND 19th, 1933.

Original on #165-0-6.

While Mr. White's work may be considered satisfactory and even good by the Principal, I am perfectly satisfied that far less time should be devoted to the drawing of detailed geometrical drawings of the articles to be constructed, and far more of the time spent in the actual handling of tools and the construction of articles which the boys may wish to make after they leave school. I have had so many talks with the Superintendent of Technical Instruction, Mr. John Kyle, over the best methods of instructing country boys, Indians or otherwise, that I know this is also his view. He and I agree that rough working sketches WITH DIMENSIONS are all that is required. The keeping of young boys at drawing boards during Manual Training periods leads me to conclude that the Instructor does not understand what is required. I have tried my best to point out to him that Indian boys do not require the same work as do boys in the Provincial High Schools. If the present Instructor is either unwilling or unable to change his methods by the time of my next inspection, I shall have to ask the Department to take the matter up with the Principal. If the manual Training given in the Residential Schools is not that which will fit the Indian boys for after school conditions, the sooner the Department saves its special grants for this purpose the better.

Ottawa, February 28, 1934.

Rev. Sir:

As soon as possible after March 31st next, you should forward to the Department a detailed report regarding the vocational training that is given at the St. George's Indian Residential School. This report should contain the following information:

(a) Instruction: Name and qualifications of instructor or instructors.

(b) Industries: Under this heading you should specify the industries taught, the number of pupils in each industry, number of hours weekly that each pupil is engaged, and list of work accomplished during the period April 1, 1933, to March 31, 1934.

(c) General Remarks: Under this heading you should state if the pupils are interested, and if you consider the results that are being obtained justify the expenditure that is being made.

If you feel that the value of the course could be improved, you should state in what manner you believe this could be done.

In addition to the above, you should let me know what is being done at your school to carry out the instructions contained in circular letter of March 18, 1931, a copy of which is enclosed.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Report re Vocational Training at St. George's School.
April 9, 1934.

Section C. - General Interest.

Because of so much alfalfa grown the school keeps a small apiary whereby the boys receive instruction in bee husbandry. Bees do very well in the Dry Belt of British Columbia and could be made quite a payable investmnet

The Indian craft of basketry which in this section of B. C. and especially among the Lower Thompson Tribes became advanced to a very high standard of craftmanship and Indian art. It is now gradually becoming a thing of the past. I therefore feel that interest should again be aroused and provision made foran Indian woman to spend a short time each year in the school teaching the children in order that this craftsmanship might be perpetuated. The Indians could make quite a bit of this work, catering to tourist trade and the art therefore should not be allowed to become extinct. The Department would do well therefore to make some arrangement whereby this dying craft should again be revived.

20 Letter April 23/34 re 153/10/1

Re circular letter of March 19, 1931.

In connection with your letter of March 19, 1931, I would respectfully call your attention to my answer to this circular, dated March 24, 1931, in which I stated that the milk production of the school herd was then all being used. This condition still exists because we have been obliged to butcher so many cows in connection with the abortion trouble in the barn. We therefore have not been able to instruct the girls in buttermaking as asked for.

We are endeavouring in every way to give the boys the general training called for and feel that if it is made possible for these boys to carry out in their after school life such training as is given, they would soon measure up to an equal standard with every independent citizen of our Dominion.

I trust you will find the above satisfactory and if there is any further information you desire I shall be pleased to forward the same.

Yours very obediently,

A. R. Lett

Report re Vocational Training at St. George's School.
April 9, 1934.

Boys.

There are 62 boys receiving vocational training.

Manual Training Department.

56 hours per week. 20 boys per month are rotated in this Department, repeating once every three months. List of work done enclosed on a separate sheet.

Farm.

56 hours per week. 26 boys are rotated each month. The farm is divided into the following departments:- the dairy, 8 boys; gardening and fruit-growing, 4 boys; general farm work, 14 boys. The general farm work includes blacksmith shop, tractor and motor repairs, farm implements and general repairs, covering 640 hours during the year; Cleaning and treating seed grain, cutting and treating seed potatoes, 500 hours; Spraying and pruning, 448 hours.

The work in the dairy includes care and feeding of cows in general, making an individual study of production, weighing of milk, value of feed and milk ascertaining the ability of the cow to pay her way; care and sterilization of utensils; care of milk, making a study of means by which to keep down bacteria growth; sequence in breeding for production and testing; R.O.P. tests are made every six weeks by Dominion Inspectors.

Hogs - purebred Berkshires are grown, specially teaching the boys to make the best advantage of pasturage and general feeding to produce a choice hog in the shortest possible time.

Special seed plots are maintained in order that a high standard of seed should be produced, thereby assuring continuation of high production. Seed plots of beans, mangels, corn, potatoes. The school is endeavouring to teach the boys to grow alfalfa seed which in this district will be a very decided asset.

Engineering Department.

2 boys 56 hours a week. Care of boilers and generating of steam; care and running of motors; general plumbing repairs.

Section C. - General Interest.

The girls show a general interest in Domestic Science, sewing and in keeping themselves neat and tidy and in the general cleanliness of household work. It is generally believed by those who are in direct touch with them during their school life, they would, if given an opportunity, carry this out in their after school life. Their interest is especially keen in learning how to cook and bake.

We regret that more music cannot be given the girls as in the main they are musically inclined and it would afford great pleasures in after school life. The school would welcome assistance financially in this regard.

The boys show great aptitude and keeness in mechanical and carpentry work. We are fortunate at the present time to have an outstanding instructor in the Manual Training shop. The fact of his prsence on the staff is due no doubt to general conditions existing in the industrial world, as a man of his calibre and ability cannot be picked up for the salary afforded by this or any other school. The course in the Manual Training shop is constructed so that it will meet with the general needs of the boy's after school life.

The above also applies in connection with the farm. The boys show general interest in the mechanical work and also in the scientific phase of farm industry on the whole but are not fond of the physical labour entailed in the production of hay and grain and other crops.

The tractor and motor repairs together with the blacksmith shop and repair of farm implements might be extended somewhat but do not feel that a special course in motor mechanics should be made available at the present time. Since these boys m[illegible]ely [illegible]care of themselves by agriculture, greater atte[illegible]ld be given to this Department.

Report re Vocational Training at St. George's School.
April 9, 1934.

General Housework Department.

Every morning all girls, excepting those in the kitchen or laundry, are detailed for work throughout the school. This work, such as cleaning dormitories, making beds, working in the children's dining-room, tidying sitting-rooms, etc., is done in the hour between Chapel and school time. All the work is supervised by the girl's matron who judges and gives marks accordingly, thus encouraging the girls to do their very best.

On Saturday mornings the girls do housework from 8 a.m. till 12 a.m. and the school is scrubbed, swept, dusted, etc., from "top to bottom". Therefore all the girls get a thorough training in the art of housekeeping.

One girl each month is given special training in housekeeping working in the Residence under the supervision of the Head Matron. The Residence girl observes and learns the work of caring for a modern home. She does fine sewing, cooking for a family instead of large quantities such as done in the school kitchen, and all the work connected with housekeeping to-day.

Domestic Science - Special Classes.

Two afternoons a week the Head Matron has special classes for four of the older girls of the school. They are taught fancy cooking, making special desserts, bread and biscuit making. These girls have also made soap. The laundry Matron who specializes in rugmaking, takes the Domestic Science girls in that work.

Practical Nursing.

All the rudimentary First Aid work is attended to by the girl's matron. The attending of sores, cuts, slivers, bruises, sprains, etc. is observed by the senior girls and when done by them is closely supervised by the girl's matron.

The girls have organized a Junior Red Cross Society and they are taught St. John's Ambulance course by the Junior Teacher. They learn bandaging, elementary anatomy course, first aid in fainting or drowning accidents.

Section A. - Instruction.

Domestic Science.

Miss G. Davies - 3rd class certificate for B.C. Teacher; managed and operated tearoom 10 years; Deputy-Provincial Girl Guide Commissioner for B. C.; experience in Strathcona Lodge, school for girls, Vancouver Island, B. C.

Miss J. Jobling - No certificate; a practical and plain seamstress; five years on staff as sewing-matron.

Miss H. Dalgleish - No qualifications; five years on staff as laundry-matron.

Miss M. Bird - Girl's Matron - Housework in general; 1st Class Certificate for B. C. Teacher;

Miss G. Fairbairn - Sport's Instructress - 2nd Class Certificate for B. C. Teacher; Strathcona Trust Certificate for Physical Training.

Mr. J. Piper - Farm Manager and general repair man - nine years in charge in general farming, and experimental plots; five years handy man and machinist; making fourteen years experience on the Sutherland Estate, Brooks, Alta. which farm constitutes 7000 acres under irrigation.

Mr. R. Vaughan-Jones - Dairyman - Agricultural Certificate from Llysfasi Farm Institute, Ruthin, North Wales; demonstration, lectures, practical work in dairying, feeding and milk testing, taken in a short course in Vancouver, B. C.

Mr. L. Stemp - Poultry, Orchard, Garden and Butchering - practical; short courses at University of B. C. on poultry raising and fruit farming.

Mr. S. F. Lepine - Engineer and Fireman - 4th Class B.C. Certificate.

Mr. J. S. White - Manual Training Instructor - B. C. Manual Training Instructor's Certificate; machinist and pattern maker.

Mr. A. C. Batcheler - Sport's Instructor - Dominion Cadet Trainer's Course.

Report re Vocational Training at St. George's School.
April 9, 1934.

Girls.

There are about 60 girls on the training list as the girls who are in Grade 1 do not work. These 60 girls are divided into two divisions, A and B. If the B.Division is in school, the A Division are busy in the different departments throughout the school, and so all the girls rotate. The list changes every month so by the end of the school year each girls has been in every department at least once.

Kitchen Department.

There are 5 girls in A Division and 5 girls in B Division detailed for the Kitchen each month. Each girl in each division is in the kitchen 7 hours in every 28 hours, making a total of 42 hours for each girl each week. 50 percent of this time is spent in actual instruction by the Kitchen Matron in cooking. The girls do all the cooking for both children and staff, which means they prepare 190 to 200 meals three times a day. The other 50 percent of the time is spent in preparing vegetables, washing-up, cleaning, etc. All this work is supervised and commented on by the Matron who advises and explains the best methods for doing such work.

Laundry Department.

There are 6 girls in A Division and 6 girls in B Division detailed for the Laundry each month. Each girl in each division is in the laundry 5½ hours each day except Saturday and Sunday, making a total of 26½ hours for each girl each week. The washing and ironing for the children and the staff, including clothes, bed linen, table linen, curtains, etc., is done, making over 1000 pieces going through the laundry each week.

1½ days each week is spent in rugmaking. These rug patterns are designed and drawn by the children. The rugs are hooked from old garments which are washed, dyed and made ready for use by the girls. Braided and knitted mats have also been made and these are used throughout the school in bedrooms and bathrooms.

Sewing Department.

There are 31 girls in the sewing-room each day, each girl putting in about 22 hours a week, as there is no work done on Saturday or Sunday. These are some of the things the girls have accomplished in this school term:- 56 Sunday dresses, 185 everyday dresses, 72 nightgowns, 53 girl's shirts, 14 boy's shirts, 52 sheets, 16 pillow slips, 28 table napkins, 71 aprons, 12 mattress covers, 72 towels, etc. The girls patch, mend and make all the girls' clothes, make all the linen for the staff and all departments throughout the school such as doctor's towels, dishtowels, etc. They have made surplices and chapel collars for the choir. Formerly the girls knitted the boy's socks, now they re-foot them, but they confine their knitting to fancier articles, such as scarves, tams, sweaters. The girls are taught to embroider and to crotchet.

OFFICE OF
INDIAN AGENT

Lytton B.C.

Nov. 1 1934

Dear Sir:

With reference to your letter 165-0-11 dated July 3rd., last authorizing expenditure of two hundred, nineteen dollars and thirty eight cents ($219.38) in the purchase of material for the St. George's Indian Residential School Manual Training classes. I find that the prices submitted to me by the Principal on the list of material required were taken from an old catalogue, there fore the amount I asked for in the first place is seventy six dollars and twenty five cents ($76.25) less than the amount required.

This I regret very much and would ask the Department to kindly grant this further amount of seventy six dollars and twenty five cents ($76.25), so that I can complete the purchase of these supplies.

I have the honor to be

Sir

Your obedient servant

165-0-11.

Ottawa, November 7, 1934.

Sir:

I have your letter of the first instant, regarding the cost of the hardware, lumber and other materials required for use of the manual training classes at the St. George's Indian Residential School. In this connection it is noted that it will require a further sum of $76.25, in excess of the amount authorized by official letter of July 3rd, last, in supplying these materials.

The Department will approve of an expenditure which must not exceed $300.00 in the purchase of the material and other supplies required. Purchase should be made from a firm on the approved list. You should obtain itemized accounts, in triplicate, covering the cost. These, you should attach to proper voucher forms, certify in the usual manner and forward for payment. The expenditure will be provided from B. C. Special Appropriation.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:-

I herewith beg to make application for $225.00 for the purchase of lumber, nails, screws, varnish, etc., for the Manual Training Classes at St. George's Schoo l for the coming year.

I will be much obliged if the Department will let me have an early reply, as it is wished that this be allowed so that it can be ordered and the material be at the school by the 1st of September, when the school opens.

Trusting that this will be found in order,

I have the honor to be,

165-0-11.

19662-06-15A.

Ottawa, July 15, 1935.

Sir:

I have your letter of the 8th instant, requesting authority to incur an expenditure of $225.00 in the purchase of lumber and other materials for the use of the manual training class at the St. George's Indian Residential School, Lytton, B. C.

In reply I have to say that you may arrange for the purchase, from firms on the approved list, of the materials required, to an amount which must not exceed $225.00, You should obtain, from the Principal or the manual training Instructor, a list of the materials necessary.

Please obtain itemized accounts, in triplicate, covering the cost. These, you should attach to proper voucher forms, certify in the usual manner and forward for payment. You should state, on each copy of the voucher, that payment is to be made from B.C. Special Appropriation.

Your obedient servant,

A. F. MacKenzie,
Secretary.

A. Strang, Esq.,
Indian Agent,

APR 20 1936
RECORDS

EXTRACT FROM REPORT OF MR. INSPECTOR BARRY ON HIS INSPECTION OF THE ST. GEORGE'S INDIAN RESIDENTIAL SCHOOL - (Date of inspection, February 27th-28th, 1936).

Original on 165-0-6.

The Matron asked me to recommend that ~~two~~ new Singer TAILOR machines be given to the school as they are so badly needed for this vocational training. I would recommend that consideration be given to this request, which I believe to be a reasonable one in view of the fact that so much construction work is done at St. George's School. Much money is saved by the making of the girls' dresses and other clothes in place of buying them, and the training given of necessity to the girls is of the greatest value.

Form 500 1931

May 8th, 1936.

Purchasing Agent,
Department of Indian Affairs,
Ottawa, Ont.

Gentlemen:

We acknowledge receipt of your Order #2011 calling for one 31K15 machine for delivery to A.R.Lett, Principal, St. George's Indian Residential School, Lytton, B.C. Your order calls for a discount of 25% off the gross cash price.

Under date of September 15th our Executive Offices at New York sent corrected price list and you will note British Columbia comes under Zone 4 and the price of a 31K15 machine is $85.50. This is the net price and no discount is allowed.

Would you kindly give us permission to correct your order.

Yours very truly,

SINGER SEWING MACHINE COMPANY

ON HIS INSPECTION OF ST. GEORGE'S INDIAN RESIDENTIAL
SCHOOL ON THE 27th, 28th and 29th ULTIMO.

INDIAN AFFAIRS
OCT 17 1936
RECORDS

Original on No. 165-0-6.

In the sewing room I noticed that the work is being held up for want of the necessary Singer Sewing Machines. It is true that one new machine has been supplied during the past year by the Department. Two old machines have had to be discarded as quite useless and beyond repair. Everyone was most anxious that I should strongly recommend that several new Singer Machines be supplied. After due thought I have come to the conclusion that at least ONE new Tailor model Singer is necessary, and I would so recommend. The Boys are taught while in the Intermediate Grades to sew on the machines. Their work is mainly patching overalls, etc.

Mr.R.A.Hoey,
Director of Training and Welfare,
Department of Mines & Resources,
Indian Affairs Branch,
OTTAWA.

Dear Mr.Hoey,

I am forwarding my accounts for Manual Training instruction grants but these are in arrears since the beginning of the term which, amounting to $50 per month, would mean a revenue to the School of $250 for the first four months and including the present month, January.

I would very much appreciate a line stating whether or not the Department is continuing this grant and may I expect the usual assistance to this department, otherwise I shall have to budget for expenditure without this assistance.

Enclosed please find one copy of account, which has been sent in quadruplicate to the local Agent's office. These accounts have gone in regularly each month and I hope that they have reached the Department,

Yours very sincerely,

A.R. Lett.

Principal.

Ottawa, January 17, 1938.

Dear Sir:-

I am informed by the Principal of the St. George's Residential School that he has forwarded to you each month an account for the grant allowed for the manual training instruction.

The only account which we have received for this service since September 1st was one dated December 15th and covered the grant for the months of October, November and December.

Please forward the voucher for the manual training grant for the month of September 1937 and, in future, you should forward voucher for this service at the end of each month.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

REG'D.

Dear Sir:

I herewith acknowledge receipt of Departmental letter #165-0-11 dated January 17 with reference to accounts for the Manual Training Grant from the St. George's Indian Residential School.

In this connection, I wish to advise the Department that I have requested the Principal to render his account for September, as it does not appear that it has been received at this office.

I would respectfully suggest that I place this account on my list of vouchers that go forward at the end of each month in order to insure its being received regularly.

The Principal usually notifies me if payment of a Voucher is slow in coming through, but this letter is the first intimation I have had that the September account has not been vouchered for, and these accounts go forward soon after they are received at the office.

I have the honor to be,
Sir,
Your obedient servant,

A. Strang

Memorandum

Dr. McGill

Your No. 165-0-11

Authority has been secured to place the order for the lumber required for the Manual Training Classes in the St. George's Residential School, at Lytton, B.C., in order that the material may be delivered before the opening of the school term.

I would again point out, however, that in cases of this kind, it is desirable that the quotations submitted should indicate unit prices and give sufficient detail to enable us to ascertain if the prices are fair and just; otherwise it will be necessary for me to delay the placing of the order until information of this nature is secured by this office.

Ottawa, August 16, 1938.

Dear Sir:

I am enclosing herewith, for your information, copy of a memorandum received by the Director of this Branch from the Departmental Purchasing Agent. This memorandum, you will note, is self-explanatory. It is scarcely necessary to add that these purchases should be made, if at all possible, prior to the opening of the St. George's Residential School on September first.

Yours truly,

Encl.

R. A. Hoey,
Supt. of Welfare & Training.

Mr.R.A.Hoey,
Supt. of Welfare & Training.
Dept. of Mines & Resources,
Indian Affairs Branch.
OTTAWA. Ont.

Dear Mr.Hoey,

I have been thinking over and have planned in my mind, with the co-operation of the Department, the building of a Log House such as we undertook to model in the Manual Training Shop last Spring and a picture of which you saw during my visit to the Dept. last May.

In connection with this, a number of our boy graduates have expressed the desire to return to the School for this training, and personally, I feel that it should be given them if at all possible.

This would necessitate, perhaps, an expenditure of $500 or $600, and also if the boys occupied space in the dormitory and received meals from the School, say, per capita earnings for this excess number.

I am anxious to try this project out, not only from the point of view of training for the boys and a model house for their homes on the reserves, but I also hope, when such building is finished, to house in it a teacher with two girls who would carry on general house-keeping, together with cottage handicrafts, which latter are now being taught in the School and which were very successfully exhibited at the Arts and Handicrafts Exhibition last Spring and also at the Canada Pacific this Autumn, and which handicrafts are very much in demand, especially our wool work. I foresee a nice revenue for girl graduates in their homes through this source of occupation.

I hope to begin this project, perhaps in the last week of this month, but not later than December 1st. because, before the frosts set in, I will be obliged to lay my foundations.

Reports Note

165/0/11

165-0-11

Ottawa, November 15, 1938.

Dear Mr. Lett:

I have for acknowledgment your letter of the 8th instant, in which you discuss the desirability of proceeding with the construction of a log house at the St. George's Residential School.

I am personally very much interested in this proposal, and I consider your suggestion - that a couple of senior girls be placed in a house such as this, with a teacher in charge - particularly commendable. I am not at all sure, however, that we can seriously entertain the suggestion that pupils formerly enrolled at your school should be permitted to return to take up special vocational training. There are, as you know, a large number of districts in the province of British Columbia in which no educational fa cilities whatever have been provided by the Department. Just so long as such conditions exist anywhere in the Dominion, it is exceedingly difficult to justify expenditures on what one might term post graduate work. There is a possibility, of course, that night classes might be organized on an inexpensive basis for a number of grown-up boys and girls who live in comparatively close proximity to your school.

I was more than delighted to learn of the success of your handicraft exhibit at the Coast. I agree with you, that revenue can be obtained by girl graduates who are proficient in this work. A number of our Eastern Schools are experimenting with hand loom weaving, and I am sending forward a catalogue published by the Guild of All Arts, Scarborough, Ontario. Girls can operate these looms

after a few hours' instruction, and there seems to be a very wide-spread demand for the hand woven products. Your course of study will, no doubt, be determined largely by the needs of the district in which your Indians reside.

Should you require an advance cheque to enable you to proceed with the construction of the house, you might, at your convenience, send forward a request for the amount you may require.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

Mr.R.A.Hoey,
Supt. of Welfare & Training,
Dept. of Mines & Resources.
Indian Affairs Branch,
Ottawa.

Dear Mr.Hoey,

Please accept my thanks for yours of November 16th. with catalogue of looms from the Guild of Arts, enclosed.

May I say that I had already purchased a small loom and, through the Provincial Department of Technical Education, I secured a plan of a larger loom which is now in the process of being constructed in our Manual Training Shop. It is my purpose to make two large looms and perhaps the same number of small looms in the shop, and in connection with this, I have been in touch with a woman who is head of the Cottage Crafts in the Woman's Institute and who is extremely interested in our work here. This woman has promised to come to us on February 1st. to spend a month instructing our girls and interested members of the Staff in weaving, wool rug making etc. I have in mind distinctly the use of Indian design of the district to which the School caters in education. I have felt very keenly this possible education for the girls and up to the present time I might say that to use the modern phrase, it has "gone over with a bang".

At the present time, our boys are just finishing the formes for the concrete foundation of our proposed log cabin and we hope, within six weeks, to have this building well advanced.

I shall carefully keep record of the number of hours or days of time, and also the amount of cash actually expended, so that I can submit same to the Department at the completion.

With farm production sold, I think I can get through with the advance that I have already had on this quarter's

RECEIVED

Sir:-

I beg to submit herewith, Voucher No. 833x, pertaining to Manual Training Grant for St. George's Indian Residential School for the months of December and January.

With regard to this expenditure I beg to advise that there has been no Manual Training Instructor at the St. George's School since the end of October, 1938 and therefore I am leaving it up to the Department whether or not this Voucher is paid.

Your obedient servant,

A. Strang,
Indian Agent.

Copy sent to Mr. Strang

RECD.

Ottawa,
January 24, 1939.

Reverend Sir:

The Department is in receipt of a voucher from the Indian Agent for $100.00 covering the manual training grant for the St. George's Indian residential school for the months of December, 1938, and January, 1939.

I understand that there has been no manual training instructor employed at the St. George's school since the end of October, 1938. Under these circumstances it is difficult to understand why the account was forwarded to the Agent for transmission to the Department.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Rev. A. R. Lett,
Principal,
St. George's Indian Residential School,
Lytton, B. C.

January 4th.1909.

Mr.A.Strang,
Indian Agent,
Lytton. B.C.

Dear Mr.Strang,

In regard to our Manual Training grant, may I point out that I am today forwarding bills for two months, December and January, but in view of the fact that we did not have a regular manual training instructor during the month of November, the Dept. may not wish to honour the December bill.

We have a man on our Staff who is able to carry on certain instruction in manual training, and whilst the shop did not have a regular man, it was not in reality idle. However, in view of the fact that we did not have a regular man, the Department may see fit to cancel one of these enclosed bills. The School, of course, can accept both bills as regular assistance to the Manual Training shop.

I trust you will find this satisfactory,

Yours very sincerely,

Encl/

Principal.

RECORDS

Dear Mr.Hoey,

In reply to your letter of 24th.inst., for your information I am enclosing copy of a letter forwarded to the Indian Agent and which I trust will explain the situation regarding the Manual Training Instructor.

Since a copy of this letter was not forwarded with Mr.Strang's recommendation,and again, since the Department has heretofore accepted the agent's recommendation for the payment of this grant, it would seem that the agent accepted my vouchers as justifiable and in order.

Mr.Indian Agent Strang, together with Commissioner McKay visited the School in the early part of this month and found the Manual Training Instructor busy with a class of boys.

Yours very obediently,

A. R. Lett,

Mr. R. A. Hoey
Dept., of Mines & Resources,
Indian Affairs Branch,
Ottwawa, Ontario.

Dear Mr. Hoey:

We are forwarding to Miss Moody, who is in charge of the Handicrafts Department, one (1) rug each of tapestry, hooking, and weaving, and with them one (1) Cowichan sweater. I understood, from Dr. Moore when he visited the school a few days ago, that Miss Moody was turning quite a lot of this work over in your handicrafts department and while my main object is to let the Department see what the school is doing, it would be nice if Miss Moody could sell these things for us. The prices with designs are marked on the tickets.

My sewing matron was very loathe to forwarding the grey and black hooked mat as during our local exhibitions it has become dirtied, but I have persuaded her to send it forward to you and ask Miss Moody to have cleaned at your dry-cleaners. We shall be glad to take care of any expense incurred as there is no dry-cleaning place here to whcih we can send it. The sweater, hooked mat and woven mat are all products from the wool of our own sheep.

I trust this will give you some idea of what we are trying to do in handicrafts training.

Yours very obediently,

Principal.

Ottawa, October 25, 1939.

Dear Mr. Lett:

On my return to Ottawa, Mr. Hoey transferred to me your letter of October 4 regarding the rugs and sweater. I think the rugs are very attractive, and am interested in knowing whether the small rug which is done in various colors has been made with vegetable-dyed yarn. The colors are lovely. I am having the black and grey hooked mat cleaned, and plan to send them to an exhibit of handicraft which is being put on by the Canadian Handicraft Guild in Montreal in November. We will send them as part of a display but will also quote the prices in the hope that they may find purchasers. It is rather difficult to sell individual articles as most of our sales are on a wholesale basis, but I feel sure that we will be able to sell at least one or two of the rugs and possibly the sweater, but I will write you further in this connection.

With best wishes, I am,

Yours very truly,

F M.

Dear Mr. Lett:

Please accept my sincere thanks for your letter of the 18th instant and for the newspaper clipping attached thereto. I was indeed very much interested in the establishment of a Model Cottage at your school. It is my earnest hope that the cottage will prove of real practical value to the senior girls in attendance at your institution.

It has occurred to me that if you have an additional newspaper clipping of this cottage you might send it on to the Principal of the Mohawk Institute, Brantford, Ontario. It is my hope that we may be able to establish a cottage similar to this at the Mohawk Institute in the immediate future.

May I embrace this opportunity to wish you, the members of your staff and the pupils a very happy and successful New Year.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

December 23, 1939.

Dear Sir:

The question of the issue of wool spinners to girl graduates of St. George's Indian Residential School, Lytton, has been brought up with this office by the Reverend Principal through the office of the Indian Agent.

The spinners cost $5.00 apiece complete, $3.50 of which is paid to the Singer Sewing Machine Company for treadles of old machines. These treadles are fitted up with spinners made in the Manual Training Division of the school and are ideal for spinning wool for rugs, sweaters and other articles.

Mr. Indian Agent Strang has recommended that spinners be issued to the undermentioned graduates of the school:

Margaret Sam, Lytton Band,
Eileen Tom, " "
Mamie Lewis, Boston Bar Band.

The Agent's recommendation is endorsed, and if the Department approves, the amount involved, i.e. $15.00, should be paid to St. George's School.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B.C.

A.

Dear Sir:

I am in receipt of your letter of the 23rd ultimo with reference to the issue of wool spinners to girl graduates of the St. George's Indian Residential School.

The Department considers it advisable to issue these spinners to those who can use them but I do not see why we should be requested to pay $5.00 for them. We are prepared to pay the amount of $3.50 each which is the sum paid to the Singer Sewing Machine Company for treadles. A voucher for the treadles should be submitted for payment from the B.C. Special appropriation.

It is noted that the Indian Agent recommends that three of these spinners be issued at the present time and you may instruct him to issue the voucher in favour of the St. George's Residential School for $10.50. The receipted account from the Singer Sewing Machine Company should be attached to the voucher.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Practical Courses for B.C. Indian Children

By Edna Kells

ONE of the most practical and "understanding" courses of training designed to meet the needs of Indian children when they return to their homes on the reserves, is being put into effect in St. George's Indian Residential School at Lytton, British Columbia.

As a result of this training, the Indian boys are learning among other things, how comfortable and attractive homes may be built at small cost from material to be found on, or near, every reserve. And the girls are developing deft fingers while they learn to make artistic curtains, towels, rugs, bedspreads for home equipment and for commercial purposes.

The log cabin-bungalow pictured on this page, an attractive four-room and bath structure, was built with a view to furthering the good work. This cabin, built by two pupils and six "old boys" under the direction of an experienced carpenter, is to be used as a centre for training in home economics and handicraft. Thus the young pupils will be able to visualize the results of their efforts in a h[illegible] rather than an institutional

[illegible] foundation

[illegible] fair

Rev
of
and
ect

lems, as well as appealing to their imagination and developing their creative ability.

Manual training and handicraft have long been an important part of the curriculum of Canada's Indian residential schools. But Mr. Lett has not been content with the routine training. It is not enough, as he sees it, that the boys should be taught to do this and that, the girls taught to do housework, to sew and weave and knit. They must also be taught how to actually adapt and apply the knowledge they have acquired, to their home on the reserves, and through this medium help to uplift their own people who have had fewer advantages, as well as enjoy better living conditions and a fuller life all around.

Boys Build a Cabin

With this in view the cabin, which is 24 by 32 feet, was built under the direction of a competent carpenter, Philip McLean. As the young builders worked, they acquired a practical knowledge of the cost of construction in money as well as in the work of their hands. As much of the material as possible was collected from the surrounding country, so they also learned what to use, and how to use that which lay at hand, instead of merely dreaming of homes which finances would not permit them to build, or making shift with mere shelters when they [illegible] homes.

freight on lumber, shingles and plaster.

While under construction, the building was naturally the centre of interest for all the pupils, and many a boy on the sidelines absorbed a practical knowledge of building which threw a new and interesting light on the experience he was acquiring in his manual training classes.

As for the girls—as they watched the cabin walls go up log by log, they saw a vision of the home that might some-day be theirs, under improved living conditions on the reserve. And they turned to their weaving and stitching and their domestic duties with new zeal.

In this cabin they will learn to "keep house" on a family, rather than an institutional basis. They will see the curtains they weave hanging on "home" windows, their rugs laid on "home" floors. Extending the domestic training, Mr. Lett contemplates bringing an Indian mother and her baby to the cabin in order to give the girls a course in child care.

THE HANDICRAFT training the girls receive, will serve a double purpose. They will not only be able to make rugs, curtains, towels and other articles for home use, stout Cowichan sweaters for their families, but they will have literally at their finger tips, the means of developing a profitable and interesting home industry, in which the art of their own people will be prominently featured.

Ancient geometrical symbolic designs are being adapted to modern uses as can be seen on the rugs displayed in the picture. The Indians are naturally artistic and in earlier days created many designs which they used to decorate baskets, wood and stone work. Among the Thompson Indians, these designs have been perpetuated chiefly in their basketry. But it has been demonstrated at the school and elsewhere that they are easily adapted to weaving, tapestry, knitting, and embroidery.

Tapping every available source, Mr. Lett is getting together as much of the old design work as possible. In some cases he has been able to get photographs of rock paintings and carvings which present in themselves, very old design writing. These he hopes to reproduce in the development of wood handicraft.

The girls are depicted, displaying their tapestry rugs, a craft which lends itself wonderfully to Indian design. In rug work an effort is being made to combine design in order to reproduce some of the more beautiful ideas, such as a cloud effect in the border with an eagle in the centre. This in reality [illegible] bird in the clouds, sym- [illegible] ment of mind

(Copyright)

DOROTHY DIX.

A Daughter-in-law.

Answer: I think parents should keep enough of their property to assure their comforts and their dependence in their old age and that after doing this they should help their children as much as they can. Often a little assistance when a man is starting a new business will enable him to make a fortune. I think the time to help people is when they need it.

Boys' [illegible] increased as the baby's tolerance is developed. These cereals should be varied so that the baby will not tire of any one kind. Sugar should never be used on the cereals. The baby should be taught to like the taste of these cereals without sugar, as sugar at this age may prove harmful. A little salt may be added to improve the taste of the cereal. Bread should be given dry or toasted.

The use of this column is entirely free, to all our subscribers. Mothers desiring a personal answer may send a fee of one dollar for reply. All questions of health are dealt with by a qualified physician. Address Mother and Baby Department, Family Herald and Weekly Star, Montreal.

USE COUPON ON INSIDE BACK COVER

My husband's father is in a position to help his children and we need some assistance sorely, but he thinks a father should keep everything he has until he dies.

In the handicraft development, Mr. Lett has had much assistance from Mrs. M. A. Barber of Hope, provincial buyer for the Women's Institutes of British Columbia, and herself an enthusiastic handicrafter. Mrs. Barber has given generously of her time and energy for the furtherance of the work.

In addition to meeting the demands of trained girls and teaching the boys how to make homes, the project also encourages help from the Department of Indian Affairs for graduates of Indian schools who need every attention in the process of establishment.

[illegible] a fine demonstration of the work being carried out there by the Church and the Department of Indian Affairs.

Practical Courses for B.C. Indian Children

By Edna Kells

ONE of the most practical and "understanding" courses of training designed to meet the needs of Indian children when they return to their homes on the reserves, is being put into effect in St. George's Indian Residential School at Lytton, British Columbia.

As a result of this training, the Indian boys are learning among other things, how comfortable and attractive homes may be built at small cost from material to be found on, or near, every reserve. And the girls are developing deft fingers while they learn to make artistic curtains, towels, rugs, bedspreads for home equipment and for commercial purposes.

The log cabin-bungalow pictured on this page, an attractive four-room and bath structure, was built with a view to furthering the good work. This cabin, built by two pupils and six "old boys" under the direction of an experienced carpenter, is to be used as a centre for training in home economics and handicraft. Thus the young pupils will be able to visualize the results of their efforts in a home, rather than an institutional setting.

Back of all this lies a story. The Rev. A. R. Lett, L.S.T., principal of the school, is blessed with vision and an imagination, as well as executive abilities.

Well did he understand the reluctance of many of the older girl students to return to their homes on the reserves at the end of their ten year training in the spacious, well-equipped school. There they would have to combat a mode and manner of living not far removed from that of their ancestors, with less hope of raising the standard than of having the ideals so carefully inculcated at school, dulled, if not actually killed, in the struggle.

For the more intelligent pupils, the happiness of the latter years of their schooling was overshadowed by dread of what was to come after.

THIS dread is being dispelled by Mr. Lett who, through his carefully thought out plan is giving the pupils training which will be of practical assistance to them in solving their home problems, as well as appealing to their imagination and developing their creative ability.

Manual training and handicraft have long been an important part of the curriculum of Canada's Indian residential schools. But Mr. Lett has not been content with the routine training. It is not enough, as he sees it, that the boys should be taught to do this and that, the girls taught to do housework, to sew and weave and knit. They must also be taught how to actually adapt and apply the knowledge they have acquired, to their home on the reserves, and through this medium help to uplift their own people who have had fewer advantages, as well as enjoy better living conditions and a fuller life all around.

Boys Build a Cabin

With this in view the cabin, which is 24 by 32 feet, was built under the direction of a competent carpenter, Philip McLean. As the young builders worked, they acquired a practical knowledge of the cost of construction in money as well as in the work of their hands. As much of the material as possible was collected from the surrounding country, so they also learned what to use, and how to use that which lay at hand, instead of merely dreaming of homes which finances would not permit them to build, or making shift with mere shelters when they might have good homes.

The substantial cement foundation cost $17 in cash, and a fair amount of hard labor. The logs for the walls were cut, hauled, and peeled and sided on the site before construction was commenced. Rafters and studding joists are of trees sided with a common single bitted axe. Walls, partitions and ceilings are strapped and lathed and plastered. The only sawn lumber used in floor and roof were 1200 board feet shiplap, and 1000 board feet flooring, windows and door facings, and base.

The cabin was built during winter months, another practical lesson for at that time farm work is less pressing. When completed, except for plumbing, the builders could point to a dwelling anyone might be proud of, and which had cost $281.73 in actual cash. This amount included $64 paid for improved living conditions on the reserve. And they turned to their weaving and stitching and their domestic duties with new zeal.

In this cabin they will learn to "keep house" on a family, rather than an institutional basis. They will see the curtains they weave hanging on "home" windows, their rugs laid on "home" floors. Extending the domestic training, Mr. Lett contemplates bringing an Indian mother and her baby to the cabin in order to give the girls a course in child care.

THE HANDICRAFT training the girls receive, will serve a double purpose. They will not only be able to make rugs, curtains, towels and other articles for home use, stout Cowichan sweaters for their families, but they will have literally at their finger tips, the means of developing a profitable and interesting home industry, in which the art of their own people will be prominently featured.

Ancient geometrical symbolic designs are being adapted to modern uses as can be seen on the rugs displayed in the picture. The Indians are naturally artistic and in earlier days created many designs which they used to decorate baskets, wood and stone work. Among the Thompson Indians, these designs have been perpetuated chiefly in their basketry. But it has been demonstrated at the school and elsewhere that they are easily adapted to weaving, tapestry, knitting, and embroidery.

Tapping every available source, Mr. Lett is getting together as much of the old design work as possible. In some cases he has been able to get photographs of rock paintings and carvings which present in themselves, very old design writing. These he hopes to reproduce in the development of wood handicraft.

The girls are depicted, displaying their tapestry rugs, a craft which lends itself wonderfully to Indian design. In rug work an effort is being made to combine design in order to reproduce some of the more beautiful ideas, such as a cloud effect in the border with an eagle in the centre. This in reality means a bird in the clouds, symbolizing the development of mind as well as fingers.

Here the object is two fold—To utilize latent talent in the child, and to demand a production which will create a liking for the finer things of nature.

Indians are primarily great naturalists and if this appreciation of the fine things of nature is developed, it will be a valuable addition to their handicraft ability.

Cowichan sweaters which the girls are taught to knit, are very warm and waterproof as the natural oil remaining in the wool will shed rain and snow. Mr. Lett has developed designs to present stories, such as the training of a Witch

(Turn to Page 30, Please)

Above: Log cabin bungalow built by Indian boys at St. George's Indian Residential School, Lytton, as a school project.

Right: Class of Indian girls at the school proudly displaying their handiwork. Old Indian designs are used on the rugs.

Top: Recreation hour on the grounds of St. George's school. School building and chapel in the background.

Sir,-

I beg to submit herewith, my voucher No. 907Y covering an account from St. George's Indian Residential school for manual training grant for the month of February.

Mr. Philip McLean who was previously the manual instructor at St. George's school, has again been employed by the Principal and I would respectfully recommend the account be approved.

Your obedient servant,

A. Strang,
Indian Agent.

VANCOUVER, B.C. 24th Oct., 1940.

Department of Mines & Resources
Indian Affairs Branch
OCT 28 1940
REGISTERED

Dear Sir:-

I have received a request forwarded through the Indian Agent, at Lytton, B.C., for manual training supplies for St. George's Indian Residential School. This request is for hardware at cost of $35.40 and lumber at cost of approximately $61.75.

I would recommend that this material be allowed and that the purchases be made from the firms quoting the best prices, which, in this case, are:- McLennan, McFeely & Prior, Ltd., Vancouver, and Valley Lumber Yards Ltd., New Westminster, B.C.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B.C.

Ottawa,
October 29, 1940.

Dear Sir:

With reference to your letter of the 24th instant you may purchase hardware at a cost of $35.40 and lumber at a cost of $61.75 for the vocational training classes at the St. George's Residential School. The usual purchase order should accompany the voucher and you should mark on it -- "Pay from B.C. Special". I return the quotations which you have received as you may wish to use them.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Major D.M. MacKay,
Indian Commissioner,

Dear Mr. Hoey,

In October, 1939, we sent to the Handicraft Section some articles made by the children. I understand that most of these have now been sold, but that a tapestry rug is still on hand, and I have been wondering whether you would accept this rug as a souvenir of the work being done in St. George's School by the Handicraft class. It will give our pupils much pleasure to know that this rug has been accepted by you, and they will be encouraged by your interest.

Yours very sincerely,

A. R. Lett

Dear Mr. Lett:

I have for acknowledgment your letter of the 28th ultimo, in which you intimate that the pupils of your school are anxious to present me with the Tapestry Rug sent forward a few months ago with a number of other handicraft products to the Welfare Section of this Branch.

I must express regret that we have been unable, so far, to secure a market for this particular rug. In view of this fact, I shall be glad to adopt the suggestion contained in your communication. Please accept and convey to the pupils my most sincere thanks for their generosity.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sirs:

We are holding your Cheque #65555, dated December 28th, in the amount of $34.83. Will you kindly advise the Invoice number that this cheque covers, as we are unable to properly reconcile it with our records without this information? If you could possibly give us the above information when forwarding cheques in payment of outstanding invoices, it would be of great assistance to us in keeping your Accounts properly segregated and would be very much appreciated.

Yours very truly,

McLENNAN, McFEELY & PRIOR LIMITED

165-0-11

Ottawa,
February 20, 1941.

Dear Sir:

In official letter of October 29, 1940, you were authorized to expend approximately $35.40 in the purchase of hardware for the vocational training class at the St. George's Residential School.

On December 16 Indian Agent Strang forwarded his voucher No. 610z for $35.49 in favour of McLennan, McFeely & Prior. On reviewing invoice No. 83745 attached to the voucher it was found that McLennan, McFeely & Prior requested a total payment of $36.59. Included in this amount was an item of $1.10 for freight and when the invoice reached here, attached to Mr. Strang's voucher, the item of $1.10 had been struck out and the total of the account shown as $35.49. The account carried a notation that there was a 2% discount on $33.10. Deducting 66¢ from the account left a balance of $34.83. Cheque 65555 for this amount was issued and sent to the company on December 28. Today I am in receipt of a letter from them requesting information that will permit them to adjust their books. It would be appreciated if you would interview the company and explain to them the manner in which the Department arrived at the amount of $34.83.

Yours truly,

Major D.M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa, March 26, 1941.

Dear Miss Haig:

I am sending forward, under separate cover, the last issue of "Country Life", published at Vernon, B. C.

It has occurred to me that you and Miss Hind would be interested in an article on the Indian Residential School at Lytton, by Noel Stewart. We have been putting forth a very earnest attempt to organize and promote vocational instruction at our Indian day and residential schools in British Columbia, during the last two or three years, and the results to date have been very encouraging.

With kindest personal regards,
I remain,

Yours very sincerely,

R. A. Hoey,
Supt. of Welfare and Training.

Indian Education

By K.M.H.

THERE is a residential school for Indian boys and girls near Lytton, British Columbia, which according to a writer in "Country Life in British Columbia," appears to be feeling its way towards education for the first Canadians which will be of value to the pupils and to their country. Canada has, from its very beginning, been conscious of its responsibility for the Indian race and the pages of its history have numerous entries of well meant attempts to discharge this obligation. However, except in a few instances, the money effort and good will expended on the schools for Indian girls and boys might better have been poured down the drain. Some of this is perhaps unavoidable due to the meeting of one type of civilization with another. Some of it is due to the singular inability displayed by those directing this education, their blindness to the conditions of life which would surround their graduates.

It is from the beautiful valleys of the Fraser and the Thompson that the children come to this Lytton school where Rev. A. R. Lett is principal. There are 700 acres of land, most of which, by the way, must be irrigated. This point had been overlooked in 1901 when the school was instituted, it being then the idea that the graduates would settle near it.

However, 160 acres are now cultivated and the writer, Noel Stewart, has much to say of the heavy crops of alfalfa, oats and vegetables, some of them harvested three times a year. There are orchards also.

He has to recount much also of the cattle herd and the sheep flock, of the pigs and the horses, and the poultry. He has to tell of the sale off the place of many of these products. He also has to tell of the providing of the school with gallons of fresh milk and with every variety of the food grown.

* * *

SOME of this sort of thing has been done at other Indian schools, but unless the children get this growing "virus" into their own veins and do not go through their parts as a superimposed duty, it doesn't get them anywhere. Principal Lett is evidently aware of this and is attempting to meet it. The boys of the school, for instance, have built a log cabin and the girls have helped to furnish it. Various handiwork projects are carried out there under conditions which could, within possibility, obtain in homes which the graduates could and may set up. Just how much of this handiwork preserves the Indian's own fine traditions in this field we do not know, nor do we know in the preserving of fruit and vegetables how much cognizance is taken of the conditions under which these projects must be carried out in the Indian home—where there isn't apt to be electricity, and whether any effort is made to adapt the Indian's own way of preserving these things by the drying method.

There is another point also where the writer has not been explicit. He tells of the academic work, and the physical training, including dancing. However fine the traditions of England are, we have never felt anything but a mild feeling of mildew settling upon us when a group has obliged with a morris dance. The Indians have dances of their own which certainly do not lack in life and mettle. How about some of these in the physical training? They are the Indian's own art.

Principal Lett may have thought of all of these things. The article in question leaves one with definite hopes that he has.

There is another hope on the horizon these days for Indian education. It is the fact that Mr. R. A. Hoey, to whom this Province is indebted for his work here as Minister of Education, is now Superintendent of Welfare and Training, Indian Affairs branch, Ottawa.

MINES AND RESOURCES

Department of Mines & Resources
Indian Affairs Branch
JUL 21 1941
REGISTERED

P.O. BOX 70
VANCOUVER, B.C. July 16, 1941.

Dear Sir:

I beg to forward herewith a list of supplies required for the Manual Training Division of St. George's Indian Residential School, Lytton, together with quotations from Vancouver firms on the hardware, paint and lumber requested.

I would recommend approval of the application with the exception of the 300 feet of satin walnut. This is a very expensive hardwood and its supply for Manual Training purposes is not considered necessary.

The prices quoted by the Valley Lumber Company and Marshall-Wells are the lowest and purchase is recommended from these firms.

Yours faithfully,

D.M.MacKay,
Indian Commissioner for B.C.

/GR

Ottawa, July 22, 1941.

Dear Sir:

With reference to your letter of the 16th instant, purchase of the following supplies for manual training purposes at the St. George's Indian Residential School is approved:-

Valley Lumber Company -

Lumber (with the exception of 300 ft. of satin walnut, which is not supplied - $180.38

Marshall Wells B. C. Limited -

Hardware and paint - - - 46.88

When forwarding accounts, you should attach to them copy of your purchase order and you should also mark the accounts "Pay from B. C. Special".

Yours truly,

Philip Phelan,
Chief, Training Division.

Major D. M. MacKay,
Indian Commissioner for B. C.,

Ottawa,
September 19, 1941.

Dear Sir:

I am in receipt of your voucher No. 382 requesting manual training grant for the months of July, August and September at the St. George's Indian Residential School.

It has not been our custom in the past to allow manual training grants for the months of July and August as the schools close during these two months. Under these circumstances a cheque for September only is going forward.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Major MacKay:

Mr. H G. Charlton, in his special audit report on the St. George's Indian Residential School, Lytton, B. C.,dated October 9, 1941, submits for departmental consideration a number of recommendations, the adoption of which would in his judgment contribute substantially to the efficient management and operation of the school.

These recommendations will be sent forward to you in due course, but at the moment I am particularly interested in Recommendation 17, which reads as follows:-

> "The Manual Training section should list the current stock of saleable articles--priced as agreed upon. A list of additions to stock should be furnished monthly. All sales, whether for cash or on consignment, should be recorded by the counter sales book. These should be in triplicate--one with the goods, one with the office, and one with Mr. McLean. Returns to stock should be recorded in the same manner and plainly marked 'RETURNS'. All transactions should go through the school books and there should be no separate ventures with separate bank accounts."

This is the first intimation the Department has had that handicraft or manual training products produced at our schools were offered for sale through the ordinary commercial channels, and I find the news somewhat disturbing. In the province of Manitoba - and I feel this is also true of the other provinces - the products made at technical schools are not offered for sale. A few years ago the Labour representatives on the Winnipeg School Board and in the Manitoba Legislature took a strong stand on this question, and it was agreed then that no products made in a school established for educational purposes and maintained by public funds should be disposed of through the ordinary channels of trade, in competition with the regular supplies produced by factories. It is now customary, I understand, to have the pupils to a very large extent decide on their own projects. When a pupil decides to build a table or a chair, the material necessary is purchased by the school and the task is undertaken by the pupil under the direction of an instructor. When the article is completed it becomes the property of the boy who has made it, after he returns to the school the actual cost of the material. Public exhibitions at a great many of these schools are held annually, but no goods are offered for sale. On the other hand, at a number of subnormal institutions throughout the

Dominion -

Major D. M. MacKay,
Indian Commissioner for B. C.,

Dominion, where vocational therapy is encouraged, annual exhibitions or bazaars are held. Inasmuch as the pupils at such institutions have been committed for long periods, the articles produced are usually sold to visitors and the proceeds become part of the regular school funds.

I am anxious that you with your officials should work out a uniform policy that will meet conditions in B. C. I am anxious that nothing should be done to discourage in any way or in any sense vocational instruction or manual arts at our residential schools, and I am also anxious that these goods should not, except in very exceptional cases, be offered for sale. I am afraid that if such goods are offered for sale a number of our residential school principals will find it difficult to resist the temptation to produce for profit and thus the pedagogical features of manual training would be overlooked or relegated to a subordinate position. Where a boat, or boats, have been built at a school, I do not suppose there would be any serious objection to the disposal of a boat to a group of pupils, who might use it for fishing after their graduation. Mr. Doucet, with whom I have discussed this matter very fully, is of the opinion that the repair of school buildings, the production of furniture necessary at the school, window frames, tables, etc., should occupy a great deal of their time. He is also of the opinion that the construction of model Indian homes, where a residential school is close to a reserve, might be encouraged, or the construction of fabricated homes where a school is not near a reserve.

There is no particular urgency about this matter, but it is one that should be reviewed and a definite policy worked out, when you and your officials have the time necessary to undertake such a task.

Yours very truly,

R. A .Hoey,
Supt. of Welfare and Training.

Prince Rupert,B.C.,June 10,1942.

The Director:

On Saturday May 30th, Dr. Barclay and I left Vancouver and visited.....

x x x

On June 2nd, we drove to Lytton and while there visited St George's school, St Bartholomew's Hospital and Dr. Ellis, with Agent Strang.

The agent reports an improvement in the school since Mr. Hives has taken charge. At the time of our visit the children were recovering from an epidemic of mumps. The Infirmary appeared neat and clean, with a capacity of twelve beds and a nurse in charge. The drugs were in good order.

Mr. Hives requested the children be inoculated for Scarlet Fever as there is some in the district. In talking this over with Dr. Ellis he preferred they be toxoided against Diphtheria. and stated that he wanted extra pay for this work. Dr. Ellis states he should be paid extra for vaccinations as well. It is pointed out that preventative medicine is a big part of practice now and this type of work should be done by the part time Medical Officer, under the salary arrangement.

The school here is stressing manual training and have a well equipped work room and are showing some excellent work done by the children.

Rev. C. F. Hives,
Principal

June 3, 1943

Lytton, B.C.

Mr A. Strang,
Indian Agent,
Lytton, B.C.

Dear Sir:

While School Inspector McArthur was here a few weeks ago, he recommended that we secure small kindergarden tables for one of the classrooms. I would like to get these made in the Manual Shop if we can get the lumber. I have recently been able to locate some suitable lumber from a local merchant, and can buy this at a fair price.

The School Inspector also asked if we could make similar tables for the Indian School at Boothroyd. We would do this along with our own tables.

The cost of the lumber is $37.00. Will you kindly ask the Department if they would allow me to purchase this lumber to be used as part of the Manual training project.

Yours faithfully.

Chas F Hives

Principal.

LYTTON, B.C. June 5, 1943.

Major D.M. MacKay, Indian Commissioner for B.C.,
P.O. Box 70, VANCOUVER, B.C.

I enclose herewith an application from the Principal of the St. George's Indian Residential School, asking permission to purchase approximately 300 f.b.m. clear cedar for the manual training shop, at a cost of $37.00. This price compares very favourably with the amount paid for clear cedar for coffins for this Agency. I would respectfully recommend that the Principal's request receive your favourable consideration.

A. Strang,
Indian Agent.

INDIAN AFFAIRS
BRANCH

P.O. BOX 70
VANCOUVER, B.C. July 12, 1943.

Indian Affairs Branch, Department of Mines and Resources,
Ottawa, Ontario.

I have received a request from the Reverend Principal Hives of St. George's Indian Residential School that he be allowed to continue the use of the services of the Manual Training Instructor during the months of July and August in order that he may make necessary repairs to the institution during that period. He has also requested that he be authorized to expend $150.00 for the purchase of paint for the infirmaries and other parts of the building.

Mr. Hives has done very good work in overtaking the repairs that were very much overdue left over by his predecessor in office and I would recommend approval of his request.

EX'D.
A

Major D.M. MacKay, Indian Commissioner, P.O. Box 70, Vancouver, B.C.

With reference to your letter of the 12th instant, it has been decided to forward Mr. Hives a cheque for $250.00 from the New England Company funds. This will permit him to pay the manual training instructor for the months of July and August and also purchase paint at a cost of $150.00. We feel that this is a better way to handle the request than to continue the salary of the manual training instructor from the B.C. Special appropriation.

While the cheque is being sent to Mr. Hives, we are not writing to him, as I thought that possibly you could secure the paint in Vancouver for him at a more reasonable cost than he would pay in Lytton.

Philip Phelan,
Chief, Training Division.

INDIAN AFFAIRS
BRANCH

Department of Mines & Resources
Indian Affairs Branch
JUN 12 1944
REGISTERED

P.O. BOX 70
VANCOUVER, B.C. June 7, 1944.

Indian Affairs Branch, Department of Mines & Resources,
Ottawa, Ontario.

I have received a request from the Reverend C. F. Hives, Principal of St. George's Indian Residential School that he be allowed to continue the use of the services of the Maunal Training Instructor during the months of July and August in order that he may make necessary repairs to the institution during that period. He has also requested that he be authorized to expend $70.00 for the purchase of the paint.

A similar request made last year was approved by the Department and funds to pay the Manual Training Instructor and purchase the paint were provided from the New England Company's Grant. This would appear to be a desirable arrangement to continue, and the request is recommended for your approval.

Ottawa,
June 13, 1944.

Major D.M. MacKay, Indian Commissioner, P.O.
Box 70, Vancouver, B.C.

With reference to your letter of the 7th instant it has been decided to forward Mr. Hives a cheque for $250 from New England Company funds. This will permit him to pay the manual training instructor for the months of July and August and also purchase paint and other materials to make minor repairs. As stated to you last year, we feel that this is a better way to handle the request than to continue the salary of the manual training instructor from the B.C. Special Appropriation.

We are following the same procedure as last year with regard to the cheque; namely, we are sending this direct to Mr. Hives, but we are not writing to him as I thought it likely that you would be purchasing the paint and materials in Vancouver.

R.A. Hoey,
Supt. of Welfare & Training.

The Treasury Office, Indian Affairs Branch,
Dept. Mines & Resources, Ottawa.

Enclosed is Agency Cheque No. 29632 in favour of the Receiver General for $85.20, which is the balance shown on our ledgers for the wool which was sold to the Indians to enable them to make sweaters.

We have never received an invoice from the St. Georges Residential School, Lytton, B. C. for the last shipment of wool supplied this Agency, which accounts for this outstanding balance still being on the books.

June 21/45

With reference to this matter, kindly refer to your letter 40152 - 134-152 of June 5th.

R.H. MOORE,
Indian Agent.

Representative of the Treasury

Ottawa, June 26, 1945.

Dear Mr. Hives:

Indian Agent Moore has recently forwarded to this office a cheque for $85.20 which, he states, is a balance shown on his ledger for wool sold to Indians to enable them to make sweaters. He further states that this wool was supplied by the St. George's Residential School but that no invoice was received from you.

If you have not been paid for the wool that was supplied to the Cowichan Agency, please let me know, and arrangements can be made to have the amount mentioned above refunded to you.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

MINES AND RESOURCES

INDIAN AFFAIRS
BRANCH

P.O. BOX 70
VANCOUVER, B.C. Oct. 5, 1945.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa, Ont.

Mr. Indian Agent Strang has recommended the purchase of various manual training tools for the St. George's Residential School at an approximate cost of $35.00 and the following listed power tools, which are obtainable at the prices noted:

1 only	14" B905 Walker Turner Bandsaw	$133.05
1 "	SM700 Surfacer and Sander(Belt & Disc)	67.35
1 "	P910 Planer and Jointer	94.85
1 "	Motor 1/2 Horse Power SKF Bearing	45.00
		$340.25

Woodward Stores Ltd. are the only firm in the city in a position to make delivery of these tools in a reasonable time and I would recommend that authority be granted to place the order with them as St. George's School, at the present time, is entirely without power tools of any kind. The total expenditure should not exceed $375.00, which could be met from the technical education division of the B.C. Special Vote.

Ottawa, October 11, 1945.

Major D. M. MacKay, Indian Commissioner for B.C.,
P.O. Box 70, Vancouver, B.C.

I have your letter of the 5th instant, with reference to the request received for power tools for the manual training class at the St. George's Indian Residential School.

Very careful consideration has been given to this request, and the Department is not prepared to authorize their purchase. Both the bandsaw and the planer have to be handled very carefully if accidents are to be avoided. We doubt if there are any pupils at the St. George's School sufficiently advanced in manual training and the handling of machinery to use these machines with safety.

Philip Phelan,
Chief, Training Division.

Nov. 7, 1945

Dear Sir:

With reference to my letter of August 13th. requesting certain power tools for our Manual shop; which request, I regret to say, was refused by the Department, I am writing to ask if you will kindly forward to the Department an urgent request that they would reconsider their decision regarding the power tools. I assure you that they would be of great value in training the boys. They would be a great attraction to the boys. And they would be a great asset in the matter of making useful articles and doing work in connection with our school.

The Kamloops school has much more in their workshop than I have asked for. I am informed that they are a great success in helping toward training the boys. The tools would be used only under the control and supervision of the Manual Instructor. The boys are never allowed in the shop excepting under supervision.

All technical schools have power tools. I dont see why we should always be behind white schools in the matter of equipment etc. Almost any modern Manual Instructor looks upon the power tools as standard equipment.

I would be very much obliged if you would please present the request again to the Department.

Yours faithfully.

Principal.

Your File 165-0-11

I have to refer to Mr. Phelan's letter of October 11th in connection with the proposed supply of power tools for the manual training class at St. George's Indian Residential School.

Mr. Indian Agent Strang's letter of November 16th and letter dated November 7th from the Reverend Principal are enclosed herewith, requesting that the Department reconsider their application for the supply of power tools.

I am inclined to agree with the Agent and the Principal that the supply of power tools is desirable and I should like to recommend that the Department reconsider the request in this case, particularly in view of the fact that other Residential Schools in the Province have been quite well equipped with such tools by the Department.

D. M. MacKay.

Indian Affairs Branch, Dept. of Mines & Resources,
Ottawa.

I have to refer to Mr. Phelan's letter of October 11, 1945 in connection with the supply of power tools for the manual training class at the St. Georges Indian Residential School.

Following the Reverend Principal's return from a recent visit to Ottawa he called at this office and advised that the Department were prepared to reconsider the question of supplying power tools for Residential schools. The items required at St. Georges are:

1 - 14" Band saw
1 - Surfacer and Sander
1 - Planer and Pointer
1 - ½ Horsepower motor

These articles were obtainable in 1945 at an approximate cost of $345.00 and it would be appreciated if you would advise if it will now be in order to secure these tools, if possible, for the St. Georges School.

James Coleman

Power Tools for St. George's
Indian Residential School, Lytton, B.C.

Dear Canon Hives:

I am returning the Tradesmen's Qualification form for your Manual Training Instructor. We are referring this matter of the provision of power tools to certain Provincial Educational Authorities for further advice. I feel sure that the provision of such equipment will eventually be dependent upon the qualifications of the manual training instructor. You will be hearing from me further in the near future in this regard.

Were you able to obtain the car you so urgently need?

Sincerely yours,

Encl.

Bernard F. Neary,
Supt. of Welfare & Training.

Reverend Canon C. F. Hives,

St. George's Indian Residential School
Founded by New England Co.
Toward the Sunrising

Rev. Canon C. F. Hives
Principal

Oct. 14, 1946

Lytton, B. C.

Dear Colonel Neary:

I was glad to get your letter telling me that hopes of obtaining Power tools is becoming more of a reality. You were asking if I had yet been able to buy a car. I have not, but the money is safe, for I have put it in a Special account, making note of it in my Monthly Financial Statement.

This week, I am hoping to make a trip to Chilliwack to interview the Public School Inspector, in order to find out what facilities exist in that district in the matter of vocation schools; and if the cream of our schools would be allowed to attend them. I am convinced that something of that nature has to be done for our graduate pupils. At the present time the education we give them does not get them anywhere. In fact, I think, sometimes, that it is almost more of a menace to their progress; for we take them so far, and tell them all kinds of glowing accounts of the wonderful world that is awaiting them; but when they leave us to go to the "wonderful" world, they are absolutely lost. They know not the ways of the people outside our care and influence. I am convinced, in my own mind, that our advanced pupils should mingle in the classrooms and vocational shops with other children of the country. I have seen this method working with great success time and time again when I was at Shingwauk. And I am sure you will find that ninety per cent of those pupils who attended Technical High School, during the twelve years I was at Sault Ste. Marie, are living honorable and useful lives., since they have gone out into the world. I found always that our pupils were most popular amongst the pupils of the the school. Young people are not so choosey in the matter of race, color or creed as older people.

I will write you again after my trip to Chilliwack, and, if possible, put forth another

of my wild, and perhaps daring recommendat.ons.

We had a very delightful visit from Mr Tom Reid, M.P. Before he left, he very graciously told me that I now have a "friend in court" He seemed to be quite thrilled with what he saw here. So perhaps his visit will bear fruit in due season.

Yours faithfully.

Records St George's School RW503 165-0-11

Extract from letter from Bob Davey, 136 Government St., Victoria, B.C., dated 30 September, 1946, (addressed to Col. Neary).

I went down and saw Mr. Jones, the Director of Technical Education, this morning and received the information you requested. He says that they have less trouble with accidents with band saws than with circular saws and that it is even less likely that an accident should occur with a planer and jointer. With a jointer the most serious thing that is likely to heppen is that 1/8 of an inch of the finger might be taken off which would, of course, only involve the fleshy part. However, this would only happen in the case of gross carelessness. Incidentally you had "pointer" in your letter but this was an error in the typing I believe. Regarding the safety precautions, Mr. Jones said that he tried to insist that pupils used power operated machinery only when in view of the instructor. In addition he said that they secured a considerable amount of information from the Department of Labour (Provincial) which publishes a number of pamphlets on the use of equipment such as is used in the schools. I may say that I also phoned my brother Jack who is a shops foreman at the Vancouver Island Coach Lines where they have and use considerably a band saw in their body repair work. He said that the band saw is far more generally useful than a circular saw and is probably less dangerous. In addition it is coming into much more general use now, particularly since the war. He also thought that the band saw was less dangerous than the circular saw. The wheels over which the saw runs should be guarded as should the run where the teeth are going up leaving only the opening where the sawing actually takes place exposed.

I secured from Mr. Jones sheets of the equipment required for different types of technical work, woodwork, metalwork, and electricity, for Junior and Senior High School. He said that the lists were not complete in that the Senior High woodwork was missing. However I notice that there is a list clipped to the end of the Junior High sheets which seems to cover the Senior High so I think that everything is there. He promised to send me down a copy when he got one so unless there is no difference I shall send it along when I get it.

?

Ottawa, October 30, 1946.

Major D. M. MacKay, Indian Commissioner for B.C.,
P.O. Box 70, Vancouver, British Columbia.

Provision of power tools for the
Schools of British Columbia

You have recently requested that we clarify the whole situation insofar as the provision of power tools to Residential Schools of British Columbia is concerned. Therefore, in answer, we would like to point out the following general policy which will be followed by the Department in this regard:-

1. MANUAL TRAINING TEACHERS

The Department will provide power tools for manual training shops where the teacher is fully qualified and holds the proper teaching certificates granted by the Department of Education of the Province of British Columbia. In all other cases, each individual instructor's qualifications will be carefully considered before approving expenditures for power equipment.

The grants to be made by the Department for the purchase of power tools will be based upon the attendance at the residential school concerned.

2. USE OF POWER TOOLS BY STUDENTS

It is understood that in the manual training shops of the junior and senior high schools of the Province of British Columbia, pupils use power operated machinery

..... only when in

www.collectionscanada.gc.ca

only when in view of the instructor. It is most essential that a similar precaution be employed in our schools, especially in view of the fact that our manual training begins often at an earlier age for Indian boys than for boys in the provincial schools.

3. INSPECTION OF SAFETY DEVICES

It is understood that the Workmen's Compensation Board of the Province of British Columbia will send one of their Inspectors to check the installation of these power tools and will be glad to give whatever advice is required in their operation. In all instances where residential schools have such equipment or are installing such equipment, this service of the Workmen's Compensation Board should be used.

4. SAFETY LITERATURE FROM THE WORKMEN'S COMPENSATION BOARD

It is most essential that all such literature receives the fullest distribution throughout the manual training shops of our schools using power tools. These posters must be displayed in our manual training shops and the Inspector of Schools will ensure that this is done. Indian agents should also check on this practice in their visits to our schools.

5. SAFETY PRECAUTIONS REGARDING THE USE OF POWER TOOLS.

(a) Saws: It is now generally agreed by the various Directors of Technical Education for the Provincial Departments of Education that there are fewer accidents when power saws are used than with circular saws. In industry the band saw is more generally useful than a circular saw and is also less dangerous.

The band saw should at all times have a guard over it, leaving only the opening exposed where the actual sawing takes place. Boys should not stand at the side of a band saw.

Indian Affairs (RG 10 Volume 6467, file 888-11, part 3)

ARCHIVES PUBLIQUES
CANADA

POOR-COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

5. (b) Planers: It is unlikely that an accident should occur when pupils are using this tool. However, care should be taken that the feed is not too heavy and that no one stands in front of the plane.

(c) Jointers: The most serious thing that is likely to happen in an accident using this tool is that 1/8" of the finger might be taken off, which would of course involve only the fleshy part. However, this would only happen in the case of gross carelessness.

The jointer should have a telescopic rear-guard as well as a standard swing-guard in the front so that at no time any portion of the knife is open other than that over which work is passing. When using short material, pupils should always use a push stick.

6. CONCLUSION

It is felt that if the Principals of Residential Schools and Indian Agents are all made aware of the above precautions, very few accidents should occur in our manual training shops. It is realized that this training in operating such machinery will be most valuable to our Indian students and will enable them to obtain better positions in the mills and factories of your province.

Director.

Ottawa, November 4, 1946.

Major D. M. MacKay, Indian Commissioner for B.C.,
P.O. Box 70, Vancouver, British Columbia.

Power Tools for St. George's
Indian Residential School, Lytton, B.C.

Reference your 7-11-6 of August 17 and
our 1-1-11 of October 30, 1946.

In accord with our above policy letter, you are now authorized to purchase the following power tools for use in manual training classes at this school:-

1. One ½ horse power motor,
2. One Circular Saw,
3. One Surfacer and Sander,
4. One Planer and Jointer.

If you will write to the Director of Technical Education at the Department of Education for British Columbia, you can obtain copies of the mimeographed list of minimum tools required for their junior high school course. In this list they recommend the Delta circular saw No. 34-405 for use in junior high schools and the Delta motor No. 85-010 to accompany. A band saw may be substituted if desired.

Bernard F. Neary,
Supt. of Welfare & Training.

INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 14-4

LYTTON, B.C. May 21, 1947.

Indian Affairs Branch,
Department of Mines & Resources,
OTTAWA, CANADA.

I am forwarding the Department herewith a letter received from the Reverend Principal of St. George's Indian Residential School, requesting retention of the services of the manual training instructor for the months of July & August, and assistance in the purchase of paint for the inside of the main building.

I would respectfully request that the applications of the Principal receive the favourable consideration of the Department.

Major D.M. MacKay, Indian Commissioner for B.C.,
P.O. Box 70, VANCOUVER, B.C.

Your File No: 7-11-6.

I refer to your letter of the 28th ultimo relative to my recent voucher covering an account submitted by Alberta Lumber Co.,Ltd. with respect to lumber supplied to St. George's Indian Residential School for the Manual Training Class.

In this connection I beg to advise that the lumber concerned was delivered some time ago unknown to me. As an invoice covering the shipment was not received by the Reverend Principal he wrote the firm just recently requesting same.

A. Strang,
Indian Agent.

Extract from Inspector Davey's report on the St. George's Residential School on February 4, 1948. Original on file # 165-0-6.

The work in this Department was rather disappointing. The Instructor is a good craftsman and had had experience in instructing in the army, but most of the work of the pupils appears to have been along the lines of work with power tools or in doing maintenance work about the school. Some of this has a very definite educational value, but should not exclude instruction which aims at teaching certain fundamental operations and the care and use of basic tools. To ensure that these have not been omitted the Instructor should follow a well defined programme. The writer has tried to be of assistance in this respect by requesting the instructor to requisition for the Manual First Year Woodwork, which has been prepared by the Training Branch, and by giving him a list of reference books and manuals which he is to requisition. The Principal will see that the course is followed.

Re: Manual Training Supplies
St. George's Residential School

The attached requisition from the above-mentioned school appears to be too large in some items, particularly lumber. It would seem that the Reverend Principal intended to use some of this for maintenance or new construction.

I have placed a red cross against those items which I think should be deleted and have shown the quantities I think should be supplied where the order appears to be excessive.

R.F. Davey.

R.F. Davey,
Dist. School Inspector.

P. O. BOX 70,
VANCOUVER, B.C.

April 9, 1948.

Air Mail

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

I am enclosing herewith a requisition in quadruplicate covering the supply of manual training tools and materials for the St. George's Indian Residential School, together with a memorandum dated April 2nd from District School Inspector Davey in this connection.

The estimated cost of the tools, nails, screws etc. recommended by Mr. Davey is approximately $250.00 and the cost of the lumber, the supply of which he recommends, is approximately $300.00. I would recommend that the Department authorize the purchase of tools and materials to these amounts.

April 20, 1948.

Mr. W.S. Arneil, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

With reference to your letter of the 9th instant, file 7-11-6 (165), the Department approves the purchase of tools, nails, screws, at a cost of approximately $250.00 and also the purchase of lumber at a cost of approximately $300.00 for the manual training class at the St. George's Indian Residential School.

When forwarding accounts you should mark on them "Pay from B.C. Special".

The above authority is given on the understanding that any items which Inspector Davey considers are not required should be deleted and where the order appears to be excessive, the quantities requested should be reduced.

Bernard F. Neary
Superintendent of Education.

12th February, 1949.

Mr. A. Strang,
Superintendent, Indian Agency,
Lytton, B.C.

We have received your Voucher 431 covering the manual training grant at St. George's Indian Residential School for the month of October, 1948.

We did not pay the account as we had not received the report from the manual training teacher for that month. This report has not yet reached our office.

OCT 7 1933

Lytton, B.C., October 3, 1933

Mr. A. F. Mackenzie,
Secretary, Dept. Indian Affairs,
Ottawa.

Dear Mr. Mackenzie:-

In connection with the troubles we have been having with our dairy herd, I might say that I have been in touch with Mr. P. Moore, Superintendent of the Provincial Farm at Essendale, with a view of trying to overcome the situation existing in the herd through Abortion, and I would ask to be allowed to have Dr. Jagger take another blood test at his next visit during this month so that we could, in co-operation with Mr. Moore, who has kindly offered to take our Positives, using them for beef in the Institution, and for them give us some of his young stock, which this Autumn he is obliged to dispose of. Personally, I think this is a very, very good offer, and the school should not hesitate to avail themselves of this opportunity.

It is true, we shall not be able to do away entirely with at least two of our high productive cows, one of whom is now giving 86 lbs. milk per diem, on three times a day milking. We can, however, provide isolation for two or three of these cows, and in that way, keep them for the purpose, perhaps, of getting a few heifer calves as well as to keep up our milk supply.

I have written Dr. Jagger to be prepared to take a blood test, as I have no hesitancy in feeling that you will agree with this proposition, as it will not cost the Department anything over the blood test, which is 25¢ per cow tested, and it will put us in a position wherein we shall not need the services of Dr. Jagger, I hope, more than once a Quarter, excepting in extreme cases.

Yours very faithfully,

A. R. Lett.

Mr. A. F. McKenzie,
Secretary,
Department of Indian Affairs,
Ottawa.

L6

Dear Sir:-

Just a report on the recent blood test taken to determine the percentage of cases effected with the Bacillis Abortus. I make the following statement.

Out of thirty one tested there are two positives, three suspicious, these, together with five positives not tested, make a total of seven positives and three suspicious in the barn. I have had a long conversation with Dr. Jagger on the condition of the barn at present, and it is his opinion that we ought not to bring in any more cattle, but continue with our cleaning up system, for the test shows the disease has not been on the increase, but rather decreasing as the time goes by.

Twice in sucession our Senior Sire has been a suspicious character and Dr. Jagger feels that this bull should be immediately taken out and because of this, I have been in touch with Mr. P. Moore of the Colony Farm, who has been, and is now catering to our breeding necessities, and he has offered to let me have a young bull who will follow up our breeding, and for whom he asks a sum of $50.00, also adding that he wishes the bull to be held by the school and Colony Farm as joint ownership so that if necessary the bull will be available for the show ring, as this year, this young individual travelled with his stock to exhibitions in British Columbia. I will be grateful, therefore, if the Department could see fit to make payment for this bull, as this is an unforeseen necessity in connection with the dairy.

165-0-14.

Ottawa, November 1, 1933.

Reverend Sir:

I have your letter of the 23rd ultimo, regarding the recent tests carried out to determine the cases affected with Bacillis Abortus among the dairy herd at the St. George's Indian Residential School and requesting that a grant of $50.00 be allowed for the purchase of a bull, to be under the joint ownership of the school and the colony farm.

In connection with the results of the test, it is noted that there is a total of 7 positives and 3 suspicious. It is considered that every effort should be made to continue with the cleaning up system and that no further cattle should be brought in until this disease has been eradicated.

With reference to the purchase of a bull, I regret that the Department will have no funds to assist. It is thought that it should be possible for you to arrange for the necessary funds from farm receipts, especially from the sale of alfalfa hay. It is considered that the animals affected should be isolated from the rest of the herd. Careful thought should be given as to whether the milk from these cows is fit to be supplied to the pupils.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:-

I herewith beg to enclose voucher No.527S amounting to $172.00 for a single disc drill with grass seed attachment in favor of the Cockshutt Plow Co., Limited.

In regard to this see departmental letter No. 165-0-14 dated May 1, 1933, and my letter No. 14150-06 dated April 12th, enclosing one of explanation from the Rev. A. R. Lett, principal of St. George's Indian Residential School.

You will see that Mr. Lett ordered this and was using it before it was authorized. As it was not ordered through this office, the company did not send an account to me until yesterday, as they thought Mr. Lett was paying for it.

Trusting that this will be found in order,

I have the honor to be,
Sir,

Mr. A. Strang,
Indian Agent,
Lytton, B. C.

Dear Mr. Strang:-

In submitting Dr. Jagger's bill for the last quarter you will perhaps notice $9.00 which is vaccine for hogs and cattle. We are having trouble with our hogs and have lost a number of youngsters and I had Dr. Jagger examine them on one of his trips up at which time he prescribed some medical aid and also asked me to send a sample from a sick pig to Dr. Bruce, Dominion Pathologist at Saanichton. I did this and received Dr. Bruce's report, diagnosing the trouble as haemorrhagic septicaemia which called for vaccination, hence the bill enclosed which I trust the Department will handle.

Yours very sincerely,

A. R. Lett

DEPT. OF INDIAN AFFAIRS
JAN 15 1934

Lytton, B. C.,
Jan. 10th, 1934.

Sir:-

I herewith beg to enclose voucher numbered 708 S amounting to $131.70 in favor of T. H. Jagger, V.S.,B.V.SC., for professional services, fates, meals, vaccine and testing dairy herd and hogs at St. George's Indian Residential School, together with a letter from the principal, the Rev. A. R. Lett, which will speak for itself.

In regard to this I would like to recommend that the account be paid as Mr. Lett has asked it to be.

Trusting that this will be found in order,

I have the honor to be,
Sir,

Your obedient servant,

A. Strang

D.A. M.

Ottawa, January 18, 1934.

Sir:

I beg to acknowledge receipt of your letter of the 10th instant, enclosing voucher amounting to $131.70 in favour of T. H. Jagger, V.S., for professional services to the dairy herd at the St. George's Indian Residential School. This account is being paid.

The Department wishes, however, that you consult the Principal as soon as possible and submit a full report regarding the present condition of the school herd.

I may say that on November 1st, last, the Reverend Principal was written and advised that the Department considered that careful thought should be given as to whether the milk from the cows was fit to be supplied to the pupils. Please advise if this phase of the question has received consideration.

You should also let me have a full report regarding the hogs at the school.

Will it be necessary to again use Dr. Jagger's services? His services have amounted to a considerable sum during the past year, and, while the Department is anxious that the herd should receive every possible attention, it is hoped that the Principal and yourself will give careful consideration to the necessity of curtailing expenditure.

Your obedient servant,

A. F. MacKenzie,
Secretary.

INDIAN
JAN 31 1933
LYTTON, B.C.

Dear Sir,

In answer to your request for a report on health conditions in the dairy herd at St. George's School, I would say that Bangs Disease is the only infectious condition you have to contend with at the present time.

In a number of dairy herds we are handling Bang's Disease by blood tests every ninety days, segregation of the positives in separate pastures and on opposite ends or sides of the dairy barn.

The heifer calves are kept away from the older animals until they are ready to be placed in the milking herd.

While this method of handling is not absolute isolation yet it offers an economical way of handling this disease. True one may have occasional breaks under this system but the blood tests will detect these and it gives you reasonable control instead of working in the dark.

It also gives you a chance to raise a herd of clean heifers from your heavy producing cows.

In regard to the milk from the positive cows being dangerous and liable to produce undulent fever in the human, I do not think you need have any worry in that regard.

The people of the world have been using milk from cows affected with Bang's Disease for ages. The number of known cases are few in comparison with population and not many of these can be traced directly to milk consumption.

Undulent fever is more of an occupational disease, affecting those coming in actual contact with the diseased animals and most of these cases seem to be traceable to infection from hogs or pork. The porcine strain of organism seems to be much more virulent for the human than does the bovine organism.

In any event the milk can always be made safe by pasteurization.

The question of sterility in dairy herds is one that gives a great deal of trouble and loss of dairy time.

Indian Affairs (RG 10 Volume 6467, file 888-14, part 1)

T. H. JAGGER. V.S. B.V.Sc.
1016-13TH AVENUE WEST
PHONE [redacted]YVIEW 6575
VANC[redacted]ER. B. C.

Sterility was formerly looked upon as a part of Bang's Disease but since we started to use the blood test for Bang's Disease we find that there is just about as much sterility in the negative animals as there is in the positives.

I have been in close touch with the question of sterility for the past fourteen years and find that over ninety percent of the cases are due to various ovarian conditions. These ovarian troubles are a seperate condition having nothing to do with Bang's Disease.

In order to keep a dairy herd in good production it is necessary to have the herd checked up for ovary troubles. This examination gives you the following information.

1st: Each animal is examined for pregnancy seven to eight weeks after breeding. If she is not pregnant it gives information on the condition of the genital organs.

2nd: It reveals the actual conditions of those animals giving trouble as a result of ovarian diseases and about eighty percent of these can be corrected.

3rd: It saves a large loss of dairy time by picking out and treating those cows and heifers that are served and stand for several months without showing signs of estrum although they are not pregnant.

In other words it is good herd bookkeeping and lets you know what each animal is doing instead of working in the dark.

You have been very fortunate in not having much udder trouble in your herd.

The above outline coupled with the recent report on the herd blood test, I believe, completely covers the situation at the present time.

Yours truly,

T. H. Jagger

be erected where we could isolate our heifer calves at least until after they had been bred and were due to freshen before bringing them back to the main barn. This of course would involve some expense which the school cannot make and unless the Department is ready to assist in this regard we must continue with the amount of isolation we can readily use and by careful disinfecting control the spread as much as we possibly can.

As I have stated before our best cows are those affected and we cannot do without the milk supply and as according to medical advise there is no danger, it would not be advisable to do away with at once six of our best cows unless the Department is prepared to replace these with cows with just as great a capacity for milk production and of as good breeding. These animals also would have to be tested before coming on the farm.

I trust this will make the matter clear and I would be glad to do whatever the Department sees fit so long as it does not take away from our milk supply which is so essential to the school.

Yours very sincerely,

JAN 31 1934

Mr. A. Strang,
Indian Agent,
Lytton, B. C.

LYTTON, B.C.

Dear Mr. Strang:-

Regarding the letter of enquiry from the Department through you about the barn situation, I have written to Dr. MacKenzie of the Health of Animals Branch asking him for a copy of the report sent into Ottawa by their Inspector Chester who was sent to look into the situation regarding our hogs. This report has gone into Ottawa and a paragraph from Dr. MacKenzie's letter follows.

"In reply, I regret to state we have not a copy of this report in this office. The report was on the 16th instant forwarded to Dr. George Hilton, Veterinary Director General at Ottawa, who is the head of this Branch, and I suggest that your department gets in touch with him. I am sure that Dr. Hilton will be pleased to give your Department any information he can respecting the case."

If the Department can get into touch with Dr. Hilton they would be able to clear the situation much better than I could. I have also to state that in connection with the dairy you might find herewith enclosed a report from Dr. Jagger who, as you know has been regularly visiting the herd and who is in a position to speak authoritatively. I would also suggest that the Department get into touch with Dr. E. S. Archibald, Director of Experimental Farms at Ottawa in regard to the situation among dairy herds due to the Bang Organism. As Dr. Archibald is directly and always in touch with this phase of the dairy situation he will also be able to explain matters to the Department by personal interview. I have notified Dr. Archibald to expect to hear from the Department.

Regarding the school barn situation I might say that we have had three reactors but with the last test we have had two more new cases. As we have no great facilities for isolation it is hard to properly take care of the spread of this disease. Dr. Jagger has many times suggested that a barn or house should

Dominion of Canada—Department of Agriculture

REPORT OF INSPECTOR

UNDER THE ANIMAL CONTAGIOUS DISEASES ACT, 1903
R. S. C. 1906

Information on which action was taken Instructed by the Chief Inspector to investigate sickness and death of hogs

Date of visit Jan. 5 and 9 19.... **Time occupied** part 2 days

Miles necessarily travelled by road 8 **by rail** 292

Location of diseased animal St. George Indian School Farm

Owner's name St. George Indian School P.O. Lytton B.C.

Nature of disease Dietary ailment

Action taken On arrived at farm, superintendent, the Rev. Mr. Lett, informed me that the hogs took sick about Nov. 1st, there being about 70 hogs on the premises at that time. The sickness was confined to the small hogs of about 2 months old. Dr. T.H.Jagger of Vancouver came to the farm on Nov. 18th and up to that time 6 had died, and he suggested lack of sodium content in the food. This was added to the food but the hogs still died. On Nov.25th internal organs of one dead pig were sent to Dr. Bruce, Pathologist at Saanich. He diagnosed the case as haemorrhagic septicaemia, and in a few days Dr. Jagger came and inoculated the hogs with haemorrhagic septicaemia aggressin. On December 2nd notwithstanding (OVER)

	Horses	Cattle	Sheep	Swine
Number of animals on premises at commencement of outbreak				70
Number of animals on premises at this visit				51
Number of animals infected				5
Number of animals died				14
Number of animals destroyed				0

Date of report January 14th 1934 (Sgd.) KENNETH CHESTER
Inspector.

(DO NOT WRITE ABOVE THIS LINE)

8 more had died, and on my visit to the premises there were 5 more sick. The hogs were well bred Berkshires. All the symptoms I could find were stiffness in the legs, and pain if almost any part of the body was touched. There was no patches on the body, no discharge from the eyes, no cough and no diarrhea, in fact the stool was normal, though in one hog I thought there was constipation. They had a normal appetite.

The hogs were fed on garbage from the institution, mixed with shorts. The garbage was well cooked. The older fat hogs, the boar and sows, which have all been quite well, (except one sow that Mr. Lett said died a month ago, but in a different manner, this one seemed to get gradually got thinner and weaker, he thinks from some obscure cause) have been, and are now fed on garbage alone, without any shorts. There have been no hogs purchased or brought on to the premises for three years. The farm is quite isolated on the Thomson River, 4 miles from Lytton, and no garbage is brought on to the farm. There are 140 Indian children in residence on the premises, with teachers, attendants, etc.

The hog pen is fairly clean, the pens have concrete floors, with not enough bedding in my opinion. I found no evidence or symptons of hog cholera, and evidently from the non-success of the agressin, the trouble is not haemorrhagic septicaemia, and as the sickness is confined to the small hogs I came to the conclusion that the trouble was of a dietary nature, caused by some irritant in the garbage, but not violent enough to affect the mature hogs. I went to the kitchen of the institution

(DO NOT WRITE ABOVE THIS LINE)

with Mr. Lett, and interviewed the cooks, but could not find the particular irritant. Finally I suggested that they take 6 of the little pigs that are now well, put them in a pen by themselves and feed them on shorts and skim milk only for a month, and if none of these take sick, I thought it would be a fair inference that the cause of sickness was in the garbage.

As I was also conducting the annual Accredited herd test of the dairy cattle I had to return to the premises 4 days later, and on that date I was informed that no hogs had died while I had been away, and in fact I thought the sick ones looked better. I also requested that they put more bedding in the pens, and as the weather was very mild for this time of the year, the pens seemed damper than they should be, and the trouble might be caused by that. The mature hogs were still all well.

OTTAWA, February 22, 1934

A F MacKenzie, Esq.,
Secretary, Department of Indian Affairs,
Ottawa,

Dear Sir,-

I beg to acknowledge the receipt of your letter of the 21st February, fyle 165-0-14, and I regret to find that a copy of our officer's report concerning an investigation of sickness in hogs on the premises of the St George's Indian Residential School, Lytton, B C., was not forwarded to you.

I have had a copy made, and enclose it herewith, and in this regard would say that I do not consider the inspector was justified in coming to a conclusion that the diagnosis made by the Pathologist of haemorrhagic septicaemia was not correct.

There is no question that the organism producing that disease was isolated by Dr Bruce, as, otherwise, he would not have come to that conclusion. I may say, however, that it is not unusual to find that organism in the tissues of our domestic animals even though the disease may not be present. This is due to the fact that this particular organism only becomes disease producing under certain definite conditions.

Dear Sir,

I have your letter of the 31st ult. together with a copy of Dr. Jagger's letter to you.

I am asking the Animal Husbandry Division to write to you at greater length as to our experience in cleaning up this disease on Experimental Farm herds over all Canada. I, however, wish to make this statement that I fully appreciate your difficulty and your lack of desire to do away with your reacting cows, especially if these are amongst your heaviest producers, yet at the same time I fully appreciate your concern regarding the feeding of this milk from infected cows to the children in your school. This letter difficulty however, seems to me could be readily overcome by pasteurization, but the future of your herd is going to depend largely on your effectiveness in isolating reactors and maintaining a negative herd as a non-reacting unit.

Yours very truly,

A Director.

Rev. A.R.Lett,
Principal, St.George's Indian Residential School,
Lytton, B.C.

Dear Sir:

Your letter of January 31, together with copy of one from Dr. Jagger, has been referred to us by Dr. Archibald.

In this connection, I would say that we have had wonderful results in our herds from the application of the blood test for the eradication of contagious abortion. Starting in 1928, we put all of our herds on this test and in those herds where there were only a few reactors, we disposed of them at once. In three or four herds, we segregated reacting animals and saved the calves from these to put into the negative herd. We kept this up for three or four years in some cases until the herds were properly built up again but in 1933 we disposed of the last of our reacting animals and now have abortion-free herds on all of our farms.

Much of the credit for this work must be given to the Health of Animals Branch of the Department of Agriculture, with which Branch we had the heartiest cooperation in this work. They have recently issued a publication on abortion in cattle covering this system of eradication of disease and offering a service similar to that which they have given us to the rank and file of breeders in the country, provided they are prepared to carry out certain conditions and regulations. I am asking the Animal Diseases Research Institute of the Health of Animals Branch to forward you a copy of this bulletin and I think you will find many of your questions answered therein and I would suggest that you take advantage of their offer and put your herd under their supervision.

As you will note, the blood samples will be taken by your local practicing veterinarian and in your case they would be forwarded to Dr. Bruce at the Animal Pathological Laboratory, Saanichton, B.C., for examination and report.

Yours sincerely,

Dominion Animal Husbandman.

Dear Mr. Strang:-

Regarding the sickness among the hogs, I was able, through an article in a farm paper to place this evident disease as a shortage of mineral content in the feed. I have, therefore, procured a few hundred pounds of ground limestone which is being fed, and has completely changed our dituation in regard to the hog pen. I have reported this change to the Health of Animals Branch and I feel this disease has now been eliminated.

Yours very sincerely,

THE BISHOP OF NEW WESTMINSTER
PRINCIPAL: REV. A. R. LETT
BANKERS: BANK OF MONTREAL, VANCOUVER, B. C.

Lytton, B.C., March 6, 1934.

Mr. A. Strang,
Indian Agent,
Lytton, B. C.

Dear Mr. Strang:-

Regarding the barn situation here and the reports which I have received from the Department of Agriculture at Ottawa. The Department of Agriculture stipulates the dividing of the herd as a necessary method of dealing with the disease prevalent. We are unable to do this having no second barn on the school farm, nor any means of dividing the pasturage.

We are however, with what isolation available, making the best of the situation, keeping our calves away from the main herd and will if possible, isolate these in the pasture.

We are also butchering wherever possible and note that the Department calls for a quarterly blood test of those cattle not affected. I shall, therefore, ask Dr. Jagger to make these tests as he is the most capable veternary to whom we have acess. We have still six cows reacting to the test and shall exercise every care to keep them away from the remainder of the herd and also in so far as it is possible, keep the milk supply from these cows out of the school.

Yours very sincerely,

A. R. Lett.

ARL/GF A. R. Lett, Principal.

Sir:-

I herewith beg to acknowledge receipt of departmental letter dated March 1st, in regard to the dairy herd at the St. George's Indian Residential School.

I am enclosing a letter from Rev.A.R.Lett in connection with this matter which will speak for itself.

I will keep the Department informed from time to time regarding the condition of the herd as requested.

I have the honor to be,
Sir,
Your obedient servant,

A. Strang

Sir:

I beg to acknowledge receipt of your letters of the 12th instant, in connection with the St. George's Indian Residential School.

The Department is pleased to know that the disease that was prevalent among the hogs has been eradicated.

It is noted that special attention is being given to the school herd, and you should keep the Department informed regarding the progress that the Principal is making in this regard.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Mr. A. Strang,
Indian Agent,
Lytton, B. C.

Dear Mr. Strang:-

Regarding the condition of our herd we have had one clean test and another one due on the first of next month and I am hoping that this also will be clean. We shall then be able to dispense with the regular services of Dr. Jagger. We still have three cows who are reacting but they are in complete isolation and just as soon as they drop their calves we shall dry and butcher, so that with no further outbreaks and with careful isolation from Idian herds we should be able to run free. I might mention in passing that this abortion trouble is very prevalent in the Fraser Valley and it might be well for the Department to take steps to have other school herds tested for abortion.

Yours very sincerely,

A. R. Lett

Ottawa, August 17, 1934.

Sir:

The Department is in receipt of your voucher No. 354 T in favour of T. H. Jagger, V.S., for professional services for the dairy herd at the St. George's Indian Residential School. It is noted that on the last test all animals with the exception of one were negative. It is also noted that Dr. Jagger considers it advisable to test the herd again in about three months' time.

The Department understands from the above that the Veterinary Surgeon will only find it necessary to visit the herd once during the next three months. This will mean that he will only charge for one visit.

Following this next inspection, you should forward a report to the Department, as it is hoped it will not be necessary to continue giving the herd supervision.

Your obedient servant,

J. D. Sutherland,
Acting Supt. of Indian Education.

Ottawa, October 31, 1934.

Sir:

I have your letter of the 26th instant, enclosing a report from Dr. T. H. Jaggers on the blood test of the herd at the St. George's Indian Residential School, together with a communication from the Principal regarding the matter.

In reply I have to say the Department is pleased to note that the blood test made by the Veterinary shows negative for the entire herd. The Department will approve of Dr. Jaggers again visiting the herd in three months' time, to take blood samples and test them. This will be the final visit of the Veterinary that the Department can authorize. Should it be necessary, after that time, for the school to have a further visit from the Veterinary, it is considered that they should be responsible for the payment of his fees, etc., from their farm receipts. It is hoped that, as the herd has now been cleared up, there will be no further cases developing among the cattle and that, after the next visit of the Veterinary, in approximately three months' time, his services will not be further required.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Lytton, B. C.

Dear Mr. Strang:

Please find enclosed Dr. Jagger's last report on his blood tests. This is not very encouraging as "suspicious" means in reality, reactors and with eight cows and our Senior Sire consigned to the butcher-shop there will not be much of a herd left to supply the school with milk.

We are lost to know how our cows have this time contracted the germ, unless it was through Indian range stock which are allowed to run on the roads before their owners round them up, and last fall, being badly in need of feed they several times broke into our pastureland.

I trust the department will see fit to allow a continuation in Dr. Jagger's visits until this has been cleared up.

Yours very sincerely,

A. R. Lett.

Principal.

Ottawa, June 28th, 1937.

Reverend Sir,-

The Department is in receipt of your letter of the 15th instant, in which you state that you have disposed of all reactors in the herd at the St. George's Indian Residential School and that the barns have been cleaned and passed by the Inspector of the Health of Animals Branch.

The funds obtained from the sale of the animals sold, amounting to $1,000., may be retained in a separate account and used for the purchase of new cattle.

Yours truly,

R. A. Hoey.
Supt. of Welfare & Training.

Ottawa, September 9, 1937.

Reverend Sir:-

The Department has authorized Indian Commissioner MacKay to purchase from the Massey Harris Company a tractor for the St. George's Indian Residential School. This is being supplied F.O.B. Lytton at a cost of $900.00. The old tractor is also to be given to the Massey Harris Company.

Under separate cover you are being forwarded a cheque for $900.00 and when the tractor arrives and is found to be working satisfactorily, you should issue cheque in payment of the tractor.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

AIR MAIL

Dear Sir:

A letter has just been received from Rev. Mr. Hives, Principal of the St. George's Residential School, which reads, in part, as follows:

"The matter of obtaining meat is a very serious situation, and yet it should not be, and would not be if I had a thousand dollars to buy twenty head of cattle. Instead of which, I have to sit by and see the Jew come in and buy them from the Indians. If there is a thousand dollars in the coffers of New England Company, I do not know of any better way it could be spent than by buying cattle. We have the feed to fatten them, and there is no more profitable way of disposing of cattle feed than by feeding it. If therefore you can possibly send us a thousand dollars from New England Company fund, will you please write me by air mail, so that if possible I may get ahead of the Jew and safeguard our meat supply for the winter."

It is rather difficult for us to decide if it is either advisable or necessary to make the expenditure requested by the Principal. The last information that we have regarding the livestock at the St. George's School indicated that there should be sufficient to meet the needs. I should appreciate very much having your comments on the Principal's request.

Yours truly,

Major D.M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

Philip Phelan,
Chief, Training Division.

COPY.

St.George's Indian R.School.

Lytton, B.C.

Nov.2, 1942.

Major D.M.MacKay,
Commissioner of Indians for B.C.,
Vancouver, B.C.

Dear Sir:

I have for acknowledgement letter No. 315-7-920 relative to my letter to Mr. Hoey, in which I asked for a special grant with which to buy beef cattle. Below is a list of the number of cattle attached to St.George's School.

2	bulls	
4	heifer calves	6 mths to 1 year old
5	" "	under six months
5	" "	1 to 2 years old
4	"	2 to 3 years old
15	cows.	

You may see what our situation is, and how impossible it is to supply ourselves with beef from our own herd. I do not know when the last report went in to the Department regarding our cattle, but we have had to buy beef most of the year, and we shall have to continue doing so for sometime. It is extremely difficult purchasing beef cattle, unless one has the ready cash with which to pay for them. Had we the cash now, I might be able to buy some, but buyers,(mostly Jews) come around and offer cash to the Indians, and they get the cattle. The result is, we have to buy our beef from the retailer, and pay high prices. This school cannot afford to do that. During the past year we have met our current expenses with the bare per capita grant. Whatever extra grant we have had from the New England Company special grant has been used to meet extra ordinary expenses in the matter of replacements and repairs. In other schools such expenses are met from special grants from the Department.

In a pamphlet just received from M.S.C.C., there is an item, herewith attached, which clearly states that the per capita grant has to be supplemented by another $30.00 per capita. which they depend upon receiving from the Church people, as well as clothing and footwear for all girls in their schools and boys up to eleven years' of age.

We h ve met our current expenses with the per capita grant, but I assure you, sir, we have had to be on the verge of stinginess, and there has been little chance to waste anything.

I do hope we shall be able to receive the special New England Company grants, which the school is really in need of.

I expect to be in Vancouver next Thursday, and would like to call on you at that time.

Yours faithfully,
"Chas. F.Hives". Principal.

November 6th, 1942

Dear Sir:-

Replying to your letter of the 26th ultimo, File 165-0-14, with reference to the supply of cattle to St. George's Indian Residential School, I enclose herewith copy of Mr. Hives' letter of the 2nd instant to me, and to advise that he called on me yesterday when this subject was discussed at some length.

There appears to be a shortage of beef in western Canada and, at the prevailing high prices, it is not likely that this situation will improve to any appreciable extent for some considerable time.

Mr. Hives states that he is in a position to purchase beef cattle from Indians in his locality at a fair price and has plenty of feed on the school farm to make the feeding of the cattle quite profitable.

Under the circumstances, if the funds could be provided, I am prepared to recommend that Mr. Hives be given the $1,000.00 with which to purchase cattle up to that amount as opportunity arises. I suggested to Mr. Hives that, as he has the necessary lands, range and other facilities available to raise beef cattle for school purposes, he should proceed to do so, using the amount required, if provided, to some extent to purchase foundational stock.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B. C.

Ottawa,
November 14, 1942.

Reverend Sir:

With reference to your recent request for $1000.00 from New England Company funds to enable you to purchase cattle, it has now been decided to allow this amount and a cheque will go forward under separate cover. At the present time there is a balance in the New England Company account of $2734.00 and with the $1000.00 deducted there will still be a balance of $1734.00. From information recently received, it is extremely doubtful if any further payment will be made by the New England Company and consequently you will realize that there is not much money left. As soon as you have made the purchase, you should let me have full particulars regarding the number and type of animals that you bought.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa, Ontario.

Replying to your letter of the 2nd ult.mo, file 165-0-14 with reference to disposal of pure-bred horses at St. George's Indian Residential School by the Reverend Principal, I would advise that I have had this matter inquired into by Mr. J.D.Caldwell, Indian Agricultural Agent, who is now Acting Indian Agent at Lytton, and he informs me that the animals have been out all winter and are not in a condition to offer for sale at the present time, and that he advised Reverend Principal Hives to get in touch with the Agassiz Dominion Experimental Farm when they are fit for sale as they would, no doubt, be able to put him in touch with prospective purchasers.

Mr. Caldwell states that while the Stallion is registered, two of the young mares are eligible for registration but certificates have not yet been obtained, and Mr. Hives was advised to secure same.

Ottawa, March 2, 1943.

Dear Mr. Hives:

I have for acknowledgment your letter of February 22, in which you intimate that you have for sale one Clydesdale stallion and three pure-bred young mares.

I can personally see no objection to the disposal of these horses, provided you are convinced that Clydesdales are no longer serviceable in the district. If these horses are to be sold, however, it has occurred to me that it might be more profitable to dispose of them in B. C. rather than on the prairies. Freight rates are high and we are being constantly reminded to do everything humanly possible to avoid unnecessary railroad traffic. In communicating with Commissioner MacKay in respect to this matter, I have intimated to him that if there is no sale for the horses in B. C. either he or you should communicate with Mr. C. P. Schmidt, Inspector of Indian Agencies, Calgary, Alberta.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa, March 2, 1943.

Major D. M. MacKay, Indian Commissioner for B. C.,
Box 70, Vancouver, B. C.

I am enclosing herewith, for your information, copy of a letter received by this Branch from the Principal of the St. George's Residential School.

I can see no serious objection to the disposal of the surplus horses at this school, provided you are convinced that Clydesdales are not serviceable in this particular district. I have been informed by one of the officials here that the same matter came up a number of years ago. The Indians at that time expressed a desire to secure Percheron rather than Clydesdale, not because Clydesdale were not suitable for ordinary farm work but because they were too slow for riding. In any event, if the horses are to be disposed of, it would be desirable to dispose of them in B. C. and thus save freight charges. If, however, there is no market at present available for horses at the Coast, it might be advisable to communicate with Inspector C. P. Schmidt, Calgary, Alberta, in respect to the matter.

Encl.

R. A. Hoey,
Supt. of Welfare & Training.

Rev. C. F. Hives,
Principal

Feb. 22, 1943

Lytton, B.C.

Dear Mr Hoey:

I was talking to Commissioner MacKay last week on a matter relative to some horses we have, and which I think we should dispose of. He thought I should write you direct and place the matter before you.

We have a pure bred, registered Clydesdale Stallion, six years' of age, and three pure bred young mares two and three years' of age. They are all very fine animals. I think the idea was to try and get the Indians to breed their mares to the Clydesdale, but they do not seem to favour the idea. I quite see their point, for I rather think a Clydesdale is too heavy for this mountainous country. They like the Percheron, because they are quicker. However, I am sure the Clydesdale would be favoured on the prairie or flat country. They are all valuable animals, and I would like to dispose of them to the best advantage. The selling value I would place on them is Stallion 250.00
Mares each 150.00

I would be very much obliged if you would keep this matter in mind, and if possible make an opening for us to dispose of them.

Yours faithfully.

Lytton.B.C. Jan.16th 1923.

INDIAN OFFICE
JAN 18 1924
LYTTON, B.C.

J. Graham Esq.
Indian Agent,
Lytton.B.C.

Sir,-

Will you allow me to bring the following matter to your kind attention?

When I came to this school in November 1923 I started a band with the boys of the school, or rather I tried to start one, but saw myself forced to give it up, for the following reason:

To make a band, one must of course have instruments to play on. Now, I found here some instruments, but not enough to make a band. There was a band at this school at one time, before the present principal, Rev. A.Lett, took charge, but some of the instruments must have been lost, as at present there are not instruments enough to make a band. I approached Rev.Lett, with a view of having some more instruments bought, but he told me that this was an impossibility for him, as the per capita grant is barely sufficient to purchase the necessaries of food, clothing, etc. for the children, without allowing for any luxuries. So, there is no hope to have the necessary instruments paid for out of the school funds. Before I came here I occupied a position similar to the one I occupy here at the Fraser Lake Industrial School. There I had a very successful band. The instruments were nearly all second hand ones, and I remember the prices paid for them.

To make this band a success, and even a possibility I would need three more instruments, and the price would not be more, for the three of them, than from $60.00 to $75.00.

Would it be asking too much to ask you that you take this matter up with the Department, and present the situation, and ask for the granting of the sum mentioned above, in order to enable me to go ahead with this band? You will agree with me that it is a very good thing for the school in general , and for the boys in particular, to have a band. I have seen the good effects of a band in several schools, both white and Indian, and I am sure that it would be a boon for this institution.

I trust you will see fit to endorse this request.

Yours very sincerely,

A.C.J.M. O'Kon O'Kouij.

IN YOUR REPLY REFER TO
No. 1-06
ALSO
TO DATE OF THIS LETTER

Lytton, B. C., January 18th, 1924.

Sir,—

I herewith beg to enclose letter from the house and bandmaster at St.George's Industrial School, together with an accompanying letter from the principal asking for some assistance towards purchasing some new instruments for the band.

I might state that some four years ago a band was started at St.George's School, but was dropped on account of not having anybody to train them. We have now Mr. Ockoney who is a professional band master, and who was recently at Fraser Lake Indian School, where he had an excellent band.

I have heard the children here and consider that in the short time that he has had them under training, they are doing excellently, but lack instruments. They have one instrument there that is too big for the boys.

The Indians are always so fond of music that it is really a drawing card, and I would like to recommend that if the Department can only see fit to give them a grant to buy the requested instruments to make the band what it should be, it would be greatly appreciated.

I have the honor to be,
Sir,
Your obedient servant,

H. Graham

Sir:

I have to acknowledge receipt of your letter of the 18th instant, enclosing communications from the Principal and the Bandmaster of the Lytton Indian Residential School requesting a grant for the purpose of purchasing some new instruments for the band which has been organized among the pupils of the school.

In reply I beg to say that the Department will allow a grant not to exceed $75 in the purchase of the instruments mentioned by the Bandmaster. You or the Principal can make the purchase, it being necessary to obtain competitive prices, and the purchase should be made from the firm quoting the lowest price. Properly certified vouchers, in duplicate, should be forwarded covering the expenditure incurred, to which should be attached a memo. showing the names of the firms asked to quote, and the prices quoted. The above amount is all we are prepared to authorize, and this sum should not be exceeded.

Your obedient servant,

J. D. McLEAN

INDIAN RESIDENTIAL SCHOOLS CADET CORPS.

1. GENERAL.

There are three Cadet Corps organized in connection with Indian Residential Schools in Military District, No.11, namely:-

No. 1077, St. George's (Lytton) Cadet Corps.
No. 1103, Alert Bay Cadet Corps.
No. 1293, Coqualeetza (Sardis) Cadet Corps.

A brief summary of the training carried out at each school is given hereunder.

2. ST. GEORGE'S (LYTTON) C.C.

St. George's Cadet Corps, organized February, 1923, is situated at the Residential School some three miles from Lytton, in the interior of British Columbia. The training is supervised by the Principal of the School, the Rev. A.R.Lett, and assisted by one of the members of the Staff. During the School year, 1929-30, 43 boys of Cadet age were enrolled and participated in the training. The boys are keenly interested in the work. At the annual inspection the results showed sound training. The Physical Training and Games, Corps discipline, and signalling were very good. First Aid was above the average, and the Inspecting Officer presented 21 St. John Ambulance Certificates to the Cadets. This percentage, about 50%, of certificates for this branch of the work is considered very high.

The boys were instructed in the proper use of .22" B.S.A.Rifles and enter into indoor rifle matches with enthusiasm.

The Principal of the School is keen on the training as a whole, not only from the point of view of disciplinary effects, but in the production of boy leaders which is the result of the training.

The Corps has shown marked improvement at each annual inspection.

3. ALERT BAY C.C.

Alert Bay Corps, organized in November, 1923, is situated near the northern end of Vancouver Island, at St. Michael's Indian Residential School, Alert Bay, B.C. The training is supervised by the Principal of the School, Mr. F.Earl Anfield, and instructed by Lt.Commander J.I.Jordan, R.N. (ret.); both of these gentlemen are qualified in Physical Training and as Cadet Instructors. During the School year 1929-30, 56 boys of Cadet age were enrolled and trained.

The Corps is trained along very sound lines, boys keenly interested. A trophy awerded for competition among Indian School Cadet Corps by the Imperial Daughters of the Empire was won four consecutive years by the Alert Bay Corps and is retained by them. The remarks regarding training generally in para. two above are applicable to this Corps. This Corps, during the year under review, did not reach its usual high standard due to training being hampered by the removal of the entire school to a new residence and sickness.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

4. COQUALEETZA CADET CORPS.

Coqualeetza Cadet Corps, organized in May, 1926, is situated at Coqualeetza Residential School at Sardis, one mile from Chilliwack in the Fraser Valley, B.C. The training is supervised by the Principal of the School, Rev. G.H.Raley, and instructed by Captain Peter F.Pirie, M.M., a member of the School staff. During the School year 1929-30, 39 Indian boys were enrolled and trained. Training is along the lines of "mass" instruction rather than specialization. Very sound work was evinced at the annual inspection. This Corps received highest marks for efficiency and will receive the new Shield awarded by the I.O.D.E. Provincial Chapter,of B.C.

The general remarks re training referred to in para. two are applicable.

5. CONCLUSION.

The work carried out by the Principals and Instructors concerned has an undoubted value, as an interesting addition to academic studies to students of adolescent age. That the physical education imparted by instructors who have had the advantage of attending the Cadet Instructors' Course in addition to the Normal School Physical Training is thorough, is particularly noticeable to a visiting inspector at once. The advantage of training in First Aid needs no discussion. The inherent interest of the Indian boy to hunt with rifles is made safer by proper instruction in the handling and use of rifles. As stated before, the Indian boy enjoys the training and the results are beneficial.

Assistant Depty. & Secretary,
Department Indian Affairs,
Ottawa.

Dear Sir,

Referring to yours concerning the additional Educational Grant of $50 for children taking High School work - of Oct. 11th 1928 number 165-0-61, for the year 1929. I felt that on account of the children not passing their examinations I could not make application for this grant.

But for 1930 we have had three children pass Grade nine and ten Provincial Examinations. I therefore would be obliged if you will allow us this extra grant for the term ending June 30th, 1930.

We have this year an extra number of children in grades number nine and ten and I would be very grateful if the Department would consider this so that our Grant will be available again at the end of the term, in 1931

Yours very obediently,

A. R. Lett.

Rev. Sir:

I have your letter of the 4th instant, relative to providing an advanced educational grant for the Indian children taking high school work during the present academic year at St. George's Indian Residential School.

In this connection I have to say that, besides the usual per capita grant allowed, the Department will also allow a grant of $50 each per academic year for the Indian children taking Grades 9 and 10 work in your school. I have to request that you will inform the Department of the names and register numbers of the pupils who will be taking up high school work during the present academic year. I may add that the advanced educational grant at the above rate will be paid upon receipt of a request from you at the end of the academic year.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Mr. R. Ferrier,
Supt. Of Indian Education,
Department of Indian Affairs,
Ottawa.

Dear Sir,

I had hoped that pupils passing their High School examinations for 1929 and 1930, would have been recognised together with those expecting to try next year - 1931. I would therefore be pleased if you could see fit to forward Grant for $50 each in respect of the following:-

Williamson Walkem - pupil number 159 - who passed Grade ten examinations.

Margaret McIntyre - pupil number 057 - who passed Grade nine examins.

Bessie Walker - pupil number 086 - who passed Grade nine examinations also.

I am sorry that these applications did not go in at the end of last year but felt that I wished to know their standing before making application. As they were successful I would like if possible to have their Grants for last year 1929 and 1930.

Yours very obediently,

A. R. Lett

Reverend Sir:

I have your letter of the 22nd instant, requesting the advanced educational grant for three pupils of the St. George's Indian Residential School, who have been taking up high school work during the academic year 1929-30 and who are also continuing this work during the present academic year. In this connection I have to inform you that a grant at the rate of $50 per annum will be allowed for each of the pupils mentioned by you for the school year ended June 30th, last. A cheque for $150 will be sent you in due course.

I shall be pleased if you will inform the Department if the three pupils mentioned are all that are taking the advanced course during the present academic year. If there are any others, please state their names and register numbers. The advanced educational grant will be allowed for each pupil taking high school work this present academic year, and you should make request for same in June, next.

Your obedient servant,

Russell T. Ferrier,

Dear Sirs:-

Again referring to letter No. 165-0-1, dated September 22nd, 1928, I wish to apply for the special Advanced Educational Grant for the four pupils of this School :-

No.057 Margaret McIntyre
No.086 Bessie Walker
No.081 Marian Phillips
No.093 Joyce Dunstan

These girls were successful in their examinations last year, and have little doubt but that they will again be successful this year.

Yours very obediently,

A. R. Lett.

Reverend Sir,-

With reference to your letter of the 7th instant, I beg to say that the advanced educational grant for the four pupils mentioned in your letter will go forward under separate cover.

When the results of the examinations are published, you should advise the Department regarding the success achieved by these four pupils as it will not be possible to allow grant during the academic year 1933-34 for any high school pupil who is unsuccessful in this year's examinations.

Your obedient servant,

Lytton, B.C., Sept 1st / 35

Dear Mr. Sutherland-

For the past six years we have had a Provincial Class room in teh Indian School building for the benefit of the children belonging to the outside Staff which room also included in its numbers my own daughter.

Owing to children qualifying for High School this room has approached the time when it must be closed because of insufficient numbers. The four remaining Children who are in grades seven and eight will go to Lytton Public School and will be taken care of there, but there are two boys belonging to the Farm Manager who have qualified for 1st and 2nd year High and who have no place to go and the Father cannot afford to send the boys away from home for further schooling. Mr. Piper is willing to pay a tuition fee of $50.00 each for the boys if they could be allowed to attend the Continuation Class room in this school.

I am sorry I did not take the matter up with you when in Ottawa but there was then the possibility of other provision being made through their friends which did not materialise. The boys will not be any trouble in the continuation class room as they will be entering grades already being taught.

I should be glad of your advice or decision in this matter and if favorable what I shall do with the Tuition money.

If it is possible for us to tide these Boys over for this year there may be, with sufficient numbers, a Soperior School established in Lytton, which next year would take care of the lads.

Yours very obediently

A. R. Lett

Ottawa, September 9, 1935.

Dear Mr. Lett:

I have your letter of the first instant, with reference to the children of Mr. Piper attending the continuation classroom in the St. George's Indian Residential School.

As a general rule, the Department considers it inadvisable to allow the permission requested by Mr. Piper. No doubt he resides near the school, which is only a short distance from the town. The Department does not see any reason why his children could not go to town each day. Many children in country places go much farther to school.

Are there any other white children residing close to the school whose parents might consider that they should be given a similar privilege if Mr. Piper's children are allowed to attend the continuation class in St. George's School? On receipt of your reply, the matter will receive further consideration.

Yours very truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

Lytton, B.C., September 13, 1935.

Dear Mr. Sutherland:-

Yours numbering 165-0-22, dated September 9th, regarding the application made to you on behalf of the Piper boys.

There is no continuation class-room or any High School room in Lytton. We have for some time been trying to arouse sufficient interest in Lytton to take steps to qualify for such a school, up to this time efforts in this regard have not born fruit. Mr. Piper feeling that he could not afford to send the boys away came to me, hence my letter to you.

There is a fairly efficient correspondence course which the boys could take but such courses at best do not fill the place of a regular continuation class or High School room.

I do not think we are inviting future trouble in having, later perhaps, to object to children attending but I must admit that this situation will leave an opening, and if the Department feels privilege cannot be granted, Mr. Piper will be obliged to arrange otherwise.

There are no other children at present who are in a position to make application for the same recognition.

The nearest High School is at North Bend which is thirty miles from Lytton and can only be reached by train.

I will be glad of your decision by return and will be pleased to be governed accordingly.

Yours very obediently,

A. R. Lett

Dear Mr. Lett:

With reference to your letter of the 13th instant, I beg to say that the children of Mr. Piper may be allowed to attend the continuation class at the St. George's Indian Residential School for the academic year 1935-36.

It is noted from your letter that there are no other children at present who are in a position to make application for the same privilege.

Mr. Piper should distinctly understand that the permission granted by the Department covers the current academic year only. If he wishes his children to attend during the academic year 1935-36, the matter will have to be further considered at that time. The fact that the children are being allowed to attend during the current academic year should not be considered a precedent.

Yours very truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

Ottawa, October 22nd, 1935.

Reverend Sir,-

I beg to acknowledge the receipt of your letter of the 16th instant, enclosing an account for $50.00, in connection with the advanced educational grant for Nellie Bent.

You quote as authority official letter of October 11th, 1928. Instructions issued at different intervals during the last few years have directed attention to the fact that new authority for expenditures must be obtained each fiscal year.

With reference to the account you enclosed, do you mean that this is the advanced educational grant for the academic year just closed or for the academic year 1935-36? The Department is aware that, in a letter of June, last, we approved of Nellie Bent remaining in the St. George's Residential School for another year. At the time, it was overlooked that she was eighteen years of age.

You might let me know what are Nellie Bent's future plans. Our experience in the past shows that the Department should be very careful before allowing higher educational advantages to Indian girls.

Your obedient servant,

J. D. Sutherland.
Acting Supt. of Indian Education.

Rev. A. R. Lett,
Principal,

{ THE BISHOP OF NEW WESTMINSTER
PRINCIPAL: REV. A. R. LETT, L.S.T.

Lytton, B.C., November 14, 1935.

Dear Mr. Sutherland:-

Re my application to you regarding the Advanced Educational Grant for Nellie Bent, Pupil No. 114; please allow me to refer you to letter No. 165-0-22, dated June 14, 1933. Quote: "When the results of the examinations are published, you should advise the Department regarding the success achieved by these four pupils as it will not be possible to allow grant during the academic year 1933-34 for any high school pupil who is unsuccessful in this year's examinations.

On the strength of the above I made application to you for academic year 1933-34 and received the grant without criticism...likewise expected the same recognition for academic year 1934-35, for which the grant was asked. According to above quotation it would be impossible for me to ask for advanced educational grant to take care of the ensuing year 1935-36.

This girl has ambitions for teaching, and at present it would seem that her mind is made up to go on with this outlook in ambition. It would, therefore, to my mind, in her case, seem a justifiable expenditure, on the part of the Department, to help the school to purchase books and equipment for her advance.

If the Department is going to allow ~~themselves~~ itself to lapse into the position of educating these children only for a forced period of nine years, without being ready to foster voluntary advance, the childrens' outlook on education would become curbed and would not, in any way, be conducive to cultivate that most needed part of constructive character, responsibility.

Personally, I feel that a satisfied child is bound to be an asset to the Department as well as to all concerned, and there should be no hesitancy in offering such help as has here-to-fore been given.

Yours very obediently,

A. R. Lett,
Principal.

Ottawa, November 20, 1935.

Rev. Sir:

The Department is in receipt of your letter of the 14th instant, with reference to the advanced educational grant for Nellie Bent, No. 0114, of the St. George's Indian Residential School.

The account which you forwarded for the advanced educational grant of $50 for the academic year 1934-35 is being paid, and a cheque will reach you in the near future.

It has been decided to allow this girl to continue her high school work during the current academic year, and the advanced educational grant will be allowed for her.

However, at the end of June, next, a report should be obtained from the Principal of the High School which she attends giving full particulars regarding her work during the academic year 1935-36. You should forward this to the Department, and a decision will then be made regarding what assistance, if any, can be allowed for her for the academic year 1936-37.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

EXTRACT FROM LETTER FROM MR. G. H. BARRY,
INSPECTOR OF INDIAN SCHOOLS, DATED AUGUST 4, 1936.

Original on No. 99-210C.

On July 25th the results of the June Provincial High School Entrance Tests were published in the Vancouver Daily Province. It will no doubt be of interest to the Department to learn that very satisfactory marks were obtained by the great majority of the Indian children writing this examination. In all sixteen candidates passed the High School Test from our schools. Only three or four failed to obtain the necessary 360 marks out of 600 required for a pass to High School. The highest mark made this year in the Entrance Examination was 543 by a pupil f[illegible] the North Vancouver City Schools. The [illegible] marks made by successful

Ottawa, September 24th, 1947.

Dear Mr. Hives:-

With reference to your recent visit to the Department at which time you stated that there were three pupils of the St. George's Residential School who were attending high school in the town of Lytton this year, their names should be retained on the quarterly return. In addition, we will allow an advanced educational grant of $75. for each of them.

At the end of September you may forward us a voucher for $22.50. This voucher should read:

"Advanced educational grant for (give names and register number of pupils) for the month of September.
Three pupils at $7.50 each---------- ----$22.50"

At the end of the other three quarters of the current academic year you may apply for a payment of $67.50 covering the three month period. At the end of June, 1948, you should submit a report regarding the progress they make during the current academic year.

Yours sincerely,

Bernard F. Neary
Supt. of Welfare & Training.

Rev. Canon C. F. Hives
Principal

Sept. 7, 1948

Lytton, B. C.

Dear Sir:

We have ten pupils this year who desire to continue with their education, and who are eligible to attend Jr. High School. Two of these will be living at home, and attending from there. Eight will live at St. George's School, and will be conveyed to High School by us every morning and brought back by us in the evening.

Will you kindly recommend to the Department that we receive the special grant for advanced education.

Yours faithfully.

Chas. F. Hives

Principal.

Mr. A. Strang,
Superintendent.

September 13, 1948.

Mr. A. Strang,
Superintendent,
Indian Agency,
Lytton, B.C.

With reference to your letter of the 7th instant, the Department will allow an advanced education grant of $85.00 each for the academic year 1948-49, for the ten pupils at the St. George's Residential School, who are attending high school in Lytton. Please request the principal to forward us the names and register numbers of these pupils.

It is noted that two of the children who will attend high school are living at home, and I presume that you will send a special voucher for the tuition grant that we are promising them.

Bernard F. Neary
Superintendent of Education.

Rev. Canon C.F. Hives,
Principal,
St. George's Indian Res. School,
Lytton, B.C.

Dear Canon Hives:

With reference to the attached account, our records show that we have already paid $34.00 for special tuition grant for Dorothy Sam, Priscilla Isaac, Dorothy Swartz and Marjorie Alec, for the month of September, 1948.

As you are aware, we allow $85.00 for each of the pupils attending high school, or $8.50 a month.

Please forward another voucher for tuition grant at the rate stated for those pupils for whom we have not yet paid tuition grant for September.

Yours sincerely,

Philip Phelan
Chief, Education Division.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of Rosie Austin, Pupil No. 0156.

of the St Georges Indian Residential School at Lytton,

who died at Lytton I.R. No 6 (place) on June 19 1935

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of

Lillian Smoker, Pupil No. 0170

of the St. George's Indian Residential School at Lytton,

who died at St. George's School (place) on November 12th, 1935.

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than **72** hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

Memorandum of an inquiry into the cause and circumstances of the death of Frances Websters, Pupil No. 305

of the St George's Indian Residential School at Lytton B.C.,

who died at the school (place) on Feb 21st 1937

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of

Denis Albert., Pupil No. 375

of the St George's Indian Residential School at Lytton B.C.,

who died at The school (place) on Feb 20th 1937

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than **72** hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

The Honourable

T. Mayne Daly,

Sup't Gen'l of Indian Affairs,

O t t a w a, Ont.

Dear Mr. Daly,-

Enclosed you will find a Petition from the Chiefs of the Squamish Tribe of Indians at Squamish Mission, Burrard Inlet, which I have been asked to forward to you.

I certainly think these Indians ought to have some school given them on Burrard Inlet. The nearest Indian School at present is the one at "The Mission" on the Fraser River, twenty miles above New Westminster, but this is not a Government School.

Please do what you can and advise me.

Yours truly

J. W. S. Corbould

SCHOOL BRANCH
SEP 18 1895

DEPARTMENT OF INDIAN AFFAIRS
SEP 17 1895

131948

The Honble. the Minister of the Interior,

Honored Sir :--

We desire to submit to you the wishes of the Indian Chiefs. They claim that it is a long time since they were told by the first Governor Douglas that they would soon have a school for their children. About forty years have passed away since then and they are still waiting for the fulfilment of that promise. Capalama, the first chief, to whom the promise was made has long since been gathered to his fathers. His son, Lawah, was the next chief. He too has gone to his eternal rest without seeing the school promised so long ago, to his father.

Now, Sir, it comes to us to again respectfully request a fulfilment of that promise.
There are three tribes of Indians interested, the Squamish, the Sechelt and the Sliaman. In these tribes there are now more than 400 children.

We would like to have a Roman Catholic school, convent and college here, at Squamish Mission, where the children can be taught, fed and clothed. The ground is ready to be used for this purpose.

Signed on behalf of the tribes,

Chief Harry, Chief Tom, Chief Joe, of the Squamish tribe,

Chief Charley, of the Sliaman tribe,

Chief George, of the Sechelt tribe.

Squamish Mission, August 19th, 1895.

Sir

I have the honor to acknowledge receipt of your letter of 29. Nov. 635 Pr. and in reply thereto, I beg to state that I informed the Indians that the Dept intended placing a sum in the estimates during the coming year, for the purpose of building a School at Songamish Mission. I did not tell them the Dept had promised that the School would be built, only that a sum would be placed in the estimates for that purpose.

As you know the Indians take a great deal for granted, and when they learned that Mr. Reed had written the letter stating that a sum would be placed in the estimates for a School building they feel quite certain the School will follow.

I06 Q/2

THIS LETTER HAS BEEN SENT

OTTAWA 30th December I895

Sir,

I have to acknowledge the receipt of your letter of the I0th instant enclosing copies of correspondence from the Chiefs of the Squamish, Seshelt, Cliamin and Clahoos tribes, and from Mr Agent Devlin on the subject of the proposed establishment of an Indian school at Squamish Mission; and in reply I beg tomsay that the minds of the Indians should be disabused as to the character of the proposed school, provision having been made simply for a day school building and not an Industrial or Boarding School.

I may add that at the time of my interview with these Indians I was under the impression that it was a day school that was asked for, and having this interview in mind, I inadvertently overlooked the mention of an Industrial School, which accounts for the wording of my letter of the I8th September last; and I regret having to disabuse their minds.

Your obedient servant,

Deputy Supt: Genl:

Squamish Mission 2nd Decr 1876

Franck Devlin Esq
Indian Agent

Sir

On the occasion of the visit of the Deputy Superintendent General of Indian Affairs Mr Hayter Reed. to our village he promised. to do what he could towards providing a School for our Children. Again after going back to Ottawa he wrote to us a letter. through you saying that he would place a sum in the Estimates that year for the Construction of a School at Squamish Mission. This made us very glad indeed. as we feel pleased to think that. the Children of our people were now going to be put on an equality with the Children of white people as far as education was concerned. Our gladness was only of short duration as you later informed us that Mr Reed regretted he was unable to obtain any money that year for a School. You further told us you felt certain Mr Reed would not forget us. And we hope he has not. We therefore again ask you. to place our wishes before him and urge him to place a sufficient sum in the estimates for this year. to build a School large enough. to accomodate all the Children of School age on the following Reserves viz Skwawamish. Seshelt. Skaumon. Klahoose and Homalkos Signed on behalf of all the Indians

New Westminster B. C.
Dec 7th 1896.

A. W. Vowell Esqr.
Indian Superintendent

Sir:-

I have the honor to enclose copy of letter received signed by seven Indian Chiefs urging that a School be supplied for their Children at Squamish Reserve. I strongly recommend their request be complied with as little real improvement can be made on their condition until they are taken hold of and educated, they expressed themselves in very strong language to me about ten days ago, and accused both you and I in assisting to get a large sum of money for the education of the Methodist Indians (who were only a few) but that they because they were Catholics could get nothing I assured them that neither you nor I had anything to do with getting an increased grant for the Methodist School and further promised them that I would do my

Indian Office,

Victoria, Dec. 9th. 1896.

File No. 131,948.

Sir:-

With reference to your letter of the 30th. of December last, File No. 131,948, on the subject of the correspondence from the Chiefs of the Squamish etc. Indians in regard to the proposed establishment of an Indian School at the Squamish Mission I have the honor to enclose herewith for your information and consideration a copy of a letterdated Dec. 2nd. 1896 signed by seven Chiefs of the locality who are interested in the education of their young people. A copy of Mr. Agent Devlin's communication, dated 2nd. instant, on the same subject is also enclosed.

While on this subject I would again

The Deputy Supt. General
of Indian Affairs.

again call the Department's attention to the urgent necessity that exists for the establishment of an Industrial or Boarding School at the point mentioned; and would recommend that, if at all possible, the wishes of those Indians be complied with, as they have reached such a stage of advancement that they readily perceive the advantages accruing to their children from a good education. A day School would be of very little service to them; and for that reason, as will be seen from the Estimates from this office for "1897-1898", provision was made for an Industrial School for their benefit.

I have the honor to be

A.W. Vowell Esq
Indian Superintendent
Victoria

Dear Sir

I learn that three weeks ago the Chiefs of the Squamish tribe of Indians sent a letter to Mr Agent Devlin impressing again on him the great need they have of an Industrial School for their children and begging of him to make known at Ottawa their longing for the fulfilment of the promise made them last year.

Had I known it sooner, I would have begged of you to send the present letter to Ottawa along with the Chiefs' letter.

No doubt you have not only seconded the petition of the chiefs but have also supported it by the strongest reasons.

You are only too well aware that an Industrial School is necessary on that Western portion of the Fraser River Agency.

The excuse that there is no money in the treasury is not a real excuse. Money is found to establish other schools, money is found to give a grant of $500.00 for fifty pupils to the Methodist School of

Coqualeetza on the Chilliwhack, though the Indian Department should know as well as yourself and Mr Agent Devlin, that most of the pupils of the said School are half breeds who should attend the Provincial Public Schools, their white fathers being alive and in British Columbia.

The Honorable Mr. Tarte, Minister of Public Works, in visiting said school at Coqualeetza, last November could not but make the remark that very few of the 94 children, inmates of the school, were of full indian blood, and the Principal was obliged to confess to him that he had great difficulty in finding Indian Children. I told the Honorable Mr. Tarte that the cause of said difficulty was that the Indians of the Lower Fraser District are nearly all Catholics, in fact there are in said District more than thirteen hundred Catholic Indians in a total population of about sixteen hundred.

Should you call upon Mr. Agent Devlin to send you a correct census of the above named Lower Fraser Indians from Yale to the mouth of the River You would find two hundred and seventy seven children of school age, 239 of whom belong to the Roman Catholic Church 13 to the Episcopal Church and 25 to the Methodist Church. I know such is the case because I am living with those Indians since 1864.

To them the grant of $1500.00 to the Methodist School of Coqualeetza for

fifty pupils given to destroy the faith implanted by me and my Missionaries in the heart of these Catholic Indians? Or is it given to educate the half breed children of white men cohabiting with Indian Squaws

How is it that Mr. Agent Devlin and yourself do not enforce the rule inserted in the Quarterly reports for the Industrial and Boarding Schools? Said rule says that no pupil but of full Indian blood shall be entered on said quarterly reports.

If this rule were observed, the Government would not have been misled as they have been

If a grant be not given this year for the Establishing of an Industrial School on the Squamish Reservation on pretence I am prepared to expose the above mentioned partiality, and will have somebody at Ottawa to ask for an enquiry

British Columbia.

Indian Office,

Victoria, January 5th. I897.

Sir:-

I have the honor to inclose herein copy of a letter received from Bishop Durieu of New Westminster, dated 28th. of December I896, in which His Lordship complains of the increase of grant allowed to the Coqualeetza Home, etc. etc.

His Lordship, I may say, is anything but just in the statements he makes and is wrong in nearly all his conclusions.

Regarding half-breed children being cared for at Boarding and Industrial Schools I may say that there are many children to be found on the different reserves having all the appearance of half-breeds which their parents state is misleading and assert that they are pure Indians. Others there are whose fathers

are

The Deputy Supt. General

are unknown but who have most decidedly the appearance of half-breeds and who have been born on the reserve and raised and treated as Indians.

In all the schools children are to be found occasionally having the appearance of half-breeds who belong to some of the reserves and are to all intents and purposes "Indians".

Every effort is constantly being made to insure to the "Indians" as defined by the Act, the benefits arising from the aid afforded by the Department in support of Boarding and Industrial Schools.

I have called upon Reverend Mr. Hall, Principal of the Coqualeetza Home, for a report in reference to charges made as to half-breeds; and also upon Mr. Devlin, the Indian Agent; copies of which when received will be duly forwarded.

I enclose copy of "Circular" sent to all Principals and Agents on the

OTTAWA 9th February I897

Memo:-

In reference to the application from His Lordship, Bishop Durieu, for the establishment of an Industrial school at Squamish the undersigned begs to say that there is no record on fyle of any promise having been made for such a school as will appear from the following extract from official letter of the 30th December I895:-

> "I have to acknowledge the receipt of your "letter of the I9th instant enclosing copies of corres- "pondence from the Chiefs of the Squamish, Seshelt, Clamain "and Clahoos tribes, and from Mr Agent Devlin on the subjec "of the proposed establishment of an Indian school at "Squamish Mission; and in reply I beg to say that the "minds of the Indians should be disabused as to the char- "acter of the proposed school, provision having been made "simply for a day school building, and not an Industrial "or Boarding school".

In official letter of the I8th Sept: I895, written to the Chiefs of the Squamish tribe in answer to their petition for the establishment of a Roman Catholic school, convent and College at Squamish, it is stated that an item to provide for a school at that place would be inserted in the Estimates for I896-7

CHILLIWACK, B. C.

REV. JOS. HALL.
PRINCIPAL.

Sardis P. O. Jan. 23 1897

W. W. Vowell Esq
Indian Superintendent
Victoria. B. C.

Dear Sir,

Referring to your favor of Dec 30. 1896 2401 I did not reply particularly to the matter of statement made to you to the effect that the Hon Mr Sifton when visiting our Institute remarked that very few of the 94 children present were of pure Indian blood and that I was obliged to confess that I had great difficulty in finding Indian children. There must surely be some mistake here. My recollection of what took place is as follows. While the Hon. Gentleman was looking over the school he remarked. "Surely these are not all of pure Indian blood" I replied "No. there are several halfbreeds". Not having the exact no of each in mind (for I had never counted them up. Nor would it be easy to decide between the one class and the other by mere inspection, or without a knowledge of the parentage) I could not tell the Hon Mr Sifton what proportion of each was present. I have a distinct recollection of an intention and a wish to explain to him that many of these halfbreeds are nevertheless wards of the Government. But before I had time to venture a remark in this direction the Hon gentleman asked some other question respecting the school which I at once of course proceeded to answer at the same time regretting that I had not been able to make the explanations which I felt ought to have been made to prevent misconceptions which I feared might result from the too general and unexplained answer I had given. The fact is our distinguished visitor kept up a running fire of questions which indicated his keenness of observation and his desire for information to many of which I was able to give only partial answers before a further question or remark called for reply. Added to this that I had been in charge of the Institute only a few months and that there were many matters connected with it that I had not as yet become familiar with and it will be seen how possible it was that my partial answers & comprehensive questions might be misleading when regarded from a stand point that was, not at the moment present to my mind. In this respect only did I feel that the visit of the Hon. Gentleman was unsatisfactory. It was brief and hurried. So strongly impressed was I with this feature of its unsatisfactoriness that I thought seriously afterwards of writing him and of entering more fully into explanations and details of fact which it seemed to me had been made necessary by his questions having been so partially answered.

Coqualeetza Industrial Institute.

CHILLIWACK, B. C.

REV. JOS. HALL,
PRINCIPAL.

Sardis P. O. Jan 23 1897

Only the pressure of important duties demanding immediate attention prevented me from doing this. And as time elapsed the impression of the importance of doing so became naturally less distinct. Had I had the least idea that so wrong a use would have been made of casual remarks and incomplete statements. I should then have felt that the importance of writing the fuller statements and explanations was supreme over every other consideration whatever. I am far enough from imagining that there was any thought in the mind of the Hon Mr. Sifton that we were guilty of that with which we have been so recklessly and unjustly charged of receiving Government monies dishonestly, or in the language of the charge that most of the Children attending the Institute "and on whose account a grant is drawn regularly by the school, are half breeds who should attend the Public Schools supported by the Provincial Government. and that their white fathers are still alive and residing in British Columbia". Had a thought of this kind had its place in the mind of the Hon Mr Sifton it is a thousand pities that he had not spoken it out on the spot. and I feel constrained to say that it was only due to me that the charge have done so. The matter could very quickly have been settled to his entire satisfaction. If a remark was made by myself to the effect that I found it difficult or "very difficult" to find Indian Children of which I have not the slightest recollection. and cannot persuade myself that I did so. it was certainly not in the way of justifying or excusing ourselves in accepting Government monies to which we had no right. It is true that it is often difficult to persuade Indian parents to send their children to an Institution of this kind particularly if they live a little remote from its location because they say it is too far. they cannot see their children as often as they would like. and the affection of the Indian for their Children is very strong. and they like to have them with them. But I had not at the time of Hon Mr Sifton's visit had any personal experience of that kind. I had never gone out on a recruiting tour. But the matter of having made the remark or not Concerning the great difficulty of getting Indian Children is not Material as it did not and does not now had any relation to the charge of which I am speaking.

Memorandum

160189

DEPARTMENT OF INDIAN AFFAIRS
AUG 11 1897

Industrial School needed for the Indians
on the Squamish Reserve
Opposite Vancouver

In the fall of 1894 the Squamish Indians sent a petition to the Honorable the Superintendent General of Indian Affairs, the Honorable Mr. Th. Daly, asking for an Industrial School on their reserve opposite the City of Vancouver.

The above petition was seconded by some Gentlemen from Vancouver and by me in writing and was forwarded to the Honorable Mr. Daly by Mr. G. E. Corbould, M.C.

A kind reply was made by the Honorable Mr. Daly on the 21rst December to Mr. G. E. Corbould, but no promise was given.

At the end of August 1895, the Honorable Mr. Daly came to Vancouver with His Deputy Superintendent General of Indian Affairs, Mr. Hayter Reed. Mr. Reed paid a visit to the Squamish Indians on their reserve opposite Vancouver.

The Squamish Chiefs, seconded by the Chiefs of Sechelt, Sliammon, Clahos and Homalko tribes along the Coast, handed to Mr. Reed a second petition asking for the establishment of an Industrial School on their reserve. Said petition was again addressed to the Honorable the Superintendent General of Indian Affairs, the Indian Chiefs entreating Mr. Reed to use his influence in obtaining for them, the Industrial School they most needed for the education of their children.

Few Months after they received a favorable reply through Mr. Superintendent of Indians at Victoria, Mr. Vowell and the Agent of Fraser Agency, Mr. Frank Devlin. An Industrial School was to be established on their reserve.

To the above communication the Squamish made the following reply:

To the Honorable
the Superintdt Gen. of Ind. Affs
Ottawa.

Squamish - November 20th 1895

We have duly received the letter by which you inform us and the Chiefs of the Sechelt, Sliammon, Clahos and Homalko tribes that the Government has been pleased to grant us the Industrial School we are in a great need for

the education of our children

We hasten to offer you our sincere thanks and the thanks of our people for the grant placed in the Estimates for the construction of the school buildings on our Squamish Reserve.

We take the occasion to humbly beg that said school buildings be large enough to accommodate at least one hundred and fifty children. There are over three hundred children in the four Tribes to be benefitted by the said Industrial School.

We are happy to state that our people were so overjoyed to hear that you would give us an Industrial School, that they put themselves at once to clear and grub the ten acres we have selected and reserved for the site of the School. We will have the ten acres free of stumps and entirely cleared by the first of April next.

We remain your humble servants

RT. REV. PAUL DURIEU,
D. D., O. M. I.

160189

New Westminster, B. C., the 9th December 1896

The Honorable Clifford Sifton
Superintendent General of Indian Affairs

Sir

I have the honor to bring to your notice the advisability and the necessity of the establishing an Indian Industrial Boarding School on the Squamish Reservation opposite Vancouver, Burrard's Inlet.

Five different tribes, named Squamish, Seshelt, Sliammon, Clahoos and Homalko, are living on the Mainland Coast from Vancouver to Bute Inlet, in the Western part of the Fraser River Agency. They are often coming to Vancouver for trading purposes. They number 1150 in all. They have 400 children, 200 of whom are of school age. Not one of them has ever been to school, all are ... growing up in total ignorance.

The chiefs of said tribes many times appealed to the late Government for an Industrial School. Promises were made but never kept. In view of the promises made the Indians cleared very near the ten acres of land they have reserved for a school site, they are still waiting the promised buildings.

These Indians deserve to be encouraged in the progress they have made in civilization. Their good conduct is of so long a standing. The Squamish Village opposite Vancouver is a model of order and cleanliness for which it is much admired not only by the citizens of Vancouver but by Tourists and strangers. Their good behaviour has been a credit to the Federal Government and an honor to the City of Vancouver. Some efforts should be made to raise them to a higher standard and an Industrial School is

the very means to bring their children to a higher state of Civilization.

Therefore I respectfully beg that a grant of fifteen thousand dollars be placed in the Estimates and voted by Parliament next Session for the erection of suitable School Buildings, and that same be pushed forward at an early date. If said grant was secured this year, I think that I could manage to get the balance necessary to put up Buildings suitable for the purpose. It grieves me to see these children growing up in ignorance.

I feel confident that you will take my demand in due consideration and grant it.

I have the honor to be

Sir

your humble Servant

Paul Durieu

R. C. Bishop of New-Westminster.

Memorandum

of the Conversation I had with the Hon. Mr. Tarte at New-Westminster. November 1896

1º Concerning the Establishing of an Indian Industrial School on the Squamish Reservation, opposite Vancouver.

This is a long felt want. Five different tribes of Indians scattered on the mainland Coast from Vancouver to Bute inlet, in the Fraser River Agency, number 1150 in all. They come often to Vancouver for trading purposes. They have 200 children of school age; not one of them has ever been to school; all are growing up in total ignorance.

These Indians many times appealed to the late Government for an Industrial School: promises were made but never kept.

In view of promises made, the Indians cleared ten acres of land on their Reserve for a school site, they are still waiting the promised buildings.

These Indians certainly deserve better treatment. They are an exemplary class and should be encouraged. The Squamish Village opposite Vancouver is a model of order and cleanliness for which it is much admired not only by the Citizens of Vancouver but by Tourists and Strangers.

Therefore I respectfully ask that an appropriation of fifteen thousand dollars be voted by Parliament at next Session for the erection of Suitable School buildings and that same may be pushed forward at an early date.

2º Concerning a request for a grant of $6500.00 to St. Mary's Indian Boarding School for fifty pupils.

The grant we receive from the Dominion Government for said school is sixty dollars ($60.00) only, for each of sixty pupils ($3600.00 per annum). I have to complain of this diminutive Capitation grant of sixty dollars per pupil.

Experience has proved that such Capitation is entirely insufficient for providing a pupil with board, clothing, washing, mending, books and stationary, Doctor's fees, medecine etc. and keeping the school up to the high standard required by the Government and the parents of the Children.

I wish that time permitted you to see St. Mary's School. We have

ETY ▲ FILM ✦ ●

160189

erected at our own expense and at a cost of eighteen thousand dollars two separate school buildings: one for girls under the management of four Sisters of St Ann, the other for boys under the direction of two Fathers and two Laymen. There is ample accommodation for forty five children in each school.

We incurred this large outlay under the impression that the Federal Government would furnish the means of carrying on these schools for the benefit of a Catholic population of 1394 Indians.

A careful census taken this year by my Missionaries shows that the Indians living in the Valley of the Fraser River from Yale down to its mouth form a population of 1676 souls, 1394 of whom are members of the Catholic Church.

Among these thirteen hundred and ninety four (1394) Catholic Indians there are now many heads of families who have been educated at St Mary's Boarding School established in 1861, upwards of thirty five years ago. They have received their education in those schools and to those schools they wish to send their children, 77 of whom are there at present.

The golden rule of the Federal Government being, not to disturb the faith of the Indians but to leave them to the guidance of those who have converted them to Christianity, I firmly hope that the Government will help those Catholic Indians to have their children educated in the school of their choice and of their faith and place them there on the same terms as the Indian children are admitted by the Government into the Methodist Boarding School of Coqua Leetza, at Chilliwhack.

The Dominion Government having found it advisable to grant six thousand and five hundred dollars for fifty pupils to the Methodist School of Coqua Leetza, should grant the same amount for fifty pupils to the St Mary's Catholic School: they are both in the same District but 20 miles a part; they are for the same tribe, whose Indians are nearly all catholics; they give the same common-school industrial education to their pupils. As a proof of St Mary's School's efficient training, I may mention that the pupils of the Sisters of St Ann were awarded ten first class and two second class prizes at the Grand Agricultural and Industrial Exhibition held last year at New-Westminster.

Therefore in asking for the St Mary's Indian Boarding School a grant of Six thousand and five hundred dollars for fifty pupils, I simply ask

for justice, equality and nothing more, and when the matter is reconsidered, I am satisfied the Government will comply with my request and place on the Estimates of the year 1897 a grant of Six thousand five hundred dollars for the St. Mary's Boarding School and have it voted by Parliament on its next Session, Though it would be fairer, all things considered, to allow the Capitation rate of $70.00 for each of 60 pupils, the number at present paid for, at the insufficient rate of 60 dollars per pupil.

EXAMINED
SCHOOL BRANCH

OTTAWA 9th March 1897:-

MEMORANDUM

In reference to the application for a grant for the establishment of an Industrial school at Squamish B.C.,made by His Lordship Bishop Durieu,

The undersigned begs to say that there is no school of this class on the Lower Fraser. There is a Romac Catholic boarding school at St Mary's,Mission City with provision for 60 pupils at $60 each per annum, and a so-called Industrial School at Chilliwhack (Coqualeetza) with provision for 50 pupils at $130,conducted by the Methodist Missionary Society. The Bishop in making his application complains of the ibcreased grant to the Coqualeetza Home, Although nearly all the Indians of the Lower Fraser are shown by the census returns to belong to the Roman Catholic faith, the proportion being about 10 to 1,they have no Industrial school.

The undersigned thinks that if increased provision could be made for St Mary's Mission,another Roman Catholic school would not be required on the Lower Fraser.

The grant to the Coqualeetza Home of $130 p.c. seems to be excessive for a school of its class,and the undersigned thinks that if a larger number were provided for,the rate of

A. W. Vowell Esq
Indian Superintendent
Victoria B.C.

Dear Sir,

I beg to communicate again with you in the matter of the establishment of an Indian Boarding school at Squamish opposite Vancouver, which was the subject of my letter of the 20 th September last.

In order to hasten the establishment of this Boarding School for the coast Indians, I come to submit the following proposition: Let the Government give a yearly grant of Six thousand Dollars ($6000.00) for sixty Indian Pupils, then I bind myself to construct, furnish and equipe the School Buildings proper and all other Buildings needed for such an Institution, (an expense of about twenty thousand dollars), and I will run the establishment without any further grant than this yearly allowance of six thousand dollars.

I hope that my proposition will be found acceptable and that you will support it and recommend it to the Government.

I have the honor to be
Dear Sir
Your humble Servant
(sgd) Paul Durieu O.M.I.

New Westminster, B.C.
November 11, 1897.—

DEPARTMENT OF INDIAN AFFAIRS
DEC 11 1897

To the Honorable Clifford Sifton,
Superintendent-General of Indian Affairs,
Ottawa,

Honorable Sir,

In your answer to my request, made last spring to the effect that the Government establish a school on Burrard Inlet, opposite Vancouver, for the Squamish Indians and the other coast tribes of the Fraser River Agency, you stated that before deciding anything in the matter, you wished first to become conversant with all the affairs of the Indian Department.

As you are now in possession of all the available information I beg to remind you of my application.

To facilitate matters for the Government I make the following proposition:

Let the Government grant a yearly allowance of $6000.00 for 60 Indian children, and I will agree to erect suitable school-buildings with all the necessary appurtenances, to furnish and equip the same. These works would entail an expense of about $20,000.00.

I hope that with this offer the Government will finally consent to give the necessary help which has been so long expected by these most deserving Indians.

I have the honor to be,
Honorable Sir,
Your servant,
+ Paul Durieu, O.M.I.

Ottawa, 17th December, 1897.

Sir:

I have to acknowledge the receipt of your letter, No. 702 A3, of the 11th instant relative to the proposal made by Bishop Durien in connection with the establishment of a Boarding school at the Squamish Mission, opposite Vancouver.

In reply I beg to say that a letter on the same subject from Bishop Durien dated the 11th Novembervas received by the Department on the 11th instant, and I enclose herewith a copy of the reply sent to His Lordship on the 13th instant.

Your obedient servant,

A. N. McNEILL

Asst. Secretary.

DEPARTMENT OF INDIAN AFFAIRS
DEC 20 1898

178915

NEW WESTMINSTER, B. C.,

Nov. 28, 1898.

James A. Smart, Esq.
Deputy Supt. Gen. of Indian Affairs,

Dear Sir,

Last January I had several interviews with you on the subject of certain applications made by His Lordship Bishop Durieu, of New-Westminster, to the Department, for Indian School purposes. You will remember that one was for $100 per capita, for 60 children for a Boarding School at Squamish. The other was: that the present very insufficient allowance, to St. Mary's Mission School, be increased from $60 per capita, for 60 children, to $100 per capita for the same number of children.

You seemed very much interested in whatever information I could give you and with the figures of statistics prepared from annual Reports, to support both these applications. From Table of Indian population, which I had compiled, you clearly saw that the school at Squamish is very much needed. You were also shown that in British Columbia it is not possible to keep up an efficient boarding school, one that would be a credit to all parties concerned, with a per capita allowance less than $100. and hence the necessity of doing more than is at present done for St. Mary's B. Schl.

From what I could judge, during the conversation, with you, you seemed to enter into our views and expressed the wish to aid us, and you promised to recommend our needs to the Hon. the Superintendent Gen. of Ind. Affairs. You may realize how disappointed the Indians were here, as well as ourselves, when the Govt Government refused the grants for Squamish and for St. Mary's.

www.collectionscanada.gc.ca

Having been given to understand that it was an impossibility for the Governm't to grant anything this year ,we were resigned to the refusal. As,however,a certain other schoolof this province,which had already a very full allowance, was,this very year,granted an increase in its annual grant,it seems hard to understand why our applications,so reasonable,~~were~~ were totally disregarded.

Now,dear Sir, as the time is at hand when the new estimates are to be prepared,and as your recommendation in the matter of distribution of funds for Ind. Schools is of the greatest weight,I beg to remind you of our two applications, and pray that you would consider them favorably and recommend their acceptance.

Although refused this year we were given the hope that next year,at least the Goverhment would grant our requests.In prevision of obtaining ~~what~~ the required grants next year,Bishop Durieu erected a school buildings,at Squamish,for the accommodation of fifty children.Considering that the Government found means to materially increase the annual grant to another School,when it had declared that no increase would be allowed,it will surely find means to aid Bishop Durieu in his undertaking to provide a proper school for those Indians who have, so far, been neglected. It lies with the Government Now to help the Bishop to provide the necessary food and clothing for the intended pupils. Less than that the Government cannot well do for its wards.

Trusting that you will give our request your efficient favorable consideration , Iam,

Dear Sir,

yours respectfully,

A. Dontenwill O.M.I.
Coadjutor Bishop (R.C.)
New-Westminster

178915

NEW WESTMINSTER, B.C.,

Nov. 28, 1898.

To The Honorable CLIFFORD SIFTON, M.P.,

Superitendent General of Indian Affairs,

Honorable Sir,

I beg leave to allude to the interviews it was my pleasure to have with you at Ottawa, last session, on the subject of two applications, which had been made to the Government. One of these applications was for a grant of $100 per capita for sixty children, for an Indian Boarding School at Squamish, on Burrard Inlet, opposite Vancouver. The other, was that the present grant to the St. Mary's Mission Boarding School be raised from $60 per capita, for Sixty children, to $100 for the same number of chidren.

We went fully into the reasons for both these requests and you acknowledged then the justice of these claims, but you declared that, this year, the Government was forced to refuse all new applications. You stated, however, that when the Government would do something, our requests would be considered among the first. After the refusal experienced, we were not a little surprised, lately, on learning that the Government had, this very year, materially increased the already abundant annual grant of a certain Indian School of this Province, while our two applications had been entirely ignored. The Government's action in behalf of the school in question, gives an additional reason for calling to your mind our requests made before last session, We therefore pray that you will consider our applications and have the grants, asked for the purposes mentioned, placed on the

Indian Affairs (RG 10 Volume 6467, file 889-1, part 1)

ARCHIVES PUBLIQUES
CANADA

POOR-COPY

estimates for the coming session.

I may add that His Lordship Bishop Durieu, relying on the favorable report I had given him of your kindness during the interviews, and in previsione that at the next year's session, at least, our requests would be granted, has erected a school building at Squamish, for the accomodation of fifty children. Surely the Government will not leave him exposed to the impossibility of opening the school for want of means to care for the intended pupils. He expresses the hope that you will aid him to carry out his undertaking in behalf of the Indians, your wards, by granting the per capita allowance mentioned.

In the hope that you will accede to our requests ,

I am ,

Honorable Sir,

Yours very faithfully,

+ A. Dontenwill O.M.I.
Coadjutor Bishop of
New-Westminster.

THE SECRETARY.

CONTRACTS - PRINTING
DEC 15 1898
SCHOOLS

With reference to the letters of the 28th ultimo addressed to the Minister and the Deputy Minister by Bishop Dontenwill, renewing applications made by Bishop Durieu and himself for an increased grant to the St. Mary's boarding school and a grant for a proposed boarding school at Squamish, I beg first to quote the following memorandum in respect to the school proposed to be established at that point :

" Dept of Indian Affairs,
3rd January 1898.

"The Secretary. With reference to the application made personally by His Lordship Bishop Dontenwill, of New Westminster, B.C., for a grant of $70 per capita for 40 pupils at a boarding school proposed to be established at Squamish, opposite Vancouver, Burrard Inlet, the Roman Catholic Church agreeing to erect and equip the necessary buildings, I beg to say that in reply to a similar application from the Bishop and Coadjutor Bishop of New Westminster dated the 11th November last the Department stated on the 13th instant that the Superintendent General regrets that no assistance can be given towards this object at present, as it has been decided not to contribute anything towards the establishment of new schools for the Indians

either this year or ~~the~~ next.

The Bishop will probably urge the necessity for the establishment of a school at Squamish on the ground tha nearest Roman Catholic schools are the St. Mary's boarding school and Kuper Island industrial school, and that these two schoolscannot provide accommodation for the Indian children of so large a district.

The present application might be considered in connection with the request for an increased grant to the St. Mary's boarding school. H.C.Ross."

On this memorandum the Minister wrote "No grant." And Bishop Dontenwill was accordingly informed on the 13th January last that the Superintendent General regretted that he did not see his way to altering the decision conveyed to His Lordship Bishop Durien on the 13th December (1897), namely, that no assistance could be given, as it has been decided not to contribute anything towards the establishment of a new school this year nor possibly next.

With reference to the application in respect to the St. Mary's boarding school, I beg to quote the following memorandum :

"Dept of Indian Affairs,
31st December, 1897.

"The Secretary.--- With reference to the application made personally by His Lordship Bishop Dontenwill, of New Westminster, B.C., for an increased grant to the St. Mary's Mission boarding school, namely, that provision be made to pay for 100 children at $70 per capita, instead of for 60 pupils at $60, as at present, I beg to say that such an increased allowance would put this school on a much higher basis

than

Indian Affairs (RG 10 Volume 6467, file 889-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

www.collectionscanada.gc.ca

than any other boarding school in British Columbia, the other three schools of this class receiving the following grants :—

(C.E.)	Alert Bay Girls' Home, 10 pupils at $60 :	
(Meth.)	Port Simpson Girls' Home, 20 pupils at $60 :	
(C.E.)	All Hallows, Yale, 30 pupils at $60.	

I observe the draft of a letter on file from the Superintendent General to His Lordship Bishop Durien, dated the 28th January last, in which the Minister stated that he could not hold out any promise that during the present fiscal year (1897-98) any changes would be made in respect to the St. Mary's School. At that time Bishop Durien's application was for a grant of $130 per capita for 50 pupils. The present application is, therefore, for a much smaller grant.

In case it should be desired to make a comparison between the St. Mary's boarding school and the <u>industrial</u> schools in British Columbia, I subjoin a list of the grants to the schools of the latter class :—

C.E.	Metlakahtla, (i.e. 25 boys at $140, 25 girls at $100, average $120)	50	pupils at	$120.00
	Alert Bay,	35	pupils at	130.00
R.C.	Kamloops, Kootenay, Kuper Island, Williams Lake,	50	Pupils at	130.00
Meth.	Coqualeetza,	80	pupils at	130.00

H. C. Ross."

ARCHIVES PUBLIQUES
CANADA

POOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

It is presumed that the school to which Bishop Dontenwill refers as having received an increased grant during the present fiscal year is the Coqualeetza Home, at Chilliwack. This, however, is not exactly the case. An increase to this school was voted for the year 1897-8, namely, $130 per capita for 80 pupils instead of for 50 as formerly, but the increase in the grant was not paid during that year. The same amount was voted for the ~~next~~ present year, and one quarter has been paid at that rate, namely, from the 1st of July last.

Memo. Mr McKenna:-

As requested I send herewith File No. I22050 containing the application for a grant to an Industrial school at Burrard's Inlet. As you will see frequent applications have been made since 1894 for this purpose. I also forward file II9,704 in which His Lordship, Bishop Durieu, transmits a tabular statement showing the B.C. population, the school grants and the children of school age, &c. From it you will see that there are 450 R.C. children in the Fraser River Agency with boarding school provision for only 60. The Methodists who had only 28 children of school age had provision made for 50 children at $150. This statement was prepared 2 years ago and although the census has not changed to any great extent, the number of Methodist children pro-vided for has been raised to 80 pupils, while the ~~Anglicans~~ R.C. remain the same.

R.E.

Ottawa, 14th April, 1899.

Memorandum for the Minister,

Hereunder is a memorandum from Mr.Benson respecting the application for a grant to a school at Squamish, Burrard's Inlet. He refers in the memorandum to an Industrial school but I observe in a communication of the 11th November,1897, Bishop Durien asked simply for an ordinary boarding school grant of $50 a year for sixty children, he agreeing to erect and equip the necessary school buildings.

Since writing this I observe that the Bp. asks for $6000, at the rate of $100.

I observe that in a letter of the 4th December,1897, Mr.Vowell recommended that the Bishop's proposal be accepted, as he considered that the terms offered were most reasonable and as he knew "that the Indians in that locality are anxiously looking for the fulfilment ofthe promise made to them to that end some time ago by Mr. Hayter Reed when he visited the Coast as Deputy Superintendent General."

I find that in September,1895, a petition was received from the Chiefs of the tribes of the Squamish Mission in which it was set forth that the school had been promised forty years ago by Governor Douglas and they were still waiting for it, and in which it was asked that a convent and college should be founded "where the children could be taught, fed and clothed." Mr. Reed acknowledged this petition in these words:-

"I beg to inform you that your application is approved of, and an item to provide for a school at that place will

Indian Affairs (RG 10 Volume 6467, file 889-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

will be inserted in the estimates which it is hoped will be passed by Parliament."

Naturally the Indians inferred that something in the nature of a boarding school was to be established, and in a communication of the 20th November,1897, the Chiefs expressed their pleasure and asked that the school be made large enough to accomodate at least 150 children; they intimated that the Indians were so pleased that they had put themselves at once to clear 20 acres of land which they had selected and reserved as a site for the school.

On receipt of this communication Mr.Reed wrote Mr. Vowell to disabuse the Indians of their impression of the character of the proposed school as he had acted under the impression that it was a day school that was asked for

Whatever may have been Mr.Reed's impression, the Indians made a very clear request for a school in which their children would live, and he as clearly expressed in writing his approval in addition to the verbal promise he made according to Mr.Vowell's statement; and no explanation which could be offered will ever convince these Indians that they have been dealt with in good f faith.

I venture to submit that the Department having so far committed itself, the best course to pursue would be to act upon Bishop Durien's proposal to build and equip a boarding school, ~~if the Bishop will be satisfied with the upon the Department's providing the~~ usual contribution for sixty pupils. I don't think we cued make any increase in the boarding school rate unless we are prepared to increase the rate all round.

Hon. Wm. Morrison, Esq. M. P.

DEPT. OF INDIAN AFFAIRS
18669
RECEIVED
MAR 19 1899
OTTAWA

Honorable Sir,

The Federal Government, in its last session of Parliament, did not make the grant for which we have been begging these many years past, for the boarding of our children at school.

We see with sorrow that the children of the neighboring tribes are educated in schools provided for them by the Government, while our Children are left without any means of being instructed. We cannot understand why the Government does nothing to help our children to rise out of their ignorance.

We have grown tired to write year after year, to the Indian department begging for aid for the purpose of educating our children. You are our Member, you know our situation, and our wants. To you, we come again and entrust to you our interests. See that justice be done to us, and that a grant be voted this coming session for the boarding of our children in the school which our Bishop has built Djacent to our Reserve. You alone can obtain this grant for us. All our petitions to the Government have been in vain: they have been ignored by the Indian department.

We hope, therefore, that you will exert so well your influence during your stay in Ottawa this year, that you will obtain the grant we wish to be applied in the only useful way of educating our children that is, in a Boarding school.

We have the honor to be, Honorable Sir,

INDIAN AFFAIRS DEPARTMENT JAN 15 1901

NEW WESTMINSTER, B.C.,

JANUARY 4, 1900,

To The Honorable CLIFFORD SIFTON, M.P.,

Superintendent General of Indian Affairs,

193428

Honorable Sir,

I have the honor to remind you that several times during the past few years, His Lordship, the Rt. Rev. Paul Durieu of New Westminst and myself, then his coadjutor, have ~~q~~ applied to you for a grant in favor of an Indian Boarding School at Squamish Mission, opposite Vancouver. Our applications were refused every time.

Now, as successor to the late Bishop Durieu, on the see of New-Westminster, and being animated with an equal desire to further the advancement of our natives, I feel it my duty to take up the matter where it was was left by him at his death.

With unwonted energy the late prelate had succeeded in erecting a suitable building to accommodate fifty boarders and he was fortunate enough in securing a good teaching staff. We mentioned this to you when we last asked for a grant. The Indian Supt. Mr. A.W.Vowell, and the agent for the district, Mr. Devlin, can both testify to the good condition of the building and the excellent quality of the teaching staff. You may easily understand what a drain the outlay of over 5000 Dollars, required for the work, was on the resources of a very poor diocese, like ours. Nevertheless, we did not hesitate to make this outlay in the interest of the Indians, in the hope that the Govrenment would come to our aid for at least the boarding of the children, who, after all, are the wards of the same Government.

In your refusals you gave us ground to expect a grant this year. The Indian chiefs themselves have again petitioned you, through the Hon. Mr. Maxwell, Member for Burrard, for a grant, and their letter must have reached you ere this.

In the correspondence which was held on the subject of this grant ,son two years ago, statistical data were referred to and reasons sufficient were adduced to convince you of the necessity of the grant asked for. Again, in the personal interviews it was my honor to have with you and with the Deputy Supt. Gen. , at Ottawa, about the same time,both of you were satisfied that reasons more than sufficient existed that an allowance should be made , on the basis of Boarding Schools. Needless therefore that I should enter again into details in the matter.

It remains for me simply to renew the request made in preceding applications, namely , that you would place on the estimates for the coming year a grant for boarding fifty children, at the Indian Boarding School, at Squamish Mission , Burrard Inlet.

In the hope that this time my request ,made in the name of your dese deserving wards, supported by the Hon. Member for Burrard, will be granted, and wishing you and the Government whom you represent in regard to the Indians, whose interests we shall never abandon, long life and prosperity,

I am ,
Honorable Sir,
Yours very truly,

A. Dontenwill o.m.i.

Jas. A. Smart.

Deputy Superintendent General of Indian Affairs, Esq.

Dear Sir,

You are aware that in the course of the past few years the late Rt. Rev. Bishop Durieu of New Westminster and myself, then his coadjutor, have repeatedly applied to the Government for a grant for a Boarding School at Squamish. In November 1898, when we last appealed to the Honorable Minister of the Interior and Supt. Gen. of Ind. Affs., we informed the Honorable Gentleman as well as yourself that we had erected a fitting school house large enough for fifty boarders and that we had secured a good staff of teachers, and all that we required then, and had good reason to expect, was that the Government would be pleased to give a sufficient grant to board the children.

Needless to remind you that we have experienced refusal after refusal. Pursuant, however, to a passage of your last answer Dec. 17, 1898, N° 122,050, wherein you stated that assistance could be given only after the expiration of last year, I come to renew the application formerly made for a grant for boarding fifty children at Squamish School.

As I succeed the Rt. Rev. Bp. Durieu on the see of New-Westminster it behooves me to take up and continue his work among the Indians of the Province. I should be wanting in my duty did I not resume the matter of the Squamish School where he had left it at his death. I have therefor appealed again to the Honorable Minister, the Supt. General of Ind. Affairs on the subject and

R.E.

SUPERINTENDENT GENERAL OF INDIAN AFFAIRS CANADA

Ottawa, 6th February, 1900.

ACCOUNTANTS FEB 7 1900 BRANCH.

Memorandum: Superintendent General,

Respecting the application for a grant for a Boarding School at Squamish (an Indian village opposite Vancouver) which was renewed yesterday, I find that the Indian population of the Fraser River Agency is 3,165, made up as follows:- Anglican 91, Methodist 153, Roman Catholic 2,740, Pagan 181; and that according to a memorandum made by the clerk in charge of the schools branch on the 23rd March,1899, the boarding school accomodation for these Indians consists of one boarding school conducted under Roman Catholic auspices to which a per capita grant of $60 is contributed for 60 pupils, and an Industrial school conducted under Methodist auspices for which a per capita grant of $130 for 80 pupils is provided.

It appears from a report made by Mr.Vowell that when Mr.Hayter Reed visited the Coast as Deputy Superintendent General he led the Indians who petitioned

for

for a school at Squamish to understand that the desired provision should be made. Moreover, in 1895 the Chiefs forwarded a petition in which was set forth that although the school had been promised 40 years ago they were still waiting for it, and it was asked that a"convent or college should be provided where the children could be taught, fed and clothed." Mr.Reed acknowledged the petition in these words:- "I beg to inform you that your petition is approved of and an item to provide for the school at that place will be inserted in the estimates which it is hoped will be passed by Parliament."

On the Chiefs expressing their pleasure at the reply, Mr.Reed wrote to Mr.Vowell to dispo sses the Indians of their impression as to the character of the proposed school, as he understood that it was a day school that was asked for.

Whatever may have been Mr.Reed's impression, the Indians made a very clear request for a school in which their children could live, and his reply was such as to lead them to expect that their request would be entertained. No explanation which could be offered to these Indians would ever - in the face of the former Deputy's action - convince them that they were being

dealt

194869

dealt with in good faith. But, apart from this consideration, my view is that there is a real necessity for a boarding school at Squamish; and I think that the per capita grant should be made. I understand that the Bishop of New Westminster has erected a school at the expense of the diocese, and that all that is asked for is a grant for the maintenance of the pupils. I observe that requests made at different times have been for a larger grant than is usually made to boarding schools in British Columbia, namely, $60 per capita. I do not think, however, that we can increase the grant unless we are prepared to deal with the whole question of the adequacy or inadequacy of grants to boarding schools in British Columbia.

I would recommend that $3,000 be provided in the supplementary estimates for the current year, to enable the Department to pay a per capita grant of $60 for 50 pupils at the school.

Squamish School

MEMORANDUM: = = = = = = = = =

For the Secretary: = = = = = =

Included in the Supplementary Estimates for 1899-1900, there is an item of $3,000 for fifty (50) pupils at $60.00 each at the Squamish Boarding School.

Payments may be made out of this grant to the 31st. instant, and steps might be taken to obtain the necessary returns.

If these are not in in time, I would suggest drawing a cheque in favor of Supt. Vowell.

Department of Indian Affairs.

OTTAWA,13th February,1905

The Deputy Superintendent General:-

With reference to the petition hereunder from the Chiefs of the Squamish tribe for the conversion of the Squamish boarding school into an industrial school,which is addressed to Mr Macpherson, M.P.,I beg to say that I do not think that any more industrial schools are required in B.C. The Roman Catholics have an industrial school on Kuper Island to which advanced pupils from Squamish could be sent if necessary. The Squamish boarding school has provision for 50 pupils and they have that number in attendance now.

A.W.Vowell Esq.,

Superintendent of Indian Affairs,

Victoria,B.C.

Sir:

I have the honor to report,as directed by you,regarding the petition sent to the Department by the Squamish Indians requesting the conversion of the Indian Boarding School at Squamish into an Industrial School.

I visited the institution on Friday March 17,inspected the pupils and the premises very carefully,and found all clean bright,and in good condition. But for the following reasons I could not recommend the Department to grant the prayer of the petition:

First--I do not consider the situation suitable for an Industrial School.Not sufficient land,there being only 14 acres,and only part of that suitable for cultivation,and this is close to the City limits of North Vancouver,which is build ing up very fast,and an Industrial School is not best so close to a town. Then,as is the case with the Indians on the False Creek Reserve,I fear it will only be a short time be- fore the town people of North Vancouver will agitate for the removal of these Indians from their town,thus to spend a large sum of money there would be unwise.

Secondly--The present buildings are not sufficient to carry on an Industrial School, and suitable out-buildings would be required.

Thirdly-- The Principal and Staff do not wish the change to be made,and the Indians presented the petition without their knowledge.

The parents,well to do,who have children in the Boarding-School,are supposed to occasionally supply shoes and stockings,and,once in a while ,articles of clothing.The Indians would like to be relieved of this,and think that the enlarged grant for an Industrial School would release them from further help.

The Squamish Boarding School is doing excellent work,the children are small,and I would respectfully recommend that it be continued as a Boarding-School.

Should the Department desire to establish an Industrial School in this Agency,St.Mary's Mission on the Fraser,is in my opinion the place. A Boarding School has been operated there,for the welfare of the Indians for many years;where there is sufficient good land,and very substantial buildings. The farm is well stocked with cattle,and well supplied with all kinds of farming implements.

480/4.

Sir:-

I have the honor to acknowledge the receipt of your letter of the 7th instant, No. 0-4, 497, informing me that a petition has been received by the Department from the Squamish Indians for the conversion of the Squamish Mission boarding School into an Industrial School and requesting me to furnish a report in regard to the working of the Institution.

In reply I beg to state that the work done by the principal and her staff of assistants in educating and caring for the Indian children committed to the charge of the Institution, has been of a most satisfactory nature as a boarding School; but the parents are most anxious that the pupils should, in addition to the branches now taught, have an opportunity to learn such trades as are taught in Industrial Schools so that when they leave the school they will be in a position to make a good living for themselves and those who may be depending upon them. This, however, the management is unable to attempt without the additional grant allowed by the Department to industrial schools, in fact complaint is frequently heard that the grant at present received from the Department is insufficient for the maintenance of the Institution as at present conducted without attempting anything in the way of an industrial school. There are at present fifty-seven pupils (26 boys and 31 girls) at the School. The

The Sisters in charge own about fourteen acres of land upon which the School is built, and the Squamish Mission reserve adjoining the School property contains thirty-eight acres, these two parcels might be considered too limited an acerage for a permanent industrial school; but, from the way the price of land in that locality is advancing, I am of the opinion that in a very few years this School property might be sold for a sum sufficient to build and equip an industrial school on one of the Squamish reserves at Squamish river where they would have plenty of good land, and in the mean time the available land at the present School might be cleared up and used for farming purposes.

If I may be permitted to make a suggestion in regard to the conversion of boarding into industrial schools, I would say that it appears to me that St. Mary's Mission School would be the most suitable of any in the Agency for that purpose. They have plenty of farming land, good buildings, stock and farm implements, and pupils, after attending either the Squamish or Soshelt Schools for a few years, might be transferred to it, if they were desirous of acquiring trades, &c.

I have the honor to be,

Enclosures

I have the honor to acknowledge the receipt of your letter of the 28th of Feby. last, No. 122050, in reference to a petition that had been received from the Squamish Indians asking for the conversion of the boarding school at that place into an industrial school, &c.

In connection with the above I have the honor to forward herewith Mr. Indian Agent McDonald's report of the 16th ultimo, No. 420/4, and a report, today received, from Revd. A. E. Green, Inspector of Indian Schools, B.C., expressing their respective views on the subject.

On the 14th ultimo, accompanied by Mr. Indian Agent McDonald, I visited the Squamish Indian Mission Boarding School where I found everything in perfect order, the dormitories sweet and clean, the pupils all looking healthy and satisfied with their condition, and reported to be giving very good satisfaction. There were at that time 31 girls and 26 boys being cared for and educated. During portion of the day I was present at their educational exercises, when their performances in the different branches being taught were creditable.

SAFETY ▲ FILM

of the boarding school into an industrial school did not emanate from the management but from some of the Indian parents who have, from time to time, been in the habit of supplying extra clothes and boots,&c.,for their children.

These Indians are pretty well off and like to see their children well dressed,&c., Some of them,it seems, object to so contribute,although they realize that the amount paid for the support of their children at the boarding school is not sufficient to admit of anything but the bare necessaries in the line of food and clothing being furnished by the Management.

They have been informed that the per capita allowance for Industrial Schools is much greater than that for Boarding Schools and think that if their children were pupils of the former they would not require contrib utions of clothing,be it ever so little,from their parents. There are some no doubt,who,taking a more broad minded view,would be pleased to have their children instructed in all the Industrial branches,&c.,&c.

The present pupils are all very small, and for reasons given in Mr.Inspector Green's report I would not recommend that the proposed change be carried out.

Should it,however,be contemplated to establish another Industrial School in the Agency I have no hesitation in endorsing the suggestions of the Agent and the Inspector that it be located at St.Mary's Mission which on account of facts stated is in every way suitable for the maintenance of such an establishment.

Your obedient servant,

Ex'd.

OTTAWA,13th April,1905

Sir,

In further reference to your letter of the 22nd February last,in which you ask the Department to reconsider its decision in regard to the conversion of the Squamish boarding school into an Industrial school I beg to say that as you were advised by me on the 28th of that month,full reports were asked for from the Superintendent,Agent and Inspector on this subject. These reports have now reached the Department and in the opinion of all three of these officers it is not deemed advisable to make the suggested change

The school authorities did not ask to have this done. The idea of convering the boarding into an industrial school emanated from the Indian parents who wished to be relieved of all expense in connection with the care of their children at the Institution, as the per capita grant paid boarding schools barely sufficient for maintenance and management and the parents have from time to time been asked to contribute clothes,etc.for their children.

It is not the present policy of the Department, as you have been previously informed,to increase the number of industrial schools at present,and were it disposed to do so,Squamish would not be considered a suitable

File 22,050-1

DEPARTMENT OF INDIAN AFFAIRS CANADA

Ottawa, January, 20, 1908.

The Deputy Superintendent General.

I beg to inform you that on October 5, last I made an inspection of the Squamish Boarding School located at North Vancouver, B. C.

The buildings are of frame, the original building being very old and in very poor condition.generally.

A new building annexed to original building has recently been erected and is a fairly substantial structure in good condition excepting the upper or dormitory story which shows signs of settlement and the plastering is badly cracked.

No system of ventilation has been attempted except through the windows which can usually be left open for ventilation purposes during the entire year.

The plumbing, etc., in the new portion of the building is modern and the work fairly well done. The number of fixtures installed are insufficient and should be increased particularly the wash basin.

The school has an amply system of drainage and is connected with city water supply.

There is a good laundry in connection with the school the equipment being about complete.

Although the building is somewhat elevated above the earth no basement has been provided the frame being erected on posts.

...Squamish Mission... 372538

Indian Boarding School

North Vancouver, B.C., September 18 1910

Dear Sir

The boys of St. Paul's school have the honor to address you a few words. We are all so anxious to have a band of our own, that we have tried all the ways possible to get the means to buy instruments, but have failed. The Principal of the school cannot, with the small pay she receives from the department, supply them for us; as for our parents they have hardly enough for themselves and we cannot earn money at school.

So before giving it up we thought of making an application to the Department, for the instruments needed for our band, and beg of you to send our request to Ottawa. Hoping it will be granted and thanking you before hand, we have the honor to be,

Respectfully yours
The boys of St. Paul's school.

HALFBREEDS AND WHITES.

Two halfbreeds and ten whites attend this school and pay the required fee. But I am strongly of the opinion that not more than sixty children should reside in this building, those with the seven members of the Staff, are all that can be well accomodated. And as some of the child - ren appear to be none too strong constitutionally, it is not well for them to be overcrowded. I consider it a mistake to have the white children in the school.

Ottawa, October 5, 1911.

Most Reverend Sir,

I have the honour to draw Your Grace's attention to existing conditions at the Squamish Mission Indian Boarding School.

On August 2nd this institution was visited by the Departmental Inspector and an enrolment of 70 pupils was reported. The Department provides a grant for 50 pupils and an examination of the building made sometime ago shows that there is only dormitory accommodation for 46.

As Your Grace is aware under the new agreement by which the per capita grant was increased to $100.00 it is agreed that sufficient accommodation is to be provided for the number of children enrolled.

The Inspector reports that there are two half-breeds and ten whites in attendance at this school. It will be seen that the presence of these twelve children must be detrimental to the health of the Indian children in whose interests the school was primarily conducted. If the management desires to continue to receive ~~the~~ any ~~increased~~ per capita grant ~~as provided for in the agreement~~ it will be necessary for them to discharge at once these twelve pupils and the number of Indian pupils should also be reduced as soon as the matter can be satisfactorily arranged

North Vancouver Indian Boarding School.

School opened January 1899, in a small wood building put up by Indians under direction of late Bishop Durieu.

School enlarged same year at the Sisters' expense.

Four years later, 1903, a new wing was added again at the Sisters' expense, too.

At the present time the building is too small to accommodate all the children of the tribe: though 53 enrolled. There are about 20 of age to be admitted that we cannot accept for want of room.

For these 23 years the Sisters have furnished lodging to an average of 50 children, with the only help of the Grant per Capita, which hardly covers the food expenses. Meanwhile the school has been burdened with heavy taxes, and the Sisters receiving no salary have ben obliged to work like slaves to make the two ends meet.

If the Government does not want to build a new school the Sisters wish the Department to pay them a salary with which they would be able to make the necessary improvements. Otherwise the staff cannot continue the work under such circumstances.

EXTRACT FROM MEMORANDUM OF REV. J. WELCH, O.M.I., ADDRESSED TO THE HON. J. H. KING, MINISTER OF PUBLIC WORKS, RE SQUAMISH BOARDING SCHOOL. Feb. 4/22.

(Original on 119704-1.)

Lastly, I am making an appeal in behalf of the Indian School in North Vancouver. The Department in all fairness should give them additional help or build them a new school. At present the children and the Sisters are packed like the proverbial sardines. For lack of funds they cannot better conditions. As at St. Mary's (Mission B.C.) their little garden and orchard are heavily taxed. The per capita grant is barely enough to supply the children and Sisters with food. It is only by appealing to the charity of other institutions that they can make ends meet. These hardworking and self-sacrificing women are the servants of the Government; why should they be forced to beg, in order to be able to carry on their noble work?

Sir,-

I have the honour to advise the Department that I have received information from Sister Mary Amy, Principal of the Squamish Indian Residential School at North Vancouver that she is leaving for a holiday and has transmitted her charge to sister M. Alix who is able to conduct the school and will act as Principal during her absence. The Rev. Sister in her letter trusts that there will be no objection to that proposition. The period of the vacation has not been mentioned.

Both Inspector Cairns and I have given our approval to this vacation subject to the concurrence of the Department as we are satisfied that Rev. Sister M. Alix is quite capable of taking over the duties as Principal during the absence of Rev. Sister Mary Amy.

Your obedient servant,

CHARLES C. PERRY

OFFICE OF
INDIAN AGENT

206 Winch Building,
Vancouver Agency, Vancouver, B.C.

1/140.

August 9, 1927.

Sir:

I have the honour to report that I presided at a regular meeting of the Squamish Indian Council at the Mission Reserve, North Vancouver, on July 15th.ult., whereat I was requested by the Council to address a letter to you as follows:

"It is the understanding of the Council from conversation with Mr. Andrew Paull, Council Secretary, who recently visited Ottawa on business, that the Department would be willing to consider a proposal to erect a new Indian Residential School to replace the one now existing at North Vancouver, B.C. and known as Squamish Indian Residential School.

The Council is informed by Mr. Paull that the Reverend Sisters of the Child Jesus, now conducting the residential school at North Vancouver, are owners of a piece of land in area approximately twenty-five acres near Capilano on the outskirts of North Vancouver, and that a Mr. Neish has another area of fifty acres adjoining that of the Reverend Sisters which he may be willing to sell.

The Council understands that when the building now in use as a residential school at North Vancouver was first erected, it was then intended that that building should be used for school purposes for only five years, and that probably by that time an up-to-date fire-proof building may be erected. It is believed that the present building has been in use for nearly thirty years and is becoming more and more decayed, the foundations are caving in in places, and the building is regarded more or less as a fire trap. The present building is a wooden frame building.

Duncan C. Scott, Esq., Lit. D., F.R.S.C.,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ont.

August 9, 1927.

The Council suggests the acquisition by purchase of the above mentioned land as being suitable for a new school building, the same having facilities such as easy light and water connections and good transportation by road, the quality of the land also being good; also the construction of a new and modern fire-proof building to be used for boarding school purposes; and has requested the Indian Agent to open up a discussion with the Deputy Superintendent General of Indian Affairs, with this object in view, the matter having been already discussed with him by Mr. Paull whilst in Ottawa."

The views of the Squamish Council are respectfully submitted according to the wishes of that body.

I have the honour to be,
Sir,
Your obedient servant,

(C.C.Perry)
INDIAN AGENT.

167-1-1.

August 18, 1927.

Dear Mr. Perry:

I have your 1/140 of the 9th instant, reporting that you have been requested by the Squamish Indian Council to bring to the attention of the Department the advisability of replacing on another site the Squamish Indian Residential School. In reply I have to inform you that there are many pressing claims upon the Appropriation for Indian Education and the various building requirements have to be considered in order of urgency. You should inform the council that their representations have been noted but that, at the present time, there are no funds available for the purpose.

Yours very truly,

J. D. McLEAN

J. D. McLean

REGULAR MEETING OF SQUAMISH INDIAN COUNCIL, VANCOUVER AGENCY, B.C., HELD AT NORTH VANCOUVER, AUGUST 31st., 1927, C.C. PERRY, INDIAN AGENT, PRESIDING.

Present: Mr. Andrew Paull, Secretary-Interpreter, and Councillors Gus Band, Chief Charlie, Chief George Williams, Chief Henry Jack, Chief Andrew, Chief Edward Joseph, Chief Edward Williams and Denny Paull.

RESOLUTION

Moved by Councillor Denny Paull.
Seconded by Councillor Gus Band.

That this Council having perused the letter, No. 167-1-1 dated August 18th. 1927, received by Indian Agent, C. C. Perry, from the office of the Deputy Superintendent General of Indian Affairs, Ottawa, in which the Council is informed that their representations made in connection with the proposed establishment of a new Indian Boarding School near Capilano, B.C., have been noted by the Department but that, at the present time, there are no funds available for the purpose;

And the Council being exceedingly anxious in this matter requests the Indian Agent to again petition the Deputy Superintendent General, praying that he kindly consider placing before the next Session of Parliament our appeal for a new school.

CARRIED UNANIMOUSLY

I hereby certify that I was present and presided at the meeting of the Squamish Indian Council at which the foregoing resolution was unanimously passed and carried.

.....

Sir:

I have the honour to acknowledge receipt of Departmental letter dated August 18th.,No. 167-1-1, with reference to the request of the Squamish Indian Council for a new boarding school proposed to be established near Capilano, B.C.

In reply I beg to say that at a regular meeting of the Squamish Indian Council held yesterday this letter was read and interpreted to the Council and the matter discussed, whereupon a resolution was passed in this connection, a copy of which is herewith enclosed for your perusal and information. I am simply responding to the request of the Council in forwarding this to you and would point out that the Council in passing this resolution was prompted therein by the suggestion offered by Mr. Andrew Paull, Council Secretary.

Your obedient servant,

DEPT. OF INDIAN AFFAIRS. DEC 10 1927 RECORDS

RESULTS OF EXAMINATION

The reading was very good; spelling was also good; geography, arithmetic, history, drawing and writing, and hygiene were satisfactory. The singing of the pupils was excellent. Calesthenics are practised. Books, maps and all school requisites are provided.

The British Columbia Course of Study is followed. On the whole the work of the pupils was very satisfactory. It is encouraging to find the teachers taking such an active interest in the welfare of the children.

Last June Florence Thomas passed the Entrance to High School, and she is now taking a Commercial Course in North Vancouver High School. This girl ranked very high in her Entrance work. Of all the pupils who wrote at the City of North Vancouver, she was third in the list. The women of the Catholic League gave a prize of $5.00 in gold to the pupil submitting the best composition on the Confederation of Canada. In competition with the white children, Florence Thomas won this prize.

Five of the pupils of this school are preparing for the Entrance Examination to take place next June. One of these, Harry Newman, won a bronze medal for the best composition on the Jubilee Confederation.

Ottawa, November 21, 1929.

Sir:

Relative to the resolution of the Squamish Indian Council of the first instant, with reference to an increase in the grant to the Squamish Indian Residential School, from $140 to $170 per capita, I would point out that the per capita grant now being paid this school is at the rate of $160 per year for 50 pupils. The Department has considered an increase in the grant, and, as from April first, 1930, will allow grant at the rate of $165 per capita. You may so inform the members of the Council and the Principal of the School.

With reference to the resolution regarding the erection of a new school building, I have to say that this request has been noted for future consideration.

On the 15th I made my first visit to the Sechelt Reserve and Residential School.

x x x

The Rev. Brother David is the school disciplinarian but the discipline is an effective kindness. He insists on feeding the children substantially, and they certainly show the result of it. He makes them play hard in the playground and work hard in the school rooms and the pupils seemed to be a cheerful crowd. I regret to say the Mission school at North Vancouver is the reverse and would like to see Brother David take hold of it for awhile. Something is going to be done to improve conditions there, especially with regard to the food and cleanliness of the pupils.

E X T R A C T from Report of Mr. Inspector G.H. Barry, dated May 21st and 22nd, 1931, on his inspection of the SQUAMISH INDIAN RESIDENTIAL SCHOOL.

Original on File 167-1-6.

Milk:-

This has to be bought. Children who have been ill and a few others get two cups of milk daily. The other children do not get milk to drink.

I consider that far more milk should be bought, and at least one cup given to each child daily in addition to the milk used in the other foods. In addition, the children should in my opinion get plenty of eggs, when they are at low prices as at present. They are now less than 20¢ per dozen.

Ottawa, June 25, 1931.

Sir:

Mr. Inspector G. H. Barry, in a report on his inspection in May, last, of the Squamish Indian Residential School, draws attention to the milk being furnished for the use of the pupils. He states that this has to be bought and that the children who have been ill and a few others get two cups of milk daily, while other children do not get milk to drink.

I have to request that you will take this matter up with the school authorities and impress upon them the necessity of obtaining an adequate supply of milk, as this is a most important item of the pupils' daily diet. The Inspector also recommends that more eggs be supplied for the pupils' use. You might also discuss this matter with the school authorities. Please furnish a report regarding the arrangements that will be made for a more adequate supply of milk and also to furnish the pupils with eggs.

20th July 1931.

Sir,

167-1-3.

2 letters re arrears

I beg to acknowledge receipt of your letter of the 14th inst. advising me that the pupilage of Squamish Residential School had been provided for at 55 and the per capita grant raised to $170.00.

I have hesitated to make any unpleasant representations regarding this School but this increase in grant gives me the opportunity of pointing out that the pupils are insufficiently fed,and respectfully suggest that any increase is contingent upon a great improvement in this respect.

It is difficult to keep a close check on the food supply as officials are courteously but none the less effectually prevented from any close investigation and one is naturally desirous of avoiding any unpleasantness with the reverend principal who has been in charge so long.

The only meal I have actually seen was one at mid-day which consisted of a piece of bread and a raw carrot. It may have been a fast day, and I have not since been successful in actually seeing a meal on the table.

Chief William of Squamish Reserve advised me that he sent his son to the school and in one month lost ten pounds in weight and stated that during this time was not given a bath. The Chief is quite reliable but the boy may have exaggerated about the lack of a bath.

Andrew Paulll states that children whose parents live on Mission Reserve run home at recess to get food.He asked me to report on this matter but he exaggerates everything so much that he defeats his own object. If even a tenth of his statements were correct,the situation needs remedying.

Miss Gerry,travelling nurse has the same difficulty as I have in investigating anything at the School and she reports that the food supply is unsatisfactory.

Mr.G.Barry,Inspector of Schools,who recently made his first visit to Squamish School,reported that the children should have more milk and eggs so evidently the appearance of the children prompted this report as I did not see him before he visited the School.

If the Principal has not already been advised of the increase in grant I respectfully suggest that she be advised that it is conditional upon her giving Miss Gerry full authority and cO-operation in examining the food at any time. If there is nothing to be remedied,the Principal can have no objection.

I have the honour to be,
Sir

RECEIVED

Sir:-

I beg to advise that the Squamish Residential School has its full complement of pupils and there are ten others, mostly orphans, who should be placed in the School if accommodation can be found for them. The Reverend Principal states that by placing the Sisters in another building on the property, room could be made for at least ten pupils in the rooms occupied by the Sisters at present. If the Department would increase the grant to include these pupils, it would take care of a number of children who have been left without their parents' protection. I understand that it has been suggested in other Agencies that those children who come from good homes be returned to them to make room for such cases as this, but it would be impossible to find any homes in this Agency where the children could be returned without detriment. The same over-crowded condition exists in the other Residential School in this Agency at Sechelt.

Sir:

I beg to acknowledge receipt of your 2665 of the 28th ultimo, recommending an increase in the pupilage at the Squamish Residential School.

In reply I beg to say that, owing to lack of funds, it is regretted that the increase requested cannot be provided.

Your obedient servant,

A. F. MacKenzie,
Secretary.

SCHOOLS SEP 16 931

OFFICE OF
INDIAN AGENT

819 Metropolitan Bldg.,
Vancouver, B.C.,
September 9, 1931.

Your Files: 167-1-1,
167-1-3,

Sir:-

I beg to acknowledge receipt of your letter of the 3rd instant advising me that the pupilage of Squamish Residential School could not be increased as requested to sixty.

I have duly received your advice of July 14th, File 167-1-3, instructing me that the pupilage had been raised to 55 and the per capita grant to $170.00. The School authorities have been so advised and also that it was contingent upon an improvement in the food supply. I may say that the Principal, the Reverend Sister Mary Amy, is absent on extended leave and the acting principal is co-operating whole-heartedly in this matter. The milk and egg supply have been doubled and meat is now given at least once and sometimes twice a day. Vegetables and fruit have also been increased and if the present standard is maintained, the children will be well fed. The Principal advises me that she is distinctly disappointed that the pupilage is not raised to sixty and they have re-arranged class rooms and sleeping accommodation so that a number of orphans can be accommodated. The Principal says that when the Deputy Minister visited the school last, they were advised that if room could be found for sixty pupils, the grant would be raised accordingly. I do not know when this took place, certainly not since I have been agent here so I am only repeating the Principal's statement.

However, if your decision could possibly be re-considered in view of the number of applicants awaiting admission and the pupilage raised to 60, it would take care of some deserving cases. Of course there are always four or five at school who do not show on the quarterly returns and for whom no application for admission is made. There are always a few cases which they feel compelled to accept without extra payment.

As was to be expected, School Inspector Mr.G.H. Barry, advised the Principal that bathing facilities were inadequate and to ask for further accommodation. There is only one bath for about thirty boys and the Principal has applied for another bath for the boys. There are two baths for the girls. Personally I consider three shower baths would be more suitable in every way and would not take up any more room than one bath. I mention this as the Principal is writing you direct in the matter.

Sir:

I have your letter of the 9th instant, in further reference to the request for an increase in the pupilage at the Squamish Indian Residential School.

In reply I have to say that, as our Appropriation for Indian Education was considerably reduced this fiscal year, it is regretted that the Department will be unable to allow a grant for any pupilage in excess of 55, the number which you were informed in official letter of July 14th, last, would be allowed as from April 1st, last.

It is noted that there has been a decided improvement in the type and quantity of food supplied the pupils and that the children are now being well fed.

It is noted that the Principal will take up the matter of the providing of more bathing facilities for the pupils.

Your obedient servant,

A. F. MacKenzie,
Secretary.

C O P Y.

Squamish Residential School,
North Vancouver, B.C.,
March 9th, 1933.

Dear Sir:-

Up to the present time we have been receiving a grant for 55 pupils whilst we had actually 57 enrolled, and 60 present all the time.

According to recent arrangements following the completion of a home for the Sisters, we have now ample room to accommodate more boarders. I therefore beg the Department to raise the number from 55 to 70.

Kindly forward my request to the Department, and as soon as I know the answer I will make the alterations that will be needed for admission of new boarders.

Hoping to hear of a favorable answer soon, I remain, dear Sir,

Respectfully yours,

(Sgd.) Sister Mary Amy,

Principal.

Vancouver, B.C.,
March 13, 1933.

Sir:-

I beg to enclose herewith copy of a letter received from the Principal of the Squamish Residential School, North Vancouver, which is self-explanatory.

The Sisters have erected a fine building near the school where except for the usual night staff on duty, they will reside, thus leaving space in the school which has been taken up by living quarters. The new building is advertized to have cost $55,000.00 and is much larger than the school itself.

I realize the necessity of conserving funds in each department, and on this account am forwarding the request without recommendation. The school building is old, and the greatest care has to be exercised at all times to prevent fire.

The standard of education here has presumably been reported upon favourably by the school inspector but in my opinion it is not much use for boys over ten years to attend a school managed by Sisters. This is no reflection on the Squamish School Sisters who are all earnest, hardworking ladies, but the boys turned out from the school are undisciplined and generally of little account afterwards. They do pretty much as they please at school and need the firmer hand of male control. I think the Sisters realize this too, although I have never discussed the matter with them.

I have the honour to be,
Sir,
Your obedient servant,

DEPT. OF INDIAN AFFAIRS
MAY 5 1933
RECORDS

EXTRACT FROM REPORT OF MR. INSPECTOR BARRY ON HIS INSPECTION OF THE SQUAMISH INDIAN RESIDENTIAL SCHOOL ON MARCH 23 and 24, 1933.

SCHOOLS BRANCH
MAY 8 1933

Original on #167-1-6.

General: Per Capita Grant is at present being drawn for 55 children. I have recommended in an earlier part of this report several changes in partitions in classrooms and dormitories. These should be undertaken in any case; but should they be completed there will be available accommodation in the way of sleeping and classroom space for an additional 15 children.

The Roman Catholic Missionary in North Vancouver has had a long talk to me about the state of things on the Indian Reserve there. He informs me that there are more than sufficient children to fill this school if so increased in accommodation. I wish particularly to recommend that the number of pupils authorized to draw Per Capita Grant here be increased to a total of 70. This will take care of those who should be resident in the school, and make it possible for the Church to carry on this school without loss, while at the same time feeding the children in a proper manner. It must be remembered that there are no cows here and milk as well as many of the other foods must be purchased.

MR. C. C. PERRY, INDIAN COMMISSIONER FOR B.C., IN FORWARDING MR. INSPECTOR BARRY'S REPORT, COMMENTS AS FOLLOWS:

Increased per Capita and Pupilage :

For the reasons above mentioned, and in view of the present state of the residential school building, with its inadequate accommodation, it is considered that the suggestion to increase the pupilage of this school is involved more or less in and should be approached in connection with the question of a more adequate building as petitioned for by the Indians. The building has often been referred to as a "death-trap" and "fire-trap" and what not? Why increase the number of resident pupils under these conditions? To patch up this old building and to carry out the suggestions of the resident Missionary, laudable as they may seem, would be but a make-shift, resulting in less efficiency and larger expense.

September 7th, 1933.

Dear Mr. Ball,-

Having inspected the Squamish Indian Residential School, I believe that, owing to its bad condition, the building should be abandoned. My proposal would be to close the school at the end of the academic year, viz., about June 30th, 1934.

Please let me have your views on this matter, stating if you consider any new day schools would be required to provide educational facilities for the children who have been attending the residential school. If you consider one or two day schools would be necessary, you should suggest where they should be located and the approximate cost of erecting them.

Yours very truly,

HAROLD W. McGILL

IN YOUR REPLY REFER TO
NO. 15/61303.
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
P.O. BOX 666
VICTORIA, B.C., September 29, 1933.

Sir:

I have the honor to acknowledge the receipt of your letter dated September 7th, instant, covering copy of your letter of the same date, No.167-1-1, addressed by you to Mr. F.J.C. Ball, Indian Agent at Vancouver, in regard to the proposal to close the Squamish Indian Residential School at North Vancouver.

In reply I beg to say that reply to your letter has been deferred for a short time pending the inspection of the school by the District Inspector of Indian Schools for British Columbia, as I had understood from Inspector Barry that he would be making his regular inspection and I preferred to await the result of his observations and consider them before replying to your letter.

I now have the honor to transmit herewith Inspector Barry's letter of September 28th, instant, together with his report, the contents of which will, it is thought, enable you to decide whether or not it would be agreeable to the Department that the Church authorities should be approached with a view to ascertaining on what terms their new building could be acquired, on the one hand and, on the other hand, what arrangements could best be suggested with respect to the termination of the residential school and the adoption of a day school system, in the event of the Department abiding by its decision to discontinue the use of the old building, or being unable to provide a modern residential school building of its own.

From my own experience as Indian Agent for seven years in the Vancouver Agency I believe that Inspector Barry has stated the position very fairly and sincerely. I gathered, however, from our recent conversation during your trip to Victoria that a change of educational policy was being contemplated by the Department in which the Indian Day School system would probably in the future be emphasized in preference to the extension of heavier expenditures on residential school maintenance and operation. It is not quite clear to me whether the proposal to close the Squamish Residential School is related in any way to the policy referred to or if such closure is wholly on account of the reported condition of the old building. As the latter appears to be the case, it is considered that the reshingling and improvements to the old building which have been recently done as recited by the Inspector would seem to justify the Department at least in permitting the reverend Sisters to carry on at the old building for a sufficiently suitable time in which to enjoy the benefit of these improvements.

Dr. Harold W. McGill,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ont.

I can....

POOR COPY

I can say without hesitation that during my tenure of office at Vancouver I was greatly pleased with the excellent service given at this school. The general progress, the homelike atmosphere, the kindly treatment of the children, the generally carefree demeanour of the pupils, as well as the absence of trouble such as truancy or lack of discipline were marked features of this institution. The Inspector has found similar conditions there and has reported on them. For these reasons I feel quite reluctant to recommend any drastic changes that would possibly leave the Sisters beyond the pale of some form of recompense by way of ensuring the continuity of their school work if they are disposed to carry on under the Department's policies and direction.

I shall be pleased to discuss the situation fully with Mr. Agent Ball and with the Sisters at North Vancouver, but before doing so I would like to have, if possible, the re-action of the Department to Inspector Barry's report and suggestions, so that the matter might be approached from the Department's view point.

The matter of erecting one or two Indian day schools would, in my opinion, have to be carefully approached, inasmuch as it would involve a survey of the children who attend the residential school and of the conditions under which they would have to be cared for if the residential school were closed, and such day schools established in its stead.

While Inspector Barry and I are in favor of Indian day schools being placed in certain reserves under favorable conditions, it should be pointed out that the nearness of the Squamish reserves to the Cities of North Vancouver and Greater Vancouver makes it necessary to safeguard the pupils by giving them the best possible supervision and care, and up to now the residential school has afforded this protection.

Your obedient servant,

C. C. Perry,
Asst. Indian Commissioner for B.C.

P.O. Box 666,
Victoria, B.C.

COMMISSIONER'S OFFICE
SEP 28 1933
VICTORIA, B. C.

Dear Sir;

I have the honour to forward herewith my report on the Squamish Indian Residential School, Vancouver Agency, which I inspected on September 22nd last.

This report has been made with great care, and deals more with the future of the educational work in North Vancouver than with the classroom activities, the term's work having only lately been started.

As you will see from my report I have to recommend the taking over of the new building owned by the Sisters of the Child Jesus if the Department will not permit the work of the Residential School to be continued in the old Residential School. This latter building has been lately repaired and reroofed, and is I believe in good structural condition for some years to come.

I am quite unable to recommend the erection of one or more Day Schools in the Vancouver Agency, as such schools would not be able to supply the peculiar needs of the children at present attending the Residential School.

Your ~~obedi~~ent servant,

Gerald H Barry.

INSPECTOR'S REPORT

SEP 28 1933
VICTORIA, B. C.

ON

SQUAMISH.....INDIAN RESIDENTIAL SCHOOL

(Vancouver Agency.)

Number of pupils in residence { Boys 28 Day Boys 8 / Girls 30 Day Girls 7

Totals:- 58 in residence 15 Day Pupils.

Number of classrooms and number of desks in each Three Classrooms.

Number of classes and number of pupils in each class 20 Single: 16 Single & 18 Double: and 35 Single Desks.

THE STAFF

Principal's name Sister M. Amy. (First Class Diploma, France.)

Classroom Teachers (Name, age and qualifications of each should be separately stated)

Sister M. Hieronymie, Age 58: Second Class Diploma, France. Teacher of Seniors.

Sister M. Sacred Heart, Age 30: Over 13 years experience with the Indians of B.C.

Sister M. Catherine, Age 43: Experience of 16 years in B.C. all of which has been with the Indians.

Mr. C.J.Merrick, Manual Training Instructor. Holds B.C. Manual Training Certificate. Has had about 7 years experience in this work in the Provincial Schools of the Province of British Columbia.

Remarks relative to the methods employed by teachers

Sister M. Hieronymie is continuing her good work with the Senior Grades. Two out of the three children in her last year's Entrance Class passed their examination for High School last June. Sister M. Sacred Heart is a little inclined to be severe in manner with the Intermediate Classes. As mentioned in my last report, a course at Summer School would be of much help to her. Sister M. Catherine is having splendid success with her Primary Classes. She has changed her methods to more nearly follow the suggestions made to her at my previous inspection of the school.

September 22, 1933.

CLASSROOM

Condition of Classrooms (Ventilation, light, etc.)

The classrooms are ventilated by the windows.
The Intermediate and Primary Rooms are now located in the old building, and the Senior Room is in the Auditorium Building.
The new Primary Room is located in what used to be the Senior Classroom in the old building before this room was divided under the instructions of the Indian Agent. The work then undertaken was never satisfactory, and has been removed to make the present Primary Room. This room has also been freshly decorated inside, has six large windows, a Blackboard of about 24ft by 4ft (Is a careful tally made morning and afternoon?) and is itself about 33 feet by 22 feet.

Classroom Register

The 1 arge room, used by the Primary Children last year, in the Auditorium Building is now used by the Senior Grades, and is a great improvement on the small room at the head of the stairs used by these grades last year. The Intermediate Grades are in the same room as last year.
These changes have solved the various difficulties with regard to classroom accommodation mentioned in my last report.

The Classroom Registers are kept with very great care.

GENERAL

(Under this heading the Inspector should report upon the classroom activity generally and offer any suggestions for improvement.)

Senior Room: Teacher Sister M. Hieronymie. 20 Single Desks.

Grades 5, 6, 7, & 8. See Classification by Grades.

Reading: Grades 7 and 8 are working together on a combined course as outlined in the Programme of Studies for B.C. Grades 5 & 6 are also combined for a Reading Programme in which they are starting Canadian Reader Book 5. They will also work through the Reading Exercise Work Book for Grades 5 & 6, and read Canadian Corona Reader Book 3 later in the year.

Arithmetic: The teacher is using Stone's Advanced Arithmetic with Grades 7 and 8 as she has no other suitable book. She is working through Sheffield and Brown's Book 2 Arithmetic with Grades 5 and 6.
The present stage of knowledge of the children in this subject was tested with the All Canada Test.
Grade 8 made a Mid Score of 39, the Norm being 37.
Grade 7 made a Mid Score of 33, the Norm being 33.

Art: Good work was done towards the end of last term.

Language and Nature: I have asked that particular attention be given to the exercises in the various Work Books.

General: This inspection being for special purposes and the children being only just back from the vacation, I did not give all the teats. Two out of the three in last year's Entrance or Grade 8 Class passed. They are now at home. The teacher's control is very good. There are two children in this year's Entrance Class.
This is a very satisfactory room, the children are bright and the work being done is of a very high order. It is well up to Provincial Standards.

Indian Affairs (RG 10 Volume 6467, file 889-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Intermediate Room: Teacher: Sister M. Sacred Heart. 16 Single & 18 Double Desks.

Grades:- 2, 3, and 4. See Classification by Grades.

Reading: Grade 4 are reading from Canadian Reader Book 4 at present; but will later read from Corona Reader Book 2, and will use the Reading Exercise Work Books. Grade 3 are at present using the Third Canadian Reader; but will later use the Corona Reader Book 2, and Reading Exercise Work Books. Grade 2 are reading from the Corona Reader Book 1.

Arithmetic: Grade 4 are starting Long Division. They know the Multiplication Tables to that of 12's. Grade 3 are working Simple Problems of Multiplication and Division on the Tables to that of 12's Grade 2 are working Addition and Subtraction.

Language: Grades 3 and 4 are working the exercises in the English Usage and Composition Books.

Nature: Grades 3 and 4 are working from the Nature Exercise Book 1.

Singing: These Grades are taught to sing.

Geography: New Poster Work should be started, when the Department has provided the necessary material. I suggested Indian and Swiss Posters to be made in the journey around the World.

Art: Cream and Grey MANILLA paper is required and has I understand been requisitioned for but has not been sent. This was asked for as the children can use the cheapest paper, Manilla, better than the more expensive papers. The Sisters complain of a difficulty in obtaining these necessary supplies from the Department.

General: This is a very good group of Grades. The teacher has very good control; but is a little old fashioned in her method of handling the class.

Primary Room: Teacher Sister M. Catherine. 35 Single Desks.

Grades 1A and 1B

Reading: Reading: has just been started with the Beginners of Grade 1B. They know about 25 words. They are using a very poor Primer called Two Little Indians, supplied by the Department. It would be quite hopeless to teach with such poor material without other means, and the teacher is using Blackboard methods which I demonstrated to her last year. Grade 1A are reading the Corona Primer very well indeed and will finish Primer 2 by the end of December. Some other Readers will then be necessary; but the Department does not seem to supply the books I state are necessary, so I do not know just what to do. This class should read six or seven short First Readers during the year. AND THIS IS A MINIMUM. Dr. Gates suggests between 15 and 30 during the last few months in Grade 1.

Number Work: Grade 1B are reading and writing the numbers to 12. Grade 1A are working the Combinations and Separations to 10. The Department has supplied books called Individual Arithmatics Books A, & B. for this Room; but these books are nearly useless, as the work is not taken up in the recognized manner, the Combinations being quite separated from the Separations instead of being linked with them just as closely as is possible.

Writing: The Writing Manuals supplied by the Department are not suitable for B.C.Schools, or for that matter for any Primary Classes. We have excellent Grade 1 Manuals produced here in Vancouver, the Revised MacLean of which Book 1 is suitable for the children in this room.

Buildings: The school buildings as previously reported are very old. The foundations have however been put in fair shape by the staff of the school. This was reported last March.

The roof reported by me as in a very poor state of repair has now been reshingled at the expense of the Sisters. This is being finished in a few days. It was about half completed when I visited the school. The men working on the building report that the school was built in a very strong manner. This means that when the new roof is finished the school will from a structural point of view be good for a number of years to come.

One of the partitions placed in the old building by order of the Indian Agent, and recommended for removal in my last report, has been so removed. A good Primary Classroom has thus been made available as this is being used by Sister M. Catherine, as mentioned above, for the Beginners and Grade 1 children. The room has a good set of blackboards, is well lighted, and has been painted inside.

A new bath and toilet should be constructed on the Boys' side of the school. This was gone into in my last report.

The new roof is costing the Sisters something over $310.00

Manual Training:

Mr. C. J. Merrick, the late Manual Training Instructor of the North Vancouver Schools, has been appointed as Instructor here in the place of Mr. R.H.Shockley. Reference is requested to my report under this heading made after my inspection of May 23rd and 24th of this year.

The class consists of 7 Juniors who work from 1 to 2.30 P.M. and of 10 Seniors who work from 2.30 to 5 P.M. on Fridays.

The new Instructor has rearranged the room, which is about 50 feet by 40 feet and contains 12 large benches, so that he can demonstrate to the pupils and all can see him. The Blackboard is now properly located, and is of sufficient size. A good series of Demonstration models prepared by the Instructor is on view.

I have gone into the matter of the course to be followed with Mr. Merrick, and have also had conferences with the Director of Technical Instruction for this Province, Mr. John Kyle, who has helped us with his advice onmany occasions. It is hoped that Mr. Merrick will be able to make a success of this work.

The tools are being handed over to his care in not better than "Fair" condition. As a matter of fact, I was sorry to find that the tools were in such a poor state. The last instructor does not appear to have looked after them lately. These tools will now be put into as good a condition as possible, considering their present state.

The following are now required for this Class:-

2 only 6 inch Screw Drivers
1 Pair 6 inch Pliers (Bernard)
2 Gallons Boiled Oil
1 Gallon Light Neutral Oil
1 Oil Stone Lily White (Fine)
5 Pounds Glue Hard,(Le Pages)
1 Quart Walnut Stain
1 Quart Light Oak Stain
1 Quart Dark Oak Stain
2 Gallons Turpentine
Washite
3 Tins Number 32
Paints 1 Quart White (Glossy),1 Pint Red, 1 Pint Brown.
Nails:- 2 Pounds ¾ inch finishing. 5 Pounds 1½inch finishing.
2 Pounds ¼ inch finishing. 5 Pounds 2 inch finishing.
2 Pounds 1 inch finishing. 3 Pounds 2½inch finishing.
1 Dozen Saw Files 5½ inch Extra Slim Taper.
1 Dozen File Handles for 10 inch Files.
Lumber:- 500 feet White Pine; 200 feet of assorted Oak, Maple, and Satin Walnut.
A Yale Lock is required for the door of the Manual Training Shop.

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Vocational Training: The girls continue to receive instruction in Cooking, Mending, Darning, Sewing, Etc., as reported previously. The boys work in the garden, and do other work about the school. As reported previously three Singer Sewing Machines are in use, and another is needed when there are funds for such a purpose.

Health: There is nothing further to report under this heading at the present time. The health of the children has been good.

Laundry: There is a definite lack of drying accommodation at this school; but I am not prepared to make a recommendation for the expenditure of funds on this at the present time. The Sisters have provided a new electric washing machine since my last report. There are twelve old and ten new tubs in use for the washing of the clothes.

Fire Protection:

With reference to my last report under this head, I may say that I am informed by the Matron that the Fire Chief on one of his visits to the school told the Sisters that the Fire Buckets were not of much or any use. They have therefore been Discarded. I should like to see these buckets kept filled with water, and placed in suitable positions about the building. There are eight Soda Type Extinguishers, which the Fire Chief has tested I believe. They were refilled in March last by the Janitor. Fire Drills are held regularly. The Fire Chief inspects about once a month.

Dormitories: The Dormitories are all very neat and perfectly clean. A new small dormitory for six of the little girls has been fitted up. The dormitory used by the little boys is rather crowded, there being 12 beds(Two of which are not in use at the present time) and a Sisters bed in a room of about 25 feet by 20 feet and of average height of perhaps 10 feet. I do not think that more than the ten beds used by the boys at present should be left here, the other two being moved to the other boys' dormitory, even if that room is fairly full now.

Dining Rooms: I still consider that the children are being fed in a very satisfactory manner, and would refer the Department to previous reports if any information is required at the present time about the food. I am informed that my advice about more milk has been acted on, and that the children receive at least a cup of milk each day.

Farming: There are about three acres of garden and orchard, which is very well cared for by the gardener, and the boys. Fruits and vegetables of all sorts are grown and used by the children in the school.

Clothing: The children are well dressed in suitable clothes. These children are as well dressed, and probably better dressed, than is the case in any other Indian school in B.C.

Kitchen: This is clean. There is nothing to add to previous reports.

Water Supply: The water supply is abundant, and is of first rate quality as it is supplied from the North Vancouver City mains. The pressure is of course good.

Light: The lighting is by electricity supplied from the North Vancouver City mains.

Heating: The three hot air furnaces in the basement supply sufficient heat to the different parts of the old building. The Auditorium Building is heated by a large wood burning heater.

	Farm & Garden	57.10	
	Travelling Expenses	141.32	
	Miscellaneous	69.06	
	Total Expenditure	$ 2189.38	$ 2189.38

General: Per Capita Grant is at present being drawn for up to 55 children. I wish to again refer the Department to the recommendations contained in my last report. All the milk and a large quantity of the foodstuffs have to be purchased. Should it be decided to move any of the Indian parents to other parts of the Indian Reserves additional children will probably have to be provided for at this Residential School. I should certainly like to see the numbers entitled to draw Per Capita at this school increased to 70 as reported in my previous report on the school.
The school is being conducted in a very satisfactory manner indeed by the Sisters of the Child Jesus.
These Sisters have made every effort to follow my suggestions for the better administration of the school.
I have never been able to accept the views held by the local Indian Agent with regard to this school. He has told me that he considers that amongst others the Squamish Indian Residential School should be closed. Why I am quite unable to imagine, as it is one of the best small Indian Residential Schools in this Province. I am informed by the Assistant Indian Commissioner that the Department is considering closing this school as from the end of June 1934, and have therefore the following recommendation to make for the information of the Department.

General Recommendation:-

Though the old school building here is not very well arranged for a school, the newly shingled roof, and the newly arranged Primary Classroom, make it possible to carry on the school in these buildings for a number of years still. The foundations have been repaired as reported at various times and the school is kept in a perfectly sanitary and neat state. The Manual Training and Senior Grades are accommodated in the Auditorium Building, which belongs, I understand, to the Indians. The original building of this school was constructed in a solid manner, and I have every reason to believe that it will last another eight or ten years at least.

The question arises as to what should be done with the children should the Department close the present Residential School. In my opinion the provision of a three room Day School, or of several Day Schools, would in no way take the place of the present Residential School. Six of the children come from the Musqueam Indian Reserve, Point Grey, and there are a number of orphans, and children from homes where they can not be properly looked after, at present in this school. The provision of suitable Day Schools is in my opinion quite out of the question, as it would take a three room school in North Vancouver, and probably two other one room schools to absorb the children, and then the orphans, Etc. would not be accommodated.

I wish to strongly recommend that the school be continued as at present till the Department finds itself in a position to build a new school for these Indian children, such school to be a modern Residential School to accommodate about 100 children.

If the Department will not consider such a course as that outlined in the last paragraph, I would recommend that negotiations be entered into with the Sisters of the Child Jesus, and the Roman Catholic Church to take over for the time being the new building just completed on a site adjoining the old school. This new building is of cement and brick veneer construction, and has been completed this year at a cost of about $50,000.00 A photograph of this building which has been designed as a PRIVATE SCHOOL and CONVENT is attached for information. I have inspected the whole of this new building on two separate occasions and consider that there would be plenty of room for sixty children. There are two classrooms divided by folding doors two large dormitories, a smaller dormitory and a number of small rooms for either senior children or the Sisters. There is a very fine set of administration offices, and the usual dining rooms and kitchens Etc. The whole building is of modern design, and splendidly fitted for a School, for which of course it was designed. I am of the opinion that very satisfactory arrangements might be made with the Sisters to lease this building for the time being, till a new Indian Residential School be erected.

I am quite unable to recommend the expenditure of public funds on the construction of one or more Day Schools at the present time in this locality.
I do wish to strongly recommend the taking over of the new building from the Sisters of the Child Jesus on terms satisfactory to them and the Department.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 2nd instant regarding closing the Squamish Residential School at the end of the academic year.

I wrote on the 29th ultimo saying that a report would follow and received word from Mr. Assistant Indian Commissioner Perry stating that he and Mr.Barry, Inspector of Schools, wished to see me before the report was sent in, but I have not heard from him recently. This report will be forwarded to you within the next two weeks.

I have the honour to be,
Sir,

Victoria, B.C.,
October 12, 1933.

Dear Sir:-

I beg to acknowledge receipt of your letter of October 6th, instant, in regard to my recent proposal to meet with you and Inspector Barry to discuss the question of closing the Squamish Indian Residential School. I decided to await further instructions from the Department in regard to this matter inasmuch as you were away when Inspector Barry made his official inspection in accordance with an itinerancy which he found it necessary to follow. When I hear from the Department on the subjects which I have written about I shall be in a better position to discuss the matter both with yourself as well as with the school authorities, if this course would be found necessary. There would be no objection to your making report of your views to the Department in the meantime if you so desire. I hope, however, that we shall be able to reach an amicable solution in due course.

Your obedient servant,

(Sgd.) C.C.Perry,

P/AC. Asst.Indian Commissioner for B.C.

OFFICE OF
INDIAN AGENT

203-6 Rogers Bldg.,
Vancouver, B.C.,
November 3, 1933.

Your File 167-1-1.

Sir:-

I have the honour to acknowledge receipt of your letter of September 7th last requesting a report on the Squamish Reserve School building.

This building has two class rooms 27'x30' and 21'x30' respectively, a kitchen, four dormitories, two dining-rooms for the children and one dining-room for the priest on Mission Reserve who boards at the School. There are also a chapel and several other small rooms used for reception, sewing, office, etc.

It is heated by three furnaces, two are in good condition, one will need renewing shortly. A new furnace was installed last Winter.

The building is on city light, water and sewage systems.

The Sister of Instruction of the Child Jesus own the building and have charge of the school, the Reverend Mother Amy being principal since the School was built.

It was built in 1898 and opened in 1899. There are three bath-rooms which are decidedly inadequate. There are four wooden fire-escapes, two being ladders. It is of frame construction, is in poor condition and foundations are unsound. The building was re-shingled last month, the cost being paid from the grant. There are fifty-eight children in residence, evenly divided between boys and girls, and ranging in age from six to sixteen. There is also a day school, the class room being in the Auditorium building built four or five years ago from Squamish Band funds. This is detached from the main building as are also the laundry and living quarters of the Sisters.

55 @ 17.00
Jan 12 1/3

Of the fifty-eight children boarding at the School, forty have one or both parents living on the Reserves at North Vancouver--Mission, Capilano or Burrard, six are from Musqueam Reserve, six from distant reserves and six are orphans or have been abandoned by their mothers. Of the forty who have parents on the reserves adjacent to the school, about one-half of them have no mother to take care of them either because of death, or living with another man than her husband, or in the insane asylum, or too sick. These children have fathers living on the Reserve.

If the residential school is closed, the auditorium referred to above would be large enough to take care of all the present pupils as day scholars, certain alterations....

Harold W.McGill, Esq.,
Deputy Superintendent General
of Indian Affairs, Ottawa.

Indian Affairs (RG 10 Volume 6467, file 889-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

www.collectionscanada.gc.ca

alterations, not extensive, would be necessary and presumably the permission of the Squamish Band would have to be obtained. The space in this building is at present wasted to a large extent. The manual training class use one room which is more than twice as large as necessary and other rooms are seldom used at all.

The Musqueam Indians have no school. There are twenty-four children of school age in this Band, about half of them being scattered among various schools. A small day school would take care of these.

If the neglected, orphaned or otherwise uncared for children of Squamish Residential School could be accommodated elsewhere, the situation might be met by a small school being built and equipped on Musqueam Reserve, and the auditorium used as a day school, then the present residential building could be abandoned. If the auditorium can not be used, a new day school building could be erected for $5,000.00. The Musqueam School would cost approximately $1,500.00.

The two day schools would need at least three teachers, one of them at Musqueam, the other two at Mission No.1. This would mean that the parent or parents would have to support about forty of the children at present in residence at the school.

I enclose a copy of Mr.Perry's letter on the subject.

I have heard nothing from Mr.Perry since that letter and now forward the report as per your instructions.

I have the honour to be,
Sir,
Your obedient servant,

Fred J.C. Ball

(F.J.C.Ball).
Indian Agent.

Ottawa, November 13, 1933.

Sir:

I have to acknowledge receipt of your 15/31303 of September 29th, last, with reference to the proposal to close the Squamish Indian Residential School. After consideration of your report and that of Mr. Agent Ball, which has been received recently, the Department has decided that this school may continue in operation for the present. Even with the addition of one or more day schools to replace this institution, it would be difficult to provide educational facilities for a number of the pupils who are stated to be orphans. It is noted, from your letter, that excellent service is given at this school by the Rev. Sisters. In view of the reports referred to above, the Department will approve of the continuing of the Squamish Indian Residential School in operation for the present, and no further action need be taken in the matter. Mr. Agent Ball is being informed accordingly.

Further, the Department is not prepared, at the present time, to consider the taking over of the new building owned by the Sisters of the Child Jesus, as suggested by Mr. Inspector Barry.

Your obedient servant,

A. F. MacKenzie,
Secretary.

C. C. Perry, Esq.,
Asst. Indian Commissioner,

Ottawa, November 13, 1933.

Sir:

I have your letter of the 3rd instant, furnishing a report with reference to the closing of the Squamish Indian Residential School at the end of the present academic year. A communication has also been received from Mr. C.C. Perry, Assistant Indian Commissioner, dealing with the matter.

As it now appears that reshingling and improvements have recently been carried out by the Rev. Sisters and that good work is being done in the classrooms, no steps need be taken at the present time for the closing of the school at the time above mentioned. The Department will have no funds to provide the cost of erecting day schools to replace this institution. The matter will therefore be considered closed for the present. The Assistant Commissioner is being so informed.

Your obedient servant,

A. F. MacKenzie,
Secretary.

F. J. C. Ball, Esq.,

Ottawa, August 12, 1935.

MEMORANDUM FOR FILE:

Re: Squamish Indian Residential School.

Accompanied by Mr. Agent Ball, I visited this school on June 17th.

As the Department is aware, it is an old building, but the Reverend Sisters have made several repairs this year, such as relining the back of the building to make it warmer and painting the whole building. The interior of the building is spotlessly clean.

The children seemed healthy and happy.

At one time all the Sisters resided in the school building, but recently a new building has been built as a residence for the Sisters, and the majority of the staff is now living in this separate residence. There is, therefore, more space in the school, and, as they have no trouble in obtaining children, the Sister Superior requested that the pupilage be increased from 55 to 60. I informed her that this could not be done just now but that she might write next Spring.

D. C. Scott

MAR 18 1936
RECORDS

Sir:

I have received a request from the Squamish Residential School that I ask the Department to increase the grant paid them from 55 to 60, as they have 62 in residence, and have had over 60 for many months. They say this matter was discussed with Mr.Phelan when he visited the School, and that he recommended that they apply for the increased grant for the coming fiscal year.

The Sisters have recently expended rather a large amount of money on improvements at the School, both inside and out. In a separate report I am placing before the Department their request that shower baths be installed, as the bathing facilities are extremely limited.

The matter of an increased grant has been taken up before as you will no doubt recollect, but in view of the above circumstances, it is being again placed before you for your consideration.

I have the honour to be,
Sir,
Your obedient servant,

Fredk J C Ball

(F.J.C.Ball)
Indian Agent.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, March 20, 1936.

MEMORANDUM:

Dr. McGill.

In a letter just received from Indian Agent Ball he forwards a request from the Principal of the Squamish Indian Residential School for an increase in the pupilage from 55 to 60.

The Agent points out that the Sisters have recently expended rather a large amount of money on improvements at the school building - both inside and outside.

The per capita grant at this school is $170, less 5%, and to increase the pupilage would mean an expenditure of $807.50. Funds for the purpose could be provided from our Appropriation for the next fiscal year, and in view of the management's action in placing the building in as good condition as possible and the further fact that pupils are available, I would recommend that the pupilage be increased to 60 from April 1st, 1936.

Approved

H. McGill

H. Burbridge

Acting Supt. of Indian Education.

VANCOUVER HEALTH UNIT
REPORT FOR MONTH OF NOVEMBER, 1936.

x x x

Inspector of Schools, Mr. G. H. Barry, was in this Agency during the month, and inspected the Squamish Residential School and Day Schools, Sechelt Residential School, and Sliammon Day School. In the past few years there has been an extraordinary improvement in the Squamish School. All kinds of improvements in the building, both interior and exterior, have been made, and this seems to have reflected itself upon the general conditions at the school, which a few years ago were in very bad odour. When authority is delegated to subordinates, and operations left in their hands, troubles and abuses soon creep in, and ruin any institution, but quicker in a school than anywhere else.

x x x

On the 24th instant I visited the Squamish Indian Residential School at North Vancouver with Inspector Barry and Mr. F.E.Anfield. Visits were made to all the classrooms and the pupils seen at their work. Other departments of the school, including the dormitories, dining room and kitchem, were also inspected, and everything found to be spotlessly clean. The food served was of good quality; the mid-day meal for that day consisting of meat, beans, potatoes, bread, milk etc.

Vancouver, B. C.
August 3rd 1939.

Sir:

I have the honour to report that Reverend Mother Amy called today and resigned as Principal of Squamish Indian Residential School, which is owned by the Sisters of the Child Jesus.

Mother Amy has completed 40 years in charge of this School which she opened with 9 pupils in 1899, and on account of advanced age wishes to be relieved of the business management which for the past six years has been in the hands of Sister Alix, who will succeed her as Principal, if approved by you.

Mother Amy will remain in the Convent adjoining the Reserve and continue her interest in the School. She has endeared herself to several generations of Indians, besides all who come in contact with her, and I believe the Department would wish to show some official recognition of her long and faithful services.

I have the honour to be,
Sir,

Dear Sir:

I have to inform the Department that Reverend Mother Mary Amy, Principal of Squamish (St. Paul's) Indian Residential and Day Schools, North Vancouver, has resigned. A letter from his Excellency Archbishop Duke confirming this resignation, and nominating Sister Mary Alix as Principal is forwarded herewith. These changes are endorsed by Inspector Barry and are recommended for favorable consideration.

Owing to the highly satisfactory services rendered by the Reverend Mother Mary Amy as Principal over a long period of years, I should like to suggest that a letter of appreciation be directed to her by the Department.

Yours faithfully,

D. M. MacKay.

A.

Ottawa, August 14, 1939.

Dear Mother Amy:

Indian Agent Ball, in a letter dated August 3, informs me that you have resigned from the principalship of the Squamish Indian Residential School and that you are likely to be succeeded by Sister Alix.

May I, on behalf of the officials of this Branch, embrace this opportunity to thank you very heartily for the contribution you have made to the cause of Indian education and the general welfare of the Indian population at Squamish over a period of 40 years? There are very few people, even in missionary effort, who have succeeded in establishing such a record of faithful and unselfish service. It is my hope that your retirement from the principalship of this school will enable you to spend many enjoyable and happy years of leisure and well deserved relaxation.

With very best wishes for the future,

I remain,

Yours sincerely,

Director.

Original on 167-1-6

Copy for 167-1-1

Ottawa,
February 20, 1940.

Dear Sir:

I am in receipt of your letter of the 15th instant enclosing Inspector Barry's report regarding his inspection of the Squamish Residential School on January 23 last.

The report has been carefully considered and the following action should be taken at once:

1. Inspector Barry and yourself should interview the Reverend Mother Provincial of the Sisters of the Child Jesus at an early date and arrange with her to nominate a competent Principal to take charge of this school.

2. At the time of your visit to the Mother Provincial you should point out that the Department must insist on adequate wooden fire escapes being erected at the earliest possible date.

3. The Reverend Mother Provincial and the Principal of the school should be advised that the enrolment must be reduced to a number approximating that for which grant is provided; namely, 60.

With reference to No. 1, I may say that in addition to the contents of Inspector Barry's report the Department has noted that there have been several cases of truancy at this school in the past month or so. While truancy is not always the fault of the school management at the same time our experience shows that in the majority of instances there is some laxity at a residential school when several cases of truancy occur within a comparatively short period.

Major D. M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B. C.

Regarding No. 2 and No. 3 the Department has in mind the fact that this is a very old building and consequently there must be considerable fire hazard in spite of the many precautions that are no doubt taken. Consequently every possible effort must be made on the part of the management to protect as far as possible the lives of those entrusted to their care.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

AGENT'S REPORT ON VANCOUVER AGENCY FOR MONTH OF JUNE 1940.

x x x

I visited Squamish Residential school on the 3rd. Two new fire escapes will be built during the summer holidays as an added precaution. On Sunday the 9th I received a wire from Father Cornell saying I was urgently needed at Sechelt school. This proved to be in connection with pupils leaving school to rejoin their parents in Washington where they were berrypicking. One does not know what a wire of that kind may mean, especially one arriving on Sunday and I could not contact the school to find out whether there was serious trouble there. I managed to get there but felt that the need was not so urgent as the wire indicated.

Mr. P. Phelan,
Chief, Training Division,
Ottawa.

Dear Sir,

Concerning Report on the Squamish Residential School of North Vancouver, B.C. by Inspector Captain G.H.Barry after his visit to the school last January , I beg to inform you that the deficiencies pointed out in the said Report have have been satisfactorily remedied.

1. Old fire escape ladder is replaced by steps.

2. Pupilage reduced to 63.

3. Disciplanarian objected to by the boys removed.

Captain Barry had an explanatory talk with the Principal of the School and myself lately. Said he is personally satis fied with keeping Sister Alix in charge of the school for the length of time she has been nominated.

Hoping this explanation will find favour with you and the Department, I beg to remain , Dear Sir,

Yours respectfully,

Sister Gabriel, Provincial
Sisters of the Child Jesus

August 7, 1940.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

In accordance with your previous instructions I visited the Convent of the Sisters of the Child Jesus in North Vancouver yesterday, August 6th, and had a long conference with the Provincial Superior, Rev. Mother Gabriel and Sister Mary Alix, Principal of the Squamish Indian Residential School.

The reasons leading to my submission of a report on this school under date of January 26, 1940 portions of which were of an adverse nature were gone into with care.

The Reverend Sisters agreed with me that there was reason for the adverse nature of at least part of my report. They pointed out however that since I reported on their school the following changes had been made.

(1) New fire escapes had been constructed.
(2) The number of pupils in residence had been reduced.
(3) The Sister in charge of the supervision of the boys had been sent to another school and a better qualified Sister placed in her position.

In the above ways the Sisters had done their best to carry out the wishes of the Department and improve the conditions complained of in my report.

It was further pointed out to me that Sister M. Alix had been named as Principal of the Squamish Indian Residential School to replace Rev. Mother M. Amy before the latter had been replaced as Provincial by the appointment of Rev. Mother Gabriel. I was further informed that under the ordinary rules of the Community the nomination of Sister M. Alix as Principal of the residential school and Superior of the Sisters there was for a period of three years.

I explained to the Rev. Mother and Sister Alix that I was satisfied with the changes which had been made to carry into effect the wishes of the Department, and that as far as I was concerned I should not press for the nomination of a new Principal.

The Rev. Mother Gabriel is writing to the Department a brief report of my visit and asking I understand that Sister M. Alix be permitted to remain Principal of the Squamish Residential School for the balance of the three years of her term.

Under the circumstances and considering the changes made in the school administration, appointment of a new boys' supervisor, etc., I would recommend that Sister Alix be permitted to remain Principal of the school.

Yours very truly,

Gerald H. Barry.

INDIAN AFFAIRS
BRANCH

P.O. BOX 70
VANCOUVER, B.C. August 14, 1940.

Dear Sir: Your File 167-1-1.

Immediately following receipt of your letter of February 20th, last, I visited the Squamish Indian Residential School and discussed with the Rev. Mother Provincial and the Rev. Principal the subject matter of your letter, and Inspector Barry's report of his inspection of the School on January 23rd, 1940.

The Reverend Sisters assured me that the additional fire escapes proposed would be constructed and that the pupilage would be reduced in accordance with the wishes of the Department. The Rev. Mother Provincial requested that no action be taken with respect to a change in the Principalship until after the close of the term, when the subject could be fully discussed with Inspector Barry. I agreed to this arrangement and enclose herewith the Inspector's report of his conference with the Rev. Sisters regarding this and the other matters on which the Department requested that action be taken.

I have no objection to Rev. Sister Alix continuing as Principal of the school, but I have suggested to Inspector Barry that he keep a close check on its administration and carry out an inspection before the close of the current calendar year.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B.C.

December 12, 1940.

Major D.M.MacKay,
Indian Commissioner for B.C.,
Box 70,
Vancouver, B.C.

Dear Major MacKay:

Some weeks ago you asked me to make a brief survey of the pupilage of the Squamish Indian Residential and Day Schools to determine whether or not the children involved could be accommodated in a Consolidated Day School.

The attached nominal rolls of the children now attending the Squamish Indian Residential and Day Schools have been prepared for me by the Reverend Sister Mary Alix, Principal of the schools in question. The following are summaries which it is hoped will be of assistance to you and the Department in coming to a decision in this matter.

The Squamish Day School pupils attend the Residential School classes and as far as academic work is concerned, receive exactly the same education.

At present there are twelve boys and fourteen girls in attendance at the Squamish Day School, while in the Residential School there are twenty-seven boys and thirty-four girls. The classification of these children by grades is as follows:

Grades	1	2	3	4	5	6	7	8
Day School								
Boys	6	2	1	1	1	0	0	1
Girls	5	1	1	5	0	1	0	1
Residential								
Boys	10	2	0	5	4	4	2	0
Girls	18	4	1	5	5	0	0	1

It will be seen from the above that the children are fairly evenly distributed between the grades, with the majority of the Residential School pupils in the primary grades.

It is of extreme importance in considering the possibility of the establishment of a Consolidated Day School to take the place of the present Day and Residential Schools to consider the home conditions of the children at present on the roll of the Squamish Indian Residential School. The following tabulation will set forth in a brief manner the information given on the nominal rolls:

	Boys	Girls
1. Both parents dead.	3	0
2. Father dead.	3	6
3. Mother dead.	1	1
4. Deserted by mother	2	1
5. Deserted by father	1	1
6. Deserted by both parents	1	0
7. Parents separated	2	0
8. Mother dead, father deserted	1	1
9. T.B.infected home	0	1
10 No suitable home	0	1
No special remarks	13	22

Indian Affairs (RG 10 Volume 6467, file 889-1, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

From the above it will be easily seen that at least half of the boys and about one-third of the girls need Residential School care in any case.

The following tabulation will give a clear picture of the location of the homes from which the Residential School pupilage is drawn:

	Burrard Inlet	#3 Squamish Mission #1	Squamish River	Musqueam	Uncertain
Boys	5	13	1	8	
Girls	7	19	3	3	2

Briefly, I may say that Burrard #3 Reserve is located in or near the Lynn Valley District, some eight miles from the present Squamish Residential School. There are good roads joining these places. The Musqueam Reserve is located near Point Grey, some fifteen miles from the present Squamish school, on the Vancouver city side of Burrard Inlet. Transportation of the Musqueam children to a Consolidated School at Squamish would involve far too great a distance and also the crossing of the new Lions Gate Suspension Bridge. Squamish River Indian Reserve is located at the head of Howe Sound, some forty miles by water from North Vancouver. Where Squamish is given as the location of the home, it should be understood that this includes the local Reserves in the vicinity of the present Squamish Indian Residential School.

Attached you will find a roll of ten children discharged from the Squamish Residential School during the past year, all these children were fifteen years of age or over. Two were in Grade 4, two in Grade 5, three in Grade 6, and three in Grade 8 at the time of discharge. These children would appear to have received on the average a satisfactory training in the academic subjects.

I regret that it is quite impossible for me to recommend the establishment of a consolidated improved Day School in North Vancouver to take the place of the present Squamish Indian Residential and Day Schools. Two main reasons may be given for this conclusion:

1. It would be practically impossible to arrange for the satisfactory transportation of the children involved when the distance to the Musqueam and Burrard #3 Reserves are taken into account. In no system of consolidation could the children from the Squamish River Reserve be included.

2. A very large proportion of the children at present receiving their education at the Squamish Indian Residential School are exactly those who, from the nature of their home and family conditions, must of necessity receive their education at a Residential School.

I trust that the above information will be of assistance to you and to the Department in coming to a final decision and that the present Squamish Indian Residential and Day Schools may be allowed to continue to function as such.

Yours very truly,

Gerald H. Barry,
Inspector of Indian Schools.

15/14/9629

January 4, 1941.

Dear Sir:

I have to refer to Mr. Hoey's letter of October 29th regarding the suggestion that a consolidated, improved day school be established on the north shore to take the place of the existing Squamish Indian Residential and Day Schools.

The possibilities in this connection have been carefully considered and the whole question fully discussed with Inspectors Barry and Coleman.

Inspector Barry's report, together with a sketch plan of the Reserves served by the existing arrangements, is attached.

Owing to the widely scattered character of the Reserves from which the pupilage is drawn, the proposed consolidation would not be practicable. Moreover, a large percentage of the children would, in any event, require residential school care because of unfavorable home and family conditions.

It will be recalled that the establishment of a Day School on the Musqueam Reserve to care for those children for whom there is no room in the Squamish Residential School has been provided for in the 1941-42 Estimates on Departmental instructions.

I would recommend that the existing arrangements be continued.

Yours faithfully,

D.M.MacKay,
Indian Commissioner for B.C.

Dear Sir:

I am in receipt of your letter of the 6th instant with reference to the Squamish Indian Residential School.

I am advised that if articles are purchased for resale a license from the War-time Price Board is necessary. However, when articles are not purchased for resale no license is required. It would appear that all Indian residential schools come into the latter class.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Sir:

I beg to enclose herewith a copy of the Minutes of the meeting of the Squamish Indian Council held in the Council House on May 18th 1942.

x x x x

I am forwarding each resolution with a covering letter giving particulars re same. Two requests were made, as shown at the end of the meeting - one that I interview the resident Priest, Father Dunlop, regarding improvements to the graveyard, and the other about complaints of the pupils at the Residential School. I have not yet had an opportunity of seeing Father Dunlop, but I have already spoken to Sister Mary Alix, the Principal of the School, and I do not think there is any ground for serious complaint. Sister Alix advises me that she gave definite orders that no child is to be punished by the Sisters without reference to her first, and she will investigate why her instructions were disregarded.

Indians Plan Big Christmas Bazaar

Squamish and Burrard Indians will hold their annual Christmas bazaar and concert Wednesday in the Squamish Auditorium, Forbes Avenue and Sixth Street, North Vancouver.

A sale of handicrafts at 3 p.m., followed by refreshments will start the program. Dances and songs by Indian chiefs will be a feature of the evening concert. Andy Paul will be master of ceremonies.

A show of magic will be given by W. C. "Bill" Shelly, and children of the mission school will give musical selections. A quilt and bedspread embroidered in red, white and blue with the names and bands of the Indian tribes will be raffled at the concert.

The show will be under the direction of Nurse Harriett Gerry, Department of Indian Affairs, assisted by Mary Sieburth, Liaison Officer, Indians of B.C. Spitfire Fund.

re: File No.215-14-4429

I thank you for copy of School Inspector Gray's report on Squamish Indian Residential School.

I agree in every way with Mr.Gray's remarks regarding the short periods devoted to education, and the long periods to religious instruction. This is the chief complaint against the School by the Indians.

With regard to manual training, this is only a temporary arrangement. Mr.Goumain has done quite well for the short time that he has been teaching. I agree also with Mr.Gray's suggestion to remove the large platform and will try to have the Sisters' consent to this. Of course, the building does not belong to us, so we can only suggest,and not order, alterations in the building.

QUARTERLY REPORT ENDING JUNE 30th, 1945, ON VANCOUVER AGENCY

xx xx xx

The Schools have closed for the holidays and there is an uncanny quiet in the Residential Schools. A boy scout troop started by Rev. H.F. Dunlop, O.M.I., at Sechelt Residential School, has caused much favourable comment, especially when they were brought to Vancouver for some Church exhibition.

416 Federal Building,
Vancouver, B. C.
Sept. 28th 1945.

Indian Affairs Branch, Ottawa.

During a meeting of the Squamish Indian Council on the 24th instant, the Chief and Secretary spoke to me during an interval regarding the training of the Indian school children in farming - not with any idea of making farmers of them, but that they would take more interest in using any arable land on their Reserves for vegetables, feed, etc., and for raising smaller domestic animals.

Our Reserves in this Agency are not suitable for farming as a livelihood as they are too small and much of the land is rocky hillside.

write Indian Day

They mentioned that although the present school owned by a religious order is unsuitable for such instruction having been built in the City of North Vancouver, the time has come for a new school to be built as that school is over 40 years old, is a frame building and antiquated, with no proper place for exercise or play, and because of its construction is a great danger from fire. It is also too near the Reserve and too near the Cities of Vancouver and North Vancouver which means that the pupils are able to play truant without much opportunity of stopping it.

The Squamish Band has a large Reserve of 4046 acres at Chekamus No.11 about 55 miles from North Vancouver. There is enough good land on this Reserve which could be used for farming instruction, and the School would be far enough from the Reserve that the children would be under better control.

I advised the Chief and Secretary that there was not much hope of new construction at present, but promised to bring the matter before you for consideration if and when the building of new Residential Schools is contemplated. If some reply to their enquiry could be given, it will be appreciated. This matter was not discussed by the Council as a whole, as it was thought to be one which should not be publicised at the present time.

Fred J. Wall
Indian Agent

Major D.M. MacKay, Indian Commissioner for B.C.,
Box 70, Vancouver, B.C.

I enclose a copy of letter which has just been received from Indian Agent Ball. I doubt if the Minister would favourably consider following the suggestion made in this communication. However, before placing the matter before him I would like to have a report from you indicating your opinion of the situation as outlined by Indian Agent Ball.

Philip Phelan,
Chief, Training Division.

Your File 167-1-1

I have your letter of October 5th enclosing a copy of a letter received from Mr. Indian Agent Ball wherein he refers to certain suggestions made at a meeting of the Squamish Indian Council regarding the replacement of the Squamish Indian Residential School by a new school on a more suitable site and where instruction in elementary agriculture could be given.

I may say at once that I can see no immediate need for a move along the lines suggested. This is not to say that our existing setup is not in need of improvement. It seems to me, however, that before a decision with respect to any change of importance is made that a complete school survey of the North Shore Reserves and possibly the Sechelt Reserve should be undertaken. This is not possible with our present staff but could receive attention following the appointment of a new School Inspector to the existing vacancy.

D.M. MacKay,
Indian Commissioner for B. C.

Mr. F.J.C. Ball, Indian Agent,
416 Federal Building, Vancouver, B.C.

I desire to refer to your letter of September 28, with reference to the Squamish Indian Residential School. The contents of your communication have been discussed with the Director, and I may say that we do not see any immediate need to move along the lines suggested. On the other hand, it is quite possible that our existing set-up requires improvements.

We hope to have a new school inspector by next Spring and he could then make a careful survey of the whole situation in your agency and submit a report that could be studied before any decision is made to change.

Philip Phelan,
Chief, Training Division.

Re: ~~St. Paul's~~ Indian Res. School.
Attention: Mr. P. Phelan.

My dear Mr. Phelan:

This is a small school and in very poor condition. It gives the impression of an orphan long neglected, if not completely abandoned, by its foster parents. Had it been in the hands of any other group of workers but a community of Reverend Sisters, I doubt if it would not be, after these many years, in complete ruin.

It is possible that your Commissioner has been hoping for a new school, but knowing the attitude of the Minister's office, I doubt if this will ever come to pass. Under the circumstances, I think the building is worth saving and should be completely repaired. This, I think, can be done for around $6,000 to $8,000, and the Department should not hesitate in providing this amount in the next year's estimates.

Ordered

For the present, school desks and sewing machines should be replaced as needed and the per capita grant should be increased by 15 pupils. This would provide adequate education for children who are now asking for admission and who cannot be accepted on account of the difficulty of feeding and clothing an extra 15 pupils, when no funds for such purpose are provided by the Indian Department.

170 - Same matter

I do not think that the grant is up to standard, although I am not sure about the matter. But should I be right, I think you would do well to raise it immediately to conform with other schools of your Department.

The library should also receive some attention as the books are very few in numbers and not of a quality to interest children in the formative years.

The Sisters have been very patient with the Department and have not asked what it was their right to expect in the matter of yearly grants for general repairs, and I think that this attitude on their part should not be forgotten.

Thanking you in anticipation I remain,

Yours very truly,

J.O. Plourde, O.M.I.

Ottawa, 13 September 1946.

...ed Jour...ther Plourde:-

We are in receipt of your letter of the 10th instant with reference to the Squamish Indian Residential School.

With reference to your recommendations, we submit the following information:-

1. We are noting the request for $8,000. for repairs and for an increase in the pupilage. These matters will be reconsidered when we are preparing our appropriation for the fiscal year 1947-48.

2. The per capita rate at this school is $170.00 plus the special payment of $15.00 per capita. Consequently it conforms with the per capita rate on other Indian Residential Schools in British Columbia.

3. Indian Commissioner MacKay was authorized two weeks ago to purchase school desks that are required. We are prepared to replace the sewing machines when requested by the principal through the office of the local Indian Agent.

4. Arrangements will be made to supply additional books for the school library.

Yours truly,

EXD.

Sisters of the Child Jesus

Provincial House
North Vancouver, B. C.

Mr. H. E. Taylor, Indian Agent,

Federal Building,

Vancouver,B. C.

Dear Mr. Taylor,

On going over the reports of the last school year I find that we have an enrollment of seventy-two children present, of these, six were discharged in June. There is now a waiting list of fourteen new pupils, whose parents are very pressing to have them placed in school; this would bring our number up to eighty.

We have a dormitory and a community room which formerly were for the Sisters, that we coudd use as dormitories for those extra children who are asking admission, but before doing so, I would like to have assurance that the Indian Department would consider it necessary to raise our grant from sixty to seventy-five pupils.

I trust that you will give the above due considerations as soon as possible.

Yours truly,

"Sister M. Michaella"

PLEASE QUOTE
FILE

416 Federal Buidding,
Vancouver, B. C.

11th September, 1947.

D. M. MacKay, Esq.,
Indian Commissioner for B.C.,
Vancouver.

I enclose two copies of a letter from the Sister in charge of the Squamish Indian Residential School relative to an increase from 60 to 75 for the per capita pupillage grant.

In view of the lack of facilities to accommodate both residential and day school pupils, the extra space which could be provided in the above school would help greatly to mitigate the present shortage.

On the tabulation of approximate air space of dormitories I have shown the cu.ft. space per pupil, which in no instance approaches the minimum requirement.

The additional 6942 cu.ft. available with use of the unused dormitory and the community room, would provide 500 cu.ft. of air space for 14 children, being the difference between the 66 now enrolled and the estimated total of 80 to be admitted.

H E Taylor

(H. E. Taylor),
Indian Agent.

Ottawa.

Enclosed is an application from Mr. Indian Agent Taylor for an increase from 60 to 75 for the per capita pupilage grant at the Squamish Indian Residential School.

It is noted that the total cubic air space in the dormitories, including the two additional rooms which the Reverend Principal plans to use, is, according to Mr. Taylor's figures, 34,349 cubic feet, which would permit an enrolment of only 68 pupils if the Department's regulation of 500 cubic feet of air space per pupil is to be observed.

It is recommended that the increase be granted from 60 to 68 pupils for the per capita grant, providing the additional space is made available.

24-10-47.

1. With reference to the above, please be advised that this date, the writer accompanied by a Matron, Miss Marion Hollett made a patrol to St. Mungo's Cannery, New Westminster District, B.C. The purpose of this patrol was to apprehend and return to the Squamish Indian Residential School in North Vancouver, a delinquent Indian girl, Dorothy LEWIS who was not fifteen years of age. This child, the daughter of Mrs Maggie LEWIS of Capilano Indian Reserve, West Vancouver had ran away from home at an earlier date, disobeying her Mother's wish that she return to school.

2. Accordingly upon arriving at the Cannery where the subject was reputed to be staying, enquiries were instituted at the Main Office and the subjects Mother contacted at work in the Cannery. From the latter it was learned that the girl was staying in #29 of the Cannery Worker's quarters. She was forthwith contacted there and appraised of the fact that she was about to be returned to school.

3. Upon arrival at the Residential School in North Vancouver, the subject was handed over to the Mother Superior of the Sister's in charge of that institution. It is not intended to enter any prosecution against the Mother for the daughter's failure to return to school as she is a widow and quite destitute and further is unable to effectively control her offspring.

DIARY DATE

SET FOR.....

1. Relative to the above mentioned subject, please be advised that a complaint was received at this office during the PM.of the 3rs.inst. to the effect the St. Pauls Indian Residential School at North Vancouver had been broken into the night or early morning of the 1st.inst.; at which time a quantity of goods had been stolen.

2. A patrol was made immediately to the School,and a check revealed that the locker-room adjoining the kitchen had been broken into through a narrow window on the North side of the building. Dents in the casing of the window signified that an iron tool or bar had been used to break away the casing so that the window could be opened. The Principal of the School advised that a close check of the stock in the cooler and the kitchen,revealed that 10 lbs.butter,4 lbs lard, 8 jars peanut butter,2 can syrup (5 lb.size), 3 boxes weiners, 2 meat loaves, & 10 2 lb.packages of Br.Sugar had been stolen. It appeared evident that the only motive behind this B.&.E. was the fact that food-stuffs were the only thing stolen or tampered with; which gave rise to the suspician that none other than Indians were likely to have perpetrated this offence.

3. Questioning of the School staff,and other persons who reside adjacent to the School,revealed nothing of a tangible nature. However, the janitor of the School advised that he had heard from some of the pupils of the School, that two young Indians namely Archie Gonzales & Roger Guss had committed the offence, it was not possible to gather any information to substantiate this however.

4. The B.C.Provincial Police detachment at North Vancouver,B.C. were contacted, who advised that they had received the complaint on the 1st.inst. but had as yet not been able to gather any information which would indicate who had committed the offence. Arrangements were made with this Force to make a check of the Reserve at North Vancouver the AM. of the 4th.inst., when Indians would be questioned in an effort to gather information in respect to this matter.

5. Accompanied by Cst.R.A.McDonald,a patrol was made to North Vancouver the AM.of the 4th.inst., Cst.D.Payne of the Prov.Police was contacted who went with us to make enquiries into this complaint. It was decided that two brothers namely Walter & Leonard Campbell would first be questioned. These youths are Indians, who reside with their mother Mrs.Albert Hanson at the foot of Pemberton Ave.,North Vancouver in a small shack on the waterfront. In calling at this address the writer was met at the door by Walter, this individual was in a very hostile mood,he refused to carry on conversation, and refused us admission..

REFUSED US ADMISSION to the house; in view of this subject's demeanour it was decided that a search of the house should be carried out,while the writer returned to North Vancouver, B.C. for a search warrant, the other members remained at the address. A search warrant was obtained from Pol.Mag. F.J.Bayfield and an immediate search was made of the premises referred to.

6. In conducting the search,nearly all the goods which were stolen from the School were recovered. Leonard Campbell admitted without any prompting at this time that he had been responsible in commiting the offence, naming as his accomplice Donald Johnston,who resides on the Capilano Indian Reserve. Other articles recovered in making the search included an Electric Iron (New), two automobile Fog Lamps, Flashlights,and a large quantity of cigarettes. These items had been stolen in B.&.E. at or from other business establishments in the North Vancouver District; the Provincial Police having received the complaints which were being investigated at the time.

7. Leonard Campbell was apprehended at this time,and with this prisoner a patrol was made to the Capilano Indian Reserve to the residence of Thomas Johnston. The subject Donald Johnston was questioned as to the part he had taken in committing the theft from the School, he readily admitted the fact that he had been implicated. A small quantity of part of the goods stolen was recovered from this address, which included some of the Br.Sugar,Butter,Lard etc. This subject was also apprehended and with Campbell was taken to the Prov.Police Detachment at North Vancouver where charges were laid by the Provincial Police in connection with the B.E.& Theft from the North Vancouver Indian Residential School. The Provincial Police laid six other charges of B.&. & Theft against these two, with respect to the theft from Garages,Stores & Parked cars which had occurred within the past few weeks.

8. Appearing in court on the 5th.inst. the cases against these Juveniles,who are each seventeen years of age,was transferred from the Juvenile court to the Police Court; they pleaded "Guilty" to all the charges,and were remanded for sentence to Monday the 10th.inst. On this date they again appeared,at which time Campbell was sentenced to serve one year in the Oakalla Gaol, Johnston was fined $50.00, and sentenced to time spent in custody, in default of payment of the fine to serve 60 days Oakalla Gaol.

9. Leonard Campbell had a previous record of B.& E. having been sentenced to 18 mo. during 1946, this however,was reduced to 6 months on appeal. In passing sentence,undoubtedly the court took into consideration the fact that Johnston had no previous record, coupled with the fact that he is a Juvenile.

26 November, 1947.

D. M. MacKay, Esq.,
Indian Commissioner for B.C.,
Vancouver.

I am asked by the Principal of the Squamish Indian Residential School to request the consideration of the Department towards an increase in the per capita grant for pupils.

It is claimed that the present monthly amount of $17.10 per pupil is below the amounts paid to other schools.

I have no information as to the correctness of the claim of the Rev. Principal that monthly amounts paid to other residential schools varies from $19.00 to $25.00, but at her request, which was supported by the Principal, I am relaying the application.

H E Taylor

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

I am forwarding Mr. Indian Agent Taylor's letter of November 26th in connection with an application by the Principal of the Squamish Indian Residential School for an increase in the per capita grant.

It would appear from the information we have on file that the per capita grant presently being paid to the Squamish School, although higher than the grant paid to some schools, is less than average and taking into consideration the fact that the Squamish school is not in a position to produce foodstuffs for the pupils I am of the opinion that an increase is warranted. I would suggest that the emergency grant paid to the school be increased from $20.00 to $30.00.

AIR MAIL

Ottawa, December 10, 1947.

Major D.M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

We have your letter of the 5th instant, file 15-11-1, suggesting an increase in the per capita allowance of the Squamish Indian Residential School.

The churches co-operating with us in operating residential schools throughout the Dominion recently interviewed the Minister and requested an increase in the per capita allowance, basing their claim on rising costs.

A definite answer has not yet been given by the Minister but we expect to be advised regarding his decision in the near future. In the meantime we cannot see our way clear to favourably consider the request from the Squamish School.

Bernard F. Neary
Supt. of Welfare & Training.

, June 8, 1949.

Mr. H.E. Taylor,
Supt. of Indian Agency,
416 Federal Building,
Vancouver, B.C.,

On checking the March Quarter Return for the Squamish Indian Residential School, it showed an enrolment of 77 pupils with an average for that quarter of 77. The authorized pupilage at this school is 70.

Please let us know the three dimensions of the dormitories in this school. As you know, the Department expects that there should be 500 cubic feet of air space per pupil in each dormitory. Funds at our disposal will not permit us paying per capita allowances for more than the authorized pupilage, unless official approval is obtained for an increase in the authorized pupilage.

Philip Phelan,
Chief, Education Division.

Ottawa, Ontario.

Re: File No. 889-1 (E.1)

Receipt is acknowledged of the letter of June 24th from the Chief of the Education Division pointing out the error in my letter of the 14th instant in which the dormitory dimensions were given for the Sechelt Indian Residential School instead of the Squamish Indian Residential School.

Herewith are the measurements of the Squamish School dormitories.

Girls.	No. 1 -----	15 x 27 x 10½ ft.
	No. 2 -----	23 x 50 x 10½ ft.
Boys	No. 1 -----	27 x 28 x 10 ft.
	No. 2 -----	20 x 24 x 10 ft.
	No. 3 -----	17 x 24 x 10 ft.
	Total cubic feet.	32,767.

Owing to the mild coast climate the dormitory windows are left open at night so there is ample circulation of air.

AIR MAIL

October 27th, 1949.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

Re: Squamish Indian Residential School

On checking the return for the quarter ended March 31st, 1949, there was an enrolment of 77 at the above mentioned school, and an average attendance of the same number for that particular quarter.

The authorized pupilage at this school is 70, and as the Department expects that there will be 500 cubic feet of air space per pupil in each dormitory, we wrote Superintendent Taylor and asked him to advise us of the number of cubic feet in the dormitory, in order that we could decide if we would be justified in requesting the Minister's approval to increase the authorized pupilage.

The information we have received indicates that the total cubic feet is 32,767, and on this basis there would only be sufficient air space for slightly over 65 pupils.

Under these circumstances, we feel that we would not be justified in increasing the pupilage, but if you have any further representations to make regarding the matter, we will be pleased to hear from you.

Philip Phelan,
Chief, Education Division

RECEIVED
JAN 28 1950
RECORDS
INDIAN
AFFAIRS

Dear Sir,

Your letter of December 14th. announcing an increase in our per capita rate was very welcome indeed.. There are so many things we had to do without, because we could not afford them during the current year's expenditures, blankets and mattresses need to be replaced, and clothing to be got for the children. The adjustment cheque which we received already, will help us considerably. Therefore, I sincerely thank you, and the other Officials of the Department, who considered this increase for us.

Last June, I asked Mr. Taylor, our Indian Agent, for a supernumerary grant, as we usually have eight to ten over our pupilage. He told me that he asked for an increase in pupilage. To date, we have not received either; I would greatly appreciate it, if we could have a supernumerary grant.

Yours very gratefully,

Sister M. Michaella

Principal.

North Vancouver, B.C.

Dear Sister Michaella:-

I was very happy to meet you, the other Sisters, and your children last Tuesday.

The short time I spent at your school did not permit me to look over the premises very carefully, but your happy and healthful looking children was an indication to me of the work you are doing with regard to health and physical education. I would like you to express to Mr. Strain and his assistant, Mr. Cummings, my sincere appreciation on the fine results which they have achieved.

Enclosed please find some pictures which I took while I was there.

I can see that your school is in great need of a better playground, but in conversation with Inspector Davey, I understand that this whole matter will be taken up in the very near future.

With kind personal regards.

Yours very sincerely,

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Squamish Residential School for the Quarter ended March 31st , 1941 ~~193~~

Principal Sister Mary Alice

Dated March 31st , 1941 ~~193~~

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Squamish Residential School for the Quarter ended March 31st 1942

Principal Sister Mary Alix

Dated April 2, 1942 19

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Squamish Residential School for the Quarter ended December 31st 1942.

Principal Sister Ste. Alix

Dated Jan. 2, 1943

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Squamish Residential School for the Quarter ended June 30 1947.

Principal Sister Mary Alice

Dated June 30 1947.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

.....
Indian Agent

Dated at Vancouver

this 5th day of July 1947

NOTE

Principals will please be guided by the instructions printed on the last page.

FORM No. I. A. 403
Reqn. No. 2147

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

KODAK SAFE

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Squamish Indian Residential School for the Quarter ended December 31, 1949.

Principal Sister M. Michaella.

Dated January 7, 1949.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

Indian Boarding School

North Vancouver, B.C., May 22d, 1908

R. C. Mc. Donald, Esq.,
Indian Agent
New Westminster, B.C.

Dear Sir:-

I beg leave to apply to the Department of Indian Affairs for a grant of $ 530.00. to defray the cost of purchasing and installing two furnaces in our School, which has been heretofore heated by means of wood stoves; but these, besides giving a very irregular heat, are most dangerous especially with Indian children, who more than once, came very near setting the building on fire.

Another thing to be considered is this. Fire wood is rather scarce at the present time, and is likely to become more so in the near future, owing the growth of the City of North Vancouver, and very soon, coal will be the only fuel used; so I think it will be more economical with the two furnaces than it would with about fifteen stoves.

DEPARTMENT OF INDIAN AFFAIRS. JUN 15 1908

410 J. 5. Indian Office,

Victoria, June 6th, I908.

Sir,-

I have the honor to forward herewith a letter, dated the 4th instant, No. 556/IO, received from Mr. Agent McDonald, of the Fraser Agency, B. C., with application, of the 22nd ultimo, addressed to him by the management of the Squamish Mission Indian Boarding school asking for permission to incur an expenditure of $530.00 in having two hot-air furnaces installed in the institution, the estimate of which will be found herewith. I concur in the statement made by the Agent that the furnaces would be more economical than are the large number of stoves now found necessary to properly heat the buildings during the cool months of the year besides being far saf(safer) and more satisfactory on the whole. Under the circumstances I would ask that the permission requested be granted.

I have the honor to be

Sir,

Your obedient servant,

Indian Superintendent, B. C.

The Secretary

Department of Indian Affairs,

Ottawa, Ont.

Indian Office, New Westminster, B.C.,

June 4th, 1908.

556/10

Sir;-

I have the honor to enclose herewith an application in duplicate, dated the 22nd ultimo, received from the principal of the Squamish Mission Indian Boarding School, asking for a grant of $530.00 to defray the cost of purchasing and installing two furnaces in that Institution, as shown on estimate enclosed herewith.

There is no doubt but the furnaces would be more economical, safer, and more satisfactory than stoves. The estimated cost of the proposed improvements seems reasonable, and in view of the fact that this school has heretofore not received any assistance from the Department for buildings or improvements, and that the Management being unable to save anything from the present income of the Institution for such extra expenditures, I would therefore recommend the application to the favorable consideration of the Department.

I have the honor to be,

Sir,

Your obedient servant,

R Macdonald

Indian Agent.

Sir,-

I have to acknowledge the receipt of your letter of the 6th inst., forwarding an application from the management of the Squamish Boarding School for a grant of $530.00 for the installation of two hot-air furnaces, and in reply I beg to say that there are no funds available and it is too late to make provision in this year's estimates.

You may, however, include this amount in your estimates for next year, when the same will be dealt with.

Your obedient Servant,

D. McLEAN

Secretary.

WE herewith present our catalogue of the already famous Chemical Fire Extinguishers, known as the "Ever-Ready," because of their quick action, both as regards moving to the scene of fire and the promptness with which they put out the blaze.

For rapid work, and for positive fire-destroying efficiency they have no equal, and we can recommend them to all communities desiring a reasonable-priced fire apparatus.

For small towns where it is impracticable to maintain a fire department, this machine is one of the greatest preservers of property ever invented. For farmers, who may be and usually are, away from any means of protection against fire, this machine is indispensable, and often saves many times its cost in a short space of time. It affords security, too, for wherever these machines are, there is a feeling of relief as against the ever-present dread of fire where there is no protection such as this "Ever-Ready" machine affords.

Look through the following pages, examine the engravings of this machine in its varied sizes and select the one you would like to have protect your property. Then write us, telling us what you think will suit your wants and we will be pleased to give you prices and all information.

The Ever-Ready system differs from the ordinary acid soda system in that we use liquified carbonic acid gas as a source of pressure and utilize at the same time the well-known extinguishing powers of this gas. The ordinary acid soda chemical engine generates carbonic acid gas within the tank by the use of sulphuric acid and soda and on discharging the machine the whole chemical mixture, generally containing unneutralized sulphuric acid, is thrown out by the discharge.

The superior efficiency of a chemical stream is not due to the chemical employed but is due only to the carbonic gas generated by the chemicals.

The Ever-Ready system has removed the principal objection to the chemical engine, *i.e.*, the damage caused by the discharge of a dirty corrosive chemical mixture from the engine. We discharge nothing but carbonic acid gas dissolved in pure water under high pressure. We discharge more efficiency of a chemical stream without using chemicals at all and we therefore claim to do no damage with our discharge.

We build a first-class engine in every respect and we guarantee the workmanship and material to be the very best. Our tanks are of seamless steel lined with block tin. Our arrangements for handling the discharge are perfect and our refilling pump makes it possible to keep up a continuous stream of carbonated water on a fire for several hours as there is enough gas carried on the machine to discharge the whole contents several times.

Our gas cartridges are made to our own order in Pittsburg and are tested to 4000 pounds to the square inch, more than four times the load they have to carry. All Ever-Ready engines are equipped with the necessary apparatus to discharge dry gas alone or any mixture of gas and water that may be desired.

The trucks and gears are built by experienced men and the best of material is used. Any defects that may develop we will cheerfully remedy within one year at our own expense. To put the whole matter in a few words, we will guarantee our engine to be perfect in every detail, and, as under our contract, we oblige ourselves to ship the engine and test it thoroughly before asking payment.

The "Ever-Ready" Fire Extinguisher, "Double Fifty"

(Two 50 gallon tanks, U.S. measure)

THIS machine is constructed of selected oak and high grade steel, is thoroughly inspected in every way, and when it leaves the factory is ready for instant use. The tanks (two in number) contain 50 gallons of water each, and it is the only engine made which can have the tanks filled to capacity, all others being about two-thirds filled, a feature which is very important. No pressure is required until the fire is reached and pressure is applied by simply opening a valve.

All other machines using soda and sulphuric acid are destructive to property, and we claim for this machine that it uses liquid carbonic gas in its pure state, and can be regulated as required. Other machines using sulphuric acid often destroy goods upon which the acid is thrown, as it is well known that sulphuric acid will damage or destroy any article it comes in contact with. Our machine uses a harmless fluid which does not destroy property but does put out the fire.

Each engine is equipped with 100 feet of 1-inch hose, two 4 gallon hand extinguishers, four gas drums containing 10 pounds of liquid gas each, sufficient to discharge about seven tanks of water.

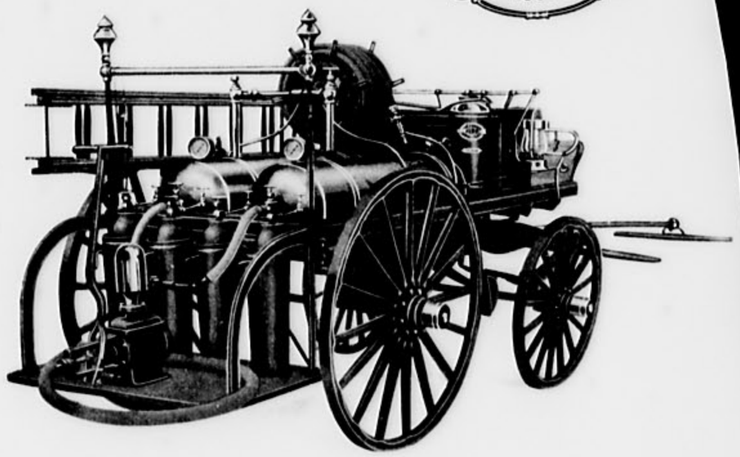

The machine is fitted for two horses, weighs 2,500 pounds, has foot-board for two men, with hand railing as in cut. Each machine of this size has a force pump for tank filling, and one tank can be filled while the other is being emptied, a feature which is on no other machine. The gauges indicate the pressure and are under positive control, a valve releasing the gas at exactly the required pressure, avoiding waste. We also furnish a 16-foot extension ladder with this machine, enabling the operator to reach almost any ordinary height necessary. The hose reel is of our own design and so attached to the water supply that leakage is done away with. The reel runs easily and allows the hose to pay out without clogging. A finely finished and perfect machine in every way and fully guaranteed.

The "Ever-Ready" Double Fifty

Two tanks holding 50 gallons each.

Pump for filling tanks attached.

Weight, about 2,500 lbs.

PRICES UPON APPLICATION.

POOR COPY

The Village Fire Extinguisher

THIS machine is very similar in construction to the machine shown on the preceding page, except that it has but one tank, and is intended to be drawn by hand instead of by horses. Its capacity is 50 gallons (U.S. measure), and when fully equipped ready for use weighs about 600 pounds. The wheels are 52 inches high and, on account of their large diameter, the machine is easily moved long distances when necessary, by a few men or boys; has two gas drums, safety valve and gauge, hose basket with 100 feet of hose, and is in every respect an ideal machine for the purpose for which it is constructed. Write for prices.

This machine is filled by hand, water being poured into the tank through a funnel which we supply.

In cases where fire exists, but its location is indefinite, the nozzle of the hose, if placed through a hole in the partition wall and the gas released, will find the fire and put it out, because the gas rises naturally, and, coming in contact with its natural enemy, fire, destroys it.

All parts of our machines are interchangable, and in case any parts should become damaged or broken we can replace them quickly.

We furnish hose in addition to the amount sent with each machine at the ruling market price.

Gas tanks will be refilled by us at 20 cents a pound. The cost of this gas is cheaper than using soda and acid.

We can discharge a 50-gallon tank for $1.00 (one dollar), while soda and acid machines would require one gallon of acid and 50 pounds of soda at a cost of about $2.50.

We refer you to any who are using our machines, and call your particular attention to the testimonials on page 10.

Machines are painted red, with gold stripes. We can supply the water tanks nickeled if so ordered. They are much handsomer nickeled, but unless they are in use by a regular or volunteer department, we advise the painted tank be used because they are easy to keep clean.

The Village Fire Extinguisher

One Tank holding 50 gallons.
Must be refilled by hand.
Weight about 600 pounds.

PRICES UPON APPLICATION.

"Ever-Ready" Double Hand Engine

THIS machine is built only to order and the tank capacity can be made any number of gallons from thirty to fifty for each tank. One tank can be filled with water while the other is being used upon the fire, the exhausted tank being refilled by hand the same as our "Village" machine.

Write for an estimate, telling us your requirements, and we will quote price on a specially-built machine to fit your needs.

To Operate the "Ever-Ready"

Open the discharge valve—THAT'S ALL! There is nothing to get ready—it is "Ever-Ready." Simply open the valve. When the fire is out shut the valve and the rest of the charge is left to use again. You keep this up until the extinguisher is emptied, and quench a hundred incipient fires with one charge. This is impossible with any other extinguisher on the market, as it is necessary to wholly discharge any chemical extinguisher once it is brought into action.

A Double Tank machine, made very similar to our "Double Fifty" shown on page 5, except that tanks have to be filled by hand.

PRICES UPON APPLICATION.

"Ever-Ready" Hand Fire Extinguishers

Made in two sizes, 2 and 4 gallons (U.S. measure).

Three drums of gas are furnished with each machine and when empty can be exchanged for full ones at any of our agencies at a uniform price of 25 cents each.

They are heavily built, are strong, and a small fire engine in themselves, but are safe and practical.

Price, 2 gallon, $18.00; 4 gallon, $22.00.

Always in stock.

TO WHOM IT MAY CONCERN

Brandon, Man., Feb. 10, 1908.

The Brandon Fire Engine Co., Ltd.,
Brandon, Man.

Gentlemen:—We have had in use one of your four gallon fire extinguishers, which we have had constantly charged, and found that the same held a good even pressure for the past year. We have not had occasion to use same here ourselves, but on one occasion used it very satisfactorily on a fire across the street in the drug store. Our men having noticed the fire picked up our machine and ran across the street and put the fire out before the fire brigade had arrived.

We consider the four gallon machine a very useful and satisfactory fire fighting apparatus for any floor space where you can get near the fire at all, and from what we have seen we would recommend it to anyone who requires fire protection. We remain,

Yours truly,
(Signed) JOHNSON & CO.,
Per McComb.

"Ever-Ready" Warehouse Truck Fire Extinguishers

This engine, as the name implies, is a tank constructed on a solidly built truck, for moving about easily in factories and large buildings, and in case of possibility of the water in the tank freezing in the coldest weather it may be easily moved to a warmer part of the building. The truck is made of iron and the tank holds 18 or 20 gallons (U.S.), is provided with 10 feet of hose, nozzle and connections. Can be instantly used and will be found very effective. **Price, either size, $100.**

This truck can be made any size or capacity to suit conditions. Prices on request.

Brandon, April 21, 1910.

Brandon Fire Engine Co., Ltd.,
Brandon, Man.

Gentlemen:—We have used the four gallon hand extinguisher purchased from you on two occasions. One of them was a gasoline fire, and noticed first by a resident of the block, who connected the wing water on it, the result was a larger fire. I at once ran for the extinguisher and instantly had the fire out. I only used a small quantity of the contents.

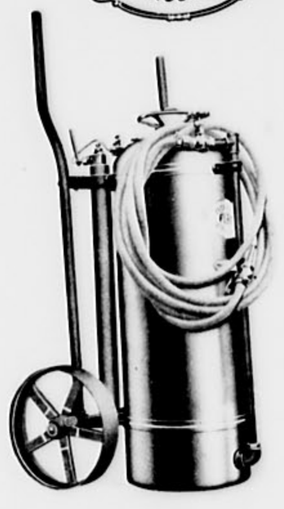

Yours truly, (Signed) E. McANERIN,
Caretaker of the Bell Block.

Hamiota, Man., Nov. 1, 1907.

Brandon Fire Engine Co., Ltd.,
Brandon, Man.

Gentlemen:—On October the 21st, 1907, we had a fire caused by a gasoline engine explosion in our basement, which was burning very fiercely when we got your extinguisher working. It certainly saved our hotel and worked very satisfactorily, and we would recommend the Ever-Ready to any hotel or other public buildings.

Yours truly, (Signed) THOMSON & HAMILTON,
Hotel Cecil, Hamiota.

THE BRANDON FIRE ENGINE CO., LIMITED.

The "Ever-Ready" Automatic Standpipe Fire Extinguisher

Indispensable in homes, churches, schools, stores and similar places.

Can be operated instantly by raising the ring and placing it on the hook on any floor, then opening the valve of any hose-reel you want to use.

EVER-READY FIRE EXTINGUISHER CO.,
Brandon, Man.

BRANDON, MAN., January 22nd, 1907.

Dear Sirs:—I had occasion to test the efficiency of your stand pipe system recently and am pleased to state it was not found wanting in any respect. The accident referred to was caused by a tank of gasoline used in our Tailoring Department, located on the second floor, becoming ignited, but which was easily extinguished by means of your system, without any aid from the City Fire Department. I consider the Plant more than paid for cost of installation at this time.

Yours truly, T. B. ANDREWS.

GEO. THOMAS, Esq., Manager,
Ever Ready Fire Extinguisher Co.,
Brandon, Manitoba.

YORKTON, SASK., Nov. 27th, 1907.

Dear Sir:—I have much pleasure in stating that the Ever Ready Chemical Engine we purchased from you has given its good satisfaction. At a fire we had recently at Levi Beck's store it was the means of saving his dry goods stock which had caught fire through the window casement, and I can safely recommend this Chemical Engine to any town or corporation wanting fire protection.

Yours truly,
R. HALDANE LOCK, Chief of the Fire Brigade.

BRANDON, MANITOBA, CANADA.

EVER READY FIRE EXTINGUISHER

What we Claim for the "Ever-Ready"

IN reference to the expansion of the water, we are free to say that there is no material expansion to the water as a body separate to the gas, but the principle the machine works on is this. Each tank contains forty gallons of water in order to discharge that forty gallons of water at 100 pounds pressure we have to use five pounds of liquid carbonic acid gas. Now, every pound of liquid carbonic gas equals 100 gallons of expanded gas; in other words, expand one pound of liquid carbonic gas and it will fill a space equal to 100 gallons. From this you can easily figure that one gallon of the water that is discharged must contain enough expanded gas to fill over 30 gallons of space.

We are enabled to obtain this owing to the fact that we use the gas in the liquid form. It would be impossible to obtain such a result by using gas made from soda and acid while the machine was being used, because it is impossible to get gas in that way other than in the expanded form, thus forcing the charge out before the gas has time to form, and throwing out a lot of the soda and acid which separates in the air and at once becomes useless for the formation of gas. Also, the copper tanks which must be used to guard against the corrosion of the sulphuric acid and the soda cannot be made strong enough to withstand the pressure that is necessary to force enough gas into the water to get the result which we claim. And as the carbonic acid gas is the strongest known fire extinguisher, and it has been the aim of all chemical engine manufacturers to use this gas in a satisfactory way for their engines, we claim we have the strongest and best fire fighter in the world, because we can, by our system, use from twice to three times as much of this gas as any other make of fire engine. Furthermore, we hold the patents for the use of the gas in liquid for this purpose, so no one can supply you with any other system but a soda and acid.

We are often asked to what density does this gas exist in the expanded form of which we speak. Now this gas is expanded to equal the pressure of the air. A good illustration is found in the case of an old well. The gas collects with sufficient density in the bottom of an old well to often be dangerous to human life; well, the one infallible test that is used is to let a lantern down and if it don't extinguish the lantern the gas will not be strong enough to injure anyone. Now you can see that under the pressure of the air that gas will exist in a sufficient density that fire will not exist where it is unless dangerous to human beings, and in all cases it will exist in a sufficient density to be safe. Now we take our measurements from the gas expanded to a point just under pressure which it is badly diluted with air. Now we take our measurements from the gas expanded to a point just under pressure which is a point much greater than the pressure of the air. Thus we are perfectly justified in saying that for every gallon of water that is discharged from one of our machines at 100 pounds pressure we release enough gas to fill 30 gallons of space, and in the said 30 gallons of space fire will not exist. We believe that this estimate of expansion is much too low.

Extracts from the Press

THE BRANDON FIRE ENGINE IS PERFECT

A Brandon industry in which there is every reason to look for great expansion is the Brandon Fire Engine Company's works.

The concern appears to have an appliance that is equal, if not superior, to anything manufactured in the line of chemical fire-fighting apparatus.

During the present week the company has had a demonstration at its Ninth Street showrooms in which a very deep interest was taken. Mayor Adolph and several aldermen were present on the occasion, and among others were Provincial Fire Inspector Lindlaek; Manager Lightfield, of the McIntyre Block, Winnipeg; Mr. Stanfield; Mr. Birch, secretary of the Manitoba Board of Underwriters, and many others interested in fire-fighting apparatus.

The test was highly satisfactory, and upon its conclusion one of the experts present, in speaking to the directors, said:

"This demonstration convinces me that you have here probably the best chemical fire apparatus in the world."

The Brandon company has been steadily improving its apparatus until it is now conceded by experts that the extinguisher is practically perfect in every detail.

As well as manufacturing chemical engines for general fire protection in cities, towns and villages, the company have a perfect standpipe system of fire protection for installation in business blocks and public buildings, and small apparatus for private houses and farm buildings.

In the test this week strong streams were thrown sixty feet or more and the work was perfect.—*Brandon Daily Sun*, January 22nd, 1909.

AN EFFECTIVE FIRE EXTINGUISHER

Shortly before noon today fire was seen issuing from a stove pipe hole in the wall of the composing room of *The Times* office. An alarm was given but it was not found necessary to call out the brigade as the Brandon Fire Engine Company's works being contiguous, their four-gallon extinguisher in the hands of their expert, Mr. V. West, put the fire out in short order. Considerable damage would have resulted if it had not been for one of these already famous fire extinguishers, and the sincere thanks of *The Times* and the other occupants of

Extracts from the Press

the block are extended to the Brandon Fire Engine Company, and to Mr. West, for thus saving them considerable damage by water and, mayhaps, a bad loss by fire.—*Brandon Daily Times*, March 5, 1909.

NEW FIRE APPARATUS.

The Okotoks Review, May 7, 1908

The Okotoks Milling Co. had a new fire apparatus installed this week. It is a system of liquid carbonic gas, installed by the Brandon Fire Engine Company, and known as the "Ever-Ready" Fire Extinguisher. There is a tank in the engine room and piping runs all through the building, with fifty feet of hose on each floor. It is connected all through by valves and can be operated from any floor by simply pulling a wire which starts the system. The same pressure is given on top as on the bottom and it can be operated either inside or outside the building. It will throw a stream of water and gas 90 to 100 feet high. Messrs. G. R. McCracken and S. H. Cross, representatives of the company, put a stream from the bottom of the mill to the top against a strong wind on Tuesday afternoon while giving an exhibition practice. It will maintain its pressure from start to finish and only one minute is required to recharge. The chemical used is harmless to goods of any description, which is one of the great advantages of using this system.

The exhibition given was a very satisfactory one and the directors of the mill are to be congratulated on securing this system.

At the Village Council Meeting in Hamiota, Man. November 19, 1908, the following resolution was moved by Councilmen Stewart and Whimster:

"That this Council hereby express its high appreciation of the 'Ever-Ready' fire engine purchased from the Brandon Fire Engine Company, also of the straightforward treatment received at the hands of the said company, by their repairing and putting engine, at time of accident, in first-class condition free of charge; and this Council cheerfully recommend the 'Ever-Ready' fire engine as one of the safest, most effective and economical fire fighting apparatus for villages and towns, and that the clerk forward a copy of this resolution to the said company."—Carried.

Changed from a Soda and Acid Machine to the "Ever Ready"

NEEPAWA, MAN., Oct. 28, 1908.

THE BRANDON FIRE ENGINE CO.,
Brandon, Man.

Gentlemen:—In regard to the attachment you put on our Chemical, I am perfectly satisfied with the way it works and would recommend it to any town that wants a machine where water is not plentiful.

Yours respectfully,
(Signed) JNO. B. YOUNG,
Chief of Fire Dept.

"Saved Our Village Thousands of Dollars"

GRANDVIEW, MAN., Feb. 3, 1909.

TO WHOM IT MAY CONCERN:—

The Ever-Ready Fire Engine purchased from The Brandon Fire Engine Co. for Village of Grandview has given entire satisfaction.

May say it has saved our village thousands of dollars, as on two occasions our village would have been wiped out if it had not been for the Ever-Ready.

We would advise any town or village not to buy anything until they have examined the Ever-Ready at Brandon.

Yours truly,
(Signed) G. F. ORR, Mayor.

"Are Loud in Praise of It"

OAK LAKE, MAN., Nov. 27, 1908.

THE BRANDON FIRE ENGINE CO.,
Brandon, Man.

Gentlemen:—We had our first fire last night since we got our machine. I was not there when the alarm was given, but was on the ground a minute or two afterward.

When I got there I found that the boys had the engine at work and the fire put out. The fire was in the printing office and was going in good shape when discovered. The walls were sealed with paper and half inch pine, and the whole interior is charred, which showed that things looked bad from the first.

Now, about the engine: She worked fine, and everybody who saw the work she did are loud in praise of it. I was told several times this morning that she paid for herself last night.

Grey's furniture shop is next door and if the fire in the printing office had got beyond control I don't think we could have saved the other building.

I am writing this just to let you know what we think of the engine. I think she made herself good with some of the kickers, which, by the way, we are always with.

Wishing you every success, I remain,

Yours truly,
(Signed) ALEX. JACK,
Chief of Oak Lake Brigade.

HAMIOTA, MAN., May 14th, 1909.

EVER-READY FIRE EXTINGUISHER CO.,
Brandon.

Gentlemen:—I had communication from Chairman of Council, Granum, Alta., regarding your fire engines and sent them favorable reply, which I trust may assist you in placing one of your machines in their town. Personally I have great confidence in your engine and feel sure it will give good satisfaction when occasion rises. I remain,

Yours sincerely,
THOS. KERR,
Chief Hamiota Dept.

Indian Affairs (RG 10 Volume 6467, file 889-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

containing 10 pounds of liquid gas each, sufficient to discharge abo[illegible] even tanks of water.

The village fire extinguisher of one tank holding 50 gallons and weighing about 600 pounds, has two gas drums, safety valve and gauge, hose basket with 100 feet of hose and is in every respect an ideal machine for small villages. It is easily handled even for long distance by a few men or boys.

The Ever Ready double hand engine is built only to order and the tank capacity can be made any number of gallons from 30 to 50.

The Hand Fire Extinguishers are made in two sizes, 2 and 4 gallons and give splendid satisfaction and have often been the means of saving hundreds of dollars worth of property before the arrival of the fire brigade. The warehouse truck for fire extinguishers is especially adapted for moving about easily in factories and large buildings.

The automatic standpipe fire extinguisher is indispensible in homes, churches, stores, hotels, and similar buildings. It can be operated instantly in any floor desired, by a very simple device.

The Ever Ready display is located on the south side of the ground and the manager invites visitors to see the machines and their workings.

Mr. Empey has just returned from the Edmonton exhibition where he carried off first prise and diploma for his exhibit.—*The Morning Albertan.*

Testimonials

Brandon, Manitoba, June 22nd, 1909.

The Brandon Fire Engine Co.,
146—9th Street, City.

Gentleman:—

At last night's meeting, cheque was ordered to be passed in favor of your Company, for the Chemical Engine, the three months test of which has expired. I have been present at several of those tests, and am in every way satisfied that you have a good article. I was instructed by the council to write you that we were well satisfied with the machine, and I cannot give you any better evidence of our reason for this than is shown in a report to the council signed by Chief Meluish.

"We have made a test to-day with the Ever Ready Chemical Engine, this being the fifth since May 1st, one of which was at a fire on May 16th on C. N. R. property, corner 9th street and Princess avenue. The tests were made with the pressure running from 50 to 140 lbs. In the test made to-day the pressure was 50 lbs, for three minutes and 140 lbs., for 2½ minutes. The test proved satisfactory in every respect. I consider this a good average for a cylinder of fifty gallons capacity"

Respectfully Yours

C.O.² Carbonic Acid Gas as an Extinguisher

In one case an English Coal Mine had burned for twenty years, consuming a seam of coal over a space of 20 acres, defying all attempts to quench it; 8,000,000 cubic feet of C.O.² (Carbonic Acid Gas) were pumped into it day and night for three weeks, the mine was then cooled with water and in less than a month the mine was ready for labor to be resumed.

ALL THE BRANDON FIRE ENGINE COMPANIES APPARATUS USES C.O.² CARBONIC ACID GAS

The Ever Ready Principal

In all the fire extinguishing apparatus manufactures by the Brandon Fire Engine Company, which includes hand fire extinguishers, warehouse engines, stand pipes system, chemical engines, the principal is the same. We do not use acid or soda, or any chemicals whatever, we use carbonic acid gas to put out fire. The water merely serving as a medium to carry the gas to the seat of the fire.

We throw out of all our extinguishers a stream twenty times as effective as any equal volume of water.

Our principal, is a a few words, consisting in the application of liquid carbonic acid gas to a tank of water as a source of **constant pressure** and the **utilization** at the same time of the well known extinguishing powers of this gas.

The ordinary chemical engine, or chemical extinguisher, by the use of sulphuric acid and bi-carbonace of soda, together with the water in the tank, is thrown out when the extinguisher is brought into action.

The Ever Ready extinguisher discharges nothing but clean water, charged with carbonic acid gas.

Every fireman in the land knows to his cost the damage done by corros ive discharges of the ordinary chemical.

The discharges from the Ever Ready does no damage, it will not soil the most delicate fabric.

Another Important Comparison

Once the ordinary chemical extinguisher is brought into action it must be thoroughly discharged before it can be reloaded. You can use any portion of the contents of the Ever Ready and save the remainder for future use.

What We Claim for the Ever Ready

We have no desire to disparage the merits of other extinguishers they are all more or less efficient, and have saved thousands of lives and millions of dollars from destruction by fire. We state, however, and are prepared to prove our statement, that we have the latest developement of the carbonic acid gas extinguisher.

There has been practically no improvement in the carbonic acid gas extinguisher in a quarter of a century. All manufacturers still cling to the acid soda method of generating gas within the apparatus. This involves the discharge of a dirty dangerous corrosive mixture of corbonate and sulphate of soda, with generally a porportion of unneuteralized sulphuric acid.

The Ever Ready discharges only carbonic acid gas dissolved in clean water, and we claim to have all the advantages of the chemical stream without any chemicals.

We claim to have the only extinguisher in which the pressure is under absolute control. There is no extinguisher, except the Ever Ready that can be entirely discharged without the reduction of pressure, and the consequent loss of efficiency.

It is necessary in all acid soda extinguishers to wholly discharge the contents of the tank when once the acid is allowed to mix with the soda solution.

In the Ever Ready any portion can be discharged, and the remainder reserved for future use.

The pressure in every acid soda extinguisher is an unknown quantity, and varies with the purity and conditions of the chemicals used

The pressure in the Ever Ready is under absolute control, and does not rise when the discharge is shut off to a dangerous point as in all acid soda chemicals. In fact it does not rise at all, but stands at the point it is set for whether the machine is discharging or not.

A Few Pertinent Facts

1st. Since the discharge from the [illegible] of gas to one of water, and as the gas is even more effective in extinguishing fires, it is evident that the volume of liquid to be discharged from an Ever Ready to extinguish fires is less than one twentieth of that required for a system using water only. This means one twentieth of the water damage.

2. We have demonstrated that the Ever Ready system is the most efficient, the most reliable and the most up-to-date system of protection against fire that has ever been invented.

3. We use the very best material that money can buy in the construction of our apparatus.

4. Our system has the most unqualified endorsement of every practical fire fighter who has seen it.

5. All our apparatus is thoroughly tested before leaving the factory, and is installed by expert workman.

6. Our apparatus is guaranteed to do all, and more than all we claim for it.

7. We will reduce your insurance premiums.

8. We send an expert to instruct you how to use it and test it.

The "Ever-Ready" Fire Extinguishers

Very Interesting Displap of Fire Fighting Apparatus at the Fair

A very interesting display of fire fighting apparatus is made at the provincial fair by The Brandon Fire Engine Co., of which John Empey, of 109 10th avenue west, is manager of the Calgary branch. The "Ever Ready" fire extinguisher is a perfect fire extinguisher adapted to the need of cities, towns, villages or wherever a fire engine is needed. For small towns where it is impracticable to maintain a fire department, it is especially adapted as a property preserver, while to the farmer it is indispensible, and often saves many times its cost. The Ever Ready system differs from the ordinary acid soda system in that liquified carbonic acid gas is used as a source of pressure as well as utilizing the well known extinguishing powers of the gas. There is no discharge of dirty corrosive chemical mixtures from the engine, which is one of the chief objections to the chemical engine.

The tanks are made of seamless steel, lined with block tin and the workmanship and arrangement for discharge and refilling are as perfect as the highest skill can make them.

The Ever Ready "Double Fifty" is a perfect machine, fully equipped with a 100 ft of inch hose, two four-gallon hand extinguishers, four gas drums,

Dear Sir;-

As representative of the Ever Ready Fire Extinguisher I am addressing you in reference to supplying the Squamish Indian School and Church in North Vancouver with some of our apparatus. I paid a visit to the school yesterday afternoon; was informed by the Reverend Superintendent in charge that I should have to apply to you in regard to any perquisites necessary for the institution.

Our system of fire protection, as explained in the ~~enclosed~~ under separate catalogue, should appeal to your Department very considerately. The Brandon Fire Engine Co. Ltd in furnishing a destroyer of fire use nothing but the pure liquid carbonic acid gas in addition to pure water. As you are aware the ordinary chemicals in all fire extinguishers consist of sulphuric acid and soda which generate a carbonic gas, but the great fault with these ingredients is that while combined they form a gas which destroys a fire nevertheless the two compositions have not sufficient time

Indian Affairs (RG 10 Volume 6467, file 889-5, part 1)

www.collectionscanada.gc.ca

2 when being mixed for fire purposes to thoroughly dissolve, consequently, the undissolved sulphuric acid and soda are discharged with the water and gas; whatever they touch (the ingredients) burn or stain, causing a damage.

In our system there are no damaging materials to follow the discharge. A brand extinguishers of our make ~~with water~~ is just of all more effective, - as all the gas carbonates the water -; is cleaner, doing no more damage than what would do pure water, and very much cheaper, as to discharge a four gallon extinguisher will cost but .25 ¢ whereas the proportions of soda and acid would cost $1.00.

I am sure that you will appreciate the merits of our system, and am writing to ask the privilege of placing say four hand extinguishers in the Squamish School and Church and outbuildings. I have had orders from the fire chiefs of Vancouver, New Westminster, North Vancouver, besides the Provincial Asylum and several Convents and Colleges apart from private residential properties

Thanking you in advance,

I am,

Yours truly,

M. D. Sheridan

Re Increased Grant to Boarding Schools.

Sir:-

In accordance with your instructions of November 23rd 1910. No- 289038, I have inspected all the Indian Boarding Schools within this Inspectorate to see how far they comply with the specifications in order to obtain the increased grant from the Department.

Generally speaking the dormitories of these schools have too many pupils in them, but most of them will be able to comply with the regulation in respect of air space by a slight re-arrangement and placing some of the pupils in rooms now vacant or used for other purposes.

None of the schools comply with the specifications in the matter of taking the foul air off the floors through a heated chimney stack, and the only one approaching this is the school at Alberni, which has a system of ventilators in the base boards in the class rooms and dormitories, and the windows being kept open for the entrance of fresh air. The other schools depend entirely upon the open windows and, in some instances, ventilating trap-doors in the ceilings of the dormitories only.

As regards hospital accommodation, all the schools are well equipped in this respect, having separate rooms for this purpose and in some ~~ink~~ instances outside buildings.

All the schools have sufficient land for farming or gardening where it is necessary that these occupations should be taught, and some of them have carpenter-shops, where instructions are given in the rudimentary principles of house building and general carpenter work is given.

Indian Affairs (RG 10 Volume 6467, file 889-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

www.collectionscanada.gc.ca

The schools are allin a good state of repair,with the exception of the Alberni school,in which the plastering on some of the walls needs considerable overhauling. The class room of this school is a very poor affair indeed,but the principal has been advised that he is to receive a grant of $1100.from the church for the construction of a new class room,which is to be built during the coming summer. The class room of this school is outside of the main building.

I would recommend that the schools be allowed to receive the increased grant on the 1st of April and that they be given a limited time to make any necessary alterations inorder to bring them up to the required specifications.

Details in connection with the different schools are enclosed herewith.

Your obedient servant,

W.E.Pitchburn.

Sir,-

I beg to enclose herewith a list, in duplicate, of articles which the Rev. Sister Mary Amy, Principal of the Squamish Mission Boarding School, North Vancouver, B.C., wishes to obtain from the supplies which the Militia Department has for disposal. I should be glad if you would have these articles forwarded to the Principal's address as soon as possible.

Kindly have the account therefor, in duplicate, forwarded to the Department for payment.

Your obedient servant,

Sir,-

I beg to inform you that the Rev. Sister Mary Amy, Principal of the Squamish Mission Boarding School, who visited the Department today, requested that a set of carpenter's tools be supplied for the use of the school. She was informed that her request would be granted.

You will, therefore, be good enough to purchase for the use of this school one complete set of carpenter's tools. You might consult the Principalin this connection. Kindly give this matter your prompt attention. In making the purchase you should be guided by the requirements of the War Purchasing Commission, as stated in circular letter to you of the 30th of May, last, and obtain competitive prices before placing the order.

Properly certified accounts, in duplicate, for the expenditure incurred should be forwarded by you for payment.

Your obedient servant,

J. D. McLEAN

Asst. Deputy and Secretary.

Ottawa, September 12, 1919.

Madam,-

With reference to your request while at the Department today to be supplied with two dozen blankets and one set of carpenter's tools for the Squamish Mission Boarding School I am directed to inform you that the blankets are being ordered from the Department of Militia and Defence to be sent to your address, and it is expected that they will arrive in due course.

With reference to the set of carpenter's tools I beg to inform you that Mr. Agent Byrne is being instructed to purchase a complete set. He is also being requested to consult you regarding the tools required.

Both the blankets and the set of tools will be furnished your school free of charge.

Your obedient servant,

D. McLEAN

Asst. Deputy and Secretary.

EXD.

September 12, 1919.

Rev. Sir,-

The Rev. Sisters Superior of the Sechelt and Squamish Mission Boarding Schools visited the Department today and requested that certain articles be supplied for the use of their schools.

Mr. Agent Byrne is being authorized to purchase a salmon net for the Sechelt Boarding School and a complete set of carpenter's tools for the Squamish Mission School.

Twenty-four blankets are being ordered to be sent to the Principal of the Squamish School from the stores on hand in the Militia Department. These, together with a like number of blankets which have already been sent to the Sechelt Boarding School, will be paid for by the Department and the cost will not be deducted from the quarterly grants to the schools.

The salmon net and the carpenter's tools are also being supplied at the expense of the Department.

I have thought it well to inform you accordingly.

Your obedient servant,

Sgd D C Scott

Deputy Superintendent General of Indian Affairs.

Squamish Mission

Indian Boarding School

North Vancouver, B. C., April 30th 1920.

Dear Sir:

I beg to write you confidentially about my Financial Statement. So far – that is for 21 years – I have succeded with the Grant and some little donations to cover my expenses; but this past year, owing to the high cost of living, I could not.

Still this I would not mind so much were it not for some repairs that must be done immediately. These are: the foundation of the school which threatens to collapse, and the drain for the waste water. Two weeks ago I had a carpenter around the building and he said that approximately the job would cost $1000.00; and I have not the first cent to begin with, since I am behind.

What shall I do? Borrow at 8%? This I cannot do for I do not want to run into debt.

Well, dear Sir, let me make an appeal to the generosity of the Department to help me in such bad strait. I know they cannot raise the Grant of our school without raising the others, but this help they will not refuse to a poor nun who has devoted pretty near all her life to the welfare of the Indians and feels so badly the lack of funds at the present time.

Hoping my humble request shall be granted and thanking you before hand I remain

Yours very respectfully

Sister Mary Amy

Sir,—

I beg to forward, herewith, a communication received from the Rev. Sister Mary Amy, Principal of the Squamish Mission Indian Boarding School, in which the Writer makes an appeal for financial assistance to enable her to repair the foundation of the School Building and also the Sewerage System.

I frequently visit this School and I can assure you that everything possible is being done for the mental and moral bebefit of the Indians.

The building,as stated in the communication referred to, is in need of repair and also the sewerage system, and I would respectfully recommend that, if possible, favourable consideration be given the Principal's appeal.

May 27, 1920.

Dear Sir,-

I have to acknowledge the receipt of your letter of the 3rd instant, with reference to repairs to the foundation and sewerage system of the Squamish Mission Indian boarding school.

I regret that our appropriation is so limited, that it is difficult to find funds for these and many other needed improvements. This, however, appears to me to be a case in which the Indians should interest themselves. The various Squamish bands, for whose benefit the school was erected and is being conducted, have a capital fund of $86,244.13, and the amount of interest at the present time to their credit is $7,478.50. I feel confident that if you laid the matter before them and used your influence with them, they would agree to perform these very necessary repairs, and have the cost charged to either one of these funds.

Kindly do so, and let me hear from you. In the meantime you might acknowledge this letter and let me know whether you can probably carry out this request.

Dear Sir:

A few weeks ago I took the liberty of writing to you asking you a bonus in favor of the Squamish Indian School; for you know that, owing to the cost of living, it is impossible to have any repairs done in the buildings, and that the school building is threatening to collapse at any time if the basement is not repaired immediately.

Dear Sir, I am certain that you do not want any accident to happen nor the school to be closed.

In order to prevent this I make another urgent appeal to the kindness of the Department. Hoping not to be disappointed and awaiting a prompt and favorable reply.

I remain, dear Sir,

Respectfully yours
Sister Mary Amy

Dear Mr. Scott:-

I respectfully beg to bring to your notice the immediate need there is at St. Paul's Boarding School, Squamish, of two new hot-air furnaces. The present ones are worn out and must be replaced before the Winter sets in. Rev. Mother estimates the minimum cost to be $525.00.

Then again the School should be provided at once with two fire escapes. In case of serious fire during the night the children and the Sisters would be in deadly peril. I consider the old building to be a the present time a genuine fire trap.

Trusting the Department will readily accede to these two requests,

I have the honour to be,

Yours faithfully,

J. McLean. O.M.I.

Dear Father Welch: -

I have yours of the 20th instant, requesting the Department to make certain repairs at the Squamish Boarding School.

In reply I wish to state that the Department has done all that is possible for this school this year. We have commenced payment of a special grant of $600 per year for their day school activities, and I am endeavouring to secure again the authority of the Minister to pay the taxes on Block 69, amounting to nearly $1000. The Sister Superior will be financially in a better condition than in the past years, as the payments mentioned above are being made direct to her.

I regret that the school authorities will have to rely upon their own resources for these needed improvements.

R.T.T. DCS

576997

Sir,—

I beg to inform you that in company with Inspector Cairns, I recently visited the Squamish Boarding School, and whilst inspecting the building we observed that there were no convenient fire escapes connected with this Building. I believe Mr.Cairns mentioned this in his report.

I have also been informed that the matter was brought to the attention of my predecessor, the late Indian Agent Byrne, but I do not know whether he brought the matter to the Department's attention or not.

Since visiting this school I have received a letter in the same connection from the Chief of the Fire Department of North Vancouver, of which the following is a copy:-

"FIRE DEPARTMENT
North Vancouver,B.C., Dec.5,1922.

Indian Agent,
New Westminster,B.C.

Dear Sir:

Re St.Pauls Schools,
Keith Rd.West,
City of North Vancouver.

SCHOOLS BRANCH
DEC 28 1922

I wish to draw your attention to the absence of fire escapes on the above school building, in order to provide proper escape for the inmates in case of fire.

Having in mind the construction and age of this building, and the fact that boys and girls are sleeping on the third florr in certain wings, with the only egress being down the usual stairway which leads to a passage in the centre of the building, and in all probability would be completely cut off for this use, you will agree with me that the result in the event of fire would be nothing short of disasterous.

As the majority of the inmates are Indian children I trust that your Department will have sufficient interest in the matter to give it your immediate attention.

Yours respectfully,
(sgd) W.Murphy,
Chief of fire Dept. "

I would recommend that suitable fire escapes be provided for this institution, and if this recommendation is approved by the Department, I shall appreciate being instructed to call for

Ottawa, Dec. 30, 1922.

Sir:-

I have your letter of the 21st instant, with reference to the need of suitable fire escapes for the Squamish Indian Boarding School.

In reply I beg to state that the Department considers inexpensive equipment should be supplied at this institution. It has been suggested that wooden outside stairs be built, allowing an exit through a room which is convenient to the dormitories and is easily supervised. If you and the Rev. Sister Superior are satisfied that this type of fire escape is adequate, you are authorized to purchase the material necessary, after securing competitive prices, and to engage a carpenter competent to erect the stairs.

If such equipment is deemed unsuitable, you will please make a recommendation to the Department, after securing an estimate of the cost of the fire escape desired.

Indian Boarding School

North Vancouver, B. C., February 24th, 1923.

Dear Sir:

I beg to submit to you the enclosed letter of O. L. Lister who, with the Fire Chief, inspected the fire protections we have at the school.

As you will see in the letter most of our fire-fighting appliances need to be replaced. Would you kindly tell me if I have to make a requisition for same or simply forward this letter to Ottawa.

Awaiting your prompt reply, I remain,

Dear Sir,

Respectfully yours

Sister Mary Amy

Principal

Dear Sirs,-

We respectfully bring to your notice a few details regarding this Company's operations.

Fire Extinguisher Inspection and Re-charging

This branch of our services is perhaps the most important, as an extinguisher, no matter it's original cost, is absolutely worthless should it fail to operate at the critical moment, when called on to extinguish a fire in the early stages.

Let us mention some of the reasons why extinguishers have on very numerous occasions fallen down when most urgently needed,-

1. Improperly charged.
2. Charged when installed, no attention after.
3. Discharged at a fire and re-charging overlooked.

Our service takes care of such matters and gives the best possible assurance that your extinguishers are always in good working condition and ready for all emergencies on the moment.

This Company's service seal and charge labels attached to extinguishers, are officially recognized and thoroughly endorsed by Underwriters and Fire Department Officials. Seals are so adjusted as to make it an impossibility for any person to tamper with extinguishers without breaking the seal. Labels show at a glance the condition at all times.

Enclosed rate card proves that we can give this at a cost that is actually less than you can re-charge extinguishers yourself, not counting your employees time on same. In addition to this you are assured that they are looked after in the proper manner and thoroughly inspected every three months. Every inspection is reported to you in detail and a copy of same forwarded the Underwriter's Association.

We are pleased to quote on General Fire Inspection service covering, Fire Alarm Gongs and Batteries, Fire Hose, Racks, Fire Doors, Fire Escapes, Hydrants and would welcome an opportunity to bid on any fire fighting appliances you may be installing on your premises in the near future.

Thanking you in anticipation of your favorable consideration, we are,

Yours truly,

Fire Protection & Supply Co.

O. L. Violet.

Dear Sir,-

Regarding Fire Extinguishers at present installed at St Paul's School, North Vancouver, we are pleased to quote you at follows:-

Recharging & Inspection Service per annum,..$1.25 each Extinguisher.
Including Chemical.

Enclosed letter explains the above service in detail. Our "General Fire Inspection" service, should you care to adopt same, would cover the whole Fire Equipment with the following charges.

Fire Alarm System,.....$2.50 per annum.
The system is thoroughly inspected every three months. Batteries and Gongs tested, gong clappers and mechanism lubricated.

Fire Hose (per Hose) ..... $1.00 per annum.
All couplings, valves, nozzles and gaskets examined every three months and water run through at least every twelve months. This greatly increases the life of hose.

Fire Pails Cleaned out and refilled once every three months.

Per Pail, ... 25¢ per annum.

A written report is made the day following each inspection. Report also covers any fire equipment such as Fire Escapes &c. A fire drill will be carried out at each inspection and pupils instructed in the use of various appliances installed.

Awaiting your further commands, we remain,

Yours truly,

FIRE PROTECTION & SUPPLY CO.

The Sister Superior,
St.Paul's School,
North Vancouver, B.C.

Feb.20th.1923.

Reverend Sister:-

Regarding inspection made this afternoon, in company with the Fire Chief, we beg to make a report covering the Fire Protection, and respectfully submit suggestions as follows:-

FIRE ALARM GONGS:

In very poor condition. Wiring in places defective and circuits installed in series, making upper gongs weak.

The whole system should be re-wired and present electric light switches replaced by standard Fire Alarm Switches.

At least two additional gongs should be installed, as those on upper floors are small, and we very much doubt if the children would be awakened by them in an emergency.

FIRE EXTINGUISHERS:

In good condition but need re-charging. These extinguishers must be re-charged periodically to be efficient and ready for instant action.

FIRE HOSE:

The fabric of same is very much deteriorated. Should be replaced by hose of less bulk. Present size is very heavy and would prove most difficult for a Sister or Child to handle in case of fire.

FIRE ESCAPES:

There are no outside escapes. The only way of exit is down the stairway. Position of this stairway, through the centre of the building, would make this a very risky way of exit in case of fire, as the chances are that smoke and flames would make descent impossible. Outside escapes should be provided, two from the Girls' Dormitory and one from the Boys'. Either permanent stairway escapes, or automatic ladders could be used.

As suggested by you, we phoned Mr.C.C.Perry, who advised our writing you covering a requisition regarding this matter. We are sending Mr.Perry a copy of this letter also.

Thanking you for courtesies extended the writer, we remain,

Yours respectfully,
FIRE PROTECTION & SUPPLY CO.

Dear Sir:-

Enclosed please find copy of letter mailed to the Sister Superior of the St.Paul's School, North Vancouver.

May we respectfully venture to point out that the Fire Protection of the premises is in a very serious condition.

We hope that you will not think us presuming in any way by stating the facts in this manner, but the dangerous state existing from a life-saving point of view is really most serious indeed, and we feel that it cannot conscientiously be overlooked. It is therefore that we consider it our duty to draw the matter to your attention.

The writer hopes to have the pleasure of calling on you in the immediate future. Advice or suggestions that we are able to offer, in Fire Protection and Prevention matters, is entirely at your disposal without any obligation to you in any way what-so-ever.

Yours very truly,

Fire-Gun as a Protection against Fire Danger

FIRE-GUN is a hand fire extinguisher. It puts out little fires before they get to be big ones. The small fire is the great menace. Almost invariably the big fire comes from a little one. Where that danger exists FIRE-GUN should be on guard.

In FIRE-GUN we have produced a new liquid pump which is positively *double acting* from the first stroke until it is absolutely empty, thereby overcoming the great defect found in others which are only double acting when nearly full.

The mechanical construction of FIRE-GUN is so perfect that it never pumps air. It never splutters or dribbles, but shoots a solid stream thirty or forty feet. FIRE-GUN is built to stand rough usage. All parts are so strong and well protected that it never leaks or fails to operate. New from the factory or after standing for years, it shoots a faster, steadier stream than any other hand extinguisher.

After all, the supreme test is, how quickly can the fluid be shot into a fire. Due to the reliability of our pump and its perfect mechanical construction, FIRE-GUN is emptied in about half the number of strokes required by any other one quart type extinguisher.

FIRE-GUN FLUID is effective where water is useless. It will not deteriorate, is a non-conductor of electricity, does not freeze at 50 degrees below zero, and will not damage machinery or delicate fabrics.

Immediately it strikes the heat it forms a heavy blanket of non-conbustible gas which crowds out the air and puts out the fire. It is, therefore, especially effective on burning liquids such as gasoline, kerosene, kitchen fires of burning fats, etc., or rapidly burning materials, such as celluloid; of fabrics, such as cotton-burlap and cloth; or combination of these, such as waste saturated with oil; and on all electrical fires.

Sir,

I beg to report that during a recent visit to the Squamish Indian Mission Boarding School at North Vancouver, my attention was called by the Mother Superior, to the fact that the fire-extinguishers, which have been in use there for some time (6 in number) were in need of re-charging and whilst inspecting the premises, with the city Building inspector, and fire-Department's officials, the service of the Fire Protection & Supply Co., of Vancouver,B.C., was brought to my attention in this connection.

I beg to submit herewith a fyle having reference to this subject and would recommend that authority be given me to have these extinguishers re-charged, if it is the intention of the Department that this be done.

The letter of Charles Mulvey, dated 21st of February, will outline the customary charges for this service.

Your obedient servant,

C.C.Perry,
INDIAN AGENT.

Ottawa, March 22nd, 1923.

Sir: -

I have to acknowledge the receipt of your letter of the 13th instant, enclosing correspondence which you received from the Fire Protection & Supply Co., Vancouver, regarding the fire equipment at the Squamish Indian Boarding School.

In reply I beg to say that you may arrange to have the 6 fire extinguishers which are in use re-charged and placed in good condition. You should also arrange to have the fire alarm gongs thoroughly overhauled and any repairs required carried out. If necessary, the system should be re-wired and 2 additional gongs installed on the upper floors to replace the present gongs which are too small for the purpose.

Regarding fire hose, I beg to say that the Department will be prepared to authorize the supplying of the quantity of hose considered absolutely necessary for the purpose, also any nozzles, couplings, etc., required.

In the carrying out of the above repairs, alterations and purchase of new fire equipment, the cost should be kept down to the lowest possible point, and in the making of any purchases competitive prices should be obtained. We are not prepared to authorize a regular inspection service.

Regarding the fire escapes, I beg to refer you to official letter of December 30th, last, in which you were requested to make a recommendation to the Department after securing an estimate of the cost of the fire escapes desired.

You should arrange to have the extinguishers, fire gongs and fire hose overhauled and placed in good condition as soon as possible.

Your obedient servant,

J. D. McLEAN

IN YOUR REPLY REFER TO
No. 1/1-2
AGENCY
TO DATE OF THIS LETTER

R

Sir,—

In connection with your letter No. 167/1/5, dated March 22nd last, with reference to the overhauling and re-adjustment of the Fire Alarm and Gong system at the Squamish Indian Mission Boarding School, at North Vancouver, I have the honour to inform you that the system has been completely re-wired and the additional gongs installed and the work generally carried out under specifications carefully prepared in conjunct with the Chief of the Fire Department at North Vancouver, a copy of which is sent herewith, attached to an abstract of tenders and account of Mr. Charles Mulvey, representing the Fire Protection & Supply Company of Vancouver, B.C., for the sum of $181.00 plus the Government Sales Tax of $4.08, making a total of $185.08. This account accompanies Voucher No.266 of this Agency.

Attached to the account is also an additional account amounting to $5.12, for the re-charging of the Fire Extinguishers at the same institution, which work was carried out under the authority of the Department's letter above referred to. I would inform you that the Fire Chief has passed upon the work and in a letter has informed me that the work is most satisfactory in every particular. I would recommend payment of those accounts.

While on this subject I would inform you that tenders were also received for the installation of fire escapes, as a specification and plans had been prepared and submitted to and duly approved by the Provincial Fire Marshall, having jurisdiction over the Municipality of North Vancouver, in which the school is situated. The fire escapes have been completed and the institution is now in a safe condition. As soon as the accounts for this service are received, they will be forwarded with the necessary data for consideration of payment by the Department. The matter of fire hose is also receiving attention and will be reported on in due course.

Your obedient servant,

Charles C. Perry

1/1/2.

Ottawa, June 29, 1923.

Sir:

I have to acknowledge receipt of your letter of the 19th instant, enclosing accounts for the installing of a fire alarm and gong system at the Squamish Indian Boarding School, together with an account for the re-charging of the fire extinguishers.

In reply I beg to say that cheques in payment - less the Government Sales Tax - have been forwarded.

We note that tenders were received and have been approved for the installation of fire escapes, that they have been erected and that the institution is now in a safe condition in the matter of fire protection.

Your obedient servant,

J. D. McLEAN

Sir,—

I have the honour to transmit to you herewith Voucher No.333, attached to which is an account of Mr. R.F.Wheadon, 429-6th St.East, North Vancouver, for installing the new fire escapes at the Squamish Mission Indian Boarding School at North Vancouver, in accordance with authority contained in your letter No.167/1/5, dated March 22nd, 1923.

Accompanying the Voucher will be found a set of blue prints which were prepared by Mr. T.T.H.Bartlett, Dominion Constable, of this Agency, together with correspondence which will show that these escapes have been approved by the Fire Marshall, for British Columbia, and the Chief of the North Vancouver Fire Department. Competitive prices were obtained for the installation of these escapes and an abstract of tenders in this connection is submitted with the Voucher.

I would recommend payment of this account and would inform you that a very satisfactory installation has been made, the workmanship being of the best and the material first-class.

Your obedient servant,

Ottawa, September 26th, 1923.

Gentlemen:

I have to acknowledge receipt of your letter of the 24th instant, quoting a price for the delivery of the desks required for the use of the Squamish Indian Residential School, North Vancouver, B.C.

In reply I beg to say that the price quoted is satisfactory, and I have to request that you will arrange to ship as soon as possible addressed to Rev. Sister Mary Amy, Squamish Residential School, North Vancouver, B.C., the following school desks, viz:

12 - #1 B.B. Single Desks,
12 - #2 " " " ,
2 - #1 " " Rears,
2 - #2 " " " .

These desks should be shipped in a knocked down condition, all parts complete, ready to assemble and set up in the classroom. Ink wells should be supplied with each desk. The desks should be furnished at the price quoted, viz: $220.00, F.O.B. cars North Vancouver.

You will be good enough to forward your account, in duplicate, covering the cost of the desks to C. C. Perry, Esq., Indian Agent, Room 402 Holden Building, Vancouver, B.C., who is being informed of the order having been placed with you, and instructed, when the desks arrive, if in good condition, to certify the account and forward it to the Department when payment will be made.

I shall be pleased if you will acknowledge this order and state date when shipment will be made.

Yours very truly,

Sgd F. H. Paget

Sir:

With reference to your letter of August 29th, last, regarding the desks required for the use of the Squamish Indian Residential School, I beg to inform you that an order is today being placed with the Canadian Office & School Furniture Co., Preston, Ont., to ship to the Principal's address, North Vancouver, the following desks, viz:

12 - #1 B.B. Single Desks,
12 - #2 " " ",
2 - #1 " " Rears,
2 - #2 " " ".

These desks will be shipped in a knocked down condition, all parts complete, ready to assemble and set up in the classroom. Ink wells will be supplied with each desk. Kindly inform the Principal of the order having been placed, and arrange with her to accept delivery and have the desks taken to the school and set up in the classroom.

The above firm have been requested to forward their account, in duplicate, to you, and upon receipt of the desks, if in good condition, you should certify the account and send it to the Department in order that payment can be made. The price quoted for the supplying of the desks is $220.00 F.O.B. cars North Vancouver.

FIRE PROTECTION & SUPPLY COMPANY.

404 Hornby St.,
Vancouver, B.C.,
Aug.31,1923.

Charles C.Perry, Esq.,
Indian Agent,
Holden Bldg., City.

Dear Sir:

Following our conversation of August 29th we have interviewed Fire Chief Murphy, of North Vancouver, regarding St.Paul's School Fire Protection.

Regarding a letter mailed to you, by the Chief, on July 6th we have much pleasure in quoting as follows:-

1. Fire hose in dining room 50 ft. 2 inch. rubber lined...30.00

2. "Shut-Off" controllable nozzle for same.....29.50

3. Hose Reel, Brackets and Fittings for attaching.....10.50

4. Fire Hose (outside near basement door) Should have an additional 50 Ft. 2 inch rubber lined hose attached and Chief recommends a shut-off nozzle,also,here..... ..... 29.50

5. Three extinguishers-approved Soda and Acid type..... 43.20
@ $14.40 each installed.

Reason for recommending Shut-Off nozzles, is owing to the high pressure encountered here and the fact that there would only be ladies and children to handle hose at an emergency. Plain Nozzles can be supplied at $3.25 each.

Trusting the above will meet with your approval and assuring you of our best attention at all times, we remain,

Yours truly,

FIRE PROTECTION & SUPPLY CO.

Re.1-1-2.

C.C.Perry, Esq.,

Indian Agent,

Vancouver,B.C.

Dear Sir:

In reply to your letter of June 23rd re condition of fire equipment in the Squamish Mission Boarding School, after inspecting same I would recommend the following.

(1) That new fire hose be installed - as the present is worn out.

(2) The nozzle connected to the present hose be repaired, located near basement door.

(3) That a shut-off nozzle be used in the dining-room.

(4) That a hose reel be installed on the wall in the dining-room.

(5) That a 3 gallon soda and acid extinguisher be installed in the kitchen and the same on the second floor on the main stair-way and also one in the laundry.

Yours respectfully,

(sgd) W. Murphy.

Chief of Fire Department.

ALSO
TO DATE OF THIS LETTER

Sir,—

Referring to that portion of your letter dated March 2nd, No.167-1-5, being the third paragraph thereof, having reference to the proposed supplying of a quantity of hose, nozzles, couplings etc., absolutely necessary for the purpose of fight -ing fire in the Squamish Mission Indian Boarding School, at North Vancouver, I have the honour to inform you that the Chief of the Fire Department, North Vancouver was requested to make a recommend- ation as to what he would consider to be absolutely necessary in this connection. A copy of his report dated July 6th is enclosed herewith, for your perusal.

I also have the honour to transmit herewith an estimate furnished by the Fire Protection and Supply Co., of Vancouver, as to the cost of the installation proposed by the North Vancouver Fire Chief. The installation of this equipment seems to be necessary to replace the old equipment, which is practically worn out.

I would recommend that the purchase of the material suggested in the two letters be authorized in due course.

Your obedient servant,

C.C.Perry,
INDIAN AGENT.

Ottawa, October 3rd, 1923.

Sir:

I have to acknowledge receipt of your letter of the 13th ultimo, enclosing copy of a communication from the Chief of the Fire Department, North Vancouver, regarding the fire hose, nozzles, etc., which he recommends be supplied for the use of the Squamish Indian Boarding School, and also a copy of a communication from the Fire Protection and Supply Co., Vancouver, quoting a price for supplying the same.

In reply I beg to say that, as the Fire Chief considers it absolutely necessary that this extra fire equipment be supplied to replace the old equipment which is practically worn out, the Department will approve of the purchase of the following:

(1) 50' 2" Rubber lined hose for dining room,
(2) "Shut-Off" controllable nozzle for same,
(3) Hose reel, brackets and fittings for attaching,
(4) 50'2" Rubber lined hose, with a shut-off nozzle, for outside near basement door,
(5) 3 Fire extinguishers, soda and acid type,
(6) Plain nozzles required.

Competitive prices should be obtained, if possible, and the purchase of the above equipment made from the firm quoting the lowest price. Properly certified vouchers, in duplicate, should be forwarded covering the expenditure incurred.

You should give the matter of the purchase and installation of the above equipment your early attention.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

DEPT. OF INDIAN AFFAIRS
OCT 10 1923
RECORDS

Sir,—

I beg to report that some time ago, a requisition was sent the Department for school material and supplies for the Boarding School and Indian Day School conducted by the Sisters Of St. Joseph, at Squamish Indian Mission #1. The Sisters report that the following articles asked for have not been received; viz.,

18 scratch pads,
200 Exercise books,
200 scribblers.
1 numeral frame (high stand)
6 boxes steel pen nibs (3 boxes only received)
3 doz.Catechism Books.
1 Teacher's table.
3 pairs of Shears(large scissors 7½")

As the articles mentioned were badly needed, Reverend Sister Mary Amy purchased supplies which were absolutely necessary and has handed to me the account of Messrs. Shoemaker, McLean & Veitch, covering the articles she has purchased; viz.,

50 exercise books,
50 scribblers,
8 copies of Fifth reader

and has requested me to forward the account to Ottawa with a view to its payment. I have attached this account to Voucher No.413, and would recommend that the same, under all circumstances,be paid, and that the balance of articles asked for be supplied the school, If the same meets with the Department's approval.

Your obedient servant,

Chas. C. Perry

C.C.Perry,
Indian Agent.

Ottawa, October 12th, 1923.

Sir:

I have to acknowledge receipt of your letter of the 3rd instant, enclosing an account covering the cost of the exercise books, scribblers and readers purchased by the Principal for the use of the Squamish Indian Residential School.

In reply I beg to say that, in view of your report as to the reason for this purchase, the account will be paid. You have been informed in another communication regarding the school material which was ordered sometime ago and sent from the Government Stationery Office.

When preparing the order for the school desks, we overlooked the ordering of a teacher's table and chair. The Department will approve of this equipment being supplied, and you may arrange for the purchase of the same. You should obtain prices from a number of dealers in Vancouver for a suitable table and chair, and the purchase should be made from the firm quoting the lowest price. You should furnish properly certified vouchers covering the expenditure incurred.

Your obedient servant,

J. D. McLEAN

Sir,

By Telegram

I beg to remind you that during your visit to Vancouver you instructed me to ascertain what it would cost to install a new furnace in the Squamish Mission Indian Boarding School, and in concert with Reverend Sister Mary Amy, Principal, we have secured tenders on this work. W.W.Smith of Vancouver has submitted a tender for the putting in of a McClary Magnet Furnace at $216.00 and Messrs. McGurke Sheet metal works at North Vancouver have given a tender at $165.00, both tenders including all work and material connected with a complete installation and the removal of the old furnace. Having discussed this matter with the Reverend Principal, we have decided to recommend to the Department that the tender of Messrs. McGurke, Sheet Metal Works at $165.00 and I would recommend that this tender be accepted and the work authorized at the earliest possible date, if this can be done.

Your obedient servant,

St Paul's School,
North Vancouver, B. C.
Sept. 19, 1923.

Reverend and dear Father:

Enclosed please find the list of repairs and other articles urgently needed at the Squamish Boarding School.

I did not mention the scale to Rev. Father Guy, but as the children must be weighed occasionally during the year, it is quite a nuisance to have to take them to one of the stores of North Vancouver in order to have them weighed.

As for the furnace needed, Mr. Perry, our agent, sent W. W. Smith over to the school in order to have a look at the old furnace last week. Whether Mr. Perry has received orders to have it replaced or not, I don't know, but the fact is that this furnace must be installed before winter sets in.

Thanking you, Rev. Father, for the interest you take in our work, I remain,

Respectfully yours
Sister Mary Amy
Principal

Mr Duncan C.Scott,
Deputy Superintendent General,
Department of Indian Affairs,
OTTAWA, Ont.

Dear Mr Scott:-

As requested in our interview of yesterday I am pleased to enclose the letters of Rev.Mother Amy, Principal of Squamish Indian Boarding School, to Very Reverend Father Welch O.M.I. in which she mentions urgent needs for the school.

I have visited that school during August and can vouch for the urgency of all repairs and the necessity of articles requested. Your personal visit to the institution must have brought to your mind the same conviction.

I wish to thank you specially for the immediate attention given to the matter of the furnace upon my visit of yesterday at your office and it will be a pleasure for me to mention such attention to the authorities of the school.

Yours very truly,

Joseph Guy o.m.i.

Dear Father Guy:

I have your letter of the 11th instant, relative to certain needs at the Squamish Indian Residential School. I have examined the communication from the Sister Superior, and I am pleased to inform you that our representative will be instructed to purchase the lumber needed for the sidewalk and flooring. The hot air furnace and laundry equipment have already been supplied and it will not be possible to authorize the purchase of a scale.

Yours very truly,

Duncan C. Scott

Ottawa, October 20th, 1923.

Sir:

A request has been received from the Principal of the Squamish Indian Residential School for the supplying of a quantity of lumber for the reflooring of the boys' recreation room and shed, and for new side walks. I have, therefore, to request that you will arrange for the purchase and delivery of the quantity of lumber, of a suitable kind, required for the above purposes. The Principal has estimated the cost to be approximately $190, and, if possible, the cost of supplying the lumber required should not exceed this amount.

You should obtain competitive prices from a number of dealers, and the purchase of the lumber should be made from the one quoting you the lowest price. Properly certified vouchers, in duplicate, should be forwarded, to which should be attached a memo. showing the names of the firms asked to quote and the prices quoted.

The labour is to be performed by the school authorities without cost to the Department.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Sir,—

I have the honour to transmit herewith Voucher No.580, attached to which is an account of Messrs. Alcock, Downing & Wright Ltd., for the sum of $165.00 for the installation of a furnace at the Squamish Indian Mission Boarding School, at North Vancouver, B.C., together with an abstract of tender in respect thereto.

In this connection I would inform you that the account was held in abeyance in order that my demand, that the Company put a few finishing touches in their work, be carried into effect. The work has now been completed to my satisfaction and I would recommend that the account be duly paid.

I would note that Mr. G.W. McGurk, to whom the tender was originally awarded transferred their contract to Messrs. Alcock, Downing and Wright Ltd., as the former was financially embarrassed and the latter being a wholesale manufacturing concern were giving credit to Mr. McGurk and required the security of this transfer from him.

Your obedient servant,

C. C. Perry,
INDIAN AGENT.

Building Inspector's Office,
North Vancouver, B.C.,
Jan. 24th, 1924.

Mr. C.C.Perry,
Indian Agent,
404 Holden Bldg.,
Vancouver, B.C.

Dear Sir:-

In response to your letter of the 18th. instant, I have inspected the building and plumbing work referred to.

The floor of the building has recently been repaired and is approximately 1¼ inches out of level at the water intake which would naturally trap the water, causing it to freeze and burst the pipe.

Re Plumbing:

I find the laundry tubs at the South east end of the building to be 1/2 inch out of level, which would trap the water making it impossible to drain the pipes.

On the North east side I find that the plumber has put in the tubs running with the floor, while being approximately 1¼ inches out of level forms a trap, causing the pipes to burst when frozen.

There is plenty of fall to the waste pipe to carry off the water and they are properly vented.

Mr. Young claims that the floor has settled since he put in these tubs, and although he claims the fault is not his, he is willing to put the plumbing in good condition providing the floor is made level.

Yours truly,

(sgd) J.W.Fugler,
Building, Plumbing and
Sanitary Inspector.

DEPT. OF INDIAN AFFAIRS
FEB 13 1924
ARCHITECT.

Sir,—

I have the honour to transmit herewith Voucher No.540, attached to which is an account of the Robertson-Godson Co., Ltd., of Vancouver, B.C., for twelve laundry trays, 2 wood wringer boards, two wringers and twenty-four wash tray bibbs connected with the tubs, the installing of the same, including waste and traps, at the Squamish Indian Mission Boarding School, at North Vancouver.

I would inform you that a dispute arose between the school authorities and this Company, after the completion of the work, which called for a report from the plumbing and building inspector of the City of North Vancouver. It had been found, following the installation of the tubs, that portions of the plumbing had been frozen and pipes burst; and upon investigation it was discovered that while two small sags were found in the pipe which prevented the pipes from emptying when the water was turned off during the frosty period, it was also found that the reason for the pipes sagging in this way was that a new floor had been put in by the school authorities in the laundry room, immediately prior to the installation of the tubs, which was found to be half an inch out of level at the south-east end of the building and one and a quarter inches out of level on the North -east side, thus forming traps in the piping which caused them to burst. This condition has now been corrected, and I am submitting herewith the account for the same, together with a copy of the inspector's report and an abstract of tenders, which were asked for by Mr. School-Inspector Cairns and myself, in personal interviews with the companies tendering. I would recommend payment of the account.

R

Sir,—

I have the honour to transmit herewith Vouchers No.626, and 631, attached to which are accounts for school desks supplied by the Canadian Office and School Furniture Company Ltd., Preston, Ont., to the Squamish Indian Residential School, also an account of Andrew Jack, Carpenter, for two days work in setting up these desks. I would recommend payment of both these accounts.

Sch Note Paid 11/3/24

I would inform you that I was notified by the Principal of the delivery of these desks on Nov.26th, and it was expected that Dominion Constable Bartlett would set them up and thus save the Department the cost of having this work done, but owing to smallpox having broken out in three of the villages Mr. Bartlett has been unable to set up the desks as arranged. I would inform you that the desks arrived in good condition, and are now installed in the school.

R

Sir,—

I have the honour to transmit to you herewith Voucher No.651, attached to which is an account in favour of Messrs.Cantelon Lumber & Shingle Co., of Vancouver for lumber supplied to the Squamish Mission Boarding School, at North Vancouver, for a floor in the boys' playroom.

Authority for this purchase is contained in Departmental letter No.167-1-5 dated Oct.20, 1923.

I would redommend payment of this account.

Your obedient servant,

C.C.Perry,
INDIAN AGENT.

SQUAMISH RESIDENTIAL SCHOOL.

TAXES.

$1000.00

As usual the Department will, I suppose, provide for payment of taxes.

BARN.

$2000.00

The construction of a barn would be a welcome addition to the rather limited number of outbuildings at Squamish School. I believe that a sum of about $2000.00 would serve the purpose.

File

Ottawa, June 8, 1926.

Sir:

I have your 1-193 A of the 21st ultimo, forwarding a resolution of the Squamish Indian Band in Council relative to the erection of a combined manual training hall, gymnasium and auditorium for the use of the Indians of the reserve and the pupils of the Squamish Residential School. The Department views this programme with favour and agrees that the best site would be on that part of the reserve nearest to the school. Please get in touch with interested members of the Band and have a rough sketch prepared, indicating the size and accommodation which should be provided in the building. This should be submitted to the Department with a recommendation as to the method of erecting the building, i. e., by contract or by day labour. You should also secure as accurate an estimate as possible of the total cost, including furnishings.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Chas. C. Perry, Esq.,

Ottawa, August 11th, 1926.

Sir:

In a recent requitition which you forwarded from the Principal of the Squamish Indian Residential School, 24 school desks, with 2 rear seats, were asked for. In September, 1923, we supplied 24 desks and 4 rear seats for this school. I have to request that you will state whether the desks now asked for are absolutely required at the present time or not. I may say that our funds are extremely limited and, unless the desks are absolutely required to carry on the classroom work successfully, we would not be prepared to supply same during the present fiscal year. After taking this matter up with the Principal, please furnish your report as to whether the supplying of these desks can stand over for the present or not.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Dear Mr. Perry:

I have your 1/140 of the 9th instant, reporting that you have been requested by the Squamish Indian Council to bring to the attention of the Department the advisability of replacing on another site the Squamish Indian Residential School. In reply I have to inform you that there are many pressing claims upon the Appropriation for Indian Education and the various building requirements have to be considered in order of urgency. You should inform the council that their representations have been noted but that, at the present time, there are no funds available for the purpose.

Yours very truly,

J. D. McLEAN

VANCOUVER, B.C.

Sept. 3rd 1927.

St. Paul's Indian School,
North Vancouver. B.C.

Dear Sirs-

We submit herewith our Mr. Percival's recommendations covering the overhauling and repairing of the undermentioned warm air furnaces at present in the school.

We list below and designate as item #1 covering certain repair parts required for #18C Sunbeam All Cast Iron Furnace.

1 set of fire pots
1 Dome
1 face plate 12x15 for cold air
1 cold air elbow 12"
1 8" Thimble
1 8" Elbow 45° Black. 24 ga.
7 # Furnace Cement
12 Bolts
Labor

Quotation in respect of this repair with material shown, amounting to $54.55 (Fifty Four Dollars Fifty Five Cents).

Item #2, also covering repairs for #18C Sunbeam All Cast Furnace,

1 Dome
4 jts. 12" Cold Air Pipe
4 12" Elbows
7# Cement
Labor

Quotation in respect of this repair, with material shown, amounting to $36.35 (Thirty Six Dollars Thirty Five Cents.)

Indian Affairs (RG 10 Volume 6467, file 889-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Item #3, covering repairs for 6-20B Enterprise All Cast Furnace.

1 Dome
1 Ash Pit Door Knob
8 lbs. Cement.
Labor

Quotation in respect of this repair, with material shown amounting to $38.35 (Thirty Eight Dollars Thirty Five Cents)

We also submit our figure on anapproximate requirement for Gutter and Down Pipe and have based our figure on using 280 ft. 10" Gutter, 20" 2½" Down Pipe, 2 2½" Elbows and 12 2" Elbows. Quotation in respect of these quantities being $77.30 put up. (Seventy Seven Dollars Thirty Cents).

We would advise that Mr. Percival has gone very thoroughly into the matter of these furnace repairs, and are quite satisfied that when necessary repairs as outlined are supplied to the different furnaces, they will again be practically as when originally installed, although from a heating standpoint, Mr. Percival's proposal of installing the Hercules Furnace would be much more efficient insofar as replacing the #6-20B Series as previously mentioned.

Yours very truly,

W. T. McARTHUR & CO. LTD.

SCHOOLS BRANCH
SEP 27 1927

Sir,—

I have the honour to advise the Department that I have received from the Rev. Principal of St. Paul's Indian Residential School, North Vancouver, a request for expenditure in connection with the overhaul and repair of furnaces at the residential school. It will be noted that the work is under way and that the Rev. Principal is seeking reimbursement of the cost. I would point out that these items have been included in my Agency estimates for the fiscal year 1928-29, so that it may be considered in that connection should the Department be unprepared at present to provide an appropriation for this work from current funds. I would recommend that the Department's favorable consideration be given to this request.

Your obedient servant,

(C.C.Perry)
INDIAN AGENT.

Ottawa, September 27, 1927.

Sir:

I beg to acknowledge receipt of your letter of the 19th instant, with reference to repairing the furnaces at the Squamish Indian Residential School. In reply I beg to say that when the accounts for this work come to hand, you should forward them in the usual manner to the Department for our consideration.

The official name of this school is "Squamish Indian Residential School", and I should be grateful if you would refer to it in this manner in future communications.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

INDIAN AGENT'S OFFICE

IN YOUR REPLY REFER TO
No. 1141
ALSO
TO DATE OF THIS LETTER

206 Winch Building,
Vancouver Agency, Vancouver, B.C.
October 3, 1927. 19

Sir,—

I have the honour to acknowledge receipt of Departmental letter No. 167-1-5, dated September 27th. ultimo, with regard to the official name of the Squamish Indian Residential School.

In reply I beg to say that my reference to this institution as St. Paul's School in my letter of September 19th. was inadvertent and the first time it was so referred to. Your instructions regarding the submission of accounts have been carefully noted and will be duly carried out.

While on the subject of the official name of this school, I beg to enclose herewith a page from the City of Vancouver telephone book, where it will be seen that the Roman Catholic authorities have listed this school as St. Paul's and the same name is used in the City of North Vancouver as well. I would point out that I have reminded the Reverend Sisters in charge of the school of the official name as desired by the Department.

Your obedient servant,

(C.C.Perry)
INDIAN AGENT.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Mr. Duncan Scott
Deputy Superintendent General
Indian Affairs
Ottawa.

Squamish Residential School
North Vancouver, B. C.,
Oct. 17th 1927.

RECEIVED
SCHOOLS BRANCH
OCT 25 19

Dear Sir:

Your circular dated Oct. 6th reached me in due time. In reply I beg to say that there are two fire-escapes in the girls' dormitory, the doors of which are not fastened and open outside, besides two staircases.

For the boys' dormitories there is only one fire escape located in the big boys' dormitory, with two windows opening on it. The little boys' dormitory is only few paces from this fire escape, it is true; but in case of emergency another fire escape would be needed.

We have a sufficient number of fire extinguishers set at strategic places and the children are drilled occasionally. Our engaged man sleeps in a cottage not far from the main building and has a telephone.

Before retiring, that is about 10 o'clock, two Sisters visit the basement, furnaces and kitchen. Besides, winter not being very severe in B. C., we very seldom keep fire going during the night.

Hoping that these explanations will prove satisfactory, I am, dear Sir,

Respectfully yours
Sister Mary Amy
Principal

Ottawa, October 25, 1927.

Madam:

I have your letter of the 17th instant, reporting on the fire equipment in connection with the Squamish Indian Residential School. We are requesting Mr. Agent Perry to furnish a report regarding the installation of fire equipment in connection with the junior boys' dormitories, and to forward an estimate of the cost and type of equipment he would recommend be installed. When we have his report, consideration will be given to the installing of another fire escape for the use of the dormitory occupied by the smaller boys.

We note that there are a sufficient number of fire extinguishers, which are placed at convenient points throughout the building. I shall be pleased if you will see that the chemicals in these extinguishers are in good condition, and if any refills are required, you should arrange to see that same are installed. Accounts covering the cost of any new refills for the extinguishers should be handed to Mr. Agent Perry to be certified by him in the usual manner and forwarded to the Department for payment.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy and Secretary.

Ottawa, October 25, 1927.

Sir:

The Department has received a communication from the Rev. Sister Superior of the Squamish Indian Residential School relative to the fire escape facilities at the school. She states that there is only one fire escape for the boys' dormitories, which is located on the big boys' dormitory, with two windows opening on to it and that the smaller boys' dormitory is only a few paces from this fire escape, but that in case of emergency another fire escape is needed.

I shall be pleased if you will enquire into the fire escape facilities at this school and furnish a report regarding the installing of another fire escape for the use of the junior boys. Please state the type of escape you would recommend and the cost of installing same. The Department will expect you to give this matter your early attention.

We are authorizing the Principal to obtain any refills required for the fire extinguishers and to hand the account therefor to you, which you should certify in the usual manner and send to the Department for payment.

Your obedient servant,

J. D. McLEAN

Sir:

I have the honour to acknowledge receipt of Departmental letter dated October 25th, No. 167-1-5, with reference to the fire escapes at the Squamish Indian Residential School, North Vancouver, and in reply I beg to say I visited this school yesterday with a constructional man, Mr. Shockley, who is to build the Auditorium, and I got him to look over the school building whilst inspecting the site for the Auditorium, when it was found that a wooden platform and ladder are all that would be required, similar to those installed a few years ago, and Mr. Shockley has promised to give me an estimate of the proposed installation in a day or so, when I will forward the same to the Department.

Vancouver Agency, Vancouver, B.C.

November 9, 1927.

Sir:

I beg to transmit herewith Voucher No. 2751, attached to which are accounts amounting to $206.55 (with credit note for goods returned reducing the account to $203.55) received from W. T. McArthur & Co. Ltd., 1012 Granville St., Vancouver, for the cost of repairing the furnaces at Squamish Indian Residential School, North Vancouver, and the provision of material necessary for the same.

The voucher is submitted by authority of Departmental letter dated September 27th. last No. 167-1-5.

I would advise that the work has been satisfactorily completed and the cost is $3.00 less than estimated owing to the return of goods credited at that amount.

I would recommend payment of the accounts.

Sir:

I have your letter of the 15th instant, relative to the additional fire escape required at the Squamish Indian Residential School, and giving an estimate of the cost of same.

In reply I beg to say that you may arrange for the installation of a wooden fire escape suitable to meet the requirements at this school. It should be installed at a point easy of access from the junior boys' dormitory, and of a type to meet the requirements. It is noted that the builder whom you consulted estimates the cost to not exceed approximately $75. Please arrange to have this escape installed as soon as possible, and, when the is completed, you should forward a certified voucher, in duplicate, in the usual manner covering the cost.

Your obedient servant,

EXTRACT FROM LETTER FROM INDIAN AGENT C. C. PERRY,
415 Winch Building, Vancouver, February 23, 1928.

Original on 5167-2.

1. x 2. x x

The Department will be aware that a joint sewerage disposal scheme has been authorized for this building in conjunction with the Squamish Indian Residential School, to be paid for approximately as follows:

From Auditorium Vote	-	$150.00
From School Vote	-	450.00
Total	-	600.00

O.K. 5167-2

This being the case, I would recommend that a separate accountable cheque for $450 be sent for the school portion of the sewer cost, so that expenses connected with the Auditorium may be kept distinct and apart from the School expenditure. This work, which was authorized by departmental telegram dated February 9th, instant, is now being carried out and will be completed with the work of the Auditorium.

Sir:

With reference to your letter of the 23rd ultimo, I have to inform you that an accountable Indian Education cheque for $450 is going forward by today's mail. This is for the sewage disposal scheme for the Squamish Indian Residential School. I should be grateful if you would make an early accounting for these funds, as the fiscal year will soon be ended.

Your obedient servant,

A. F. Mackenzie.

A. F. MacKenzie,

SCHOOLS BRANCH
APR 2 1928

Sir:

I beg to refer to Departmental letter No. 167-1-5 dated November 22nd. 1927, in which authority was granted for the erection of an additional fire escape at the Squamish Indian Residential School at a cost of approximately $75.00. Subsequently Vouchers Nos. 2917. 2918, 2986 and 2987 were sent to the Department for the payment of labor performed on this job, the cost of which amounted to $52.75.

The material for this escape which was of wooden construction was taken from the scaffolding and left over lumber from the construction of the new Community Hall which otherwise may have been left and difficult to dispose of. The cost of the material would amount to $22.25 under ordinary circumstances if purchased especially for this work. The amount therefore has been covered by Voucher No. 3058 herewith to be credited to the Squamish Band of Indians Trust account No.54 and to be charged against the School Vote and transferred by the Department to the Squamish Fund. This action is recommended.

I beg to advise that the fire escape has been satisfactorily completed.

Your obedient servant,

(C. C. Perry)
Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

DEPART[redacted] OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

DEPT. OF INDIAN AFFAIRS
APR 1 28
RECORDS

415 Winch Building,
Vancouver Agency, Vancouver, B.C.,

March 26, 1928.

1/141.

Sir:

Voucher accepted Ins.

I have the honor to acknowledge receipt of Departmental letter of the 8th. March instant, No. 167-1-5, covering cheque for $450. sent to me for the wages in connection with the construction of the Squamish Indian Residential School portion of a joint sewerage disposal system with the Squamish Auditorium Building through the Mission Reserve No.1. to the City of North Vancouver sewer outfall. In this connection I beg to transmit herewith Voucher No. 3056, attached to which are returns of labor for the weeks ending February 25th, March 10th. and March 17th. amounting to a total of $439.35 leaving an unexpended balance to date of 10.65, which amount is being returned herewith by Bank Draft No. 332, as the Fiscal Year closes in a few days.

When the sewerage work was recommended, it was estimated that the cost would be approximately $600.00, $450.00 of which would be charged against the Schools Vote and $150.00 against the Squamish Auditorium building. The latter connection was made at a less cost than estimated, viz: $130.30. The School portion, however, will exceed the amount asked for, for when the estimate was given the City Engineer gave Mr. Shockley to understand that excavation to about five (5) feet depth only would be necessary whereas on proceeding with the undertaking no less than twelve feet were found necessary to excavate, several feet of depth of which excavation was through hard compressed clay almost amounting to hardpan which, with boulders to remove, made the work much more difficult and protracted.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

It is

Indian Affairs (RG 10 Volume 6467, file 889-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

March 26, 1928.

It is expected that the work will be finished by about March 28th. - 29th., but the cost will exceed the estimate by

1. Cost of vitrified pipe,as per Voucher 3051 - $134.50
2. Cost of cement, as per Voucher No. 3050 - 7.60
3. Cost of labor from March 19th. to 24th. as per return herewith, Voucher No.3057 - 279.20

4. Also cost of labor for March 26th. to about March 28th.)

The Vouchers for the pipe and cement are sent herewith numbered 3051 and 3050. The labor returns for whe week ended March 24th. are sent herewith attached to Voucher numbered 3057. I shall thank the Department to have the cheque sent to me for labor payments as soon as possible.

I trust that the action taken to carry the work through to completion as early as possible will be approved.To have left the sewer half-completed would have greatly increased the menace caused by the inundation by sewerage from the boarding school of a considerable portion of the residential part of Squamish Reserve, as well as leave dangerous excavation open with menace of accidents.

Voucher 3069 is also Sewer Connection fee.
City Sewer

Your obedient servant,

(C.C.Perry)
Indian Agent.

May 18, 1928.

Sir:

I have the honor to re-transmit herewith official Vouchers 3057 and 3072 with attached labor returns dated March 24th. and March 28th., respectively, in connection with the work done on the sewage disposal system at the Squamish Indian Residential School at North Vancouver.

Vouchers accepted J.W.S.

The Department recently sent me cheque No. 6884 dated March 31st. for $279.20 in payment for the return of labor for the week ended March 24th. also cheque No. 245 dated April 14th. for the payment of labor for the week ended March 28th. said cheques being issued in my favor to cover payments under the above mentioned returns.

I would now report that I am advised by Mr. E. H. Shockley, the Vancouver contractor who had charge of the work in question, that Mr. Andrew Paull, one of the payees, who is also Secretary of the Squamish Band of Indians, requested him to advance the labor payments under these returns as the Indians were hard pressed owing their having to wait for their money from Ottawa and that Mr.Shockley had granted their request. The two cheques above mentioned therefore have been endorsed by me in Mr. Shockley's favor and the wage receipts for all payments made to the workers and duly witnessed are sent herewith attached to the vouchers and returns. I trust that this action will be satisfactory to the Department.

RECORDS

Sir:

I beg to acknowledge receipt of Departmental letter dated August 2nd., No.167-1-4, with reference, in particular, to a requisition made for six additional desks for the Squamish Indian Day School. In reply I beg to say that I consider these desks necessary in order to insure uniformity in the classrooms, as the children boarding in the Residential School and the pupils of the Indian Day School are mixed in the different rooms according to the grades they are in. The new building which is being used as a Day School accommodates some ten or twelve pupils of the Residential School (beginners) while the other two classrooms in the Residential School take all pupils from grade 2. to grade 8. Besides this some would-be boarders will have to content themselves with being day pupils only, as there is no room available for them in the Residential School.

The desks asked for will be No.5. and would cost $6.60 each and are manufactured by the Tait Pipe and Foundry Co., Vancouver, the same firm that supplied the desks under competitive tender as previously supplied.

Your obedient servant,

(C.C.Perry)
Indian Agent.

Sir:

I have to acknowledge receipt of a requisition from the teacher of the Squamish Indian Day School to be supplied with firewood, soap and dustpans.

In reply I have to say that you may arrange for the purchase and delivery of the following: 6 cords firewood, fir; 1 cord cedar kindling wood; 12 cakes Lifebuoy soap and 2 dustpans. You should see that a good grade of the full quantity of wood is supplied and at the lowest possible cost.

When the above supplies have been delivered, you should forward accounts, in duplicate, properly certified, covering the expenditure incurred.

Your obedient servant,

A. F. MacKenzie.

/349.

Sir,-

I beg to report that the heating apparatus in the Mission School, Squamish Reserve, has been found defective and must be repaired before it can be used again. The North Vancouver Fire Marshall inspected it with me, and the Reverend Sister Superior, Principal of the School, has asked me if the Department will bear the expense. I have received an estimate of $250.00, but will call for other tenders, if necessary.

I presume the grant made to this school is supposed to cover all such items as repairs, but have promised to lay the matter before you for advice.

As the work will have to be done before cold weather sets in, I respectfully request that you telegraph instructions as to who should pay for these repairs.

I have the honour to be,
Sir,
Your obedient servant,

Fred'k J.C. Ball

(F.J.C.Ball).

1382.

Dear Sir:-

I beg to enclose herewith a voucher for $3.00 covering a charge for taking the fire extinguishers from the Squamish Residential School, Squamish Reserve No.1, to the fire department at North Vancouver, and returning same to school.

These extinguishers were found to need renewing, and the Fire Marshall had the work done gratis except for transportation to and from the School. The saw-mill company was delivering lumber at the Reserve at the time and agreed to do the hauling. The charge is reasonable and I respectfully request that a cheque be issued for same.

Your obedient servant,

Enclosure:-

(F.J.C.Ball).
Indian Agent.

B/HM.

OCT 3 1930

Dear Mr. Scott :—

I was rather disappointed at hearing from Mr. Ball, our Indian Agent, that there were no funds that could be disposed of for the repairs of the Squamish school heating plant.

It is true I have had the McArthur Firm, from Vancouver, to examin the furnaces, before I applied to the Department for help, but I really did not know what were their political views, being myself a very poor politician, However had known them, I certainly would have taken a different step, and should this be the cause of the Department refusal I beg of you to forgive my ignorance and grant the help so urgently needed.

Respectfully yours
Sister Mary Amy
Principal

because no funds

Ottawa, October 3, 1930.

Madam:

I have been directed to acknowledge receipt of your letter of the 22nd ultimo, with reference to the repairs required to the heating plant at the Squamish Indian Residential School.

In reply I wish to inform you that the reason for not authorizing having this work carried out was because we have no funds for the purpose.

Your obedient servant,

A. F. MacKenzie,
Secretary.

E X T R A C T from Report of G. H. Barry, Inspector of Indian Schools for B. C., dated May 21st and 22nd, 1931, on his inspection of the SQUAMISH INDIAN RESIDENTIAL SCHOOL.

Original on File 167-1-6.

SCHOOLS BRANCH
17 1931

Laundry:-

There are two small boilers heated by a small fire. The cement in which these boilers is set is badly cracked. There are 12 tubs for washing the children's clothes. All the work is done by hand. The drying room is heated by a very small box heater. A much larger heater is very badly needed. This would not cost very much, and would help to dry the clothes in a much more satisfactory manner.

Kitchen:

The kitchen is clean. A new kitchen range is required. The old one is now worn out. The one supplied should be of modern design with warming ovens and large enough to supply the needs of about sixty people.

Drainage:

The school is connected by sewerage pipes with the North Vancouver system. The bath accommodation is very poor indeed. There is only one bath on each side, (one for boys and one for girls). This only permits of a child having a bath once in two weeks which I do not consider sufficient. At the same time, I do not quite see where more baths could be put without building.

The toilet system is worse even than that of the baths. The boys' toilets are of a very ancient design. They are safe enough from a health point of view; but there is no toilet near the boys' dormitory. They have to go down to the basement even at night.

The wash rooms on girls' and boys' sides are kept very clean.

Games:- The children play all sorts of games. There is a covered shed for the boys. I would recommend that a swing and two climbing ropes be authorized. All that is wanted is about 50 feet of thick rope. The swing can be made at the school.

W.E.Ditchburn, Esq.,
Indian Commissioner,
P.O. Box 666,
Victoria, B.C.

Dear Sir;

The attached correspondence has been forwarded to me by Mr. Indian Agent Ball of the Vancouver Agency. I do not know why Mr. Ball wishes me to take the matter of the repairs to the two laundry boilers at Squamish Residential School up with the Department in Ottawa. It appears to me to be very obviously the work of the Indian Agent.

In my report on the Squamish Residential School I referred to the laundry in the following terms:-

Laundry: There are two small boilersheated by a small fire. The cement in which these boilers is set is badly cracked. There are twelve tubs for washing the children's clothes. All the work is done by hand. The drying room is heated by a very small box heater. A very much larger heater is badly needed. This would not cost very much, and would help to dry the clothes in a much more satisfactory manner.

A copy of the report on the Squamish Residential School was forwarded to you on June 8th 1931.

Your obedient servant,

Gerald H Barry

Dear Sir:-

When our worthy inspector Cap. G.H. Barry visited the school last May he could not help noticing that the buildings though kept in good repairs were far from being up to date. In the laundry, for instance, the two boilers and wringers have to be replaced immediately. Would you kindly send tenders to examine the work that has to be done, and oblige

Yours respectfully

Ottawa

Dear Sir:-

I beg to inform you that the boys play room is in very poor condition, in fact the condition of the floor does not afford safety and cannot be used until completely renewed The walls too are very dilapidated.

I therefore ask you to send tenders to examine the the building, and at the same time apply for the lumber necessary for this urgent reparation; the work will be done by the big boys of the school under the direction of Mr. Goumain, our workman.

Respectfully yours

/2693.

Sir:-

The Squamish Residential School has made strong representations to have the laundry repaired also the boys' play room.

The laundry is referred to in the accompanying correspondence and I find it requires two boilers complete with brickwork and two wringers. The boilers are cracked beyond repair and the wringers are worn out. I have obtained prices which are as follows:-

2 wringers @ $20.00.....	$40.00,
2 boilers complete @ $45.00....	90.00,
	$130.00

The playroom requires lumber only, the work can be done by the school workman and the larger boys without cost. I have not had anyone look at this as it is impossible to say what will have to be renewed until the floor, etc. is taken up but I believe $50.00 would cover the cost of material required to make it safe and respectfully recommend that these jobs be authorized.

I have the honour to be,
Sir,
Your obedient servant,

Fred J.C. Ball

(F.J.C.Ball).
Indian Agent.

Sir:

I have your 2693 of the 2nd instant, with reference to replacements at the Squamish Indian Residential School. You may secure, from suitable sources of supply, two wringers and two boilers for the laundry, at an estimated total cost of $130. You may also purchase $50 worth of lumber to repair the flooring in the playroom. Please ask the school management to be responsible for all installation or labour costs.

By

----------R

SCHOOLS BRANCH SEP 12 1931

Original on #167-1-1.

As was to be expected, School Inspector Mr. G. H. Barry advised the Principal that bathing facilities were inadequate and to ask for further accommodation. There is only one bath for about 30 boys and the Principal has applied for another bath for the boys. There are two baths for the girls. Personally I consider three shower baths would be more suitable in every way and would not take up any more room than one bath. I mention this as the Principal is writing you direct in the matter.

Dear Sir:-

Enclosed herewith you will find the accounts for the new furnace, which we found it necessary to have it installed this week; consequently could not notify the Department of the urgent need of same.

Would you kindly forward these accounts to Head Quarters and endeavor to obtain for us therefrom a sufficient amount to cover this unexpected expense.

I also gratefully acknowledge the receipt of the new sewing machine which will certainly add to the comfort and efficiency of the sewing class.

Respectfully yours,

(Sgd.) "Sister Mary Amy"

/3575.

Sir:-

I beg to enclose herewith copy of a letter received from the Principal of Squamish Residential School regarding the heating plant in the school, also an account which the Principal asks the Department to refund to the School.

On September 5, 1930, I reported to you that the plant needed attention, and obtained an estimate of $250.00 for repairs but you advised me by wire dated September 12th that no funds were available.

The present bill is for a new furnace for $98.00. It was installed without reference to me and upon the Principal's own authority, and has been paid by her.

I presume your previous decision in this matter still holds good but report the circumstances by request of the Principal.

I have the honour to be,
Sir,
Your obedient servant,

Fredk J C Ball

(F.J.C.Ball).
Indian Agent.

Ottawa, February 1, 1932.

Sir:

I have your letter of the 26th ultimo, enclosing copy of a communication which you received from the Principal of the Squamish Indian Residential School, together with an account covering the cost of installing a new furnace.

In reply I have to say that the Department regrets there are no funds to reimburse the Principal for the expenditure incurred in installing the furnace. The account which you forwarded is returned herewith.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Sir:-

I beg to report that the enclosed resolution of the Squamish Indian Council was discussed but was not put to the vote. I pointed out that there were no funds available at the present time for a new school and that the Department was fully aware of conditions at the School and the necessity for a new one when possible, but they would have to carry on for the time being.

It is no more a fire trap now than it has ever been. All precautions are taken against fire and a new furnace was installed recently.

Some of the Council reported that the roof was unsafe. Would it be possible to have the Public Works Department make an examination of it? I can not say personally whether there is any danger, but I think it is largely imaginary.

Of course many things could be pointed out as needing repair or re-building, if funds were available.

Regarding the question of returning children home who have been brought from other agencies to this School, the children have been recruited from various places, but on the other hand, some of the Squamish Indians are attending other schools. Before the end of the summer term, I will look into this matter further and make any necessary report and recommendation.

I have the honour to be,
Sir,
Your obedient servant,

MEETING OF THE SQUAMISH INDIAN COUNCIL HELD AT MISSION NO.1 RESERVE, NORTH VANCOUVER, B.C., TUESDAY, MARCH 15TH, 1932, PRESIDING INDIAN AGENT F.J.C.BALL, VANCOUVER AGENCY, SECRETARY AND INTERPRETER ANDREW PAULL, CHIEFS JIMMIE JIMMIE, MATTHIAS JOE, EDWARD JOSEPH, FRANK BAKER, COUNCILLORS GUS BAND, DENNY PAULL, MOSES JOSEPH AND HENRY JACK - ABSENTEES CHIEF GEORGE WILLIAM AND CHIEF ANDREW.

THAT as School is a fire trap, insanitary and insufficient to take care of the Squamish children of school age, forty-two being unable to obtain admission, we petition the Department for a new school as soon as possible, and ask that all children from other Bands and agencies be returned to their homes at the holidays and the School used for Squamish children only in future, unless room is found for others after all Squamish children accommodated.

Sir:

I have your letter of the 23rd instant, enclosing a resolution of the Squamish Indian Council requesting that a new school building be erected to replace the present Squamish Indian Residential School building, and also requesting that this school be for the benefit of the children of the Squamish Band only.

In reply I have to say that the Department has not considered the erecting of a new building, as we will have no funds for the purpose.

Regarding the condition of the roof, I would point out that this building is the property of the Church authorities and any repairs should be carried out by them.

It is noted that you will make a further report and recommendation regarding the recruiting of the children from other agencies for this school.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Vancouver, B.C.

Dear Sir:

In recent years it has been necessary to make many expensive repairs to keep the school in an inhabitable condition; furnaces had to be replaced, foundations had to be renewed, dormitories and class rooms had to be altered, play rooms repaired; and now our laundry which is in a ruinous condition, requires not only immediate repair, but an entire transformation of structure. We therefore appeal, through you, to the Government for aid. Twelve sanitary wash tubs and a drier are necessary and I have confidence that you will obtain them for us.

With this assurance I wish to thank you in advance for same.

Yours very truly,

Lilt Mary Amy
Principal

Sir:-

I have received the enclosed letter from the Principal of the Squamish Residential School and have advised her that as funds are extremely limited, it is doubtful whether any money is available for repairs to this school. I doubt whether it would warrant much expense as it appears to be such an old building.

If you consider the wash tubs and drier can be supplied during the present fiscal year, I will obtain prices but the Principal asks for an entire transformation of the laundry which will be expensive.

The Department is no doubt fully aware of the condition of this School but if not, I shall be pleased to make a detailed report upon it.

I have the honour to be,
Sir,
Your obedient servant,

Fred J C Ball

Public Building,
Victoria, B. C.,
August 23rd, 1932.

C. F. Dawson, Esq.,
Dist. Res. Architect,
Dept. Public Works, Canada,
Victoria, B. C.

Dear Sir: Re. Inspection Furnaces, Etc., at the Indian Industrial School, North Vancouver, B.C.

On August 16th I inspected the heating plant of the above building. This plant consists of three hot air furnaces, as follows,

1 Sunbeam of 55,000 ft. capacity,
1 Enterprise of 30,000 ft. capacity,
1 Vulcan of 30,000 ft. capacity.

These furnaces are in a very fair state of repair, but under the conditions which they are installed they would be subjected to a large amount of corrosion, as the basement floor is of a clayey nature and is not cemented.

On the Enterprise furnace the outside shell had been cut to allow the smoke pipe to pass through, and the hole had not afterwards been stopped up. There were also some parts of this casing coming open. I pointed this out to the attendant and he promised that he would get some sheet asbestos and cover them up. There were also some small cracks in the front, which I recommended to be stopped and filled with furnace cement.

The Vulcan furnace is new and in good condition, but there has been a new bunker built, one wall of which is much too close to this furnace. I pointed this out to the attendant and Mother Superior and they promised to remove it to a new position and cover the side nearest the furnace with some old sheet iron which was on the premises. The smoke pipe from this furnace is too close to the woodwork, unless it is covered with sheet asbestos, which I was promised would be done at once.

The Sunbeam furnace is in good condition, except the firebars, and a new set of these have been ordered.

This is a very old school, constructed of wood, and every precaution must be taken to prevent fire. The whole place is in a very clean condition, but has a damp smell which the openings left in the furnace casings must have conveyed up to the building.

The approximate cost of materials for repairs mentioned above is Ten Dollars ($10.00).

Yours respectfully,

T. J. Arnall

T. J. Arnall,
Engineer.

Ex 3.

Ottawa, September 12, 1932.

Sir:

The Department has received the report of the engineer of the Department of Public Works at Victoria on his inspection of the furnaces at the Squamish Indian Residential School, North Vancouver, B.C.

The Inspector states, with regard to the "Enterprise" furnace, that the outside shell had been cut to allow the smoke pipe to pass through, and the hole had not afterwards been stopped up. There were also some parts of this casing coming open. He states that he pointed this out to the school authorities and that he was promised that the repairs required would be carried out.

He further states that there was a new bunker built, one wall of which was much too close to the "Vulcan" furnace. He pointed this out to the Sister Superior, and states they promised to remove it to a new position and cover the side nearest the furnace with some sheet iron. He states that the smoke pipe from this furnace is too close to the woodwork, and that the school authorities promised that it would be covered with sheet asbestos.

It is further stated that a new set of firebars was required in the "Sunbeam" furnace, and that these had been ordered.

He states that, as this is an old school, constructed of wood, every precaution should be taken to prevent fire, and I would request that, on the occasion of your next visit to this school, you will see that the recommendations of the engineer who inspected the boilers are carried out.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Mr. Philip Phelan,
Chief, Education Division,
Indian Affairs Branch,
Ottawa.

Dear Mr. Phelan,

I herewith enclose the certified account as requested.

I profit by this opportunity to express to you my sincere thanks for the financial allotment you so kindly gave us this summer.

The three classrooms, sewing room, children's dining-room are entirely renovated, and the boys' dormitory is now being lined.

We are fortunate in having a very capable and conscientious man, who besides being Manual Training Instructor, looks after our garden and house repairs, thus curtailing our labor expenses extensively. However, without your financial support, we would be unable to do any of these repairs.

Yours very gratefully,

Sister M. Michaella
Principal.

Re: Squamish Indian Residential School

I am enclosing copy of Superintendent Taylor's letter of August 24th and tender from the Tomlinson Heating and Sheet Metal Company for replacement of one of the two heating furnaces in the above-mentioned School.

You will note that the furnace which it is proposed to replace is completely beyond repair and, as a matter of fact, may not have been properly installed in the first place. Replacement of this furnace, properly installed, will cost $748.00 and although the balance of the appropriation for this School is insufficient to meet the full cost, I would recommend that the expenditure of whatever funds are available be approved, the School to meet the balance of the cost.

August 24, 1949.

W. S. Arneil, Esq.,
Indian Commissioner for B.C.
Vancouver, B.C.

I enclose two copies of an estimate from the Tomlinson Heating and Sheet Metal Co. for replacement of one of the two heating furnaces in the Squamish Indian Residential School.

I recently inspected the dismantled furnace and found it completely beyond repair, parts of the metal having disintegrated.

There is no doubt that the school has had poor heating service in past years and it is very necessary that a new furnace be installed before the opening of the school Fall term.

There is almost sufficient money unexpended from the amount provided this year for the Squamish school repairs to take care of the above cost.

In view of the urgency for replacement, will you kindly recommend and expedite.

It had been hoped that the furnace would serve for another year or so, but when dismantled for overhaul it was found as reported herein.

H E Taylor

(H. E. Taylor)
Indian Superintendent.

(re, Warm air Heating System, Residential Indian School)

Dear Sister Superior,

At your inquiry, we have made a thorough examination of the furnace and equipment in the West wing of the school.

The furnace is past repair, prematurely, owing to an unbalanced system. The existing pipes etc, are rotted and not fit for further use. I would point out that the pipes etc are the original and probably have done duty to three or more replacement furnaces. It is definetely clear, that it never has at any time given proper warmth for the amount of fuel used. We suggest moting the many improvements you are making also enlarging of class rooms, etc, that it is very necessary that a planned and new heating system be installed.

A larger supply of warm air to the class rooms and Dormitory, also return air from same. The wooden cold air duct from class room taken out and replaced with a larger capacity metal duct to be transferred to Dormitory, and the special duct over sawdust bins and angle toward furnace at point of entry into furnace room to not interfere with head room around furnace. A larger supply to class room, and a special duct vertical to Cormitory branching into two and distributing heat north and south directions. A duplicate furnace to the one installed last year in the East wing a Sunbeam #1048 all cast 24" firepot will handle the efficiently. Replace other existing leaders with piping and angles etc. Also new and larger return air pipes from ducts to furnace. New heavy 22 Gge Smoke pipes, and angles.

Our estimate for this job with complete coal burning equipment supplied but left ou of furnace and your sawdust burner installed with new fire-bricks $748.00 Seven hundred forty eight dollars.

As there is considerable work to be done on this job and school opens opening very soon we would appreciate your earliest reply as we will give you precedence so has to complete before school opening.

Yours Very Truly
Tomlinson Heating & Sheet Metal.

Re: Requirements for Squamish
Indian Residential School.

Dear Mr. Phelan:

I am enclosing a list of requirements for the above school, which it is hoped you will be able to supply during the coming fiscal year.

The Department should, in my estimation, spend a little more money to substantially repair this school which has, during its existence, rendered wonderful service to the Indians of B.C.

Yours very truly,

J.O. Plourde, O.M.I.

Re: Squamish Residential School

With reference to Mr. Neary's letter of May 9th (file 848-4 E1), I have discussed with District School Inspector Davey the proposed supply of desks and blackboard for the above-mentioned school. In his report of February 1st he recommends that the double desks in one of the classrooms be replaced by the single type, 49 of which are apparently required.

We are not aware of the funds provided for the Squamish School this year but if possible I would recommend the supply of desks and blackboard as requested.

With reference to your letter of the 29th ultimo, we agree that the single type chair desk should be supplied at this school, and we are prepared to supply 49, but you do not state whether large, medium or small are required.

Please let us know at what cost you can secure these in British Columbia. If more than one quotation can be obtained, you should submit it so that it can be forwarded to the Departmental Purchasing Agent.

Attached are requisitions from four schools in this Province for school desks, along with quotations which have been received from four firms in British Columbia. It will be noted that the lowest tender is as follows:

Small Desk Chairs	-	$14.65
Medium Desk Chairs	-	15.15
Large Desk Chairs	-	15.65

It is recommended that the lowest tender be accepted. These desks are manufactured by the Monterey Furniture Company of Vancouver and supplied through D. W. Davies.

Mr. Davey has examined the products of each of the four firms and is of the opinion that the product of the firm submitting the lowest tender is of equal quality with the product of the other three firms.

Purchase of materials on enclosed requisition is requested for repair and maintenance of Squamish Indian Residential School in North Vancouver.

It is very necessary that the floors be renewed and cleaning costs are reduced greatly by use of lino tile.

We have not been advised what amount is available in the present fiscal year for repairs to this residential school, but would ask that the above be supplied in time for the floors to be laid before the fall term commences.

Ottawa, January 31, 1933.

Sir:

I have your letter of the 24th instant, regarding the installing of a new furnace to replace the "Sunbeam" furnace in use at the Squamish Indian Residential School. In this connection it is noted that you have arranged with the Marshall-Wells Company to install a new furnace at a cost of $90.00. Your action in this matter is approved. I would request that you forward an account, in triplicate, properly certified, covering the cost of the furnace, before the middle of March, next, in order that payment can be made from our Appropriation for the current fiscal year.

Your obedient servant,

A. F. MacKenzie,
Secretary.

EXTRACT FROM REPORT OF MR. INSPECTOR BARRY ON HIS INSPECTION OF THE SQUAMISH INDIAN RESIDENTIAL SCHOOL ON MARCH 23 and 24, 1933.

Original on #167-1-6.

SCHOOLS BRANCH
MAY 4 1933

With regard to the lack of proper accommodation for the senior pupils, I beg to report that in my opinion no time should be lost in changing the partitions in the upper part of the new manual training and auditorium building. All that is necessary is to move the present partition between the manual training shop ten or twelve feet over to the side on which the primary room is located, and then move the partition of the new senior room to a position at right angles and about ten feet into the manual training shop from the position formerly occupied by the partition between the manual training shop and the primary room. These moves which would not cost much will give two good sized class-rooms and a slightly smaller manual training shop than we have at present. Why this was not done at first, a couple of years ago, when the senior pupils were brought from the old building I do not know. The Indian Agent appears to have arranged for the erection of this and another partition, where a very single examination of the building would have shown that no such partitions should ever have been erected. Neither he nor the Department consulted me in the matter and the consequent result is that money will now be required to undo the mischief then carried out. THIS MATTER IS VITAL AND NEEDS ATTENTION BEFORE THE HOT WEATHER. The other new partition erected by the in-structions of the Indian Agent in what was the old senior class-room, see Paragraphs 2 and 3 of my report on this school under date of January 25th and 26th, 1932, should be taken out at once and the room used as a classroom for the home study of the resident boys. The necessary fire escape ladder recommended in paragraph 3 of the same report has not been constructed and will not be needed when this room reverts to a classroom, as it will not be then any more of a fire trap than the rest of this old school. The paragraphs mentioned above are those on the page of my last report headed Buildings.

x x x

A new bath and toilet should be constructed on the boys' side in a room off the boys' dormitory formerly used by one of the staff. None of these recommendations will run into large sums of money. Much of the work can be done by the boys under a well qualified manual training instructor, and I would ask that this be considered in making an appointment to such a position in the future, should the Department agree with me in my recommendation under the heading of manual training below.

x x x

Fire Protection: There are two hydrants with hose,

which has been tested. There are also eight chemical extinguishers, and a number of fire buckets. The extinguishers have been tested. THE FIRE BUCKETS WERE EMPTY when I visited the school. On the occasion of my last inspection, it was found that these buckets were empty, and I recommended that they be filled with water, and in some cases sand. I also recommended that the shelves on which these buckets rested should be lowered so that the big children could lift the buckets off the shelves and use them in case of fire, which they would not be able to do at present as the shelves are too high. This was all reported to the Department in January 1932; but no action seems to have been taken. IT IS VERY IMPORTANT THAT THE FIRE RISK BE REDUCED AT THIS SCHOOL. It is a very old building, and if it ever takes fire I do not believe that much could be done to save it, even with modern engines. It is, therefore, very important that extinguishers and buckets be kept charged and available in case of the discovery of the beginning stages of fire. There are four fire gongs. Fire drills are held regularly and that carried out when I visited the school was quite satisfactory. The Fire Chief visits the school from time to time.

Dormitories: All the dormitories are kept in a perfectly neat and clean condition. I have made some recommendations above as to the creation of two new dormitories for the children, one boys' and one girls', in the rooms used up to this as dormitories for the Sisters of the Child Jesus, who were not actually teaching in this school and who have now gone to their new Convent.

I notice that there are four beds in which two children sleep together. These eight small children should under the rules of the Department have eight beds, and I would ask the Department to enforce this very necessary rule.

167-1-5.

Ottawa, May 5, 1933.

Sir:

Mr. Inspector Barry, in a report on his inspection, in March, last, of the Squamish Indian Residential School, draws attention to the lack of proper accommodation for the senior pupils. He states that changes should be made in the partitions in the upper part of the new manual training and auditorium building. It appears that all that is necessary is to move the present partition between the manual training shop approximately twelve feet nearer the side on which the primary room is located and to move the partition of the new senior room to a position at right angles and about ten feet into the manual training shop, from the position formerly occupied by the partition between the manual training shop and the primary room. The moving of these partitions, which, it is considered, could be carried out with little expense, would give two good-sized classrooms and a slightly smaller manual training shop. Further, it appears that a partition which was erected in what was the old senior classroom should be removed and this room used as a classroom for the home study of the resident boys.

The Department does not appear to have any record regarding the installing of the partitions as at present located. It is considered that the change in location of these partitions, as outlined above, should be carried out at the earliest possible date, before the hot weather begins. No doubt, the work could be performed by the older boys, under the supervision of the manual training instructor, without expense to the Department. Should the boys be unable to do this work, I would request that you furnish the Department, as soon as possible, with an estimate of the cost.

It is recommended that a new bath and toilet be constructed on the boys' side, in a room off the boys' dormitory, formerly used by one of the staff. The Inspector states that the greater part of the work could be done by the boys, under the manual training instructor. You might inform the Department as to the cost of any materials and any outside labour required in installing the bath and toilet.

I may add that we have no funds specially provided for alterations or repairs at this school, and, if any large expense is necessary in the moving of the partitions or the installing of the bath and toilet, we would not be prepared to authorize same.

Mr. Barry found that the fire buckets were empty when he visited the school. He recommends, also, that

- the shelves

the shelves on which these buckets rest be lowered, so that, in the event of fire, the older children could lift the buckets off the shelves - which they are not able to do, as at present the shelves are too high. The boys of the manual training class should be able to lower these shelves to the right height, and you should instruct the Principal and staff to see that the fire buckets are kept filled with water and, in some cases, sand, in order that they will be ready for immediate use. It is very important that all steps be taken to reduce fire risk in this school. The Department will rely on you to see that the staff keep all fire equipment in good condition and ready for use.

Regarding the dormitories, the Inspector states he noticed that there were four beds in which two children sleep together. There should be a separate bed provided for each child, and I would request that you draw this matter to the attention of the Principal. She should arrange, as soon as possible, to supply the extra beds required.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Vancouver, B.C.,
May 31, 1933.

DEPT. OF INDIAN AFFAIRS
JUN 5 1933
RECORDS

Your File 167-1-5.

Sir:-

I beg to acknowledge receipt of your letter of the 5th instant with reference to Mr.Barry's report on the Squamish Residential School at North Vancouver.

The question of moving the partitions in the auditorium building was discussed with the Reverend Mother Principal some time ago but she was not enthusiastic about it. However this is a very small alteration and will be attended to if the Principal still wishes it.

As it is contemplated to dispense with the services of the present manual training instructor, I respectfully suggest that no alterations be made by him at the present time. While at Sechelt the boys who have had only a year or two training would be quite capable of doing this work, the Squamish boys could not do it.

Regarding Paragraph 3, I reported two years ago that bathing facilities at the school both on the boys' and girls' side were inadequate and recommended shower baths such as we installed at Sechelt. They have proved a great success there and the Principal said every pupil in the school could have a daily bath in forty minutes, whereas bath-tubs mean practically a day's work and consequently they are not taken as frequently as they should be. I have also been advised that two children use the same bath water sometimes, which is most unsatisfactory.

I regret I can not agree with the Inspector that "the greater part of the work could be done by the boys". They know little about carpentry and nothing about plumbing and even the manual training instructor can not do plumbing. On account of the cost of installing new plumbing fixtures in this old school, you ruled against the proposed shower baths and presumably such ruling would apply also with regard to baths and toilets.

Regarding the fire buckets, these shelves will be lowered and the Reverend Principal advised to appoint some one to see that they are always filled. The Fire Department's inspector at North Vancouver who visits this school regularly when he visits the public schools, says these fire buckets are the only ones in the City of North Vancouver schools and he doubts their

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

usefulness. He says sand would not be advisable as it is useful only in garages and places where gasoline fires occur, but in any fire at this school it would have little effect. The fire extinguishers are re-filled and kept in thorough good order at all times and the school is only a few hundred yards from the fire hall.

With regard to the last paragraph, this was taken up with the Reverend Principal before Mr.Barry visited the school and I was advised that it was only a temporary arrangement which has been adjusted.

The various partitions which the Inspector found in the main school were built by the school janitor without expense to the Department.

The Reverend Sister Mary Amy, Principal, has recently built an exceptionally fine building which completely eclipses the school in every way. This building I understand is used as a home by the sisters who teach at the school. They formerly lived at the school and their removal has made extra space available in the school building for more pupils. I believe Inspector Barry has recommended increasing the pupilage to seventy, but this should be given the most careful consideration as there are several reasons why it would be inadvisable. I presume the Department would make full investigation before granting any such increase.

Inspector Barry might call on me occasionally when he visits schools in this Agency and discuss things before he makes his reports so that matters which have already been dealt with by the Department are not reported again as new business, causing confusion and unnecessary correspondence.

I have the honour to be,
Sir,
Your obedient servant,

Fred J.C. Ball

(F.J.C.Ball).
Indian Agent.

EX'D.

Ottawa,
February 14, 1938.

Dear Sir:

With reference to your letter of the 8th instant I regret that there has been some delay in paying the accounts to which you refer.

As the Squamish Residential School is not owned by the Department it is necessary to secure an Order-in-Council before payment can be made of expenditure incurred for repairs and improvements.

As you are aware we agreed to allow $350.00 toward the cost of installing the new showers at this school. An Order-in-Council has recently been received for this amount and a cheque for $350.00 is being forwarded to the Fred Welsh Company. The statement forwarded with your account showed that the total cost of the showers was $400.00. As stated above the Department is paying $350.00 of this amount and returning, unpaid, the account of the Reliance Lumber Company.

It is considered, in view of the information contained in your letter of September 20 last, that the Principal will be quite willing to pay $84.80 from school funds.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

F. J. C. Ball, Esq.,
Indian Agent,

DEPARTMENT OF INDIAN AFFAIRS MAR 15 1938 RECEIVED

AGENT'S REPORT ON SKEENA RIVER AGENCY FOR FEB. 1938.

x x x

Squamish Residential School

F'Y'D.

I was also present at a fire drill of the whole school , which was well and expeditiously carried out by both the girls and boys. When the water was turned on through the fire hose the pressure was very insufficient. This matter, has however, been taken up by Inspector Barry. Altogether this school appears to be very satisfactory. The Sisters in charge have the best welfare of the pupils at heart, and I was very pleased with what I saw.

TH/4 P.C. 31/670. COPY 167-1-5

CERTIFIED TO BE A TRUE COPY OF A MINUTE OF A MEETING OF THE TREASURY BOARD, APPROVED BY HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, ON THE 31st MARCH 1938.

1-1-5

PRIVY COUNCIL
CANADA.

MINES AND RESOURCES:

The Board had under consideration a memorandum from the Honourable the Minister of Mines and Resources reporting:-

"That during the current year repairs and equipment were urgently required to Indian Church Schools as follows:

Spanish Roman Catholic Indian Residential School at Spanish in the Province of Ontario.....	$278.04
Ermineskin Roman Catholic Indian Residential School, Hobbema Indian Agency in the Province of Alberta....	738.53
Wabasca Church of England Indian Residential School, Lesser Slave Lake Agency in the Province of Alberta..	161.07
Cariboo Roman Catholic Indian Residential School, English Oblate Order, Williams Lake Agency, Province of British Columbia.....	155.00
Squamish Roman Catholic Indian Residential School, Sisters of the Child Jesus, Vancouver Agency in the Province of British Columbia.....	34.80
Aklavik Church of England Residential School at Aklavik, Northwest Territories.....	310.80
Total.....	$1,678.24

That as these buildings are the property of the Churches as designated the repairs and equipment constitute a grant and, therefore, require the approval of Your Excellency in Council for the above expenditure;

That the cost of these repairs and equipment were included in the estimates for the fiscal year ending March 31, 1938 in the Indian Affairs Branch, Vote Number 169, Department of Mines and Resources.

The undersigned, therefore, recommends that approval be given for the expenditure of the sums as above set out in the respective Indian Schools totalling One Thousand Six Hundred and Seventy-eight Dollars and Twenty-four Cents ($1,678.24) same to be chargeable to Vote Number 169, Indian Affairs Branch, Department of Mines and Resources."

The Board concur in the above report and recommendation, and submit the same for favourable consideration.

The Honourable
the Minister of Mines and
Resources.

E. J. Lemaire.
Clerk of the Privy Council.
